Der Tod kann mich mal!

Nicht jeder Mensch hat das Glück, gesund und unbefangen ins Leben zu starten. Manchmal kommt eine schwere Krankheit dazwischen. Dass dies aber kein Grund sein muss, den Mut zu verlieren, zeigen die hier porträtierten schwer kranken Jugendlichen. Voller Lebenswillen stellt sich jeder von ihnen seinem Schicksal auf ganz eigene Art und Weise. Aufgeben ist nämlich keine Option. Die Journalistin und Autorin Kira Brück gibt diesen Teenagern eine Stimme. Sie sprach mit ihnen über Trauer, Schmerzen und Trotz, aber auch über das merkwürdige Leben zwischen Schulhof und Intensivstation. Außerdem erfahren wir, wie Eltern und Experten ihre Kinder und Patienten auf diesem schweren Weg begleiten – und wie sie die Herausforderung erleben, die die Krankheit ihnen stellt. In allen Geschichten wird schnell klar: Von diesen jungen Menschen lässt sich viel über das Leben, über Kraft und Zuversicht, über Sinn und Glück, lernen.

Der Tod kann mich mal!

Wie reagiere ich am besten, wenn der geliebte Hamster meines Kindes stirbt oder wenn der geliebte Teddybär verloren geht? Wenn Kinder trauern, brauchen sie Unterstützung und Halt. Stephanie Witt-Loers bietet eine Orientierungshilfe für Eltern, Großeltern und wichtige Bezugspersonen, damit Kinder in Verlustsituationen bestmöglich begleitet und unterstützt werden. Trauer gehört auch für Kinder zum Lebensalltag. Kinder trauern, aber sie trauern anders und empfinden andere Dinge als Verlust als Erwachsene. Das Buch stellt nicht den Tod eines geliebten Menschen in den Vordergrund, sondern all jene Abschieds- und Trennungssituationen, die für Kinder bis ca. 12 Jahre belastend sein können. Stephanie Witt-Loers gibt einen Überblick über kindliche Entwicklungsphasen und über die möglichen Reaktionen sowie individuellen Verarbeitungsstrategien der Kinder. Das Buch enthält zudem praktische Hinweise und Rituale, Internetadressen, Kontaktstellen und Literaturempfehlungen, die Erwachsene darin unterstützen, angemessen auf den Verlust der Kinder zu reagieren und Trost zu spenden.

Der Tod kann mich mal!

Am 21. Februar 1997 bringt Debbie Wyrich ihren Sohn Daniel, einen scheinbar kerngesunden Jungen, zur Welt. Die junge Mutter ist überglücklich. Doch bereits einen Tag später stellen die Ärzte die schockierende Diagnose, dass Daniel nur ein halbes Herz hat. Die Mediziner geben ihm höchstens zwanzig Jahre zu leben. Die Krankheit ändert Debbies Leben und das ihrer Familie radikal. Es ist der Anfang von ständigen Krankenhausaufenthalten und lebensgefährlichen Operationen. Ein Wettlauf mit dem Schicksal beginnt. Mit der außergewöhnlichen Kraft und der Liebe einer Mutter kämpft Debbie für ihren Sohn und wächst dabei immer wieder über sich hinaus: Daniels Lebenszeit soll so schön wie möglich sein und die Hoffnung auf das Leben ihres Kindes gibt sie nicht auf. Das Buch »Dieses bescheuerte Herz« berichtete über die Erfüllung der Wunschliste ihres schwer kranken Sohnes Daniel und berührte zehntausende Leser. Nun erzählt Debbie ihre Geschichte vom Kampf um das Leben ihres Sohnes.

Wie Kinder Verlust erleben

Der Tod des Partners, des Ehemanns, ist nicht nur ein existentieller Schock. Er bedeutet für die Witwe immer auch ein langandauerndes, kräftezehrendes Abschiednehmen. Zur eigenen Trauer und Verzweiflung kommt die Sorge um die Kinder, Finanzen müssen geregelt werden, Wohnungsfragen stehen an, vielleicht auch die Suche nach einem Arbeitsplatz. Tief betroffen vom Tod ihres Mannes erzählt die Herausgeberin und Autorin vom Sterben ihres Partners, vom plötzlichen Alleinsein und ihrer Traurigkeit, aber auch von ihren Versuchen, wieder Halt zu finden. Teil ihrer Trauerarbeit waren ihre hier festgehaltenen, sehr offenen und ehrlichen Gespräche mit Frauen, die wie sie selbst ihren Partner verloren haben. Wir werden Zeugen tiefster existentieller Erschütterung, gleichzeitig zeigen diese Frauen aber auch, wie es ihnen gelungen ist, in ihrer neuen Lebenssituation zu überleben. Es ist kein Buch mit Patentrezepten für ein "Leben allein".

Nur ein halbes Herz

Palliativmedizin und Hospizarbeit haben sich in den vergangenen Jahren in vielfältiger Weise entwickelt. Das hat auch dazu geführt, dass Sterben, Tod und Trauer in der Gesellschaft intensiver wahrgenommen und diskutiert werden. In der Begegnung und Begleitung von schwerkranken und sterbenden Menschen einschließlich ihres Umfelds sind Themen wie Schmerz, körperliche Symptome, psychosoziale Probleme, Erfahrungen von Leid, Abschied, Tod und Trauer allgegenwärtig. Eine wesentliche Aufgabe der im palliativen und hospizlichen Bereich Tätigen ist der Umgang mit Trauer. Das Handbuch klärt auf über die Möglichkeiten und Grenzen von Trauerbegegnung und Trauerbegleitung und gibt Antworten auf die zahlreichen Fragen zum Phänomen Trauer. Neben der Vermittlung theoretischen Grundwissens zum Verständnis von Trauer werden praktische Wege und Strategien zum Umgang mit Trauer gezeigt wie auch immer wieder auftauchende Fragen von Schuld, Verzweiflung, Sinnsuche und Sehnsucht besprochen.

Abschied heisst nicht Ende

Streitfall Organspende – Der Mensch ist kein Wertstoffhof "In diesem Buch erzähle ich meine persönlichen Erfahrungen, die ich nach der Organentnahme bei meinem 15-jährigen Sohn machen musste. Total uninformiert, was eine Organentnahme für Konsequenzen für den sterbenden Spender und seine Angehörigen hat, habe ich mich von den Transplantationsmedizinern manipulieren lassen. Im tiefsten Schock, nicht im Mindesten entscheidungsfähig, gab ich die Erlaubnis zu einer Organentnahme. Die Organe meines Sohnes wurden über Europa verteilt. Der Anblick meines ausgeschlachteten Kindes hat mich zutiefst entsetzt und empört. – Jeder muss klären, ob er der Transplantationsmedizin glaubt, dass ein Mensch mit lebenden Organen eine Leiche ist oder aber ein Sterbender und damit noch am Leben."

Handbuch Trauerbegegnung und -begleitung

Neue illustrierte Zeitung

Die Hannah-Reihe dreht sich um die chaotische, aber lebensbejahende Cellistin und Musiklehrerin Hannah York, die an ihren ersten erwachsenen Schüler Damion Treasure gerät und so schnell nicht mehr von ihm los kommt. Das liegt nicht nur an seiner Aura und seinem Auftreten, das hat vor allem mit seinem "Beruf" zu tun. Dazu gesellen sich der Butler Winfried, die Hausdame Magda und Damions Schwester Cecile, die Hannah nicht nur unendlich viele Fragen aufgeben, sondern ihr Leben auch gehörig auf den Kopf stellen. Was wäre, wenn es zwei Welten auf dieser Erde gäbe?

Grazer Morgenpost

Dieses Buch stammt aus dem Jahre 1967. Fasziniert spüren wir beim Lesen die unbekümmerte Frische, die Aufbruchsstimmung und die Hoffnung jener Zeit. Der Aufruf der beiden Autoren, des Gesprächstherapeuten Carl R. Rogers und der Gestalttherapeutin Barry Stevens, zu einem freien, selbstbestimmten und glücklichen Leben, hat an Aktualität bis heute nichts verloren. Schon die unvergleichliche Gestalt dieses Buches ist ein wirklich beachtliches Projekt: Barry Stevens sammelte einige grundlegende Artikel zur Gesprächstherapie von Carl R. Rogers, Eugene T. Grendline, John M. Shlien und Wilson van Dusen. Dazu beschrieb sie ihren eigenen inneren Prozess beim Lesen dieser Beiträge: ihre Reaktionen, Gedanken, Erinnerungen, Erfahrungen... So verbinden sich auf eine einzigartige Weise Wissenschaft und Lebenspraxis.

Unversehrt sterben!

»Ein neuer Zugang: Nesse zeigt, dass Angststörungen oder Depression klar einen evolutionären Ursprung haben ... Dieses fesselnde Buch stellt Menschheitsfragen vom Kopf auf die Füße.« The Observer Dieses psychologische Sachbuch bietet eine faszinierende neue Perspektive auf negative Emotionen. Fundiert und anhand zahlreicher Fallbeispiele aus seiner mehr als vierzigjährigen Praxis zeigt Randolph M. Nesse, dass die eigentlichen Gründe für Angststörungen, Depressionen, Suchterkrankungen etc. keine Abweichungen von der Normalität darstellen, sondern in den evolutionär geprägten Eigenschaften unseres Gehirns liegen. Gerade die jahrtausendealten Entwicklungen, die uns zu sozialem Handeln und kognitiven Leistungen befähigen, sind auch dafür verantwortlich, dass wir unter schlechten Gefühlen wie Angst, Scham, Wut und Niedergeschlagenheit leiden. Nesse macht Zusammenhänge und Hintergründe verständlich, entlastet Betroffene davon, sich schuldig zu fühlen, und zeigt neue Wege im Umgang mit psychischen Beschwerden auf. »Lebensziele aufgeben kann der Schlüssel zum Überwinden einer Depression sein, sagt Randolph Nesse. Die Evolutionstheorie hat ihn zu einem besseren Therapeuten gemacht.« Zeit online / Jakob Simmank »Ein Muss: Randolph Nesse lehrt uns, warum die Evolution uns mit ›schlechten Gefühlen‹ ausgestattet hat. Dies kann uns dabei helfen, manche psychische Krankheiten nicht nur besser zu verstehen, sondern auch besser zu behandeln.« Prof. Dr. med. Martin Brüne, Leiter der Forschungsabteilung Soziale Neuropsychiatrie und Evolutionäre Medizin Bochum

Die Lebensweisen

Wer den Teufel kennt, braucht keine Angst vor der Hölle zu haben Wie man Angst in Mut verwandelt, wie man aus Furcht Lebensfreude und Lässigkeit machen kann, das ist Alchemie des Geistes. Volker Beckert beschreibt in vielen abenteuerlichen und inspirierenden Geschichten, wie er sich von einem schüchternen Jugendlichen zu einem erfolgreichen Unternehmer entwickelt hat, indem er immer wieder schwierige Situationen gesucht und sich bewusst seinen Ängsten gestellt hat. Dieses Buch vereint auf eine unterhaltsame Weise biografische Elemente mit Erkenntnissen aus uralten Lehren wie der Alchemie und Hermetik bis hin zu Quantenphysik und modernen Coachingmethoden. Es lädt die Leser ein, ihr eigenes Leben in einem ganz neuen Licht zu sehen und endlich die eigenen Ängste über Bord zu werfen.

Hannah: Damions Dilemma

Dieses Buch ist ein sehr persönliches Buch. Es basiert auf meinen Erfahrungen und Erkenntnissen auf meinem spirituellen Entwicklungsweg und meinem Weg als Therapeutin und Wegbegleiterin. Es ist inspiriert von der LIEBE (GOTT) und der Seelenebene. Es kann und soll ein Wegbegleiter und

–bereiter für Zeiten des Umbruchs, der Wandlung sein, für Zeiten der Neuorientierung und neuen Ordnung, für den Wandel in unserem Bewusstsein und Leben als Menschen. Unser irdisches Dasein darf und soll leichter werden. Dazu ist es notwendig, sich wieder unseres göttlichen Wesenskerns, unserer göttlichen Herkunft zu erinnern und unsere Seele bewusster in unser menschliches Leben zu integrieren. Die Seele strebt nach Erlösung von Altlasten und Ballast wie Ängsten, traumatischen Erfahrungen, energetischen Verstrickungen, Illusionen (EgoSmog). Sie will die bedingungslose Liebe und die Einheit mit der LIEBE, dem Göttlichen, auch im Irdischen bewusster leben. Sie will heilen auf allen Ebenen und im menschlichen Körper zur Heilung des Ganzen beitragen. Mit diesem Buch will ich Wege zum individuellen und Seelenheil des Ganzen aufzeigen. Ich will meinen persönlichen Anteil zur erlösenden Seelenpflege und Selbstverwirklichung beitragen und damit meine Seelenaufgabe – SALVATION – erfüllen.

Von Mensch zu Mensch

Die Deutsche Idiomatik geht auf eine jahrzehntelange Forschung zum Thema und Erfassung des Materials zurück (schriftliche und mündliche Quellen). Ein ausführlicher Vorspann erläutert detailliert die lexikographischen, linguistischen und allgemeineren Kriterien, und eine breite wissenschaftliche Einführung sucht den komplexen Begriff „der Idiomatik“ anhand des Deutschen konsequent zu entwickeln und ihn auf seine allgemeineren (linguistischen und anthropologischen) Grundlagen zurückzuführen.

Karafiat's neuer Bote aus Mähren

****Dem Tod sollte man besser nicht ins Handwerk pfuschen**** Zoes Leben ist meilenweit von Normalität entfernt, seit sie bei einem gefährlichen Autounfall dem Tod gerade so noch von der Schippe gesprungen ist. Denn nun kann sie Verstorbenen wieder Leben einhauchen. Eine Gabe, die sie um jeden Preis geheim zu halten versucht. Fast ebenso sehr bemüht Zoe sich Nate zu vergessen, den Jungen, der ihr Herz mit sich nahm, als er nach ihrem gemeinsamen Unfall spurlos verschwand. Doch das ist leichter gesagt als getan, denn ausgerechnet Nate steht nach zwei einsamen Jahren plötzlich wieder vor ihr und verwirrt ihre Gefühle mit rätselhaften Aussagen über das Gleichgewicht von Leben und Tod... Mysteriös, fesselnd und hoch romantisch – eine Liebesgeschichte, die einem den Atem raubt!

Gute Gründe für schlechte Gefühle

Emotionality booms. Presently feelings and emotions play a major role in many scientific fields. The same is true for contemporary endeavours to discern and describe religious phenomena within religious studies. Theology has, however, only little to offer to an interdisciplinary theory of emotion. There are few classic theological approaches to the topic of religious feelings because past and contemporary theological reflection all too often restricts itself to cognitive concepts of religion. Religion is mostly seen as an individual's rational way of meaning-making in order to find guidelines to his or her actions. Thereby important aspects of religious practise are ignored. This book documents different empirical and non-empirical attempts to theorize emotion. It is asked whether there are any emotions and feelings that are in themselves religious? If this is the case, in what way do they differ from non-religious emotions and feelings? What is the relation between a religious idea and the emotion that is connected to it? Are ideas antecedent or do feelings come first? Which ideas work as triggers of which particular religious affections?

Wer den Teufel kennt, braucht keine Angst vor der Hölle zu haben.

Anne ist fest entschlossen: Sie will noch einmal lieben und geliebt werden, sich mit Haut und Haaren auf einen Mann einlassen. Sie ist attraktiv, klug, witzig und geht online auf Suche. Und das mit 80! Klopfenden Herzens trifft sie mehrere Männer, vor allem Max, 85. Jürgen ist Witwer und träumt von einer liebevollen Partnerin. Als er Marina begegnet, ist er sofort begeistert und staunt ungläubig, dass «der alte Esel in Flammen» steht. Sechs Monate später werden sie zusammenziehen. Jürgen ist 62, Marina ein Jahr älter. «Ich hab dich so lieb gewonnen», strahlt Hannelore, wenn sie ihren Lothar anschaut. Die 70-jährige Witwe wollte endlich wieder bei einem Partner Geborgenheit spüren. Beide haben sich über eine Anzeige kennengelernt und können ihr Glück noch immer nicht fassen. Liebesgeschichten jenseits eines Alters von 60 Jahren sind heute keine Ausnahme. Über 6 Mio. Ältere leben allein, wollen das aber nicht unbedingt. Immer mehr von ihnen nehmen ihr Glück selbst in die Hand, zunehmend oft in Online-Börsen. Aber wie findet der Single-Rentner sich dort zurecht? Wie funktionieren Flirt- und Dating-Kurse für Senioren und wie traut man sich daran? Das Buch erzählt von Männern und Frauen zwischen 60 und 80, die noch einmal die Liebe suchen. Es geht

um unterschiedliche Möglichkeiten der Partnersuche, um Chancen und Hoffnungen, um ungeahnte Erfahrungen, um Berührungsängste, Mut und Geduld, um Glück und Hingabe und darum, wie wichtig die innere Einstellung ist, um der Liebe nicht im Weg zu stehen. Das Buch ist ein lebendiger Ratgeber für alle Älteren, die es noch einmal wagen wollen, sich zu verlieben, aber nicht genau wissen, wie sie das anstellen sollen. Mit vielen Mut machenden Geschichten und O-Tönen.

Zuhause in der LIEBE.

One Drink Away

To be baptized, particularly as an adult, indicating a radical change from the self-directed life to the life to be lived under the lordship of Jesus Christ, must be one of the most dramatic experiences available to us. To take part in the Lord's Supper--remembering his death for us--must be one of the most moving services in which we could ever participate. But are these ceremonies obligatory for the believer? Did Jesus explicitly or implicitly make them mandatory? Does it not seem somewhat strange that the gospel, by which we are freed from the Law of Moses, demands that we abide by two new ceremonial laws? However greatly they differed from one another, did the reformers go far enough in examining the Scriptures to see what they did indeed say about such ceremonies? Have we written back into our understanding of Scripture that so much underlies our present beliefs and practices? Does an examination of what the early fathers thought help or hinder us in our search for the truth?

The Gospel, Freedom, and the Sacraments

Short story. Jorick has served Malick for hundreds of years but, since marrying Velnya, he's wearied of his duty. With a final assignment to carry out, Jorick will finally be freed to live a life of quiet and peace - a life free from fighting and death. But what he finds when he gets home will shatter all of his dreams for the future and leave him hurtling down the road to revenge.

Jorick: The Price of Freedom (Tales of the Executioners)

Can a caged human learn how to be free, and break down the bars imprisoning a demon's heart? Malachi has spent centuries as the bodyguard and head security guard for Andor, a master vampire. He's never concerned himself with the humans around him, seeing them as lesser creatures. It isn't until Andor falls in love with a human, that Malachi begins to see some value in them. Since he was fifteen, Doll has lived in a cage, being used and beaten by humans and vampires alike. Some days, he's not even sure he's sane any more, but some hidden strength keeps him going on instead of begging for death. One fateful night, Doll and Malachi cross paths, and it changes their lives forever.

From Slavery to Freedom

Gothiniad of Surazeus - Oracle of Gotha presents 150,792 lines of verse in 1,948 poems, lyrics, ballads, sonnets, dramatic monologues, eulogies, hymns, and epigrams written by Surazeus 1993 to 2000.

Gothiniad

This volume addresses the issue of freedom in the philosophy of Deleuze and Guattari. This is all the more challenging in that Deleuze-Guattari almost never use the term freedom, preferring instead, the concept of the refrain. The essays collected in the volume show that freedom has been understood in a remarkably narrow sense and that in fact freedom operates as the refrain in every realm of thought and creation. The motivating approach in these essays is Deleuze-Guattari's emphasis on the irreality of media and capitalistic sign regimes, which they perceive to have taken over even the practices of philosophy, the arts, and science. By offering a clear and engaging treatment of the underexplored issue of freedom, this volume moves the discussion of Deleuze-Guattari's philosophy forward in ways that will appeal to researchers in Continental philosophy and a wide range of other disciplines.

Materialism

Spirits are all the rage today. Two-thirds of Americans drink, whether they enjoy higher priced call brands or more moderately priced favorites. From fine dining and piano bars to baseball games and backyard barbeques, drinks are part of every social occasion. In *The Prohibition Hangover*, Garrett Peck explores the often-contradictory social history of alcohol in America, from the end of Prohibition in 1933 to the twenty-first century. For Peck, Repeal left American society wondering whether alcohol was a consumer product or a controlled substance, an accepted staple of social culture or a danger to society. Today the legal drinking age, binge drinking, the neoprohibitionist movement led by Mothers Against Drunk Driving, the 2005 Supreme Court decision in *Granholm v. Heald* that rejected discriminatory curbs on wine sales, the health benefits of red wine, advertising, and other issues remain highly contested. Based on primary research, including hundreds of interviews with those on all sides—clergy, bar and restaurant owners, public health advocates, citizen crusaders, industry representatives, and more—as well as secondary sources, *The Prohibition Hangover* provides a panoramic assessment of alcohol in American culture. Traveling through the California wine country, the beer barrel backroads of New England and Pennsylvania, and the blue hills of Kentucky's bourbon trail, Peck places the concerns surrounding alcohol use within the broader context of American history, religious traditions, and governance. Society is constantly evolving, and so are our drinking habits. Cutting through the froth and discarding the maraschino cherries, *The Prohibition Hangover* examines the modern American temperament toward drink amid the \$189-billion-dollar-a-year industry that defines itself by the production, distribution, marketing, and consumption of alcoholic beverages.

Deleuze and Guattari's Philosophy of Freedom

Stewart Goetz presents a thought-provoking defence of the existence of libertarian freedom of will, arguing that choices are essentially uncaused events with teleological explanations.

The Prohibition Hangover

We typically think we have free will. But how could we have free will, if for anything we do, it was already true in the distant past that we would do that thing? Or how could we have free will, if God already knows in advance all the details of our lives? Such issues raise the specter of "fatalism". This book collects sixteen previously published articles on fatalism, truths about the future, and the relationship between divine foreknowledge and human freedom, and includes a substantial introductory essay and bibliography. Many of the pieces collected here build bridges between discussions of human

freedom and recent developments in other areas of metaphysics, such as philosophy of time. Ideal for courses in free will, metaphysics, and philosophy of religion, Freedom, Fatalism, and Foreknowledge will encourage important new directions in thinking about free will, time, and truth.

The Sunday-school World

Back from the odd world of the Wandering, Anthony Luther has a new look on life. Armed with knowledge of the mysterious space crystal he feels capable of taking on Lucifer. His time away has left him on uneven ground however. While he was in limbo, life continued allowing his enemies time to strengthen their positions. Detective Printer's case against him has become more compelling as new evidence came to light. Even demonic influence may not be enough to release him from the grasp of mundane law. Meanwhile, Lucifer's threat on Anthony's family has come to pass when NewMark turns his attentions to his family. Gabriel continues his defense of his mortal friends, but now Michael is unleashed to carry out the council's will. Rifts build between Zerulean's forces as its civil unrest spills onto earth. Dezeray's memories flood back bringing with it new struggles over her soul. How she copes with it will impact the outcome of the world and how many of her friends will she take with her in the process. Her bond to Anthony is tested as she fights her own battle against faith and ideals. In the aftermath who will be left standing. As the war between Heaven and Hell builds which side will Anthony and his friends fall on. Anthony's only hope for salvation lies within the space crystal, but will he give into its pull or allow another supernatural force to work against him. The epic struggle continues in book two.

Spiritual Freedom

Control Alcohol, Find Freedom, Discover Happiness & Change Your Life 'Brilliant' – Stella Duffy

Freedom, Teleology, and Evil

A Scripture-based exploration of the Christian story of salvation as a food story which provides nourishment for those engaged in living out the food and justice challenges of the Gospel. The book highlights the power of our Biblical and theological traditions to name the root issues of our day, shape our hope and define the horizons for action. It is a resource for study and prayer. The author explores in her ministry how individuals and parishes may live out the food and justice dimensions of the Gospel.

Freedom, Fatalism, and Foreknowledge

Release Your Ego. Manifesting a vision may seem an impossible dream, but this story explains how releasing your ego and following your soul path is the key to manifesting your dreams. In this inspiring book, Janice Taylor shares her story of the lessons growing up through tough times in Canada, and how she searched for, and found, the wisdom to turn her life around. Her commitment to finding solutions to healing early trauma points led to the 25 year study of healing and development of Ahava. From appearing as a guest on The Oprah Winfrey Show, to working across Professional Sports, Music and Entertainment industries. Over a decade in the technology industry, becoming a venture backed founder to returning home to her healing roots with Ahava. Transforming her pain into purpose was the only path forward for Taylor. With no more than an idea in her head, she jumped onto a roller-coaster ride that made her look deep within to overcome obstacles, discover miracles, and begin living a life of abundance and Great Love. Each chapter includes stories of soul and ego that we can all relate to, showing us how we, too, can release the behaviours that hold us back, and start living life with purpose, joy, and love. The Water Crystal Rise of Azrisol Kaimana

The Rgveda, the oldest literary record of the Aryan race and the sacred book of the Hindus, has very few authentic translations in English. Most of the translations are only the imitations of interpretations which

the mediaeval Hindus, as represented by Sayana, have offered. Griffith's is the only translation which, though guided by Sayana, ventures to deviate from him widely and frequently. It may be ranked as an independent translation hitherto made in English. But this century old translation needed re-editing, necessitating a new edition incorporating improvements without disturbing the original. In this edition the Greek letters have been romanized wherever there are references in the footnotes from the Greek language. The system of transcription has been modernized even in regard to Avestan words in the footnotes, following the system of Bartholomae. The complete translation has been published in a single volume for the convenience of the reader. Each and every figure in the index has been duly checked and revised.

This collection brings new material that has not yet been available in any of European languages. Translated sources serve as a lens through which to examine Mongolian Buddhism in its variety of literary genres and styles and religious and cultural ideas and practices. Each chapter includes a translation of a shorter text or a selected section of a longer text, and each contributor also provides the introduction to a translated text or texts, which contextualizes text, references and endnotes. The volume contains twenty-four chapters classified into eight sections: The Early Seventeenth Century Texts; Autobiography and Biography; Buddhist Teachings; Buddhist Didactic Poetry; Buddhist Ritual Texts; Buddhist Oral Literature of the Eighteenth and Early Twentieth Centuries; Tradition in Transition: The Twentieth Century Writings; Contemporary Buddhist Writings. stone inscription, doctrinal concepts, ornament for the mind, trilogy, didactic poetry, Buddhist literature, smoke offering, ritual texts, legend, internal regulations"--

This book brings together an international panel of experts to present a wide variety of perspectives on problem gambling, and test popular addiction and disease models in the field. Early chapters examine the psychology of gambling, before moving on to the pastime's associated irrational ideas. The seven chapters in the second half are devoted to evidence-based interventions from a variety of clinical orientations. Case examples, Q&A sections, and a glossary add extra readability to the coverage.

This anthology provides access to neglected theatrical work and broadens our understanding of the history of Irish theatre as well as the vital role of women within it. The introduction places these plays in dialogue with one another as well as within the national context of the repealing of women's rights during the Irish Free State years. These are plays by authors including Mary Manning, Dorothy Macardle, Mary Devenport O'Neill, Kate O'Brien and Margaret O'Leary, which are difficult to access, but which are increasingly visible in Irish theatre scholarship. This unique collection places the playwrights in

dialogue to form a tradition of women's theatrical work that challenges the male-dominated literary canon of Irish theatre, as well as enriching the body of women's theatrical work in the Anglophone world during the interwar years. Includes the plays: Kate O'Brien – Distinguished Villa (1926) Margaret O'Leary – The Woman (1929) Mary Manning – Youth's the Season (1931) Dorothy Macardle – Witch's Brew (1931) Mary Devenport O'Neill – Bluebeard (1933)

Freedom's Ferment was first published in 1944. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. In this historical synthesis of men and movements, Alice Felt Tyler shows in action the democratic faith of the young American republic. She tells the stories of the reform movements and social and religious experiments characteristic of the early half of the nineteenth century. The early efforts toward social and economic equality — later engulfed in the urgent issues of the Civil War—are here depicted and interpreted in their relation to the history of American thought and action. Freedom's Ferment divides the movements of the early 1800's into two groups: the cults and utopias of varied origins and the humanitarian crusades. A wave of revivalistic religions swept the country. Here is the story of the Millerites, who believed the end of the world would come on October 22, 1844, of the Spiritualists, Rappites, the Mormons, the Shakers. Many experiments in communal living were instituted by religious groups, but others were entirely social in concept. Life at Brook Farm, in Robert Owen's colony, in the Oneida Community, and a score of others, is interestingly reconstructed. Humanitarian reforms and crusades represent the other phase of the movements. Tyler, "exasperated by all the silly twaddle being written about the eccentricities" of the early American republic, shows these movements and the leaders—even the crackpots—as manifestations of the American creed of perfectibility. Prison and educational reforms, work for delinquents and unfortunates, crusades for world peace, temperance, and women's rights flourished. All to be overshadowed by the antislavery movement and submerged temporarily by the Civil War. Freedom's Ferment pictures the days when the pattern for the American way of life and the fundamentals of the American faith were being set by crusaders who fought for righteousness. The changes in our social picture have altered the form of the humanitarian movements but not the purpose. Interpretative and critical, the book shows the ferment of the period and the urge to reform, found in every phase of life, to be the result of the fusion of religious freedom and political democracy.
