Montana Off the Beaten Path®

Montana Off the Beaten Path features the things travelers and locals want to see and experience—if only they knew about them. From the best in local dining to quirky cultural tidbits to hidden attractions, unique finds, and unusual locales, Montana Off the Beaten Path takes the reader down the road less traveled and reveals a side of Mississippi that other guidebooks just don't offer. In addition to the text being fully revised and updated, the 8th edition features a new cover treatment and new series branding.

Montana

Devoted to travelers with a taste for the unique, this easy-to-use guide will help you discover the hidden places in Montana that most tourists miss - unsung, unspoiled, and out-of-the-way finds that liven up a week's vacation, a day trip, or an afternoon. Who needs more bland rest stops and fast food? Take this book with you and visit the Montana Sheepherder's Hall of Fame, with its life-size statue of a sheepherder holding a lamb; stop off at Reeder's Alley, a neighborhood of restored brick-miner's shanties; or enjoy the Huckleberry Festival with its parade, horse-shoe tossing competition, and huckleberry-pancake breakfasts. Whatever you do when you travel, get off the interstate - and don't leave home without this book.

Montana

Explore the streams less traveled in the state known for its legendary fly-fishing rivers! The Bighorn, the Madison, the Missouri, the Bitterroot - these are some of the biggest, most storied fly-fishing waters of

Montana. They host thousands of anglers and guides every season, and they provide some of the most exceptional fly fishing in North America. But beyond these famous Montana rivers, there are hundreds of equally productive, equally breathtaking rivers and streams that are a little smaller, a little lesser known, and a lot less frequented - and every bit as beautiful! In 25 Best Off-the-Beaten-Path Fly-Fishing Streams of Montana, author Molly Semenik explores the best of these under-appreciated fisheries, beginning first with what fly anglers can uniquely expect from Montana, before moving to each individual destination. With over 100 color photographs and local guide interviews throughout, the stream-specific chapters include detailed GIS maps highlighting access roads and entry points, ease-of-access ratings, specific information on local hatches, recommended tackle, fly shops, outfitters, campgrounds, lodging, dining, watering holes, and even local hospitals and treatment centers. As a Big Sky Country native, as well as Master Casting Instructor (MCI), member of the International Federation of Fly Fishers Board of Directors, and owner of Tie the Knot Fly Fishing, Semenik knows Montana streams intimately, and brings her knowledge to bear in this absolute go-to guide for natives and non-natives alike.

25 Best Off-The-Beaten-Path Montana Fly Fishing Streams

Wyoming Off the Beaten Path features the things travelers and locals want to see and experience—if only they knew about them. From the best in local dining to quirky cultural tidbits to hidden attractions, unique finds, and unusual locales.

Wyoming Off the Beaten Path®

Explore the secluded places and unusual sights and sounds of Wyoming, from the wild--such as the Snowy Range Scenic Byway or the Tensleep Preserve--to the wacky--such as Como Bluff Museum, a structure made of 5,775 dinosaur bones.

Wyoming - Off the Beaten Path

Montana is one of the great birding states, from sandhill cranes to prairie chickens and sage grouse. From 100,000 snow geese at a time on Freezeout Lake to western bluebirds, glossy ibis, white-tailed kites, crested caracaras, Iceland gulls, Carolina wrens, curve-billed thrashers, and hundreds of other song birds. Montana is the best place for both great birding and wildlife viewing. Many of the birding hot spots also have a wide variety of wildlife including elk, antelope, moose, and grizzly and black bears. Chuck Robbins has spent 20 years traveling the state birding and wildlife watching. Chuck has divided the state into six regions: Glacier Country, Southwest Montana, Central Montana, Yellowstone Country, Missouri River Country, and Southeast Montana. Chuck describes each of the birding locations, the key birds, the best seasons for birding, and the area description along with driving directions and GPS coordinates. There are six regional maps showing the birding locations in each region, along with over 70 maps of individual locations. More than 100 outstanding color photos of key birds are included. Montana is the fourth largest state with less than 1 million residents, offering great uncrowded birding opportunities. With two national parks (Glacier and Yellowstone), thirteen national wildlife refuges, hundreds of wildlife management areas, as well as state parks and 40 Montana Important Bird Areas (IBAs) Montana is a must place for incredible bird and wildlife watching.

Birding Trails Montana

Welcome to an exciting journey through stunning Montana, also known as the "Big Sky Country". Montana is a state of superlatives, characterized by sweeping landscapes, majestic mountains, and a fascinating culture that blurs the lines between wilderness and civilization. In this book, we invite you to discover Montana's unique towns and villages, from Bozeman to Missoula and beyond. Montana is a world unto itself, where Native history, Wild West heritage, and natural beauty collide. Join us on an exciting journey through Montana, a state known for its stunning national parks, majestic mountains, and abundant wildlife. We will explore the cultural diversity, culinary scene, art and music, literature, and the numerous nature activities that make Montana so unique. Montana is not only a place of the past, but also of the future. In this book, we take a look at the challenges and opportunities Montana faces as it asserts its place in the modern world. Montana is a place of wonder, and we can't wait to take you on this journey. Immerse yourself in the beauty and fascination of Montana and let yourself be enchanted by its uniqueness.

Montana Travel Guide * From Bozeman to Missoula * USA eBook

Presents the history, geography, government, economy, and people of Montana, as well as general facts about the state.

Montana

At My Itchy Travel Feet, The Baby Boomer's Guide to Travel, writer Donna Hull and photographer Alan Hull travel the world recording their boomer travel experiences with words, photos, and videos so that you'll know exactly what to expect. Their goal? To get boomers off the couch and out into the world. In this Blog to Book, they've chosen some of their favorite journeys to share with you. Take a road trip in Northern Italy, drive the California Big Sur coast, or explore Arches, Canyonlands, Glacier, and Grand Tetons National Parks. You'll find a chapter on small ship luxury cruising and a travel tips section with advice on road trips, cruising, travel photography, and multi-generational travel. So, pull up a chair, grab a cup of coffee, and start reading about active travel for boomers. It's guaranteed to make your travel feet itchy!

My Itchy Travel Feet: Breathtaking Adventure Vacation Ideas

A fascinating mix of attractions awaits the Montana traveler, from the Big Montana Sheep Drive to the Little Bighorn Battlefield.

Montana

With natives as your guides, this series leads you down the road less traveled. Montana offers the breathtaking landscapes of Glacier National Park and the Greater Yellowstone region, the mystical cowboy country of the high plains, and truly spectacular river valleys. Its cities and towns provide charm, personality, and hospitality, with classic eateries, quaint museums, and uniquely Montana activities. Welsch and Moore, your guides to Big Sky Country, share their favorite places both on and off the beaten track. About the series: Whether you need to get away for a weekend or longer, want to explore your home state or make plans for free time in an area you don't know well, take to the road with a Backroads & Byways book. You'll discover the most interesting places to visit on and off the beaten path. Destinations will appeal to foodies, history buffs, families with kids, couples, adventurers, hikers, bikers—in short, everyone. With itineraries appropriate for visits of differing durations and in different seasons, tips for comfortable accommodations, great food, and good shopping too, look to Backroads & Byways for the most interesting and diverse short trips available.

Backroads And Byways Of Montana

From the woolly wonders of the Big Montana Sheep Drive to the historic Little Bighorn Battlefield, Montana offers many choices to travelers who wish to discover Big Sky Country.

Montana - Insider's Guides

The vast space of the American West that has been designated as the state of Montana is such a diverse and varied landscape that it's been said it could easily be sliced up into several smaller states. And with its smorgasbord of industry, history, culture and the various worldviews held by its residents, getting a bead on Montana's personality is a challenge. That may be because Montana, in fact, has several fairly distinct personalities. This book examines those personalities, through the lens of seven geographic and cultural regions commonly recognized in the state. While Montanans share a few attitudes and love of the land that attracts them to Big Sky country, it's the differences between the regions that truly give the state its unique flavor. Through interviews, photos, history and personal observations, Therriault profiles each region and in the process gives a more complete view of the state as a whole. Along the way the reader will learn why some people choose to live where they do, how they view the rest of the state, and what some of the factors are that give each region its singularity.

Seven Montanas

Montana offers a wealth of outdoor fun for the active traveler, from skiing and snowmobiling to fly fishing and horseback riding. With stunning scenery and colorful history, the state is one of the most appealing in the US. And the best part: it's rarely crowded!

Montana Adventure Guide

The fishing in Montana is better than ever, which is why Wilderness Adventures Press is releasing this completely revised edition of the Flyfisher's Guide to Montana, complete with full-color photography and brand new, highly detailed maps! The updated maps include all of the BLM land, National Forest, Wilderness Areas and state-owned land for all of Montana's major fisheries, and many smaller rivers and lakes. All access points, boat launches, campgrounds and more are shown with GPS coordinates, highways and access roads. You will be able to find your way to the river, whether you're familiar with the area or not. This completely revamped edition details the wealth of great flyfishing in Big Sky Country. From major rivers like the Yellowstone, Missouri, Beaverhead, Big Hole, Clark Fork, Bighorn, and Madison down to the smallest fishable creeks and lakes, veteran fishing author Chuck Robbins tells anglers everything they need to know about Montana's best fisheries. In addition to covering all the most famous rivers and streams, this book introduces flyfishers to waters well off the beaten path, including high-country lakes where many of the fish have never seen a fly or lure and hidden gems in eastern Montana. Also includes other great travel and angling information. Update your dog-eared copy of the original with this fantastic new edition!

Flyfisher's Guide to Montana

Chuck Robbins' personal experiences guide the reader through the myriad public lands. He explains the geology, animal and plant life, and history of Montana's most storied and scenic locales, with a special emphasis on birds found in Montana. Out-of-staters and Montana residents alike will find much of interest in this full-color guide.

Great Places: Montana

This handbook is an ideal choice for readers who want a unique experience and a new perspective on Big Sky country. Includes information on getaways at Glacier National Park, rural guest ranches, small-town rodeos, and details for exploring Yellowstone, following Lewis and Clark's trail, or indulging in a hot springs resort. Color photos, illustrations & maps.

Moon Handbooks Montana

Scenic Routes & Byways Montana features nearly twenty-five separate drives through the Treasure State, from the breathtaking Beartooth Highway to the rugged rangelands and red-tinted badlands of eastern Montana. An indispensable highway companion, Scenic Routes & Byways Montana includes route maps and in-depth descriptions of attractions.

Scenic Routes & Byways Montana

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Backpacker

This guide shows the Treasure State in a new light for visitors to some of these little-known attractions: the Inventors Hall of Fame, the Dirty Shame Saloon, and the Archie Bray Foundation for Ceramic Arts.

Montana - Insiders Guide

America's #1 bestselling travel series Written by more than 175 outspoken travelers around the globe, Frommer's Complete Guides help travelers experience places the way locals do. More annually updated guides than any other series 16-page color section and foldout map in all annual guides Outspoken opinions, exact prices, and suggested itineraries Dozens of detailed maps in an easy-to-read, two-color design Frommer's. Frommer's Montana & Wyoming

"If you're thinking of traveling to Montana in the near future, this book is a must-have." --American Angler The best places and times to fish Detailed maps and hatch charts plus top producing fly patterns with recipes Local guides and outfitters on techniques and tackle Whether you want to target trout sipping Tricos on the Missouri, pack in to the South Fork of the Flathead for a wilderness adventure, or simply find a good spot to fish while on a vacation to Glacier or Yellowstone National Park, this guide is the best place to start for a successful fishing trip. With stunning photos, detailed maps and hatch charts for each river, photos and recipes of the most effective fly patterns, and insider information from local guides and outfitters, Montana's Best Fly Fishing is an essential reference for the best fishing in Big Sky Country.

Off the Beaten Path

With natives as your guides, *Backroads & Byways* leads you down the road less traveled Montana attracts visitors from around the world who come to see the state's magnificent mountains, glistening rivers, vast horizons, and cowboy culture. With *Backroads & Byways of Montana* as your guide, you'll see and experience it all. Explore some of America's most spectacular vistas and venture off the beaten path into remote prairies and quaint small towns. The *Backroads & Byways* series is the shortest route a visitor can take to explore like a native. All the suggested drives include choice lodging and dining options, activities, and overview maps. With their insider perspectives, these books provide unique insights into well-known areas that can help you capture the rich flavor of regions explored by a select few.

Montana's Best Fly Fishing

Montana is home to two of America's most popular national parks, and many of the twelve million visitors who travel to Big Sky Country each year include both Glacier and Yellowstone in their plans. It's a full day's drive between these two western jewels, and there are dozens of routes road trippers can select to build their journey. There are also thousands of travel guides on the shelf that provide information about the region, but *Big Sky, Big Parks* is unique among them, a blend of history, culture, and local flavor that's more of an entertaining travel companion and a useful resource for those visiting the two national parks and the vast chunk of Montana that connects them. Author Ednor Therriault shares his experiences on the road and in the parks with humor and insight in thirty stories that chronicle the triumphs and tragedies that make traveling between Glacier and Yellowstone such a rewarding endeavor. Discover the reasons behind Yellowstone's devilish place names and read about Butte's version of Disneyland in this road trip handbook/travelogue that features insider tips on regional delicacies, interesting places to lay your head, local trivia, and even road trip playlists to provide a soundtrack to your Montana adventure.

Backroads & Byways of Montana: Drives, Day Trips & Weekend Excursions (2nd Edition) (Backroads & Byways)

Among Montana's most enduring legacies are the names assigned to its geographic features and places found on the state map. As long as humans have inhabited Montana they have named places. While the past two centuries have changed the way people live in Montana, the names given to some rivers, mountain ranges, cities, and towns have persisted, while others have changed with time. *Naming Montana* explores the origins of more than 1,000 Montana place names, drawing upon the knowledge

of Montana Historical Society historians and the expertise of local historians from across the state. This new publication includes both geographic features, selected historic sites listed on the National Register of Historic Places, historic photographs, and maps. The authors' extensive research illuminates the stories behind the names of places that we call home.

Big Sky, Big Parks

Yellowstone and Grand Teton National Parks offer the ultimate in natural and geothermal wonders: backcountry lakes, panoramic summits, glacier-carved canyons, steaming geyser basins, and vast meadows teeming with wildlife. *Top Trails: Yellowstone and Grand Teton National Parks* by experienced outdoors authors Andrew Nystrom and Bradley Mayhew contains 46 "must-do" trips, from Mammoth Hot Springs to Old Faithful, from the Absarokas to the Gallatin Range, and from Jackson Hole to the Teton Crest Trail. In keeping with the tradition of the *Top Trails* series, this updated guide will maximize readers' time and enjoyment of Yellowstone and Grand Teton National Parks.

Montana Place Names from Alzada to Zortman

Insiders' Guide to Glacier National Park is the essential source for information to this outdoor paradise that offers diverse opportunities for fun and adventure. Written by a local (and true insider), this guide offers a personal and practical perspective of Glacier and its surrounding environs.

Montana Outdoors

Veteran guidebook author Erik Molvar has revised and updated this comprehensive guide to the spectacular trails of the Bob Marshall, Great Bear, and Scapegoat Wilderness Areas in Montana's northern Rocky Mountains. More than 100 hikes are described -- including seventeen new additions! -- each of which contain trail-head directions and up-to-date trail information, elevation graphs, accurate maps, and information on the wildlife and sites you'll find along the way. This guide also provides extremely valuable information on the history of the area, etiquette, trip planning, cautionary tips, fishing opportunities, and selecting and maintaining a safe campsite.

Forthcoming Books

Moon Montana & Wyoming guides you to the best of the wild west, revealing the untold adventures that await under the vast country sky. Inside you'll find: Strategic, flexible itineraries for visiting both states, including Yellowstone, Glacier, and Grand Teton national parks, curated for outdoor adventurers, history buffs, and more The best road trips in Montana and Wyoming, from a 14-day Greater Yellowstone loop to a 7-day Glacier road trip Must-see highlights and unique experiences: Hit the road to see the stunning scenery of the national parks, and stop in towns where the old West is alive and well. Spot wildlife like wolves, elk, moose, bison, and black bears, go whitewater rafting or kayaking, or drive the famed Going-to-the-Sun Road. Hike to roaring waterfalls, breathtaking vistas, and secluded lakes. Learn about the region's important Native American history, discover authentic cowboy culture, or sample the best of western cuisine in Jackson Hole, from locally raised bison burgers to huckleberry pie Honest advice from former wilderness guide and longtime Montana local Carter G. Walker on where to stay, where to eat, and how to get around Full-color photos and detailed maps throughout Background information on the landscape, wildlife, history, and local culture Recommendations for families, LGBTQ+ travelers, and travelers with disabilities With *Moon Montana & Wyoming's* practical advice and local insight, you can plan your trip your way. Focusing on the national parks? Try *Moon Glacier National Park* or *Moon Yellowstone & Grand Teton*.

Top Trails: Yellowstone and Grand Teton National Parks

With natives as your guides, this series leads you down the road less traveled. Montana offers the breathtaking landscapes of Glacier National Park and the Greater Yellowstone region, the mystical cowboy country of the high plains, and truly spectacular river valleys. Its cities and towns provide charm, personality, and hospitality, with classic eateries, quaint museums, and uniquely Montana activities. Welsch and Moore, your guides to Big Sky Country, share their favorite places both on and off the beaten track. About the series: Whether you need to get away for a weekend or longer, want to explore your home state or make plans for free time in an area you don't know well, take to the road with a *Backroads & Byways* book. You'll discover the most interesting places to visit on and off the beaten path. Destinations will appeal to foodies, history buffs, families with kids, couples, adventurers, hikers,

bikers—in short, everyone. With itineraries appropriate for visits of differing durations and in different seasons, tips for comfortable accommodations, great food, and good shopping too, look to Backroads & Byways for the most interesting and diverse short trips available.

Glacier National Park

Hiking Waterfalls in Montana includes detailed hike descriptions, maps, and color photos for some 100 of the state's most scenic waterfall hikes. Encompassing state and national parks, forests, monuments and wilderness areas, this guide includes history, local trivia, and GPS coordinates, leading hikers to remote corners to view spectacular waterfalls.

Tired of the same old tourist traps? Whether you're a visitor or a local looking for something different, let Kansas Off the Beaten Path show you the Sunflower State you never knew existed. Attend a "twine party" in Cawker City to make the world's largest ball of twine (almost nine tons) even larger; go on a retreat to the Dominican Sisters' Heartland Farm and try your hand at organic gardening and holistic healing; and sample some of the twenty-eight wines produced at Smoky Hill Vineyards and Winery in Salina. So if you've "been there, done that" one too many times, get off the main road and venture Off the Beaten Path.

Iowa

The Rough Guide to the USA is the most comprehensive and colourful guide to the fifty states available. There are lively accounts of every region and attraction from the bright lights of Broadway to the vast open plains of Wyoming. The guide gives refreshingly opinionated reviews of the established sights and landmarks as well as uncovering many of the lesser-known gems, allowing the visitor to make the most of their trip. There are feature boxes that provide information on a variety of subjects from the Delta blues to the geology of the Grand Canyon. There are also maps and plans to help you navigate around the major attractions, inner city streets or interstates

Lonely Planet USA is your most up-to-date advice on what to see and skip, and what hidden discoveries await you. Gaze into the mile-deep chasm of the Grand Canyon, hang 10 on an iconic Hawaiian wave, or let sultry southern music and food stir your soul; all with your trusted travel companion.

The Publishers Weekly

"Iowa? I could have sworn this was heaven."—from *Field of Dreams* This lively guide—the definitive comprehensive travel guide devoted entirely to Iowa—highlights the events, attractions, lodgings, restaurants, history, and culture that make the Hawkeye State great. Iowans have always known how wonderful their state is; now everyone else can experience the best that this under-appreciated gem has to offer. From railroads and the state fair to art museums and wineries; from cycling to golf to spelunking, Iowa won't fail to surprise and delight travelers. If you like spending your vacations away from crowds or exploring beautiful, perfect natural landscapes, Iowa might be just what you're looking for. Author Lauren Rice traveled throughout her home state to find the best it has to offer. Everywhere she went she learned something new—a fascinating bit of local history, a little restaurant serving great homemade food, some terrific tucked-away place to visit—and there are countless other treasures just waiting to be discovered. As with all *Explorer's Guides*, handy icons point out places of extra value, kid-friendly sites and activities, and lodgings that accept pets. Detailed maps and an alphabetical "What's Where" section help you plan your trip. With this book in hand, travelers will get off the beaten path and into the heart of an authentic, unspoiled place.

The Rough Guide to USA

Tired of the same old tourist traps? Whether you're a visitor or a local looking for something different, *Alabama Off the Beaten Path* shows you the Yellowhammer State you never knew existed. Uncover the roots of the civil rights movement at the Rosa Parks Museum in Montgomery Tour the state's network of limestone caves , like Cathedral Caverns in Woodville Soak up the sun on the sugar-white sands of Alabama's Gulf Shores So if you've "been there, done that" one too many times, get off the main road and venture *Off the Beaten Path*.

Access to over-the-road buses for persons with disabilities.

Nebraska Off the Beaten Path features the things travelers and locals want to see and experience—if only they knew about them. From the best in local dining to quirky cultural tidbits to hidden attractions, unique finds, and unusual locales, *Nebraska Off the Beaten Path* takes the reader down the road less traveled and reveals a side of Nebraska that other guidebooks just don't offer.

Monthly Weather Review

"Shortly after Hitler's armies invaded Western Europe in May 1940, President Franklin Roosevelt activated a new agency within the Executive Office of the President called the Office for Emergency Management (OEM). The OEM went on to house many prewar and wartime agencies created to manage the country's arms production build-up and economic mobilization. After WWII a consensus by historians quickly gelled that OEM was unimportant, viewing it as a mere administrative holding company and legalistic convenience for the emergency agencies. Similarly they have dismissed the importance of the Liaison Officer for Emergency Management (LOEM), viewing the position as merely a liaison channel between OEM agencies and the White House. In *FDR, Wayne Coy, and the Office for Emergency Management, 1941-1943* author Mordecai Lee presents a revisionist history of OEM, focusing mostly on the record of the longest serving LOEM, Wayne Coy. Drawing upon largely unexamined archival sources, including the Roosevelt and Truman Presidential Libraries and the National Archives, Lee gives a precise account of what Coy actually did and, contrary to the conventional wisdom, concludes he was an important senior leader in the Roosevelt White House, engaging in management, policy, and politics."--Provided by publisher.

American Book Publishing Record

In this book, *Hawkeye Legends, Lists and Lore*, Iowa's grand athletic history is chronicled in its most complete form ever and its athletes and teams of yesteryear are brought back to life. This book also lists the great and not-so-great moments in Iowa athletic history in the 'Charts' features. These sections provide a handy factual resource to demonstrate Hawkeye individuals and teams that rank in the school's history. *Hawkeye Legends, Lists and Lore* is a must for anyone who is loyal to the Black and Gold and is the perfect gift for your favourite Hawkeye fan.

Wisconsin, Off the Beaten Path

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

See the house Pa built during the annual Laura Ingalls Wilder Pageant in De Smet, South Dakota. Excavate mammoth bones in the Black Hills or spelunk in some of the world's largest caves. Dance to Norwegian fiddles at North America's largest Scandinavian festival, or lose yourself in the brilliant splendor of a powwow. So if you've "been there, done that" one too many times, get off the main road and venture Off the Beaten Path.

Proceedings of the 1997 Northeastern Recreation Research Symposium

In the five state region of Illinois, Indiana, Iowa, Kentucky and Missouri, 1027 men and women are known to have been legally hanged, gassed or electrocuted for capital crimes during the century after the Civil War. Drawing on thousands of hours of research, this comprehensive record covers each execution in chronological order, filling numerous gaps in a largely forgotten story of the American experience. The author presents each case dispassionately with the main focus given to essential facts.

An Exploreres Guide Iowa

Dedicated to travelers with a taste for the unique, these easy-to-use, state-by-state guides will help readers discover the hidden places that most tourists miss -- shining the spotlight squarely on the offbeat. If it is funky, funny, little known, or out of the way, it will probably be found in Off the Beaten Path "RM." This series covers every state in the United States plus Washington, D.C., the Maritime Provinces, British Columbia, Quebec, Puerto Rico, and selected cities such as Boston and Chicago. Explore the Squirrel Cage Jail in Council Bluffs, a butterfly and insect collection at the Porter House Museum in Decorah, and thousands of statues -- from small turtles to 2,500-pound lions -- at Zimmerman Lawn Ornaments in Langworthy.

Subject Guide to Books in Print

Discover hidden places all over the U.S. and Canada with this signature Globe Pequot series that is devoted to travelers with a taste for the unique. Knowledgeably written and extensively researched, these state-by-state guides features the out-of-the-way finds that resonate with local color and touch the true heart of the region. Takes these "roads less traveled" to discover each state's unsung, unspoiled, and delightfully appealing spots.

Heidegger's Confessions

The 20th century was one of the most significant periods ever witnessed in philosophy, characterized by intellectual change and development on a massive scale. This title is an authoritative survey and assessment of the century as a whole.

Off the Beaten Path

The book offers a systematic reconstruction of the disagreement between Husserl and Heidegger from the former's point of view, but without falling into any form of Husserlian apologetics. The main thesis is that Husserl's critique of Heidegger's existential analytics as a form of philosophical anthropology entails a deeper fundamental thesis, namely, that Heidegger confuses the subject matter of first philosophy (the transcendental subject) with metaphysics (in the Husserlian sense of the expression). At stake in Husserl's critique of Heidegger's philosophy in *Being and Time* is the refusal to transcendentalize the irrational aspects of our human existence. This second volume focuses on the question of being, clarifying the distinction between ontology and metaphysics in Husserl's thought. In fact, contrary to a long-standing and established interpretive tradition, according to which Husserl's phenomenology is metaphysically neutral, the book shows to what extent Husserl always understood as the ultimate goal of his philosophizing the positive foundation of a metaphysics. This volume appeals to students and researchers.

Where was James Dean's hometown? What do A. J. Foyt, Mario Andretti, and Al Unser have in common besides winning the Indianapolis 500? Where was the world's first theme park? Find these answers and more in *Little Indiana: Small Town Destinations*. Featuring towns of 15,000 or fewer inhabitants, *Little Indiana* explores where to eat, stay, play, and shop in over 90 small towns. After six years of traveling the state in search of amazing local experiences, blogger and TV host Jessica Nunemaker shares a treasure trove of what to expect in Hoosier small towns. Perfect for any length of excursion—day or weekend—the book is organized by region and town and provides travelers easy access to information found nowhere else. From wineries to antique shops, alpaca farms to chocolate stores, unique attractions are awaiting discovery. Full-color images showcase specialty stores, mouth-watering meals, and exciting attractions tucked off the beaten path. Proof that there's always something to do in a small town, this book is the perfect way to kick-start your next Indiana adventure!

The Routledge Companion to Twentieth Century Philosophy

What does migration look like from the inside out? In *The Outside*, Alice Elliot decenters conventional approaches to migration by focusing on places of departure rather than arrival and rethinks migration from the perspective of those who have not (yet) left. Through an intimate ethnography of towns and villages notorious in Morocco for their striking emigration to "the outside," Elliot traces the powerful ways migration permeates life: as brutal bureaucratic machinery administering hope and despair, as intimate force crisscrossing kinship relations and bonds of love and care, as imaginative horizon of the self and of the future. Challenging dominant understandings of migration and their deadly consequences by centering non-migrants' sharp theorizations and intimate experiences of "the outside," Elliot recasts migration as a deeply relational entity, and attends to the ethnographic, conceptual, and political imagination required by the constitutive relationship between migration and life.

The Publishers Weekly

Originally published in Italian in 2010, this book is the first to address the theory of atmospheres in a thorough and systematic way. It examines the role of atmospheres in daily life, and defines their main characteristics. Outlining the typical phenomenological situations in which we experience atmospheres, it assesses their impact on contemporary aesthetics. It puts forward a philosophical approach which systematises a constellation of affects and climates, finds patterns in the emotional tones of different spaces (affordances) and assesses their impact on the felt body. It also critically discusses the spatial turn invoked by several of the social sciences, and argues that there is a need for a non-psychologistic rethinking of the philosophy of emotions. It provides a history of the term 'atmosphere' and of the concepts anticipating its meaning (genius loci, aura, Stimmung, numinous, emotional design and ambiance), and examines the main ontological characteristics of atmospheres and their principal phenomenological characteristics. It concludes by showing how atmospheres affect our emotions, our bodies' reactions, our state of mind and, as a result, our behaviour and judgments. Griffero assesses how atmospheres are more effective than we have been rationally willing to admit, and to what extent traditional aesthetics, unilaterally oriented towards art, has underestimated this truth.

Off the Beaten Path

This book is concerned with developing an in-depth understanding of contemporary political and spatial analyses of cities. In the three-part development of the book's overall argument or premise, the reader is taken in Part I through a range of contemporary critical and political understandings of urban securitizing. This is followed by an historical urban landscape of emerging liberalism and neo-liberalism, in nineteenth-century Britain and twentieth-century United States, respectively. These case-study historical chapters enable the introduction of key political issues that are more critically assayed in Parts II and III. With Part II, the reader is introduced in depth to a series of spatial analyses undertaken by Michel Foucault that have been crucial for especially late-twentieth and twenty-first century urban theory and political geography. With Part III the full ramifications of a paradigmatic shift are explored at the level of rethinking territory, population and design. This book is timely and useful for readers who want to develop a stronger understanding of what the book's researchers term a new political paradigm in urban planning, one ultimately governed by global economic forces that define the end of probability.

Transcendental Idealism and Metaphysics

In the eyes of many historians, Union general George B. McClellan single-handedly did more damage to the Union war effort than any other individual—including Confederate commander Robert E. Lee. Promoting his own ideas and career regardless of the consequences, McClellan eventually became a thorn in the side of President Lincoln. Removed from command on November 5, 1862, McClellan left a legacy of excessive caution that continued to affect the Army of the Potomac. From West Point to Antietam, this volume examines McClellan's army career and especially how his decisions affected the course of the Civil War. Union actions are examined in detail with special emphasis on the roles McClellan played—or did not play. Excerpts from McClellan's orders and correspondence provide a contemporary picture and motives for his actions. An appendix examines the treatment given McClellan by various historians.

Forthcoming Books

This book probes the relationship between Martin Heidegger and theology in light of the discovery of his Black Notebooks, which reveal that his privately held Antisemitism and anti-Christian sentiments were profoundly intertwined with his philosophical ideas. Heidegger himself was deeply influenced by both Catholic and Protestant theology. This prompts the question as to what extent Christian anti-Jewish motifs shaped Heidegger's own thinking in the first place. A second question concerns modern theology's intellectual indebtedness to Heidegger. In this volume, an array of renowned Heidegger scholars – both philosophers and theologians –investigate Heidegger's animosity toward the biblical legacy in both its Jewish and Christian interpretations, and what it means for the future task and identity of theology.

Utopia of Understanding

The state of emergency, according to thinkers such as Carl Schmidt, Walter Benjamin, and Giorgio Agamben, is at the heart of any theory of politics. But today the problem is not the crises that we do confront, which are often used by governments to legitimize themselves, but the ones that political realism stops us from recognizing as emergencies, from widespread surveillance to climate change to the systemic shocks of neoliberalism. We need a way of disrupting the existing order that can energize radical democratic action rather than reinforcing the status quo. In this provocative book, Santiago Zabala declares that in an age where the greatest emergency is the absence of emergency, only contemporary art's capacity to alter reality can save us. *Why Only Art Can Save Us* advances a new aesthetics centered on the nature of the emergency that characterizes the twenty-first century. Zabala draws on Martin Heidegger's distinction between works of art that rescue us from emergency and those that are rescuers into emergency. The former are a means of cultural politics, conservers of the status quo that conceal emergencies; the latter are disruptive events that thrust us into emergencies. Building on Arthur Danto, Jacques Rancière, and Gianni Vattimo, who made aesthetics more responsive to contemporary art, Zabala argues that works of art are not simply a means of elevating consumerism or contemplating beauty but are points of departure to change the world. Radical artists create works that disclose and demand active intervention in ongoing crises. Interpreting works of art that aim to propel us into absent emergencies, Zabala shows how art's ability to create new realities is fundamental to the politics of radical democracy in the state of emergency that is the present.

Ulrich's Periodicals Directory

We inhabit a time of crisis—totalitarianism, environmental collapse, and the unquestioned rule of neoliberal capitalism. Philosopher Jean Vioulac is invested in and worried by all of this, but his main concern lies with how these phenomena all represent a crisis within—and a threat to—thinking itself. In his first book to be translated into English, Vioulac radicalizes Heidegger's understanding of truth as disclosure through the notion of truth as apocalypse. This "apocalypse of truth" works as an unveiling that reveals both the finitude and mystery of truth, allowing a full confrontation with truth-as-absence. Engaging with Heidegger, Marx, and St. Paul, as well as contemporary figures including Giorgio Agamben, Alain Badiou, and Slavoj Žižek, Vioulac's book presents a subtle, masterful exposition of his analysis before culminating in a powerful vision of "the abyss of the deity." Here, Vioulac articulates a portrait of Christianity as a religion of mourning, waiting for a god who has already passed by, a form of ever-present eschatology whose end has always already taken place. With a preface by Jean-Luc Marion, *Apocalypse of Truth* presents a major contemporary French thinker to English-speaking audiences for the first time.

Access

While many scholars have noted Martin Heidegger's indebtedness to Christian mystical sources, as well as his affinity with Taoism and Buddhism, Elliot R. Wolfson expands connections between Heidegger's thought and kabbalistic material. By arguing that the Jewish esoteric tradition impacted Heidegger, Wolfson presents an alternative way of understanding the history of Western philosophy. Wolfson's comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics, temporality, language, and being and nothingness, while yielding surprising reflections on their common philosophical ground. Given Heidegger's involvement with National Socialism and his use of antisemitic language, these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of discourse. Wolfson's entanglement with Heidegger and kabbalah not only enhances understandings of both but, more profoundly, serves as an ethical corrective to their respective ethnocentrism and essentialism. Wolfson masterfully illustrates the redemptive capacity of thought to illuminate common ground in seemingly disparate philosophical traditions.

The Flutist Quarterly

The Routledge Handbook of Phenomenology of Mindfulness brings together two schools of thought and practice that – despite rarely being examined jointly – provide an incredibly fruitful way for exploring thinking, the mind, and the nature and practice of mindfulness. Applying the concepts and methods of phenomenology, an international team of contributors explore mindfulness from a variety of different viewpoints and traditions. The handbook's 35 chapters are divided into seven clear parts: Mindfulness in the Western Traditions Mindfulness in the Eastern Traditions Mindfulness, Ethics, and Well-Being Mindfulness, Time, and Attention Mindfulness and Embodiment Applications: Mindfulness in Life Conclusion: Mindfulness and Phenomenology? Within these sections, a rich array of topics and themes are explored, ranging from Stoicism and the origins of mindfulness in Buddhism and eastern thought to meditation, self-awareness, the body and embodiment, and critiques of mindfulness. Additionally, the book delves into the ways the ideas of leading phenomenological thinkers, including Heidegger, Merleau-Ponty, and Levinas, can contribute to understanding the relationship between phenomenology and mindfulness. A valuable resource for those researching phenomenology and applications of phenomenology, this handbook will also be of great interest to students and practitioners of mindfulness in areas such as counseling and psychotherapy.

Kansas - Off the Beaten Path

Heidegger's *Being and Time: Critical Essays* provides a variety of recent studies of Heidegger's most important work. Twelve prominent scholars, representing diverse nationalities, generations, and interpretive approaches deal with general methodological and ontological questions, particular issues in Heidegger's text, and the relation between *Being and Time* and Heidegger's later thought. All of the essays presented in this volume were never before available in an English-language anthology. Two of the essays have never before been published in any language (Dreyfus and Guignon); three of the essays have never been published in English before (Grondin, Kisiel, and Thomä), and two of the essays provide previews of works in progress by major scholars (Dreyfus and Kisiel).

The Idaho Librarian

Toward the beginning of 2013, I received reports of passages in the Black Notebooks that offered observations on Jewry, or as the case may be, world Jewry. It immediately became clear to me that the publication of the Black Notebooks would call forth a wide-spread international debate. Already in the Spring of 2013, I had asked Professor Friedrich-Wilhelm von Herrmann, last private assistant – and in the words of my grandfather, the “chief co-worker of the complete edition”, – if he might review the Notebooks as a whole, based on his profound insight into the thought of Martin Heidegger, and in particular, review those Jewish-related passages that were the focus of the public eye. Publications about the Black Notebooks quickly came to propagate catchy expressions such as “being-historical anti-Semitism” and “metaphysical anti-Semitism”. The first question that obviously arises is: Does the thought of Martin Heidegger exhibit any kind of anti-Semitism at all? In this book Professor von Herrmann now advances his hermeneutic explication. With Professor Francesco Alfieri of the Pontificia Università Lateranense he has found a colleague who has drawn up a comprehensive philological analysis of volumes GA 94 through GA 97 of the Complete Edition. The fact that Heidegger designated the hitherto published “black notebooks” as Ponderings (Überlegungen) and as Observations (Anmerkungen) has been given little consideration. He intentionally placed them at the conclusion of the Complete Edition because without acquaintance with the lectures, and above all, with the being-historical treatises that would come to be published in the framework of the Complete Edition, they would not be comprehensible. (Arnulf Heidegger)
