Teaching French Grammar in Context

"Something needs to be done about grammar." Katz and Blyth have written this book with the hope of changing the way French instructors teach and conceive of grammar. Intended to help teachers and teacher trainers develop an understanding of French discourse that is grounded in recent theoretical and sociolinguistic research, this book is devoted to informing teachers-in-training, as well as experienced teachers, about cutting-edge methods for teaching grammar. It also describes the grammatical features of the French language in its social context. At the same time, it provides suggestions for applying such abstract knowledge in practical pedagogical ways, for example, how to structure grammatical explanations, devise classroom activities, and take advantage of resources that give students greater exposure to French as it is truly used in various discourse environments.

Essential French Grammar

Essential French Grammar is an innovative reference grammar and workbook for intermediate and advanced undergraduate students of French (CEFR levels B2 to C1). Its clear explanations of grammar are supported by contemporary examples and lively cartoon drawings. Each chapter contains: * real-life language examples in French, with English translations * a 'key points' box and tables that summarise grammar concepts * a variety of exercises to reinforce learning * a contemporary primary source or literary extract to illustrate grammar in context. To aid your understanding, this book also contains a glossary of grammatical terms in French and English, useful verb tables and a key to the exercises. Together, these features all help you to grasp complex points of grammar and develop your French language skills.

Advanced French Grammar

This 1999 reference grammar, written for advanced students of French, their teachers, and others who want a better understanding of the French language, combines the best of modern and traditional approaches. Its objective is not only practical mastery of the language, but familiarity with its structure. Taking into account modern linguistic research, Advanced French Grammar approaches the French language primarily through the study of syntactic structures, but without excessive emphasis on

formalism. It provides a generous number of examples, based on the author's own experience of teaching French to English-speakers, to help the student to understand the different meanings of apparently similar syntactic alternatives. The norms of 'correct expression' are given together with current usage and deviations, and appendixes provide information on the 1990 spelling reforms and on numbers. A substantial index of French and English words and of topics provides easy access to the text itself.

Practice in French Grammar

French Grammar: A Complete Reference Guide

French Grammar helps language learners at every level navigate the intricacies of the French language. Designed to help you speak and write in French with greater confidence and precision, it avoids tedious memorization drills, focusing, instead, on patterns commonly found in contemporary French speech and writing. Chapters feature detailed presentations of forms and usages, clearly explained, along with lists, tables, and charts that offer at-a-glance summaries of the elements covered. This new edition includes 64 pages of exercises.

French Grammar in Context (Us Edition)

Talk French Grammar is the ideal resource for anyone setting out to learn French, at home or in a class. Using the tried-and-tested principles of the bestselling Talk series, it demystifies grammar and guides you through the key structures of French in a way that's really easy to follow even if you have no experience at all of grammar and grammatical terminology. With its straightforward approach and attractive layout, Talk French Grammar promotes a real understanding of how French works and how it relates to English. It contains clear explanations and hundreds of useful examples, learning tips and strategies. Interesting practice activities reinforce the language patterns and help you remember what you've learned. Talk French Grammar can be used successfully alongside any learning materials, and is also the perfect companion for the bestselling Talk French and Talk French 2. 272-page book.

Talk French Grammar

Spanish Grammar in Context uses authentic text to illustrate and explain the key areas of Spanish grammar, and then offers a range of exercises for students to test their understanding and to produce effective language of their own. Aimed at intermediate and advanced learners, and with a key to the exercises provided, the book is suitable for independent and tutor-led study. Sourced from contemporary literature, newspaper and magazine articles from both Spain and Latin America, the texts are up-to-date and topical, and together with the exercises which have been expanded for the second edition, give students a comprehensive coverage of Spanish grammar.

Spanish Grammar In Context

Have you been trying to learn French and simply can't find the way to expand your vocabulary? Do your teachers recommend you boring textbooks and complicated stories that you don't really understand? Are you looking for a way to learn the language quicker without taking shortcuts? If you answered "Yes!" to at least one of those previous questions, then this book is for you! We've compiled the 2000 Most Common Words in French, a list of terms that will expand your vocabulary to levels previously unseen. Did you know that — according to an important study — learning the top two thousand (2000) most frequently used words will enable you to understand up to 84% of all non-fiction and 86.1% of fiction literature and 92.7% of oral speech? Those are amazing stats, and this book will take you even further than those numbers! In this book: - A detailed introduction with tips and tricks on how to improve your learning - A list of 2000 of the most common words in French and their translations - An example sentence for each word – in both French and English - Finally, a conclusion to make sure you've learned and supply you with a final list of tips Don't look any further, we've got what you need right here! In fact, we're ready to turn you into a French speaker... are you ready to get involved in becoming one?

2000 Most Common French Words in Context

This new edition of the Modern French Grammar is an innovative reference guide to French, combining traditional and function-based grammar in a single volume. Divided into two parts, Part A covers traditional grammatical categories such as word order, nouns, verbs and adjectives and Part B is organized around language functions and notions such as: giving and seeking information describing processes and results expressing likes, dislikes and preferences. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition of the Grammar, this second edition includes clearer explanations and greater emphasis on areas of particular difficulty for learners of French. This is the ideal reference grammar for learners of French at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is assumed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern French Grammar Workbook Second Edition which features related exercises and activities.

Modern French Grammar

This practical grammar book is the result of 16 years of teaching online to adults and young students located all over the world. I believe that French grammar should not been a stumbling block to learning the language and should not discourage learners of French to embrace the beautiful journey of becoming fluent. Hence, I felt that it was important to explain the grammar rules in English and in the simplest way possible without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences. Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level). Perfect for self-study, but also ideal for supplementary grammar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice.

French Grammar Basics and Beyond

French Today is a profile of the French language in its social context. British and French linguists examine trends in French throughout the French-speaking world, and address issues around prescriptivism, gender and language, and regional languages and dialects. The collection includes overviews of work done in particular areas and deeper analyses of sociolinguistic questions. One theme is how to represent and interpret data relating to language varieties that have been marginalised. Another concerns the ways in which French is adapting to the future, whether as a language of new technology, or as a vehicular language on the continent. All chapters of this book are in English, with examples and quotations in French, and a mixture of references given in both languages. At the end of each chapter, there are also texts in French, serving as illustration and as pointers to further reading.

French Today

This book provides a jargon-free guide to the forms and structures of French as it is spoken and written in France. It represents a combination of reference grammar and a manual of current usage.

French Grammar and Usage

This book contains an explanatory treatment of the core areas of difficulty for the English speaking learner of French. It deals with the key issues in tense formation and use and verbal structures and processes such as negation, passives and subjunctives along with a highly exemplified treatment of pronouns and a section dealing with adjectives and other elements of the grammar. It fills a gap between general text books of French in which grammatical issues are frequently treated piecemeal and scattered throughout the book in between more communicative information on one hand and exhaustive reference grammars aimed at graduate and research students on the other which would be beyond the level of intellectual maturity of most school children and some non-specialist undergraduates. It has the advantage of treating each grammatical issue in detail but without being too long-winded, explaining the systems and processes which underlie the facts of the language. The emphasis is on explanation and not merely the listing of facts, enabling the learner to master the system and become an independent user of the language. It could be used highly successfully either as a classroom aid alongside the more usual textbooks which are organized typically around topics and themes in society or for self-study for the committed individual learner of any age. There are extensive exercises and answers for all topics covered.

Understanding Core French Grammar

BUY THE PAPERBACK VERSION OF THIS BOOK AND GET THE KINDLE BOOK VERSION FOR FREE !!! If you have ever wanted to improve your French grammar and vocabulary, this book is for you. By reading 6 French stories that revolve around common and daily activities, you will expand your vocabulary with words you will use frequently, while learning a more in-depth grammar by becoming familiar with these stories. Each story tackles a relatively common task - such as shopping for groceries or visiting a dog park - and by using these scenery, this book will give you the opportunity to see these words in action, making it easier for you to integrate the new words not only into your vocabulary but also into the conversation in a more transparent manner. If you have ever wanted a simple way to broaden your knowledge of French, those stories will allow you to do it at your own pace. Each story has about 2,500 words, short enough to be read several times before you compare your work with the English translations at the end of each chapter. The way you work on this book, the time you spend on each chapter and the moment you choose to look at the English translations, ultimately, is entirely at your convenience. Everyone learns differently, and regardless of the best way to do it, you should always choose your own way, although this book offers some useful tips about where to start. Things you will learn in this book: How to decrypt unknown words in a sentence using contextual clues (words that you know). How to use English translations as a useful tool and not as a crutch that you can explicitly rely on to help you translating French stories. Vocabulary related to current events such as: Trips to the shopping centre Visit to the grocery store Getting your hair done Getting ready for and going to work Going to a dog park Attending a dinner party How to use this book to help you to acquire your vocabulary and grammatical knowledge effectively. Even if you are a beginner in the French language, these simple stories can work for you. There are not many difficult words that cannot be figured out with context clues, and if you find yourself struggling, you can always flip to the end of the chapter for the English translation to assist you. As with everything we start to learn, practice makes it perfect. You must be willing to do the work that is required to make the most of this book and the time you spend studying it. If the things mentioned here interest you or you feel that it could be beneficial for you, then do not keep waiting. The sooner you jump in, the sooner you will see results. French Short Stories for Beginners

Characterized by clear and accessible explanations, numerous examples and sample sentences, a new section on register and tone, and useful appendices covering topics including age and time, *A Comprehensive French Grammar, Sixth Edition* is an indispensable tool for advanced students of French language and literature. A revised edition of this established, bestselling French grammar

Includes a new section on register and medium and offers expanded treatment of French punctuation. Features numerous examples and sample sentences, and useful appendices covering topics including age, time, and dimension, all available in an easily-navigable format. Written by renowned French scholar, Glanville Price.

A Comprehensive French Grammar

You're about to discover over one thousand French verbs exemplified in French & English sentences. Learning a new language is never an easy task but it doesn't have to be hard. By learning the one thousand most used verbs in a language you give yourself a fantastic foundation to start building upon to your road to fluency. In my book, *One thousand French Verbs in context*, I give you over one thousand of the most common French verbs used today. You are given the verb in French and English with examples of the verb in a sentence, also in French and English. No more confusion about how to use the verb. One thousand words are a perfect number to aim for. It is important to give yourself goals to stay motivated and to keep yourself learning. Imagine if you learnt ten words a day. Five in the morning and five at night. After only a hundred days (that's just over three months) you would have access to one thousand verbs in your vocabulary. That really is quite a lot and would give you an excellent grasp of the language. Far too many people expect to be speaking a new language far too quickly without putting in the time or effort. As a language teacher I can testify to seeing this too many times. I can also say that by exposing yourself to a new language daily you will surely learn it. It does take time and effort but ten words a day will give you a massive boost. If you prefer a slower pace then you could set yourself different goals. The key to learning new vocabulary is to see it in context, that means in use. Seeing how it's used will help you remember the word a lot better. It is also important to understand how that word should be used in a sentence. As a FREE bonus I have included the top one hundred most used words in French. Yes, I really want you to learn this beautiful language.

1000 French Verbs in Context

A Reference Grammar of French is a lively, wide-ranging and original handbook on the structure of the French language. It includes new information on register, pronunciation, gender, number, foreign words (Latin, Arabic, English, Spanish, Italian), adjectives and past participles used as nouns, texting, word order, frequency of occurrence of words, and usage with all geographical names. Examples come not only from France, but also from Quebec, Belgium and Switzerland. Readers will appreciate the initial passages illustrating the grammatical features of a given chapter. Also included is a user-friendly introduction to the French language, from its Latin origins to modern times. A full glossary explains any terms that might confuse the less experienced reader, and the index leads the student through the detailed labyrinth of grammatical features. This handbook will be an invaluable resource for students and teachers who want to perfect their knowledge of all aspects of French grammar.

A Reference Grammar of French

Did you know that over 275 million people around the world speak a form of the French language? If you are someone who has always wanted to learn the basics to French in as short as one sitting, then keep reading... Martin really wanted to learn French, but he discovered that it was almost impossible for him to find the time to do so. He tried everything from one-on-one lessons to attending local French themed parties in hopes of finding French speaking friends. Nothing seemed like it was going to work and if it did, it was going to take too much time for Martin to commit to with his busy schedule. With no positive results coming from any of these language learning attempts, Martin began to believe that learning a new language was going to be an impossible task. Luckily for people like Martin with busy and frantic lives, learning the basics to the French language has never been easier... Thanks to the language lessons contained within this book, people like Martin now have the ability to learn the basics to French with ease. In *French Language Learning for Beginners*, you'll get: 5+ hours of authentic French language learning. The powerful knowledge of how to say and pronounce 1000+ French words like a pro. Sentences putting each and every French word into context to better your understanding. Professionally organized page layouts designed to reduce confusion while increasing learning clarity and productivity. 23 different categories ranging from basic words to household items for you to learn from. And so much more... Fortunately, you no longer need a huge amount of money or months of time to learn a new language. Everything you need to get to know about the basics to French can be found right here. So if you want to save time and learn the French language in the most beginner friendly way, then click the "Add to Cart" button now!

French Language Learning for Beginner's - Vocabulary Book

Do you have a new client who speaks French, and you are not able to communicate properly? There are 20 engaging, funny, and surprising stories inside, which will allow you to learn how to have conversations in French quickly after listening to the book. When you hear the French language within context, you are able to apply what you learn much more easily than if you learned basic words and definitions. You will be able to converse with people as you learn how to form sentences and phrases, which you will find inside. Each sentence you will learn may be informative, or even silly, and contain other words, as well, which will continue to build your vocabulary. There really is no other way to learn a language quickly and for such a low cost. The best way to learn a language is through practice, and this book helps you do just that.

French Grammar for Beginners Vol.2

Whether you are: - a complete beginner - an intermediate-level student facing difficulties in your studies, - an advanced learner beginning to notice the signs of a plateau in your motivation This study guide has original, helpful techniques, hacks, and tips you can use to enrich your vocabulary and get you on track.

Essential French Grammar

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

The Way of the Linguist

This book contains an explanatory treatment of the core areas of difficulty for the English speaking learner of French. It deals with the key issues in tense formation and use and verbal structures and processes such as negation, passives and subjunctives along with a highly exemplified treatment of pronouns and a section dealing with adjectives and other elements of the grammar. It fills a gap between general text books of French in which grammatical issues are frequently treated piecemeal and scat-

tered throughout the book in between more communicative information on one hand and exhaustive reference grammars aimed at graduate and research students on the other which would be beyond the level of intellectual maturity of most school children and some non-specialist undergraduates. It has the advantage of treating each grammatical issue in detail but without being too long-winded, explaining the systems and processes which underlie the facts of the language.
