Scotland Yard

Commander George Gideon of Scotland Yard has to deal successively with news of a mass murderer, a depraved maniac, and the deaths of a family in an arson attack on an old building south of the river. This leaves little time for the crisis developing at home.

At Scotland Yard

"Ripper Notes: Death in London's East End" is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics. Jennifer Pegg starts things off by documenting some of the major errors and discrepancies in the book "Uncle Jack" by Tony Williams and Humphrey Price, including a Victorian era document which appears to have been altered to try to implicate their suspect. Wolf Vanderlinden explores whether Inspector Walter Andrews of Scotland Yard really did go to America to chase Dr. Francis Tumblety in connection with the Whitechapel murders or if he was actually there to try to collect evidence for the Parnell Commission, which was trying link Irish leader Charles Parnell with terrorists. Robert Clack follows with a comprehensive look into the 1901 murder of prostitute Mary Ann Austin in the same lodging house that Ripper victim Annie Chapman was kicked out of 13 years earlier; this essay includes copious police reports, inquest testimony, a number of period illustrations and a suspect who may be linked to the earlier killings. Don Souden then debunks a number of tall tales that grew up around the case, including the ideas that victim Mary Kelly had a son living with her and that Catherine Eddowes knew who the Ripper was. Bernard Brown comes next with a short piece on a man called Inspector Death who worked in the East End. Andrew J. Spallek closes the main section by providing readers with directions on finding the burial sites of Jack the Ripper's victims. In addition, there is a look at some other possible victims of the killer, coverage of the 2006 Ripper conference, book reviews, news briefs and more. Ripper Notes is a nonfiction anthology series covering all aspects of the Jack the Ripper case.

Gideon's Fire

This is a new release of the original 1935 edition.

The Riddle of the Spinning Wheel

The Story of Scotland Yard

A British pulp fiction author of the late nineteenth and early twentieth century, Frederick M. White produced a prolific number of novels and short stories, including the cult classic 'Doom of London' science-fiction stories. Helping to shape the course of sensation and mystery story literature, White was also a pioneer of the spy story. His ingenious creativity in producing hundreds of original and thrilling narratives of crime, war, mystery, romance and science fiction was a rare and sadly neglected talent of the interwar period. This comprehensive eBook presents White's collected works, with numerous illustrations, rare texts appearing in digital print for the first time, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to White's life and works * Concise introductions to the famous novels * 84 novels, with individual contents tables * Features rare novels appearing for the first time in digital publishing, including 'Love, the Foe', 'Robe of Lucifer', 'Paul the Sage' and many more * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * Famous works, including the 'Doom of London' series, are fully illustrated with their original artwork * Rare story collections available in no other collection, including 'The Last of the Borgias' and 'The Sage of Tyburn' series * Special chronological and alphabetical contents tables for the short stories * Easily locate the short stories you want to read * Over 250 short stories — endless hours of classic pulp fiction Please visit www.delphiclassics.com to browse through our range of exciting titles CONTENTS: The Novels and Novellas A Golden Argosy (1886) By Order of the League (1886) The Old Secretaire (1887) The Silver Stream (1888) Naboth's Vineyard (1889) A Daughter of Israel (1892) In Trust (1892) The Robe of Lucifer (1896) Tregarthen's Wife (1901) Blackmail (1903) The Cardinal Moth (1903) Craven Fortune (1904) The Weight of the Crown (1904) A Shadowed Love (1905) My Lady Bountiful (1905) The Corner House (1905) The Crimson Blind (1905) The Ends of Justice (1906) The House of the Schemers (1906) The Law of the Land (1906) The Nether Millstone (1906) The Slave of Silence (1906) The Yellow Face (1906)

The Ultimate P. G. Wodehouse Collection

This carefully crafted ebook: "VICTOR L. WHITECHURCH Ultimate Collection: 30+ Thrillers & Mysteries, including The Thorpe Hazell Detective Tales, The Thrilling Stories of the Railway & Other Tales On and Off the Rails" is formatted for your eReader with a functional and detailed table of contents. Victor Lorenzo Whitechurch (1868-1933) was a Church of England clergyman and author. He is best known for his detective stories featuring Thorpe Hazell, the first amateur railway detective, whom the author intended to be as far from Sherlock Holmes as possible. Another Whitechurch's character was the spy Captain Ivan Koravitch. His stories were admired for their immaculate plotting and factual accuracy. Whitechurch was one of the first writers to submit his manuscripts to Scotland Yard for vetting as to police procedure. Table of Contents: Novels: The Canon in Residence Downland Echoes Murder at the Pageant Short Stories: Thrilling Stories of the Railway Peter Crane's Cigars The Tragedy on the London

A DEVASTATING WAR. A LOVE THAT WON'T DIE. A sweeping and sumptuous historical epic from Hilary Jones. The 1918 armistice has ended the war in Europe. But as the 1920's roars to life, it is an age of social change, excess, shellshock and ghosts. Having shown courage and strength on the battlefield, Will and Grace are back in the UK and working at the cutting edge of modern medicine. At every turn they see a country in flux. Many of their contemporaries are following serious paths, committing to causes of the day – workers' rights, votes for women, an independent Ireland. Others seek refuge in more earthly and bohemian pleasures. But as young parents and practising medics, they have – more than anything – duties of care and compassion that cannot be ignored. The follow-up to Hilary Jones's acclaimed debut novel, Frontline, perfect for fans of Ken Follett, Kate Mosse and Jeffrey Archer. _____ PRAISE FOR DR HILARY JONES 'The doctor hits the spot and deserves to be read' - Jeffrey Archer 'A story to get the heart racing' - Daily Express 'An enthralling tale' - Daily Mirror 'Dr Hilary is a master storyteller' - Lorraine Kelly CBE

Scotland Yard: The Methods and Organisation of the Metropolitan Police

Giving deserved attention to nearly 150 neglected films, this book covers early sound era features, serials and documentaries with genre elements of horror, science fiction and fantasy, from major and minor studios and independents. Full credits, synopses, critical analyses and contemporary reviews are provided for The Blue Light, The Cat Creeps, College Scandal, Cosmic Voyage, The Dragon Murder Case, The Haunted Barn, Lost Gods, Murder in the Red Barn, The New Gulliver, Return of the Terror, Seven Footprints to Satan, S.O.S. Iceberg, While the Patient Slept, The White Hell of Pitz Palu and many others.

British Murder Mysteries - Ultimate Collection

The enigmatic personal qualities that marked Sun Yat-sen during his lifetime have encouraged controversy concerning him ever since his death more than a generation ago. Mr. Schiffrin's book deals with the first forty years of Sun's life, and attempts to find the key to this controversial personality. His study is at once biography and history, for it goes beyond Sun to the whole texture of Chinese history of Sun's time. Drawing on diplomatic archives, police reports, personal interviews, contemporary newspapers, and other hitherto unused sources in Chinese, Japanese, and Western languages, the author reveals unsuspected facets of Sun's versatile plotting on three continents, and traces the convolutions of his pragmatic style in unprecedented detail.

Scotland

FULLY REVISED AND UPDATED 'The finest Fergie book of them all' – Tom English, BBC Sport When Sir Alex Ferguson retired at the end of the 2013 season he was the most successful football manager Britain had ever seen, having won twice as many trophies as his nearest rival. But that success had not come easily. Thirty-five years previously he had arrived at the rain-swept training ground at Aberdeen F.C. as the recently sacked manager of St Mirren. Already a divisive figure, this Alex Ferguson came with a reputation for trouble and a lot still to prove. Not for nothing, many thought he was a risky choice. Fergie Rises returns to a time when Ferguson was lucky to get Aberdeen, not the other way around. It's the story of an eight-year revolution that saw the Dons and their ambitious young manager knock the Old Firm off their perch, taste victory in Europe for the first time, and electrify Scottish football. When Ferguson finally left the club for Manchester United, in 1986, fans and rivals were unanimous in believing he had engineered one of the most astonishing upheavals in the game's history. The author also examines the personal tragedies Ferguson overcame – the deaths of his father and his mentor Jock Stein – and the rivalries, setbacks and triumphs that shaped a sporting genius. 'A masterful retelling of how Ferguson was "made" at Aberdeen' – Alan Pattullo, The Scotsman

Scotland

This reference book of facts, figures, features and photos from the football world has been updated to include information on the 1997-8 season plus World Cup results. It covers all the English Premier and Ensligh League clubs, Scottish leagues, cup competitions, European league and cup facts, and international teams and events. As well as the essential (club records, league and cup winners, top strikers, meanest defences, fastest goals, highest attendances and largest transfer fees) this book also contains the weird and wonderful records which have embarrassed players, referees and clubs and amused the fans.

Fergie Rises

The Unofficial Football World Championships is probably the most exciting football competition on Earth. Its amazing story involves legendary teams and footballing minnows, classic finals and forgotten friendlies, celebrated players and unsung heroes. An alternative soccer history, Unofficial Football World Champions reveals international football's real champions and offers up a fresh perspective on the greatest game in the world. This fourth edition is fully updated for 2018.

The Virgin Book of Football Records

More than 470 players have represented Scotland on the football pitch since 1946. This comprehensive book profiles all of them. Each player's Scotland record is explored in a mini-biography complemented by a full statistical record of every match he played. It includes legendary players like Jim Baxter, 'Jinky' Johnstone, Denis Law, Kenny Dalglish and Ally McCoist, as well as the most obscure players who ever played for Scotland and gained only one international cap. A vital collection for every football fan.

Unofficial Football World Champions

Fully updated ahead of the 2018 World Cup in Russia, England: The Complete Record is the definitive account of one of the world's most recognisable and historic national teams. Participants in the first official international association football match ever played -- a 0-0 draw with Scotland at Hamilton Crescent on 30 November 1872 -- England have remained a domineering and pioneering force in the global game throughout their existence. Over 145 years since that groundbreaking meeting with Scotland, Philp Ross, Jack Gordon Brown and James Corbett have collaborated to detail the highs and the lows of the Three Lions: from the ignominy of defeat against Hungary at Wembley in 1953, to World Cup glory at the same venue thirteen years later, and penalty heartbreak throughout the ages -- every meaningful moment is recorded throughout these pages. This complete record includes statistical details of every England match, friendly or competitive, year upon year -- the result, the opponents, the scorers, the venue, the attendance -- complete with a weaving narrative throughout. Every England tournament appearance is documented, including the now-defunct British Home Championships, alongside the more recognisable European Championships and World Cup. Replete with in-depth player and manager databases and profiles, this book is an indispensable addition to the libraries of every England fan and to followers of the beautiful game everywhere.

Scotland! Scotland!

A comprehensive football record book. It includes: all-time English and Scottish league tables; sequences of wins, draws, losses, highest scores and heaviest defeats; every result and goalscorer for British and Irish teams in the three major European competitions; teams, scorers and results from all internationals played by the British and Irish countries; World Cup, European Championship, South American and other prominent tournaments; milestones in the game's history; and laws of the game.

England

A comprehensive record of British and Irish Football during two World Wars, giving the date and result of every match played in each of the English, Scottish and Irish Leagues. All the county and regional cup competitions are also covered. Friendly matches, which for some clubs were a main part of their fixture list, are also given. The many Representative, international and military fixtures are also listed.

Rothmans Book of Football Records

Lawrie Reilly is one of Hibernian and Scotland's greatest ever players. A member of Hibs' legendary Famous Five forward line, he played a key part in the most successful period in the club's history. Lawrie's career was a real success story. He won the Scottish League title three times with Hibs and

was the club's leading goal scorer for seven successive seasons - a record that remains unmatched. In Last Minute Reilly, Lawrie now reveals for the first time what it was like to be a member of the Famous Five, what made him the incredible player he was, his views on why his Hibs team never won the Scottish Cup and his thoughts on the characters in the game. He also tells the full story of why he decided to go on strike, who brokered the deal to get him back on the field doing what he did best and how he sustained the injury that ended his career before the age of thirty. In his international career, Lawrie Reilly achieved a goals per game record for Scotland that has never been bettered - 22 goals in 38 games. He was always at his very best against England and his knack of scoring late equalisers against the Auld Enemy earned him his nickname of 'Last Minute Reilly' along with everlasting popularity amongst Scotland fans. Last Minute Reilly is the story of a genuine footballing great, a legend of the game and one of football's true gentlemen.

A Record of British Wartime Football

This is the story of the world's very first club dedicated to football, founded in Scotland in 1824. Football was played from medieval times in schools and villages throughout Britain and took on many forms before the Victorians embarked on the process of codification. There were attempts in the 1840s to write down rules at Rugby School, Eton College and Cambridge University. When footballers got together they formed organisations and a club was founded at Trinity College, Dublin, in 1854, while Scotland's oldest is now the Academical Football Club in Edinburgh, established in 1857. Sheffield, also dating from 1857, makes a strong claim to be the oldest existing club now playing association football. Yet to find the world's first football club one has to go back to 1824, when an Edinburgh student called John Hope established what he simply called The Foot-Ball Club. No other contemporary football clubs are known to have existed, but this one thrived for almost 17 years, giving an outlet for organised football to a generation of young sportsmen. The club's extraordinarily detailed records have survived intact, including membership lists, accounts, letters and personal reminiscences. Many of these priceless items are reproduced in the book. Thanks to this unique archive, we know the names of almost 300 men who played for the club. The founding members might have been expected to leave football behind when they left school but by persisting with their juvenile activities and continuing to play this vigorous contact sport into adulthood, they were ahead of their time. The authors show in this book that the Foot-Ball Club fitted perfectly into the vibrant sporting culture which existed among a particular social class in Edinburgh. The city already had a wide range of clubs and societies devoted to physical exercise: Edinburgh sportsmen had already formed the world's first archery club, first golf club and first gymnastic club; they had written the first rules for golf, bowls and curling, and presented the first trophies for golf and bowls. The Foot-Ball Club continued in the same pioneering spirit, and the club's members went on to have an indelible influence on the ongoing development of football, in all its forms, far beyond their time and place. They had an impact on the game's future progress by passing on their enthusiasm and experiences to their sons, younger brothers and relatives. This is the story of how Edinburgh can lay claim to a number of football 'world firsts': the first club (1824), first written rules (1833), first medal (1851), first inter-school match (1858) and first organised games for girls (1861). There were Edinburgh-educated men at the founding meeting of the Football Association in 1863, and the city hosted the first rugby international match in 1871, in which the Scotland team was captained by the son of a Foot-Ball Club member. In writing the definitive history of the Foot-Ball Club, John Hutchinson and Andy Mitchell reveal who the club members were, how they played and what motivated them. They have uncovered a fascinating picture of sport and society in the city of Edinburgh, the people who lived in it and their social networks. They also tell the life story of the club's energetic founder, John Hope, who remained a passionate advocate of football throughout his long life, and was also a controversial character in other fields - philanthropy, education, religion, politics and temperance - which will resonate with historians of the period.

Scottish Football

The 1967 World Club Championship decider between Celtic and Racing Club of Buenos Aires was one of the most violent and controversial matches of all time. Three Celtic players and two from Racing Club were sent off in total. The game descended into farce, with the Uruguayan police forced to take to the pitch with batons to separate brawling players. Pictures released of the match met with shock worldwide, but while an embarrassed Jock Stein fined his players, those from Racing Club were rewarded with a new car each! This book tells the story of a real clash of two very different footballing cultures.

Scotland's Quest for the World Cup

Scotland's Who's Who is the most ambitious and comprehensive record of all the players ever selected to pull on the navy blue shirt in the 140 years since the first international match in 1872. Far more than just a reference book, the Who's Who is brilliantly readable, delving into evocative and atmospheric details of the thousand-strong Scottish internationals' lives, their records, roles, reputations, and notable games. National managers are also covered, along with the stories of Scotland's World Cups and Nations Cups/European Championships, plus all the stats on Scotland's unofficial, Under-21, Under-23 and 'B' internationals. In total, a vast treasure trove of characters and stories, packed with irresistible facts, figures, and statistics about every player with Scotland honors, from all-time legends to one-cap wonders and forgotten heroes. Includes lists of most cap winners, top goalscorers, sendings-off, captains, greatest wins, heaviest defeats, and a great deal more.

The Life and Times of Last Minute Reilly

Denis Law is undoubtedly Scottish football's favourite son. He is joint top record scorer for his country with an impressive strike rate of 30 goals in 52 games and scored in the famous 3 - 2 win over world champions England at Wembley in 1967. As well as his prolific strike rate, he was also part of the Scotland team that won their way through to the 1974 World Cup Finals in West Germany - the first time the Scots had reached the finals in 16 years. In this unique portrait of Denis Law, which is the first book solely devoted to his illustrious international career, Alex Gordon interviews.

The World's First Football Club (1824)

Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

The Battle of Montevideo

The 1960s heralded a golden age of players who wore the dark blue of Scotland. Law, Gilzean, Baxter, Greig and Johnstone are just some of the names still familiar to supporters today. Bookended by heavy defeats against the Auld Enemy, the decade witnessed just one other defeat in the annual fixture against England and contained both the most-celebrated and horrific of Wembley encounters. The '60s also included a brief spell with Jock Stein as manager and the only Scotland international to date to be decided in extra time. Valiant but ultimately failed World Cup campaigns included memorable matches against Italy, West Germany and Czechoslovakia; an embarrassing loss to the amateurs of Norway was offset by a six-goal spree in Spain a matter of days later. Set against the backdrop of the Swinging Sixties, Scotland in the 60s looks at each of the 64 matches played by the national side during the period and the consequences of those results. Extensive newspaper and video archive research is complemented by the memories of the players who took part and the reminiscences of supporters and journalists who were there.

Scotland's Who's Who

Volume one of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

Denis Law

Originally published in 1928, this is a wonderfully comprehensive look at 'rugger'. It includes personal reminiscences of some of the top players from the 1900s and goes on to offer a complete training and tactics guide. Illustrated throughout with photographs and diagrams, the book still has much practical advice to offer the modern rugby enthusiast, as well as the historical interest. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Contents Include - James Baxter - Vice-Admiral P. M. Royds, C. B., C. M. G., Royal Navy - PART 1. - RUGGER REMINISCENCES: Early Days and School Rugger - Flying and Football - Trial by Ordeal - Cambridge Reorganisation and the Varsity Match of 1922 - The Services Championship and First R. A. F. Victory, International Matches - Cambridge Tour in France - The 1924-25 All Blacks Tour and County Rugger -Recent International Matches - Players and Personalities I Have Met - The Spirit of the Game. PART TWO- THE THEORY AND PRACTICE

OF RUGBY FOOTBALL: Equipment, Training and Elementary Principles - What every Player Must Able to do - Forwards: Their Duties in the Tight and in the Loose - The Players Behind the Scrum and their Duties in Attack and Defence - Set Positions in Attack and Defence - The New Zealand and Dublin University Formations - Captaincy and Refereeing - The Modern Game and Future Tendencies - Comments on the Laws and the Game - Rugby Football Government - Playing and Coaching at Schools - Brief Histories of the Leading Clubs in England, Scotland, Ireland and Wales. PART 3-RECORDS: Vital Facts in the History of Rugby Football - The Bye-Laws and Laws of Rugby Football - Record - Lists of International Players

British Sport

There has been an explosion in the quantity of sports history literature published in recent years, making it increasingly difficult to keep abreast of developments. The annual number of publications has increased from around 250 to 1,000 a year over the last decade. This is due in part to the fact that during the late 1980s and 90s, many clubs, leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements. It is also the result of the growing popularity and realisation of the importance of sport history research within academe. This international bibliography of books, articles, conference proceedings and essays in the English language is a one-stop for the sports historian to know what is new.

Scotland in the 60s

The best-selling collection of football facts, stats and stories is back! World Football Records 2024 is packed full of facts and stats from the world of international football. Focusing on all the major world and continental tournaments, national team records, exceptional matches and the stars who made it all possible, this exhaustively researched annual tells the stories of these key moments and some of the tales behind them. • Updated stats and facts for all recent major tournaments, awards and international teams. • The latest record-breaking achievements of more than 35 featured nations from around the world, including a sidebar with key stats, as well as updates and records for most of the other 170+ FIFA members.

British Sport: a Bibliography to 2000

The best-selling collection of football facts, stats and stories is back! World Football Records 2023 offers a unique presentation of facts and stats from the world of international football. Focusing simultaneously on all the major world and continental tournaments, national team records, exceptional matches and the stars who made it all possible, this exhaustively researched annual tells the stories of these key moments and some of the tales behind them. • Updated stats and facts for all recent major tournaments, awards and international teams. • The latest record-breaking achievements of more than 35 featured nations from around the world, including a sidebar with key stats, as well as updates and records for most of the other 170+ FIFA members.

Rugger - The History, Theory and Practice of Rugby Football

From Argentina to Zaire, George Burley to Ally MacLeod and Bertie Vogts to Jock Stein - 'The DVD Book of Scotland' is the ideal companion for any passionate member of the Tartan Army. Packed with mini-biographies of the greatest players and managers Scotland have ever had as well as songs, tournaments and events from more than a 100 years of international football - it's hard to imagine a better source of information on the national team. Whether it's a rendition of 'Flower of Scotland' you're after, or perhaps Kenny Dalglish's incredible record while representing his country, a complete record of results against England or the history of Hampden Park, The DVD Book of Scotland is essential reading for all Scots as the boys begin their bid for yet another World Cup appearance in 2010. From the great and the good, to the not-so-great and not-that-good, this is the complete guide to Scotland's proud history in international football.

International Sport

Peter Lorimer's blistering 76 mph strike left many a goalkeeper clutching thin air as he waltzed into the record books as a permanent member of the fantastic Leeds United team. He remains the only Leeds player to have scored over 200 goals, and he won 21 caps for Scotland. The highlight of his international career was the 1974 World Cup in West Germany, although his country was eliminated

despite not having lost a single game. Travelling throughout Europe with Leeds at the height of their success, Lorimer witnessed bribery and corruption as well as glory and failure. Here he tells his story with humor, warmth, and a little controversy.

World Football Records 2024

Wings of Steel tells of Iain Paterson's quest to uncover the story of his great uncle, a football star before World War I with Motherwell, Sheffield Wednesday and Scotland - once described as the best outside-left in Britain. Among the treasured mementoes inherited from his late grandmother was a shoebox full of photographs of family and friends long departed - the most fascinating being those of an unknown young man in vintage football kit sporting a Scottish cap dated 1910. As Iain discovered, his mother's older brother was Motherwell's first international player, the man responsible for Sheffield Wednesday becoming known as the Owls - and the figure at the heart of a mysterious riot following an international match in politically sensitive 1913 Dublin. Wings of Steel aims to set the record straight on many inaccuracies attached to George's story over the years, and to discover where George finally ended his days.

World Football Records 2023

This work studies the links between international football and politics in Britain between 1900 and 1939. It shows how the British government saw sport as an instrument of policy and cultural propaganda.

DVD Book Of Scotland

Arthur Kinnaird was football's first superstar. Described as 'without exception, the best player of the day', he played in nine FA Cup Finals (a record to this day), selected Scotland's first international team, and was President of the Football Association for 33 years. He was such a dominant figure that he was presented with the FA Cup in gratitude. His extraordinary life is revealed for the first time by sports historian Andy Mitchell, who has researched not just Kinnaird's crucial contribution to the formative years of football but a great deal more: he was an outstanding sportsman, a tennis blue, swimming champion, track athlete, canoeist, and even played competitive cricket in his fifties. He was a high profile figure in late Victorian society, energetic and enlightened, known as 'the busiest man in London'. A fervent evangelical, he spent his nights in the slums, teaching destitute children to read and write, and devoted much of his banking fortune to charities and religious missions. This book is essential reading for anyone who wants to understand the early development of Britain's most popular sport, and how one man led football from parkland pastime to national obsession.

Peter Lorimer

Gordon Strachan has probably become best known among football fans for his realistic and often witty assessments of his teams' performances and football matters in general. It is easy to forget that Strachan forged a career as a player where his abilities made him the only player ever to win the Football Writers' Player of the Year Award both north and south of the border. Now managing Celtic, this fully updated biography of one of Scotland's most charismatic exports is published 40 years after the club became the first British team to win the European Cup. In this comprehensive and fascinating biography, Leo Moynihan looks at the tenacity of Strachan as a player, determined to prove his old mentor wrong when Ferguson sold him to Leeds Utd, on the basis of him being past his best, and the true relationship that exists between them, as well as the honesty of a man who has often left followers of the beautiful game scratching their heads, but always full of admiration.

Wings of Steel

For Scotland, the World Cup Finals in West Germany in 1974 promised much. How could Scotland not get to the second phase of the tournament for the very first time? This book tells the story of how, astonishingly, it just didn't happen - even though Scotland ended up as the only unbeaten team in the tournament.

Sport in Britain

This reference work aims to provide sports enthusiasts, journalists, librarians, students and scholars with an authoritative source of information on a comprehensive range of subjects covering the history and organization of football in Britain. Over 250 entries focus on key organisations or individuals, famous

clubs, major competitions, events, venues and incidents, institutions and organisations as well as key issues such as gender, racism, commercialization, professionalism and drugs, alcohol and football.

Scoring for Britain

Are you a fan of Scottish football? Do you attend a lot of matches? If so, you will no doubt have visited one or two of Scotland's best-loved football grounds but how much do you know about these historic venues and the events that have taken place there through the years? Find out by tackling the 101 questions in this new quiz book. Which Scottish football stadium has the largest capacity? In August 1999, which football stadium was used for the fictitious Scottish Cup semi-final in the Robert Duvall film, *A Shot at Glory*? How many Scotland international matches have been staged at Pittodrie? The answers to these brain-teasers and more can all be found in *The Scottish Football Grounds Quiz Book*. With 101 questions on all areas of Scottish football grounds including capacity, location, disasters, attendances and club records as well as all the memorable matches that have taken place at these venues in the past, you are certain to learn something new. This is a must-have book for anyone with an interest in Scottish football.

Scotland, Yes

9th edition of this popular, bright and quirky annual football records book. Crammed with records, facts, stats and amazing feats from the world's greatest game, *The Vision Book of Football Records 2018* is the perfect Christmas present for football fans of all ages. It includes an entry on every English league team and all the Scottish SPL clubs plus the major European and world clubs from Brazil to Barcelona and an all-star squad of current and former football legends. On top of that there are a whole wealth of fun and quirky entries which celebrate the more bizarre footie facts and records, like the match that was delayed by the antics of an Eagle Owl, the longest recorded headed goal

Arthur Kinnaird

Buried in an unmarked grave in the churchyard of the small village of Benson in Oxfordshire lies the body of a footballing world champion from a bygone era shrouded in the mists of time. His name was Stephen Smith. This footballer of the Victorian and Edwardian era could claim as many league title winning medals as John Terry and Wayne Rooney, more league winners medals than Eric Cantona, Frank Lampard, Cristiano Ronaldo, Thierry Henry and Alan Shearer. This book is the never before told story of a footballer born at the end of the Industrial Revolution, son of agricultural labourers who became a miner, working underground combining that job with one as a professional footballer to rise to the top of the footballing world. Smith won trophy after trophy in the best and only professional league anywhere in the world at that time. He also scored the goal that made England World Champions in 1895. Smith, at the top of his game in a move that mirrored the Premier League breakaway of 1992 and the recent ill-fated European Super League then joined the newly formed Southern League at a time when the Football League started to cap player wages. He did this in order to ensure his family's future as well as end his reliance on his part-time earnings from mining. Football's zeitgeist has fundamentally changed very little in the last 130 years for those inside the industry. This is the story of Stephen Smith and the quest to find the support and funds to mark and commemorate one of the most decorated yet underappreciated footballers in the history of the game.

Gordon Strachan

The Scottish League Cup is often wrongly described as the 'Cinderella' of Scottish football, as distinct from its two ugly sisters, the Scottish League and the Scottish Cup. Dating from the Second World War, it is certainly the youngest. The trophy is unusual, if not unique, in having three handles. It is a major part of the Scottish season, and has been keenly contested for 75 years. Sixteen teams have won the cup. Unsurprisingly, the big Glasgow clubs have won it the most, but Aberdeen, Hearts, Hibs and Dundee have also tasted glory. The trophy has also given the likes of Raith Rovers and Livingston their moments in the sun - and who could ignore the mighty deeds of East Fife, who won the cup three times in its first decade? Rangers hold the record for Scottish League Cup wins, but Celtic's victories have been more spectacular, not least their astonishing 7-1 triumph in the 1957 final. This book pays homage to each one of the 75 seasons, with a detailed account of every final.

Scotland '74

For a small footballing nation, Scotland boasts a proud record of having qualified for the World Cup Finals on eight occasions. But this fantastic record is also tarred with the glorious failure of never having reached the latter stages of the tournament. Scotland '74 is a bitter-sweet celebration of the closest Scotland has ever got - so far at least - when a team of superstars managed to snatch defeat from the jaws of victory in the dying seconds. Forty years on, it still hurts. For Scotland, the World Cup Finals in West Germany in 1974 promised much. Group 2 had a talented Brazil side with Jairzinho, Rivelino and Cesar, a hard-to-pronounce Yugoslavia line-up and group minnows Zaire. But the Scotland squad boasted household names like Billy Bremner, Kenny Dalglish, Denis Law, Peter Lorimer and Joe Jordan. How could Scotland not get to the second phase of the tournament for the very first time? Well, this is the story of how, astonishingly, it just didn't happen - even though Scotland ended up as the only unbeaten team in the tournament. As history tells us, 1974 was a massive missed opportunity for Scotland, and Richard Gordon now reveals how it all went wrong in the days before the shambles of Argentina '78 and the 3-0 humbling by Morocco in 1998. Drawing on archive reports and the memories of squad members, Scotland '74 relates the story of that big adventure, encompassing a shocking start to manager Willie Ormond's reign (a 5-0 beating by England), frequent player indiscipline, and, ultimately, the on-field heartbreak that left a nation in mourning for a lost opportunity.
