She needs to get rid of him, and fast. Eli Costas is an injury-prone lacrosse star with a problem—the one chance he had at winning over the girl next door resulted in the most epically sucktastic first kiss ever. Back in the Burbs

Two powerhouse authors bring you a hilarious tale of one woman's journey to find herself again. Ever have one of those days where life just plain sucks? Welcome to my last three months—ever since I caught my can't-be-soon-enough ex-husband cheating with his paralegal. I'm thirty-five years old, and I've lost my NYC apartment, my job, my money, and frankly, my dignity. But the final heartache in the suck sandwich of my life? My great-aunt Maggie died. The only family member who's ever gotten me. Even after death, though, she's helping me get back up. She's willed me the keys to a house in the burbs, of all places, and dared me to grab life by the family jewels. Well, I've got the vise grips already in hand (my ex should take note) and I'm ready to fight for my life again. Too bad that bravado only lasts as long as it takes to drive into Huckleberry Hills. And see the house. There are forty-seven separate HOA violations, and I feel them all in my bones. Honestly, I'm surprised no one's "accidentally" torched the house yet. I want to, and I've only been standing in front of it for five minutes. But then my hot, grumpy neighbor tells me to mow the lawn first and I'm just...done. Done with men too sexy for their own good and done with anyone telling me what to do. First rule of surviving the burbs? There is nothing that YouTube and a glass of wine can't conquer.

China Revolutionized

A three thousand year history of the occult, and its relationship with the phenomenon of terrorism, for the purposes of fomenting a Clash of Civilisations and a "New World Order". Islam is no threat to the West. On the contrary, Islamic terrorism is a phantom created to serve Western imperialistic goals. Terrorism itself is expressly forbidden in Islam. Such terror groups as exist are artificial, and intertwined with Western power through a network of occult secret societies, that date back to the Babylonian Kabbalah of the 6th century BC, and a plot to rule the world by magic and deception. Under Herod the Great, a series of dynasties arose, who imposed a corrupt version of Christianity upon the Roman world. During the Crusades, their association with the Ismaili Assassins formed the basis of what is known as Scottish Rite Freemasonry. When Napoleon conquered Egypt, these Freemasons reconnected with their brethren there, sparking developments like the Occult Revival of the late 19th century, the Salafi reform movement of Islam, promoted by Saudi Arabia, and Nazism. They founded the Muslim Brotherhood, a collective of impostors run by the CIA, to further the scheme for world domination. Appearances belie reality. In fact, the Muslim nations are the victims of terror from the West. With their near-complete control of the media, the powers that be have instilled an inverted image of the real world.

Dante Liakos had yet another challenge to overcome in securing his business empire's future, but this one was much more personal in nature – the need for a wife and an heir. Without them, he could lose control of the empire he had worked so hard to rebuild and expand. However, as he had found so many times before, turning a challenge into a success was about recognizing the right opportunity and acting upon it decisively. In Jayden Hart, he saw such an opportunity, enclosed in the rare combination of innocence, beauty and brilliance - a combination he couldn't resist despite his attempts to remain aloof from the relationship! Normally poised and self-assured, Jayden's world had taken an alarming turn. What initially had seemed like a nuisance was quickly becoming a significant threat to her business, her family, and her whole way of life! And she had no idea how to avoid catastrophe. Dante's suggested solution presented a potential lifeline, but with what strings attached? Would the solution be worse than the crisis that had required it? And how was she to avoid falling in love with her secret husband?

But can he figure out this fancy New Yorker who he can barely keep his hands off...and who can't see the beauty in her delicious curves? Of Trust & Heart

Steamy, sexy, and laugh-out-loud funny, THE TRUTH ABOUT COWBOYS is a new contemporary novel that will pull your heartstrings and steam up your e-reader... While I was off pitching in the big leagues, my family was back in the small town of Sweetwater, Texas, running the family ranch. Then tragedy hit and I discovered there were secrets that my family kept, problems they hid. I went home, left behind the money, women, and fame. I took over the ranch and took care of my grandmother. I took over hiding the secrets. Then she came to town. A smart-mouthed, clumsy, too-smart-and-too-pretty-for-my-own-good city girl hiding out to write a book. She's right here, on my property, in the cottage my grandmother rented her without my permission, and she sees too much. She knows too much. Now suddenly my world is spinning, and she's shoving a baseball back in my hand while baking cookies with my grandmother. She's the devil and an angel all in one fiery little package. I decide I'll wait her out. She'll go back to the city. Only suddenly I don't want her to leave, and everything I've settled for in my life isn't enough. I want to play ball and I want her, but there's that secret that won't let go, but neither will she. And that's the way he plans to keep it. Except suddenly one of the other football players grabs his notebook in jest and starts reading a kissing scene out loud...and Jace knows he's busted. But then McKenna Storm, resident goth girl who avoids the spotlight like a virus, snatches up the notebook and tells everyone she's the author. Hancox is the Tudor hall house in rural Sussex where Charlotte Moore grew up, and where she lives today. It's a time warp where little has changed since her family took it on in 1888. They were a diverse family of doctors and soldiers, liberal politicians and educational pioneers. What they all had in common though was a habit of writing everything down and never throwing anything away. Every cupboard and every drawer is crammed with relics of family history - letters, diaries, sketchbooks, photograph albums,

even old shopping lists and chequebook stubs - which together constitute a huge archive of Victorian and Edwardian family life containing fascinating stories of love and jealousy, heroism and defeat, riches and poverty as well as snapshots of the wider world beyond of Hastings, London and the empire. Told with a novelist's vigour, Hancox offers a richly detailed portrait of a vanished way of life: an English country house at the turn of the twentieth century, just before the tragedy of the First World War, with its presiding family, its servants, its farm and its local village.

What the Heart Wants (In Love with a Billionaire #2)

Dr. Shelby Conrad III was stoking his internal fire. He was alone in his small skiff on the Blackwater Edisto River. He was navigating the uninhabited swampland. He could go hours without seeing another boat. If he did encounter another watercraft, they were there for similar reasons and a gentle nod was a zealous exchange. Shelby was 44 years old. He owned two other fishing boats and a yacht, which contained dinghies larger than what he was navigating. The past three years had been challenging. Time in the swampland with the herons, egrets and alligators helped assess his recent triumphs and tragedies. He met a great woman in Lexi Casmino. Their romance was magical. It helped Shelby get himself on firm ground. She was more impressed by his moves in the kitchen and on the barbecue than the size of his billfold. She had an ill daughter and he provided healing to both young Mae and her widowed mother. Who Wants to Marry a Billionaire?

Who Wants to Marry a Billionaire? Not Nina Alves. With her full-time job at the DeVere Foundation and a comically dysfunctional family that keeps her busy and broke, she can't even find time for a coffee date. Enter Daniel DeVere. Desperate to impress his philanthropist father with the purchase of an eco-hotel, there is only one problem - his playboy lifestyle has turned the owner off and he needs to present a more mature image if he is to have any chance of salvaging the deal. With sensible Nina as his fake fiance surely the deal will be secured. Putting on a convincing show in public is one thing, but the passion they are pretending to have for one another begins to spill over into their private moments and they are each forced to admit that they are hoping for something more. Excerpt: When they got back to the resort, Daniel winked at Nina, "Tonight, you are going to learn El Tamborito." "Is that contagious?" "I hope so." He led her into the bedroom. There was a gorgeous traditional Panamanian dress laid out on the bed: it had a full, heavily pleated skirt, a ruffled top, and amazing embroidery threaded through it. It was white with red designs. "There's a festival in town, and we're going." "If I wear that, people will think that I can really dance." "And you will," there was a knock on the door, "that's Luisa, and she's going to teach you." "What about you?" Daniel looked at her slyly, "Oh, I can dance." He gave her a peck on the cheek. "Have fun, I'll be back in two hours to get you." Luisa, the dance instructor, joined Nina. "Hola! I'm Luisa, Nina. I'm going to put on a CD." She popped a CD into the cabaña's little stereo. "First, listen for a couple of minutes." The rhythms were wonderful, Nina thought, there were drums, and clapping, and a female singer. "What's she singing about?" "Ah," Luisa said knowingly, "She sings about the attraction between men and women, about...the tension between men and women when they want to do more than dance!" Maybe, Nina thought, El Tamborito wasn't such a good idea... marry a billionaire, billionaire marriage, fake marriage, contemporary romance, romantic comedy, romcom
