The Trojan Horse: How the Greeks Won the War

Illus. in full color. "An ancient history lesson emerges from this account of the way the Greeks tricked the Trojans and rescued Helen of Troy. The book is well tailored to younger readers with careful explanations and short sentences; a pronunciation guide is appended. Drawings portray the story's main events. A nice supplement to units on ancient Greece or mythology."--Booklist.

The Trojan Horse

Recounts how the Greeks used a wooden horse to win the Trojan War.

Trojan Horse

A retelling of how the Greeks used a wooden horse to win the ten-year-long Trojan War.

Trojan Horse

What is this book about? This book is about an exciting journey to Troy, both ancient and modern. About the fact that the Trojans defeated the Greeks (not the other way around, as is commonly believed). And that the well-known Greek religion with its anthropomorphism was created artificially for political reasons. The authors assert that the information warfare, the falsification of history — is not an innovation, but the oldest essence of Western way of thinking. The book refutes the conventional wisdom that "history is written by the winners." On the contrary, authors have shown: those who write history become winners. The book is written in bright, vivid and interesting manner for laymen. At the same time it is absolutely scientific and opposed fancy sensational historical fast food. This book is about the struggle for historical truth and justice, which roots us in the world, because without the truth we are orphans.

Trojan Horse of Western History

A retelling of how the Greeks used a wooden horse to win the ten-year-long Trojan War.

The Trojan Horse

Describes life in ancient Greece.

How Would You Survive as an Ancient Greek?

Did the Trojan War really happen? Spectacular new archaeological evidence suggests that it did. Recent excavations and newly translated Hittite texts reveal that Troy was a large, wealthy city allied with the Hittite Empire. Located at the strategic entrance to the Dardanelles, the link between the Aegean and Black Sea, it was a tempting target for marauding Greeks, the Vikings of the Bronze Age. The Trojan War may have been the inevitable consequence of expanding Greek maritime commerce. Written by a leading expert on ancient military history, the true story of the most famous battle in history is every bit as compelling as Homer's epic account - and confirms many of its details. In *The Trojan War*, master storyteller Barry Strauss puts legend into its historical context, without losing its poetry and grandeur. `Consumed in one of those burning-the-midnight-oil situations... I really enjoyed it' Michael Wood 'Brilliant interweaving of the mythic and the modern' Scotsman `An exciting tale written in a lively style that brings Homer's heroes and the world in which they lived to vibrant and colourful life' Donald Kagan

The Trojan War

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. *The Great Mental Models: General Thinking Concepts* is the first book in *The Great Mental Models* series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

The Great Mental Models: General Thinking Concepts

Illus. in full color. Here is the gripping story of Hillary and Norgay's perilous ascent of Mount Everest as they battled snow and ice slides, whipping winds, and the grim knowledge that 19 others had died in the same attempt.

To the Top!

A simplified retelling of the adventures of the strongest man in ancient Greece who was given twelve "impossible" tasks to perform.

The Twelve Labors of Hercules

After the death of his friend Patroclus, Achilles vows to avenge his death.

Achilles and the Trojan War

Provides a comprehensive study of Greek and Latin root words that make up the English language.

English from the Roots Up, Volume I

Illus. in full color with black-and-white & full-color photos. "Beginning with the death of Tutankhamen, the book moves forward to archaeologist Howard Carter's discovery of the tomb. Information about ancient Egyptian life is interspersed in a clear, smooth fashion throughout. A good way to get readers into non-fiction."--Booklist.

Tut's Mummy

This beginning reader presents the story of Joan of Arc, from her simple childhood to her tragic end. Sensitively told, this book makes a wonderful introduction to a classic tale. Illustrations. Accelerated Reader: Reading Level 3.7, 0.5 Points.

Joan of Arc

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

The Origin of Consciousness in the Breakdown of the Bicameral Mind

Composed in the third century A.D., the Trojan Epic is the earliest surviving literary evidence for many of the traditions of the Trojan War passed down from ancient Greece. Also known as the *Posthomerica*, or "sequel to Homer," the Trojan Epic chronicles the course of the war after the burial of Troy's greatest hero, Hektor. Quintus, believed to have been an educated Greek living in Roman Asia Minor, included some of the war's most legendary events: the death of Achilles, the Trojan Horse, and the destruction of Troy. But because Quintus deliberately imitated Homer's language and style, his work has been dismissed by many scholars as pastiche. A vivid and entertaining story in its own right, the Trojan Epic is also particularly significant for what it reveals about its sources—the much older, now lost Greek epics about the Trojan War known collectively as the Epic Cycle. Written in the Homeric era, these poems recounted events not included in the *Iliad* or the *Odyssey*. As Alan James makes clear in this vibrant and faithful new translation, Quintus's work deserves attention for its literary-historical importance and its narrative power. James's line-by-line verse translation in English reveals the original as an exciting and eloquent tale of gods and heroes, bravery and cunning, hubris and brutality. James includes a substantial introduction which places the work in its literary and historical context, a detailed and annotated book-by-book summary of the epic, a commentary dealing mainly with sources, and an explanatory index of proper names. Brilliantly revitalized by James, the Trojan Epic will appeal to a wide range of readers interested in Greek mythology and the legend of Troy.

The Trojan Epic

This simple retelling of Jonathan Swift's *Gulliver's Travels* focuses on the first voyage—Gulliver's time on the island of Lilliput. It is a great way to introduce newly independent readers to this classic adventure. Gulliver loves the life he's leading. As a doctor on a ship he travels to some very interesting places. But life at sea can be dangerous, too. Gulliver's ship is destroyed in a storm, and it takes every bit of his strength to swim to shore, where he falls asleep all alone. But he is not alone for long! Gulliver awakens to find himself being held captive on an island called Lilliput by people who are only six inches tall! Although they don't trust him at first, soon enough the Lilliputians see how handy it can be to have Gulliver around—at least some of the time. And Gulliver adds another exotic, exciting, and very funny adventure to his life experiences!

Gulliver in Lilliput

This book is a simple retelling of the Old Testament story of the shepherd boy, David, whose faith in God helped him overcome the Philistine giant, Goliath.

David and the Giant

Whether they're preparing for President's Day or whether they just like to eat, children will find much to devour in this leveled reader about Thomas Jefferson's role in America's culinary history! Did you know that every time you munch on a french fry or snack on ice cream, you have Thomas Jefferson to thank? It's true! This founding father was one of America's first foodies. After a visit to France, he introduced all sorts of yummy treats to America—including one that upset more than just tummies and created a culinary controversy! Get the scoop in this deliciously funny, true story—guaranteed to tempt even the most reluctant readers!

The Adventures of King Midas

A Step 4 HISTORY reader. "The drama of natural disasters provides prime material to entice young independent readers. In this volume, the account of the eruption of Mount Vesuvius describes village life 2,000 years ago, the eruption itself and its aftermath, and the excitement when the buried town is rediscovered centuries later. A lively and factual glimpse of a devastating moment in history, in an accessible, attractive package."--Publishers Weekly. Step 4 Readers use challenging vocabulary and short paragraphs to tell exciting stories. For newly independent readers who read simple sentences with confidence. With full-color illustrations.

Thomas Jefferson's Feast

The story of the Trojan War, fought between Greeks and the defenders of the city of Troy in Anatolia sometime in the late Bronze Age, has grabbed the imagination for millennia. A conflict between Mycenaeans and Hittites may well have occurred, but its representation in epic literature such as Homer's Iliad is almost certainly more myth than reality. Nevertheless, it has defined and shaped the way ancient Greek culture has been viewed right up to the 21st century CE. The story of gods and heroic warriors is perhaps one of the richest single surviving sources from antiquity and offers insights into the warfare, religion, customs, and attitudes of the ancient Greeks. The main source for our knowledge of the Trojan War is Homer's Iliad (written sometime in the 8th century BCE) where he recounts 53 days during the final year of the ten year conflict. The Greeks imagined the war to have occurred some time in the 13th century BCE. However, the war was also the subject of a long oral tradition prior to Homer's work, and this, combined with other sources such as the fragmentary Epic Cycle poems, give us a more complete picture of what exactly the Greeks thought of as the Trojan War. The Trojan War, in Greek tradition, started as a way for Zeus to reduce the ever-increasing population of humanity and, more practically, as an expedition to reclaim Helen, wife of Menelaos, King of Sparta and brother of Agamemnon. Helen was abducted by the Trojan prince Paris (also known as Alexandros) and taken as his prize for choosing Aphrodite as the most beautiful goddess in a competition with Athena and Hera at the wedding of Peleus and Thetis. Menelaos and the Greeks wanted her back and to avenge Trojan impudence. Scroll to the top of the page and click Add To Cart to read more about this extraordinary forgotten chapter of history

Pompeii...Buried Alive!

An illustrated retelling of the ancient story follows the experiences of soldiers who believe they have won the Trojan War upon accepting the "gift" of a giant wooden horse only to discover it is filled with attacking Greek soldiers. By the author of the Goddess Girls series. Simultaneous.

The Iliad

In *The March of Folly* (originally published in 1984) Pulitzer Prize-winning historian Barbara W. Tuchman explores one of the paradoxes of history – the pursuit by governments of policies contrary to their own interests despite the availability of feasible alternatives. She draws on a comprehensive array of examples, from Montezuma's senseless surrender of his empire in 1520 to Japan's attack on Pearl Harbor. In brilliant detail, Tuchman illuminates four decisive turning points in history that illustrate the very heights of folly: the Trojan War, the breakup of the Holy See provoked by the Renaissance popes, the loss of the American colonies by Britain's George III, and the United States' own persistent mistakes

in Vietnam. Throughout *The March of Folly*, Tuchman's incomparable talent for animating the people, places, and events of history is on spectacular display.

Trojan Horse

The *Odyssey* is one of the oldest works of Western literature, dating back to classical antiquity. Homer's epic poem belongs in a collection called the Epic Cycle, which includes the *Iliad*. It was originally written in ancient Greek, utilizing a dactylic hexameter rhyme scheme. Although this rhyme scheme sounds beautiful in its native language, in modern English it can sound awkward and, as Eric McMillan humorously describes it, resembles "pumpkins rolling on a barn floor." William Cullen Bryant avoided this problem by composing his translation in blank verse, a rhyme scheme that sounds natural in English. This epic poem follows Ulysses, one of the Greek leaders that brought an end to the ten-year-long Trojan war. Longing for home, he travels across the Mediterranean Sea to return to his kingdom in Ithaca; unfortunately, our hero manages to anger Neptune, the god of the sea, making his trip home agonizingly slow and extremely dangerous. While Ulysses is trying to return home, his family in Ithaca is also in danger. Suitors have traveled to the home of Ulysses to marry his wife, Penelope, believing that her husband did not survive the war. These men are willing to kill anyone who stands in their way. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Surprise, Trojans!

First published: London: Usborne Pub. Ltd., 2000.

The March of Folly

This translation captures the excitement, poetic energy, and intellectual force of Virgil's epic poem, 'The Aeneid'.

The Odyssey

'Still my fate: always to speak the truth, and only to be thought mad' Cassandra, daughter of Priam the king and Hecuba the priestess, twin sister to Paris and prophetess of Apollo, her visions dismissed as lunatic ravings, is powerless to avert the fall of Troy...

Greek Myths for Young Children

From master storyteller Padriac Colum, winner of a Newbery Honor for *The Golden Fleece*, comes a collection of fifteen timeless stories inspired by classic Greek literature. Travel back to a mythical time when Achilles, aided by the gods, waged war against the Trojans. And join Odysseus on his journey through murky waters, facing obstacles like the terrifying Scylla and whirling Charybdis, the beautiful enchantress Circe, and the land of the raging Cyclopes. Using narrative threads from *The Iliad* and *The Odyssey*, Padraic Colum weaves a stunning adventure with all the drama and power that Homer intended.

The Song of Achilles

A perennially popular collection of short stories, poems, legends, and myths from great works of literature that are especially appropriate for parents to read aloud to their children aged five to twelve. Line drawings.

The Aeneid

Bestselling novelist, Margaret George, here imagines the story of Helen of Sparta and Troy, one of the most amazing female mythical characters, ancient or modern. A war, which lasted for 10 years, was fought over her and nearly all the stories of the heroic age were bound into her story – a measure of her capacity to galvanise men into action. Using her unique gift for research and recreation, Margaret George brings to life a Helen who was a tantalizing enigma from the very first, flesh and blood certainly, but also immortal, as the daughter of Zeus. Her beauty is so overwhelming and dangerous that, as a child, she is protected from seeing her reflection. Kings and princes compete for her hand in marriage, and she marries Menelaus of Sparta, but before marrying him all her other suitors swear to help bring Helen back should she ever be abducted again. When she falls for Paris of Troy it is assumed that he has taken her by force, when her actions are far more complex. The suitors are obliged to honour

their oath and so the Trojan War begins – the most pivotal event in the history of ancient Greece . . . and the tragedy of these individuals. ‘An epic novel... Margaret George recreates... passions... with extraordinary intensity. If only history lessons had been like this’ Cosmopolitan

The Firebrand

A daring and timely feminist retelling of The Iliad from the perspective of the women of Troy who endured it—an extraordinary follow up to The Silence of the Girls from the Booker Prize-winning author of The Regeneration Trilogy and “one of contemporary literature’s most thoughtful and compelling writers” (The Washington Post). Troy has fallen and the victorious Greeks are eager to return home with the spoils of an endless war—including the women of Troy themselves. They await a fair wind for the Aegean. It does not come, because the gods are offended. The body of King Priam lies unburied and desecrated, and so the victors remain in suspension, camped in the shadows of the city they destroyed as the coalition that held them together begins to unravel. Old feuds resurface and new suspicions and rivalries begin to fester. Largely unnoticed by her captors, the one time Trojan queen Briseis, formerly Achilles’s slave, now belonging to his companion Alcimus, quietly takes in these developments. She forges alliances when she can, with Priam’s aged wife the defiant Hecuba and with the disgraced soothsayer Calchas, all the while shrewdly seeking her path to revenge.

The Children's Homer

A brilliant and provocative exploration of the interconnection of private life and the large-scale horrors of war and devastation. A Pulitzer Prize and National Book Critics Circle Award finalist, and a winner of the Bay Area Book Reviewers Association Award, Susan Griffin’s A Chorus of Stones is an extraordinary reevaluation of history that explores the links between individual lives and catastrophic, world-altering violence. One of the most acclaimed and poetic voices of contemporary American feminism, Griffin delves into the perspective of those whose personal relationships and family histories were profoundly influenced by war and its often secret mechanisms: the bomb-maker and the bombing victim, the soldier and the pacifist, the grand architects who were shaped by personal experience and in turn reshaped the world. Declaring that “each solitary story belongs to a larger story”—and beginning with the brutal and heartbreaking circumstances of her own childhood—Griffin examines how the subtle dynamics of parenthood, childhood, and marriage interweave with the monumental violence of global conflict. She proffers a bold and powerful new understanding of the psychology of war through illuminating glimpses into the personal lives of Ernest Hemingway, Mahatma Gandhi, Heinrich Himmler, British officer Sir Hugh Trenchard, and other historic figures—as well as the munitions workers at Oak Ridge, a survivor of the Hiroshima bombing, and other humbler yet indispensable witnesses to history.

Classics to Read Aloud to Your Children
