Ilmu pengetahuan laksana seekor burung, agar tidak terbang jauh maka ilmu harus diikat dalam sebuah tulisan atau menjadi buku. Filosofi inilah yang menginspirasi penulis untuk menulis buku ini. Menulis sesungguhnya pekerjaan mudah, akan tetapi memulainya tidak gampang. Kendala umum dihadapi mahasiswa ketika membuat tugas akhir seperti Tesis dihadapkan kepada “bagaimana untuk memulai menulis tesis?”. Beranjak dari persoalan tersebut, penulis tertarik menyusun buku sederhana ini, untuk dapat memberi guidance serta mensitumuli mahasiswa menerobos kendala dalam memulai menulis. Kekeliruan dasar yang banyak terjadi memulai penulisan adalah, selalu didahului dengan menentukan judul. Sejatinya mengidentifikasi masalah terlebih dahulu, dan merumuskan masalah dengan baik, baru kemudian mendapatkan topik penelitian yang dirumuskan sebagai judul. Kemampuan mengidentifikasi masalah penelitian menjadi modal dasar untuk memudahkan penulisan selanjutnya.

METODOLOGI PENELITIAN

Buku Metodologi Penelitian ini penulis sajikan dalam bentuk yang sederhana, yaitu membahas tentang komponen-komponen penelitian yang sangat diperlukan dalam melakukan penelitian mulai dari penentuan masalah, perumusan masalah, desain penelitian, kajian pustaka dan kerangka konseptual, hipotesis reliabilitas dan validitas, pengumpulan data, teknik sampling sampai dengan analisis data baik kualitatif maupun kuantitatif. Kelebihan buku ini dilengkapi dengan contoh pengolahan data menggunakan Excel, SPSS dan E-views

Metodologi penelitian peternakan

Buku Ajar Metodologi Penelitian Peternakan ini terdiri dari 14 (empat belas) kegiatan belajar, sesuai dengan jumlah perkuliahan satu semester. Kegiatan belajar pertama akan menguraikan tentang filosofi, logika dan proses penelitian (metode ilmiah), selanjutnya bagian kedua membahas tentang Anatomi Proposal dan Skripsi, selanjutnya membahas tentang Masalah dan Permasalahan yang merupakan roh dari penelitian, Paradigma Penelitian, Struktur Teori, Konsep, Variabel, Instrumen Penelitian Kuantitatif, Instrumen Penelitian Kualitatif, Validitas Dan Reliabilitas Data Kuantitatif, Validitas dan Reliabilitas Data Kualitatif, Analisis Data Kuantitatif, Analisis Data Kualitatif, dan Penulisan Laporan Hasil Penelitian.

Metodologi Penelitian untuk Studi Islam Panduan Praktis dan Diskusi Isu

Buku ini disusun untuk memenuhi keinginan mahasiswa akan adanya tuntunan praktis, khususnya dalam penyusunan proposal penelitian. Penulis merasa banyak menimba pengetahuan dari mahasiswa, terutama kesulitan-kesulitan yang dihadapi mereka ketika akan menyusun proposal untuk skripsi dalam mata kuliah Metodologi Penelitian dan ketika akan menyusun proposal penelitian untuk memperoleh hibah. Berdasarkan kesulitan-kesulitan tersebut, kemudian secara bertahap penulis dapat menemukan cara termudah dan praktis. Untuk lebih memudahkan pemahaman, maka dalam setiap unsur proposal disertai dengan contoh-contoh dan tips. Tentu, sepraktis apapun sebuah buku, pada akhirnya kembali kepada para calon peneliti. Peneliti tetap dituntut untuk memiliki ide dan kreasi, motivasi, dan kepekaan dalam proses penyusunan proposal. Peneliti dituntut juga untuk selalu berpikir sistemik dalam menyusun proposal. Artinya, ketika sudah punya ide tentang tema tertentu, maka peneliti harus memikirkan semua unsur dalam proposal, mulai masalah penelitian latar belakang masalah, rumusan masalahnya, tujuan dan manfaat penelitian, landasan teori dan tinjauan pustaka serta metode penelitiannya.

PENGANTAR METODOLOGI PENELITIAN

Berdasarkan pengalaman penulis yang cukup lama mengajarkan mata kuliah metodologi penelitian, penulis memahami bahwa yang dibutuhkan oleh mahasiswa adalah tuntunan dalam bentuk praktis, tidak terlalu teoretis. Para mahasiswa sebaiknya dituntun agar mereka seakan-akan telah berada dalam kegiatan penelitian pada setiap tahap penelitian yang dijelaskan. Dengan menciptakan kondisi pembelajaran seperti ini, para mahasiswa diharapkan tidak merasakan penelitian sebagai beban yang sulit dilaksanakan, termasuk mempelajari mata kuliah Metodologi Penelitian. Pertimbangan tersebut, menyebabkan penulis mencoba untuk menyusun buku kecil ini yang hanya pada awalnya untuk kebutuhan sendiri. Adanya respon dari para mahasiswa, sehingga buku ini dicetak dan digandakan dalam jumlah yang agak besar. Buku ini sengaja diberi judul, “PENGANTAR METODOLOGI PENELITIAN: Panduan bagi Peneliti Pemula”, karena isi buku ini diupayakan sedemikian rupa dan sesederhana mungkin, agar menjadi pengetahuan dan pengenalan awal, atau pengantar bagi para mahasiswa dan para peneliti pemula dalam memahami proses pelaksanaan penelitian. Jika pengetahuan awal sudah

dipahami, maka penelitian bukan lagi masalah yang sulit dan menghantui, bahkan menjadi suatu aktivitas yang menyenangkan.

Pengantar Metode Penelitian

Perkembangan remaja merupakan usia di mana remaja mengalami perubahan fisik dan psikisnya. Dalam usia perkembangan, remaja mengalami masalah yang diakibatkan oleh faktor lingkungan keluarga, sekolah, dan masyarakat. Masalah yang sering dihadapi remaja, antara lain: kenakalan remaja, masalah komunikasi, masalah pengembangan diri, dan masalah pendidikan. Untuk menyelesaikan problematika remaja, peran guru dan orang tua sangat penting dalam membentuk kepribadian remaja yang lebih baik. Berkaitan dengan masalah remaja, penulis telah menjabarkannya dalam buku Perkembangan Remaja dan Problematikanya. Akan diuraikan dalam buku ini tentang (a) usia perkembangan remaja, (b) komunikasi, (c) kenakalan remaja, (d) pengembangan diri, dan (e) masalah pendidikan.

Metode Penelitian Sistem 3x Baca

Pembahasan materi dalam buku ini diawali dengan masalah penelitian, sumber masalah, kajian teori, variabel, jenis variabel, teknik pengumpulan data, populasi, sampel, dan analisis data. Materi yang di bahas dalam buku ini merupakan ringkasan dari pengetahuan secara teori, pendapat para pakar serta pengalaman para pakar di bidang metodologi. Pembahasan buku ini juga di dasarkan pengalaman penulis mengampu mata kuliah berkaitan dengan metode penelitian yang semuanya disajikan dalam bentuk bahasa yang sederhana agar mudah dipahami.

METODOLOGI PENELITIAN KUANTITATIF, KUALITATIF DAN KOMBINASI

Sistematika buku Metodologi Penelitian Kuantitatif, Kualitatif dan Kombinasi ini mengacu pada pendekatan konsep teoritis dan contoh penerapan. Oleh karena itu diharapkan book chapter ini dapat menjawab tantangan dan persoalan dalam sistem pengajaran baik di perguruan tinggi dan sejenis lainnya. Kami menyadari bahwa tulisan ini jauh dari kesempurnaan dan masih terdapat banyak kekurangan, sejatinya kesempurnaan itu hanya milik Yang Kuasa. Oleh sebab itu, kami tentu menerima masukan dan saran dari pembaca demi penyempurnaan lebih lanjut. Akhirnya kami mengucapkan terima kasih yang tak terhingga kepada semua pihak yang telah mendukung dalam proses penyusunan dan penerbitan buku ini, secara khusus kepada Penerbit Media Sains Indonesia sebagai insiator book chapter ini. Semoga buku ini dapat bermanfaat bagi pembaca sekalian.

Metodologi Penelitian Kebidanan

Buku Metodologi Penelitian Kebidanan terdiri atas 2 bagian yaitu Bagian I tentang Topik-topik yang Mendasari Penelitian dan Bagian II tentang Panduan Penulisan Protokol dan Laporan Hasil Penelitian. Bagian I berisi 10 bab yaitu Ilmu Pengetahuan dan Metodologi Penelitian, Perkembangan Kebidanan dan Kebutuhan Penelitian, Metode Penelitian Kualitatif dan Kuantitatif Kebidanan, Benang Merah dalam Protokol dan Laporan Hasil Penelitian, Jenis-jenis Desain Penelitian, Populasi dan Sampel, Pengumpulan Data, Pengolahan dan Analisa Data, Penilaian Hasil Penelitian, dan Inferensi Penyebab Masalah. Bagian II berisi panduan penulisan protocol dan laporan hasil penelitian untuk D-3 Kebidanan, Skripsi untuk D-4 Kebidanan atau S-1 Kesmas dengan Peminatan Kebidanan dan Karya Ilmiah Magister untuk S-2 Kesmas Peminatan Kespro atau S-2 Kebidanan.

3 in 1 Solusi Cerdas BBM SMA/MA Kelas 1, 2, & 3

Buku ini merupakan solusi cerdas agar siswa mudah memahami materi dan cepat dalam penyelesaian soal untuk mata pelajaran Matematika, Bahasa Indonesia, & Bahasa Inggris. Why.....?? Kok bisa, berikut alasan kenapa buku ini berbeda dengan yang lain: - Disusun secara rinci & sistematis yang membuat materi menjadi lebih gampang, asyik, & menyenangkan untuk dibaca & dipelajari. - Disertai dengan cara cepat penyelesaian soal, jadi siswa lebih tertantang untuk menyelesaikan soal sesulit apa pun. - Bank soal yang sangat beragam, dari soal Ulangan Harian, Ujian Semester, Ujian Nasional (UN), SBMPTN, SIMAK-UI, UM-UGM, dan lain-lain. - Disertai kisi-kisi Ujian Nasional (UN) Terbaru serta data statistik Tipe Soal UN & SBMPTN sehingga siswa dapat memahami jenis soal yang akan keluar di tahun-tahun berikutnya. - Plus paket asli Ujian Nasional (UN) & SBMPTN terbaru. - Disertai dengan komik strip yang super lucu.. -Bintang Wahyu-

Metode Penelitian Administrasi

Buku ini terdiri dari 15 Bab yaitu Bab kesatu definisi penelitian administrasi; Bab kedua ilmu penelitian dan kebenaran; Bab ketiga masalah dalam penelitian; Bab keempat teori dan kerangka berfikir; Bab kelima metode ilmiah dan metode penelitian; Bab keenam variabel dalam penelitian; Bab ketujuh populasi dan sampel; Bab kedelapan validitas dan reliabilitas; Bab kesembilan instrumen penelitian; Bab kesepuluh definisi operasional; Bab kesebelas hipotesis penelitian; Bab kedua belas mapping jurnal; Bab ketiga belas sitasi dalam karya ilmiah; Bab keempat belas analisis data penelitian; dan Bab kelima belas sistematika laporan penelitian. Kelebihan membaca buku Metode Penelitian Administrasi ini karena dilengkapi dengan soal latihan sebagai bahan evaluasi dan memberikan pengetahuan baru untuk memperdalam bidang metodologi penelitian.

Metodologi Penelitian dan Karya Ilmiah Ilmu Peternakan

Buku ini disusun oleh pengasuh mata kuliah Metodologi Penelitian dan Karya Ilmiah yang berasal dari bidang eksakta dan bidang sosial ekonomi peternakan berdasar kurikulum Outcome Base Learning. Buku Metodologi Penelitian dan Karya Ilmiah ini berisikan contoh-contoh di bidang peternakan dan soal-soal untuk melatih mahasiswa menulis sesuai pedoman agar mahasiswa mampu menyelesaikan tugas akhir dan menulis karya ilmiah sesuai kaidah-kaidah penelitian. Selain menjadi pegangan dalam mengikuti mata kuliah Metodologi dan Karya Ilmiah Fakultas Peternakan, mahasiswa diharapkan dapat memiliki integritas dalam mempersiapkan penelitian, melaporkan hasil penelitian, dan mempersiapkan karya ilmiah. Hal-hal yang terangkum dari buku ini antara lain adalah konsep latar belakang, kerangka teoretis/konsep, tinjauan pustaka, metodologi penelitian eksperimental, survei, dan kualitatif. Dengan demikian buku ini bisa dimanfaatkan oleh mahasiswa strata 1, 2 dan 3 di Fakultas Peternakan atau Kedokteran Hewan di seluruh Indonesia.

Metodologi Penelitian Pendidikan Teologi

Metodologi Penelitian Pendidikan Teologi adalah buku ajar yang sederhana yang disusun oleh Tim Dosen STT Jaffray untuk melengkapi buku-buku metode penelitian yang sudah ada sebelumnya. Buku ajar ini memiliki kelebihan yang lain karena buku ini disesuaikan dengan kebutuhan mahasiswa dalam penelitian teologi khususnya pendidikan teologi yang meliputi teologi, pendidikan Kristen serta secara holistik dalam gereja dan interaksi sosial. Pemahaman teknik pengumpulan data dan statistika penelitian yang benar dapat membantu mahasiswa untuk menghasilkan metodologi penelitian yang benar pula sehingga hasil penelitiannya dapat dipertanggungjawabkan. Buku ajar ini adalah buku dasar dalam metodologi penelitian yang sangat membantu mahasiswa untuk memahami definisi dan penerapan metodologi penelitian dalam penulisan karya ilmiah, skripsi, tesis dan disertasi. Secara khusus buku ini memberikan contoh struktur penyusunan kajian biblikal, struktur skripsi, tesis, disertasi dan struktur penulisan jurnal serta penulisan catatan kaki dan kepastakaan.

Metode Pemilihan Kuantitatif

Metode penelitian merupakan dasar ilmiah untuk memperoleh data dan jawaban terhadap berbagai pertanyaan penting sebagai subjek riset. Pada sisi lain, metode penelitian kuantitatif dalam riset ilmiah terus berkembang serta mendapat posisi penting dalam dunai riset ilmiah di Indonesia baik riset sosial/sosiologi, ekonomi, dan politik. Fokus penulisan buku ini dimaksudkan untuk membantu para mahasiswa, lembaga riset, dan pusat studi, serta khalayak umum manakala akan melakukan penelitian kuantitatif dengan menggunakan uji statistik yang sesuai dengan permasalahan serta dalam menerjemahkan output dan SPSS. Buku teks utama ini menyajikan secara terstruktur, mulai dari membuat judul penelitian hingga uji statistik yang cocok atau sesuai dengan permasalahan utama, serta dilengkapi pula dengan perbandingan perhitungan manual dan SPSS. Buku persembahan penerbit PrenadaMediaGroup

Metode Penelitian Dan Pengolahan Data Untuk Pengambilan Keputusan Pada Perusahaan

Metodologi penelitian adalah cara untuk secara sistematis menyelesaikan masalah penelitian. Dengan kata lain adalah ilmu yang mempelajari bagaimana penelitian dilakukan secara ilmiah. Di dalamnya kita mempelajari berbagai langkah-langkah yang umumnya diadopsi oleh seorang peneliti dalam mempelajari masalah penelitiannya bersama dengan logika yang mendasari penelitian tersebut. Penting bagi peneliti untuk mengetahui tidak hanya teknik penelitian, tetapi juga metodologi. Untuk memenuhi kebutuhan tersebut, dengan niat yang baik, kami menerbitkan sebuah buku yang berjudul

“Metode Penelitian dan Pengolahan Data untuk Pengambilan Keputusan pada Perusahaan”, yang kiranya dapat memenuhi minat masyarakat, mahasiswa, dan pakar-pakar ilmu pengetahuan, dan untuk menambah pengetahuan mereka dalam berbagai perkembangan yang menyangkut metode penelitian. Karena buku ini sifatnya umum, maka cara penyajian kami usahakan sedemikian rupa, praktis, didaktis, sehingga mudah dikaji dan dipahami.

Metode Penelitian Kuantitatif

Penelitian menjadi bagian yang tidak terpisahkan dari Tri Dharma Perguruan Tinggi. Sebelum melakukan hal ini seseorang membutuhkan pengetahuan yang memadai dan metode yang benar agar bisa melaksanakan penelitian dan mendapatkan hasil yang bisa dipertanggungjawabkan secara objektif. Dalam kaitan dengan itu seorang peneliti perlu melengkapi diri dengan kedua hal tersebut. Buku ini sesungguhnya dirancang untuk itu. Penulisan buku ini dilatarbelakangi oleh kepedulian penulis terhadap mahasiswa yang sering mengalami kesulitan dalam melakukan penelitian saat menyusun skripsi atau tesis di akhir masa studinya. Kesulitan itu justru muncul karena kurangnya pengetahuan tentang metode penelitian itu sendiri. Buku ini berisikan pengetahuan tentang bagaimana serta langkah langkah apa yang diperlukan dalam melakukan penelitian kuantitatif sekaligus mendasarkan diri dari pengalaman sang penulis yang bertahun-tahun mengampu Matakuliah Metodologi Penelitian di Program Strata Dua (S2) Magister Ilmu Administrasi Universitas Krisnadwipayana, Jatiwaringin, Jakarta serta pengalaman mengajar di Fakultas Ilmu Administrasi Bisnis dan Komunikasi (FIABIKOM) di Unika Atma Jaya Jakarta. Bahasa yang disajikan penulis dalam mengurai topik-topik di setiap bab sangat sederhana sehingga pembaca dengan mudah menangkap isinya. Sesuai dengan tujuan penyusunannya, kehadiran buku ini sangat membantu bagi mahasiswa dalam menyelesaikan studinya. Tentu tidak hanya bagi mahasiswa, tetapi bagi siapa saja yang terjun dan berminat dalam penelitian, termasuk dosen yang mengajar metode penelitian, kehadiran buku ini bisa menambah wawasan.

Artificial intelligence penerapan algoritma backpropagation untuk tiga studi kasus

Buku ini adalah monograf tentang bidang penelitian sistem cerdas, dibidang komputer

Buku Siswa Sosiologi SMA/MA Kelas 10

Buku ini merupakan buku siswa yang dipersiapkan dalam rangka Implementasi Kurikulum 2013. Buku siswa ini disusun dan ditelaah oleh berbagai pihak di bawah koordinasi Penerbit Grasindo. Buku ini merupakan Dokumen hidup yang senantiasa diperbaiki, diperbaharui, dan dimutakhirkan sesuai dengan dinamika kebutuhan dan perubahan zaman.

Statistik Parametrik untuk Penelitian Kuantitatif

Buku Statistik Parametrik untuk Penelitian Kuantitatif ini menjelaskan masalah penelitian kuantitatif dengan memanfaatkan uji statistik, seperti uji asumsi dasar (normalitas, homogenitas, dan linteritas) i dan z. korelasi, regresi dan komparatif dua sampel, serta menggunakan uji annova. Selain itu, buku ini juga menerapkan bagaimana kita akan melakukan penelitian, seperti mengenal jenis dan metode penelitian, jenis data yang akan digunakan, skala pengukuran dan uji instrumen penelitian, serta menentukan jumlah sampel dan teknik sampling yang akan digunakan dalam penelitian. Analisis data menggunakan teknik uji statistik yang diinformasikan langkah-langkah perhitungan yang dilakukan secara terinci. Perhitungan manual tersebut, dibandingkan dengan perhitungan yang dilakukan menggunakan program SPSS. Di akhir pembahasan, diinformasikan pula bagaimana cara membuat laporan penelitian, seperti format laporan penelitian, skripsi, tesis, disertasi, outline, tahapan penyusunan, dan pokok pikiran teknik penulisan skripsi ataupun tesis.

Super Lengkap Pelajaran 6 In 1 SMA IPA Kelas 10, 11, & 12

7 Alasan Kamu Harus Membeli Buku persembahkan dari Penerbit Bintang Wahyu ini: 1. Materi dijabarkan secara sistematis sehingga sangat mudah dipahami siswa 2. Dilengkapi kumpulan rumus praktis yang dapat memudahkan kamu menghafal dengan cepat 3. Adanya tips dan trik menyelesaikan soal secara tepat dan benar 4. Tips cara mudah menghafal materi-materi hafalan seperti biologi dan kimia. 5. Dilengkapi dengan soal dan pembahasan ulangan harian, ujian semester 1 dan 2, ujian nasional, SBMPTN, SIMAK UI, & UM UGM 6. Plus paket prediksi ujian nasional (UN) dan SBMPTN sehingga kamu dapat mengukur kemampuan sebelum ujian yang sesungguhnya 7. Disertai dengan kumpulan komik lucu yang membuat kamu semangat dalam belajar.. -BintangWahyu-

Menulis Karya Tulis Ilmiah dengan Komputer

Buku ini ditujukan kepada Anda yang ingin menulis karya tulis dengan cara yang cerdas, tangkas, dan gagas. Selain menggunakan Ms Word, Anda juga akan diajak untuk menggunakan berbagai aplikasi yang berbasis Windows, berbasis ponsel, maupun berbasis web. Aplikasi-aplikasi tersebut dimulai dari fungsi yang ada di dalam Ms Word (Equation Editor, terjemahan teks bahasa Indonesia-Inggris-Indonesia), lalu aplikasi penulisan karya ilmiah seperti Mendeley, Publish or Perish, Quillbot, Raosoft, Sefora, serta aplikasi-aplikasi lain yang akan membantu Anda dalam menyelesaikan penulisan penelitian Anda. Di bab 14 dibahas langkah-langkah menulis karya tulis ilmiah dengan metode regresi berganda. Banyak penulis yang belum benar melakukan langkah-langkah dalam analisis regresi, bahkan masih banyak yang keliru. Anda benar-benar diajak memanfaatkkan komputer secara maksimal untuk memperoleh hasil yang prima

METODOLOGI PENELITIAN

Modul yang berjudul Metodologi Penelitian ini diperlukan sebagai landasan, pedoman atau rujukan bagi mahasiswa yang ingin mempelajari konsep dasar prosedur penelitian dengan baik, mudah, dan benar. Diawali dengan memberikan penjelasan tentang konsep prosedur penelitian yang digunakan dalam penelitian diharapkan mahasiswa sebagai pengguna dapat mempelajari modul ini secara mudah. Materi disajikan sesuai dengan tahapan belajar mulai dari dasardasar metode penelitian pendidikan, langkah-langkah penelitian pendidikan, variabel penelitian pendidikan, definisi dan perumusan hipotesa, tinjauan pustaka dalam penelitian pendidikan, populasi dan sampel dalam penelitian pendidikan, teknik pengumpulan data dan instrumen penelitian, analisis data, dan penyusunan proposal penelitian. Banyak pihak yang telah memberikan kontribusi terhadap penulisan modul ini, untuk itu tim pengembang ucapkan terimakasih yang sebesar-besarnya. Modul ini jauh dari kesempurnaan, oleh karena itu perlu saran dan kritik yang membangun dari mahasiswa dan pengguna Modul Metodologi Penelitian.

Metode Penelitian dan Analisis Data Comprehensive

Buku ini merupakan simbol semangat intelektual dalam mengkaji tentang metode penelitian dan analisis data comprehensive yang terbit pada tahun 2021. Kontributor dari buku ini adalah para peneliti dan dosen dari berbagai kampus di Indonesia. Mereka memiliki latar belakang pendidikan yang berbeda. Penulisan buku ini dilandasi atas pentingnya update metode dan analisis penelitian yang komprehensif untuk melakukan kegiatan penelitian. Buku ini terdiri dari 17 artikel yang dimasukkan ke dalam 17 bab di dalam buku ini. Upaya penyusunan buku ini dilakukan untuk mendokumentasikan karya-karya yang dihasilkan para penulis sehingga dapat bermanfaat bagi pembaca secara lebih luas

Penulisan Karya Ilmiah

Buku ini terdiri atas 12 bab di antaranya pengantar teknik karya tulis ilmiah, dampak positif penyusunan karya tulis ilmiah, manfaat, prinsip dan syarat-syarat penyusunan penulisan karya ilmiah, pembuatan kerangka penulisan karya ilmiah, sistematika pembuatan makalah dan laporan penelitian, sistematika pembuatan artikel, Bahan, jumlah halaman, perwajahan dan ukuran kertas, penomoran, Penulisan tabel, penyajian gambar, grafik dan skema, cara merujuk dan menulis daftar rujukan, penulisan judul, tujuan, rumusan masalah, lebar pernyataan dan prakata, pembuatan abstrak, daftar isi, daftar lampiran, daftar tabel, serta draf penulisan artikel ilmiah untuk jurnal.

Penggunaan Face Recognition untuk akses ruangan

Buku ini membahas tentang penggunaan Face Recognition untuk mengakses sebuah ruangan dengan menggunakan metode Local Binary Pattern Histogram (LBPH) . deskriptor tekstur digunakan untuk mewakili wajah, karena gambar wajah dapat dilihat sebagai sebuah komposisi micro-texture-pattern Dalam buku ini membahas juga tentang teori teori dan pengertian pengertian yang dibahas dalam buku ini

Penulisan Naskah Kehumasan

Menulis terkadang bukanlah hal yang mudah. Untuk mempermudah menulis harus dimulai dari banyak membaca. Mahasiswa yang ingin mempelajari Naskah Kehumasan juga perlu banyak membaca sebelum menulis naskah kehumasan. Dari mulai menulis press release, perlu banyak membaca mengenai materi yang akan disampaikan oleh para pimpinan organisasi. Begitu juga menulis advertorial, sebelum menulis harus membaca detail dan spesifikasi dari produk yang akan ditulis. Terlebih

lagi bila ingin menulis karya ilmiah, harus membaca jurnal dari penelitian sebelumnya yang terkait dengan riset yang akan dituliskan. Buku ajar ini hadir untuk memberikan referensi pada mahasiswa ilmu komunikasi yang ingin membaca lebih jauh mengenai materi Penulisan Naskah Kehumasan yang telah diajarkan pada prodi S-1 Ilmu Komunikasi Universitas Negeri Jakarta. Buku persembahkan penerbit prenadaMedia #PrenadaMedia

Metodologi Penelitian Pegangan untuk Menulis Karya Ilmiah

Kata penelitian atau riset merupakan terjemahan dari bahasa Inggris “research” yang berarti mencari kembali. Riset merupakan suatu proses yang panjang, bertujuan untuk memecahkan permasalahan. Karena itu riset dilakukan kalau ada masalah yang akan dipecahkan (problem to be solved). Masalah adalah kesenjangan antara harapan dengan kenyataan, atau apa yang kita inginkan dikurangi dengan apa yang kita miliki. Masalah juga berarti keingintahuan tentang sesuatu akan tetapi ternyata belum tahu. Hakekatnya jika peneliti sudah bisa menemukan masalah dan memecahkan masalah maka sepele penelitian itu selesai

Metodologi Penelitian Pendekatan Teori dan Praktik

Buku ajar ini terbit karena pengalaman penulis selama menjadi dosen dan memberikan mata kuliah metodologi penelitian telah banyak melihat permasalahan mahasiswa dalam melakukan penelitian, sehingga memperbesar dorongan untuk melengkapi bahan bacaan bagi mahasiswa yang sedang menempuh mata kuliah metodologi penelitian atau yang sedang merencanakan dan melakukan penelitian sebagai salah satu referensi. Namun demikian penulis menyadari buku sederhana ini hanyalah sebutir pasir dalam hamparan samudra ilmu penelitian yang luas.

METODOLOGI PENELITIAN & TEKNIK PENULISAN KARYA ILMIAH

Penelitian merupakan salah satu cara mendapatkan pengetahuan ilmiah. Oleh sebab itu penelitian dikatakan sebagai metode ilmiah atau cara ilmiah untuk mendapatkan pengetahuan. Ilmiah artinya memiliki sifat keilmuan atau bercirikan keilmuan. Ada tiga ciri ilmiah yakni logis atau rasional, empiris dan sistematis. Oleh karena itu, rasional/logis, empiris dan sistematis merupakan karakteristik dari suatu penelitian ilmiah. Buku yang sedang di hadapan Anda ini merupakan salah satu buku yang harus dibaca oleh para peneliti mengingat metodologi penelitian menjadi senjata utama untuk mendapatkan dan menganalisis data secara valid sehingga dapat diperoleh hasil penelitian yang akurat dan terpercaya. Tak kalah pentingnya adalah bagaimana cara menyajikan hasil penelitian dalam bentuk karya tulis sehingga hasil penelitian lebih bisa dinikmati dan dimanfaatkan oleh khalayak umum terutama untuk penelitian-penelitian selanjutnya.

Pengantar Metodologi Penelitian Sosial + Plus

Berangkat dari pengalaman mengajar di kelas pada saat kuliah Metodologi Penelitian khususnya, selalu saja kekurangan waktu untuk menjelaskan materi kuliah yang bersangkutan, sementara disisi lain masih banyak materi yang harus disampaikan kepada mahasiswa, sehingga akhirnya dosen harus memilih apakah memilih materi yang disampaikan sedikit tetapi mahasiswa memahami semua yang disampaikan, atau memilih menyampaikan semua materi, tetapi konsekuensinya mungkin banyak mahasiswa yang tidak faham. Untuk itu adanya Buku Ajar ini sedikit dapat membantu dosen dan mahasiswa untuk menemukan jalan tengah, artinya tidak semua materi harus disampaikan dikelas, bagian dari materi yang kira-kira bisa difahami oleh mahasiswa hanya dengan membaca sendiri, maka dapat hanya dengan membaca di Buku Ajar ini, dengan demikian semua materi yang sudah direncanakan oleh dosen di 14 kali pertemuan per semester tersebut dapat disampaikan semua dengan tuntas. Sebagai pengayaan tambahan maka di kelas, perlu dibuka “ruang” diskusi bagi mahasiswa yang belum faham setelah membaca Buku Ajar ini. Buku Ajar ini coba penulis tuliskan dengan menggunakan Bahasa “kampungan” tujuannya adalah agar apa yang ditulis dalam buku ini mudah difahami oleh siapa saja. Disamping itu berbagai materi yang ditulis dalam Buku Ajar ini adalah kombinasi teori dan praktik, sehingga isi buku ini lebih mengarah kepada pragmatis, khususnya dalam konteks penelitian akademik (Skripsi, Tesis dan Disertasi). Akhir kata, karena keterbatasan pengetahuan dan wawasan serta pengalaman penulis, khususnya dalam bidang ilmu Metodologi Penelitian, maka buku ini tentu masih jauh dari sempurna seperti kata pepatah tiada gading yang tak retak, untuk itu segala kritik dan saran yang konstruktif dari para pembaca sangatlah penulis diharapkan guna penyempurnaan buku ini dimasa yang akan datang. Pontianak, Desember 2019 Penulis

Menulis Skripsi, Jurnal, dan Tulisan Ilmiah dengan MS Word

Menulis skripsi, jurnal, tesis, atau karya ilmiah lainnya membutuhkan penelitian dan pengetahuan teknis. Anda harus mengetahui cara membuat struktur dan menerapkannya di komputer. Oleh karena itu, buku ini dibuat untuk membantu siswa, mahasiswa, dosen, peneliti, atau mereka yang membuat laporan penelitian agar bisa menggunakan MS Word dengan baik. Bahasan di dalam buku ini terfokus pada cara mengoperasikan MS Word untuk tujuan penulisan skripsi dan sejenisnya. Di akhir buku diberikan bonus tentang cara-cara menggunakan SPSS. Itu semua dibuat untuk satu tujuan, yaitu sukses menulis skripsi, jurnal, karya ilmiah, maupun tesis. Jika Anda tertarik di bidang penulisan akademik namun tidak memiliki pengetahuan memadai tentang MS Word, buku ini cocok untuk Anda baca! (thinkjubilee).

Metode Penelitian Kesehatan

Buku ini terdiri atas 2 bagian yaitu Bagian I berisi Metodologi Penelitian Kesehatan dan Bagian II yang menerapkan Metode Ilmiah untuk Panduan penulisan Skripsi, Tesis, dan Disertasi. Bagian I berisi sembilan bab yaitu, Metode Ilmiah, Metodologi Penelitian Kesehatan, Keterkaitan Judul dengan Bab-bab Penelitian, Desain dalam Penelitian Kesehatan, Sampel Penelitian Kesehatan, Pengumpulan Data Kualitatif dan Kuantitatif, Pengolahan dan Analisa Data Kualitatif dan Kuantitatif, Validitas, Reabilita dan Objektifitas dalam Penelitian, dan Pembahasan Sebab Akibat. Keunikan dari buku ini terletak pada Bab III Bagian I yaitu Keterkaitan Judul dengan Bab-Bab Penelitian. Tiap-tiap universitas, fakultas, sekolah tinggi, bahkan program studi mempunyai format tersendiri dalam penulisan skripsi, tesis dan disertasi yang mungkin berbeda dari apa yang dibahas dalam Bab III Bagian I tersebut. Hal ini bukan merupakan halangan untuk mempelajari buku ini, dari mana diharapkan agar pembaca sebagai pembimbing, penguji dan mahasiswa yang dibimbing serta peneliti mengerti tujuan dan memanfaatkan Keterkaitan tersebut. Buku ini membahas kualifikasi atau kompetensi yang ingin dicapai untuk masing-masing gelar kesarjanaan yang berpedoman kepada KKNl (Kerangka Kualifikasi Nasional Indonesia) yaitu Level 6 bagi Kualifikasi S1 (Sarjana) yang menghasilkan Skripsi, Level 8 bagi S2 (Magister) yang menghasilkan Tesis, dan Level 9 bagi S3 (Doktor) yang menghasilkan Disertasi, yang contoh-contohnya dijelaskan dan dibahas pada Bagian II, yang merupakan penerapan metodologi yang tertulis pada Bagian I dari buku ini. Dengan demikian, buku ini tidak hanya untuk mempelajari metodologi penelitian, namun juga sebagai pedoman penulisan skripsi, tesis, dan disertasi.

Metodologi Penelitian Kualitatif dalam Ilmu Sosial, Pendidikan, Kebudayaan dan Keagamaan

Penelitian dalam bidang sosial, pendidikan, kebudayaan dan keagamaan memiliki puluhan tawaran metodologis. Namun demikian, tidak dapat dielakkan adanya pengaruh kuat dari pendekatan dalam penelitian kuantitatif atau kualitatif. Dalam penelitian ilmu sosial, pendekatan kuantitatif dan kualitatif sudah berkembang sekitar tahun 1960-an sehingga para pakar tidak lagi mempersoalkannya. Bahkan, terdapat kecenderungan adanya kesesuaian metodologis terhadap topik penelitian meskipun tidak dimungkirkan sebagian pakar khususnya di Indonesia masih terpetak-petak dalam kubu kuantitatif dan kubu kualitatif. Sering kali pakar kuantitatif dalam bidang ilmu-ilmu sosial menjadi fanatik dan bertolak belakang dengan kubu kualitatif yang menganggap pendekatan kualitatif sebagai penelitian yang tidak obyektif, subyektif, tidak representatif, dan tidak reliable. Buku yang terdiri atas delapan bab ini akan mengajak pembaca memahami seluk beluk metodologi penelitian kualitatif dalam ranah pendidikan, sosial, kebudayaan dan keagamaan. Buku ini akan lebih jauh mengulas metode penelitian kualitatif sebagai salah satu tipe penelitian yang tidak kalah populer dan kredibel dengan tipe kuantitatif.

Penggunaan Metode Demonstrasi Untuk Meningkatkan Prestasi Belajar Bahasa Indonesia Konsep Menyampaikan Pesan Dari Media Kelas V SDN Sukorejo

Tujuan dari penelitian tindakan ini adalah: (a) Ingin mengetahui peningkatan prestasi belajar Bahasa Indonesia konsep menyampaikan pesan dari media kelas V SDN Sukorejo Malo setelah diterapkannya metode pembelajaran demonstrasi. (b) Ingin mengetahui pengaruh motivasi belajar siswa setelah diterapkannya metode pembelajaran demonstrasi. Penelitian ini menggunakan penelitian tindakan (action research) sebanyak tiga siklus. Setiap siklus terdiri dari empat tahap yaitu: rancangan, kegiatan dan pengamatan, refleksi, dan refisi. Sasaran penelitian ini adalah siswa kelas V SDN Sukorejo Kecamatan Malo. Data yang diperoleh berupa hasil tes formatif, lembar observasi kegiatan belajar mengajar. Dari hasil analisis didapatkan bahwa prestasi belajar siswa mengalami peningkatan dari siklus I sampai siklus III yaitu, siklus I (68,75%), siklus II (75%), siklus III (87,5%). Kesimpulan dari penelitian ini adalah metode demonstrasi dapat berpengaruh positif terhadap motivasi belajar Siswa

V SDN Sukorejo , serta metode pembelajaran ini dapat digunakan sebagai salah satu alternatif pembelajaran bahasa Indonesia.

PENGARUH SOSIODEMOGRAFI DAN LITERASI KEUANGAN TERHADAP KEPUTUSAN INVESTASI MAHASISWA

PENGARUH SOSIODEMOGRAFI DAN LITERASI KEUANGAN TERHADAP KEPUTUSAN INVESTASI MAHASISWA

Manajemen Riset dengan Pendekatan Komputasi Statistika

Secara umum pendekatan materi dari buku ini adalah penekanan pengelolaan pelaksanaan penelitian mulai dari persiapan, pelaksanaan sampai pada akhir kegiatan berbasis penggunaan program komputasi statistika praktis, dengan harapan si peneliti punya panduan dan tuntunan yang komprehensif dalam melaksanakan penelitian. [Penerbit Deepublish, Deepublish, Manajemen Riset, komputerisasi, Manajemen Riset dengan Pendekatan Komputasi Statistika, Sekolah Tinggi Manajemen Informatika dan Komputer (STMIK) Bahrul Ulum Tambakberas Jombang]

Metodologi Penelitian untuk Bidang Ekonomi dan Bisnis

Penelitian adalah suatu proses mencari solusi suatu masalah yang dilakukan melalui studi dan analisis faktor situasional. Penelitian juga merupakan suatu proses penyelidikan secara sistematis yang ditujukan untuk penyediaan informasi dalam rangka menyelesaikan masalah. Hakikat penelitian adalah penyelidikan secara terus menerus untuk menemukan solusi/jawaban dengan metode yang sistematis, berdasarkan data, kritis, objektif, dan ilmiah terhadap suatu masalah tertentu. Buku ini dimaksudkan sebagai pendamping buku teks/literatur untuk membantu mahasiswa dan peneliti dalam melaksanakan penelitian, juga penyelenggaraan perkuliahan Metodologi Penelitian baik di Program Sarjana S1, S2, maupun S3. Lebih dari itu buku ini juga diharapkan sebagai sumber informasi untuk pemahaman metode-metode penelitian yang dapat dilakukan, juga informasi bagaimana melakukan penelitian yang baik, prosedur yang benar, tepat, sehingga pada gilirannya menghasilkan kesimpulan penelitian yang benar pula.

RANCANG BANGUN ALAT DESTILASI DAUN EKALIPTUS

Buku “Rancang Bangun Alat Destilasi Daun Ekaliptus” ditulis, bertolak dari rumusan masalah (1) Perlu dilakukan desain alat destilasi daun ekaliptus, (2) Perlu dilakukan perhitungan biaya pokok, yang merupakan biaya untuk memproduksi minyak atsiri tiap unit output (Rp/gram) dengan menggunakan alat destilasi hasil desain. Penelitian ini bertujuan untuk melakukan rancang bangun alat destilasi daun ekaliptus menjadi minyak atsiri. Penelitian ini menggunakan 3 perlakuan dan 3 pengulangan, perlakuan yang dimaksud yaitu lama waktu perebusan yaitu 1 jam, 2 jam, dan 3 jam. Hasil dari uji alat dengan 3 perlakuan tersebut didapatkan hasil : (1) Telah dilakukan rancang bangun alat destilasi daun ekaliptus dengan tipe uap dan air dengan kapasitas 8 kg dalam sekali penyulingan. Pada pengujian dengan bahan baku daun ekaliptus kering sebanyak 6,5 kg, diperoleh kapasitas kerja (dalam gram minyak atsiri / jam) pada perlakuan satu jam penyulingan, dua jam penyulingan, dan tiga jam penyulingan, berturut – turut 6,55 g/jam, 2 5,19 g/jam, dan 3 3,469 g/jam, sehingga alat ini dapat digunakan untuk mempermudah proses pengambilan minyak atsiri dalam daun ekaliptus, (2) Alat destilasi daun ekalitus ini memiliki rendemen minyak atsiri pada proses penyulingan, didapatkan sebesar 0,1002 % untuk penyulingan dselama satu jam, 0,1598 % untuk penyulingan selama dua jam, dan 0,1601 % untuk penyulingan selama tiga jam, (3) Alat destilasi daun ekalitus ini dapat menyuling seluruh kadar minyak atsiri di dalam daun setelah penyulingan dilakukan lebih dari dua jam, sehingga minyak atsiri yang dihasilkan pada penyulingan dengan waktu 2 jam dan 3 jam hampir sama, dan (4) Biaya tetap dari alat destilasi daun ekalitus Rp 426.000/tahun, biaya tidak tetap dipengaruhi oleh penggunaan bahan bakar, untuk satu jam penyulingan dengan biaya Rp 7.609,95/jam, dua jam penyulingan dengan biaya Rp 11.693,22/jam, dan tiga jam penyulingan dengan biaya Rp 14.026,52/jam. Biaya pokok untuk kegiatan penyulingan ini sebesar Rp 1.195,08/g (untuk satu jam penyulingan), Rp 2.287,32/g (untuk dua jam penyulingan), dan Rp 4.096,68/g (untuk tiga jam penyulingan).

METODE PENELITIAN BISNIS & MANAJEMEN Konsep dan Implementasinya

Dr. Nancy Yusnita, S.E.,M.M. dosen tetap pada Universitas Pakuan sejak tahun 2014. Aktif mengajar pada bidang bisnis dan manajemen, khususnya pada mata kuliah metode penelitian bisnis, perilaku

organisasi, etika bisnis dan manajemen sumber daya manusia. Disamping mengajar, juga aktif pada penelitian bidang perilaku organisasi dan menjadi reviewer di beberapa jurnal bereputasi internasional dan terakreditasi nasional. Prof. Dr. Hari Gursida, CA,M.M. CPA. Dosen tetap pada Universitas Pakuan sejak tahun 1983. Aktif mengajar pada bidang bisnis dan manajemen, khususnya pada mata kuliah metode penelitian bisnis, manajemen keuangan, manajemen risiko dan manajemen investasi dan portofolio. Disamping mengajar, juga aktif pada penelitian bidang manajemen keuangan dan menjadi reviewer di beberapa jurnal bereputasi internasional dan terakreditasi nasional. Harapan penulis, buku ini menjadi salah satu rujukan yang bisa membantu para mahasiswa dalam melakukan penelitian dan menyelesaikan permasalahan industri dengan membuat berbagai rekomendasi solusi dan proyek penyelesaian masalah melalui pembuatan berbagai peralatan yang aplikatif. Selamat membaca.

Komunikasi Ilmiah

Setiap manusia menggunakan bahasa yang sesuai dengan yang dipahami dan dirasakan guna menyampaikan atau menerima gagasan, ide, informasi, pemberitahuan, pernyataan, keluhan, dan sebagainya. Siapa dia berkomunikasi dengan siapa, tentang hal apa, di mana, tujuannya apa, dan caranya bagaimana. Kegiatan berkomunikasi dapat dilakukan secara lisan maupun tulisan. Kegiatan berkomunikasi melalui tulisan akan terjalin antara penulis dan pembaca hanya melalui tulisan. Salah satu jenis media komunikasi tertulis adalah berbentuk karya tulis ilmiah. Setiap gagasan seseorang yang dituangkan dalam bentuk tulisan disebut karya tulis. Namun, tidak semua karya tulis termasuk dalam karya tulis ilmiah. Nah, buku ini hadir untuk memberikan strategi antibingung dalam menulis karya ilmiah sebagai bentuk komunikasi ilmiah secara tertulis. Selamat membaca.

A Short History of Ancient China

A Brief History of Ancient China adapts a traditional Chinese historical format to present a multi-faceted account of the first two millennia of China's earliest history: from the time of the legendary rulers Yao and Shun (c. 2000 BCE) down to the end of the Qin dynasty (221-207 BCE). Organised into five major sections, it examines the political shifts of the major dynasties, the histories of local states, and the lives of key individuals. Drawing on analysis of textual and visual materials, and a variety of English and non-English sources, Edward L. Shaughnessy offers detailed insight into the contemporary religious and philosophical landscape, governmental and legal practices, and innovations in writing, literature, and music. Incorporating recent developments in the field, this book draws on archaeological discoveries from the last century, and examines the lives of central female figures, and other groups who are often underrepresented.

A Brief History of Ancient China

The turbulent and chequered past of the world's most populous country is one of the most fascinating in world history, and relatively little known in the West. From the beginnings of Chinese prehistory right through to internet censorship with the 'Great Firewall of China', Gordon Kerr offers a comprehensive introduction to the sprawling history of this enormous country. A Short History of China provides an absorbing introduction to more than 4,000 years of Chinese history, telling the stories of the tyrants, despots, femmes fatales, artists, warriors and philosophers who have shaped this fascinating and complex nation. It describes the amazing technological advances that her scientists and inventors made many hundreds of years before similar discoveries in Europe. It also investigates the Chinese view of the world and examines the movements, aspirations and philosophies that moulded it and, in so doing, created the Chinese nation. Finally, the book examines the dramatic changes of the last few decades and the emergence of China as an economic and industrial 21st century superpower, making Napoleon Bonaparte's words about her ring true: "Let China sleep, for when she awakes, she will shake the world."

A Short History of China

Ancient China may have existed thousands of years ago, but its civilization was incredibly rich with culture. This book explores the clues that have been left behind from this fascinating civilization. Specifically looking at artifacts, the main text invites readers to analyze items from Ancient China and draw conclusions following the questions and prompts. From the bamboo staff to oracle bones, these items help young learners learn about a culture that existed so long ago, and get them ready for the challenge of thinking like an archaeologist themselves.

A Short History of Chinese Civilization

By the author of the highly acclaimed *China's Imperial Past* and written in the same lively style, this is a distillation of what every general reader and beginning student should know about the history of traditional Chinese civilization. It weaves together chronologically all aspects of Chinese life and culture, broadly surveying general history, socioeconomic organization, political institutions, religion and thought, and art and literature. The author explains how the Chinese empire emerged in antiquity, how it flourished and declined in successive cycles for thousands of years, and how in the end it found itself unprepared for both the domestic and the external challenges of the modern era. The result is a concise overview that is both absorbing in itself and basic to a more detailed study of China's long and complex evolution. I

Ancient China

From the beginnings of Chinese prehistory right through to internet censorship, a comprehensive introduction to the sprawling history of this enormous country. An absorbing introduction to more than 4,000 years of Chinese history, this book tells the stories of the tyrants, despots, femmes fatales, artists, warriors, and philosophers who have shaped this fascinating and complex nation. It describes the amazing technological advances that China's scientists and inventors made many hundreds of years before similar discoveries in Europe. It also investigates the Chinese view of the world and examines the movements, aspirations, and philosophies that molded it and, in so doing, created the Chinese nation. Finally, the book examines the dramatic changes of the last few decades and the emergence of China as an economic and industrial 21st-century superpower.

China to 1850

The classic chronicle of Chinese philosophical thought from the third millennium to the 20th century. From the sage-kings of ancient China to the 1911 overthrow of the oldest monarchical system in the world, Chinese philosophy has evolved and influenced schools of thought around the world. In an accessible voice, *A Short History of Chinese Philosophy* clearly illuminates Confucianism, Taoism, Mohism, Yin-Yang, and more. For those interested in philosophy or Asian studies, this is the perfect window into ancient and modern Chinese ideology.

The Origins of Chinese Civilization

Ancient China: A History surveys the East Asian Heartland Region – the geographical area that eventually became known as China – from the Neolithic period through the Bronze Age, to the early imperial era of Qin and Han, up to the threshold of the medieval period in the third century CE. For most of that long span of time there was no such place as "China"; the vast and varied territory of the Heartland Region was home to many diverse cultures that only slowly coalesced, culturally, linguistically, and politically, to form the first recognizably Chinese empires. The field of Early China Studies is being revolutionized in our time by a wealth of archaeologically recovered texts and artefacts. Major and Cook draw on this exciting new evidence and a rich harvest of contemporary scholarship to present a leading-edge account of ancient China and its antecedents. With handy pedagogical features such as maps and illustrations, as well as an extensive list of recommendations for further reading, *Ancient China: A History* is an important resource for undergraduate and postgraduate courses on Chinese History, and those studying Chinese Culture and Society more generally.

A Short History of China

By focusing on the key colourful characters of the eight major dynasties, the author brings to life 3500 years of Chinese civilization. His view starts on the borders of myth. It moves on to the greatest

achievements of language and thought, the cultural treasures and imperial palaces, wars won and lands lost to the Mongols, finally to arrive at the 1912 Revolution, which contained within it the seeds of Communism that ensured the overthrow of the last emperor.

A Short History of Chinese Philosophy

This is a concise, informative, and entertaining account of the long and fascinating history between China and the West. Even before Chinese or Western writings recognized the existence of one another at opposite points of the compass, there was mercantile trade between the two civilizations - with silk being coveted by the ancient Greeks and Romans without knowledge of its origins. At the fall of the Manchu Dynasty in the early twentieth century, when China began its modern restoration as a world power, China and the West had already shared more than two millennia of history. "China and the West"

Ancient China

This survey begins with the prehistoric period, then discusses the major currents of Chinese history, philosophy, culture and politics — from the reigns of such dynastic rulers as the Shang to the era of Mongol conquests and the Manchu dynasties, culminating with the birth of the Chinese Republic in 1912. 17 maps, 24 illustrations.

A Brief History of the Dynasties of China

A critical new interpretation of the early history of Chinese civilization based on the most recent scholarship and archaeological discoveries.

China and the West

A description of life in ancient China written in the form of a travel guide.

A Short History of the Chinese People

A unique overview of the fashion and dress, diet, hygiene, medicine, and other cultural aspects of the ancient Chinese. This entertaining yet informative book details practices that may seem peculiar to today's students, while respectfully contextualizing another culture and time, especially one as ancient, rich, and foundational as that of ancient China. Readers are drawn in by the sometimes distasteful details—the fun “gross-out” factor—but also gain an appreciation of the inventiveness, sophistication, and practicality of the ancient Chinese. Overall, this title is a lively exploration of the scientific and cultural practices of a pre-modern civilization.

Early China

Describes daily life in ancient China, discussing life in the country, life in the city, schools, festivals, and other aspects.

Ancient China

A comprehensive, yet entertaining look at China's history through a modern lens. For millennia, China was the largest and richest nation on earth. Two centuries ago, however, its economy sank into a depression from which it had not fully recovered--until now. China's modern resurgence as the world's largest nation in terms of population and its second-largest economy--where 800 million people have been lifted out of poverty in the space of a few decades--is the greatest untold story of the 21st century. A Brief History of China tells of the development of a rich and complex civilization where the use of paper, writing, money and gunpowder were widespread in ancient times and where silk, ceramics, tea, metal implements and other products were produced and exported around the globe. It examines the special conditions that allowed a single culture to unify an entire continent spanning 10 billion square kilometers under the rule of a single man--and the unbelievably rich artistic, literary and architectural heritage that Chinese culture has bequeathed to the world. Equally fascinating is the story of China's decline in the 19th and early 20th century--as Europeans and Americans took center stage--and its modern resurgence as an economic powerhouse in recent years. In his retelling of a Chinese history stretching back 5,000 years, author and China-expert Jonathan Clements focuses on the human stories which led to the powerful transformations in Chinese society--from the unification of China under its first emperor, Qinshi Huangdi, and the writings of the great Chinese philosophers Confucius and Laozi, to the Mongol

invasion under Genghis Khan and the consolidation of Communist rule under Mao Zedong. Clements even brings readers through to the present day, outlining China's economic renaissance under Deng Xiaoping and Xi Jinping. What really separates this book from its counterparts is the focus on women, and modern themes such as diversity and climate change. Chinese history is typically told through the stories of its most famous men, but Clements' telling gives women equal time and research--which introduces readers of this book to equally important, but less commonly-known facts and historical figures. Often seen in the West in black or white terms--as either a savage dystopia or a fantastical paradise--China is revealed in the book as an exceptional yet troubled nation that nevertheless warrants its self-description as the Middle Kingdom.

The Totally Gross History of Ancient China

Relations between Inner Asian nomads and Chinese are a continuous theme throughout Chinese history. By investigating the formation of nomadic cultures, by analyzing the evolution of patterns of interaction along China's northern frontiers, and by exploring how this interaction was recorded in early Chinese historiography, this book explores the origins of the cultural and political tensions between these two civilizations through the first millennium BC. The main purpose of the book is to analyze ethnic, cultural, and political frontiers between nomads and Chinese in the historical contexts that led to their formation, and to look at cultural perceptions of 'others' as a function of the same historical process. Based on both archaeological and textual sources, this book also introduces a new methodological approach to Chinese frontier history, which combines extensive factual data with a careful scrutiny of the motives, methods, and general conception of history that informed the Chinese historian Ssu-ma Ch'ien.

Ancient China

Explains the development of ancient China, with maps showing where the civilization was and how it expanded over time, short biographies of key historical figures, and a timeline of important events.

Money and Credit in China

Spend 24 hours with the ancient Chinese. Travel back to AD 17, during the fourth year of the reign of Wang Mang of the Han dynasty, a vibrant and innovative era full of conflicts and contradictions. But as different as the Han culture might have been to other great ancient civilizations, the inhabitants of ancient China faced the same problems as people have for time immemorial: earning enough money, coping with workplace dramas and keeping your home in order . although the equivalent in this era was more about bribing inspectors, avoiding bullying from abusive watchmen and trying to keep your house from being looted by Huns. In each chapter we meet one of 24 citizens of this ancient culture, from the midwife to the soldier, the priest to the performer and the bronze worker to the tomb looter, and see what an average day in ancient China was really like.

A Brief History of China

Go to the Middle Kingdom and learn all about their dynasties and stories. This educational resource is filled with fun facts about Ancient China. The use of appropriate images only furthers your child's interest and fuels the absorption of knowledge, too. So what are you waiting for? Grab a copy of this book today!

Ancient China and Its Enemies

Confucius, the Great Wall, silk, oracle bones, writing, and paper are among the topics explored here. This book starts with Emperor Qin Shi Huangdi's life size terracotta army of soldiers, chariots, and horses. The photographs show the army as it looks today and in the broken disarray of its discovery. The following chapters deal with early development, early dynasties, the unification of China, and the achievements, gifts, and inventions of the ancient Chinese.

Ancient China

If you want to discover the captivating history of ancient China, then keep reading... To understand present-day China, its politics, society, and culture in general, we have to go back to the beginnings of the Chinese civilization. In this book, you will be led on a journey through almost 2,000 years of Chinese history, showing you all the ups and downs of those ancient times, the sufferings and joys of the

Chinese people, along with their greatest achievements and failures. Dynasties will change, people will be killed and born, art made and destroyed, but the Chinese civilization will prevail, rising from humble beginnings to an empire that at some points outshined any other in the world at that time. And yet it won't be only a tale of kings and queens, emperors and rulers. Of palaces and forts, of swords and shields. It will also tell a story of farmers and merchants, artisans and artists, philosophers and scientists. And hopefully by the end of this introductory guide, you will gain a sense of what, who, and how the Chinese civilization was made as great as it was and still is. From that, a better understanding of this amazing Far Eastern culture and its history should arise as well as a greater appreciation of its achievements and contributions to the world. And with a better knowledge of history, a clearer understanding of the world will come as well. In *Ancient China: A Captivating Guide to the Ancient History of China and the Chinese Civilization Starting from the Shang Dynasty to the Fall of the Han Dynasty*, you will discover topics such as Chinese Lands and Birth of China Shang and Zhou Dynasties and the Rise of Royal Power Disintegration of Royal Power Birth of Imperial China Rise and Fall of the Han Dynasty Society of Ancient China The Ancient Chinese Culture Inventions and Innovations of the Ancient Chinese And much, much more! So if you want to learn more about Ancient China, scroll up and click the "add to cart" button!

24 Hours in Ancient China

Along China's Yellow River, a mighty and technologically advanced civilization grew and flourished for thousands of years without any contact from the rest of the world. *Life in Ancient China* explores the daily lives of early the Chinese people, profiles the great dynasties that ruled China over the centuries, and introduces important religious and philosophical contributions, such as Confucianism, Daoism, and Buddhism. Enduring Chinese innovations, such as writing, papermaking, and The Great Wall are also featured.

A Short History of China

The year 842 B.C. may be considered the first accurate date in Chinese history, and in this year the Emperor had to flee from his capital on account of popular dissatisfaction with his tyrannical ways: he betook himself northward to an outlying settlement on the Tartar frontier, and the charge of imperial affairs was taken over by a regency or duumvirate. At this time the confederation of cultured princes called China or, to use their own term, the Central Kingdom was a very different region from the huge mass of territory familiar to us under those names at the present day. It is hardly an exaggeration to say that civilized China, even at that comparatively advanced period, consisted of little more than the modern province of Ho Nan. All outside this flat and comparatively riverless region inhabited by the "orthodox" was more or less barbaric, and such civilization as it possessed was entirely the work of Chinese colonists, adventurers, or grantees of fiefs in partibus infidelium (so to speak). Into matters of still earlier ancient history we may enter more deeply in another chapter, but for the present we simply take China as it was when definite chronology begins.

Chinese Dynasties! Ancient History for Kids

A richly empirical discussion of ethnic identity formation in the ancient world, presenting the peoples of China's southern frontier.

Discover Ancient China

This illustrated Chinese history book takes the reader on a visual journey of the most brilliant and significant segments of Chinese civilization over the course of five thousand years. As a cradle of human civilization, China has maintained its cohesion and cultural identity for thousands of years. With China's historical evolution as a backdrop, each section focuses on the outstanding achievements of the period it covers and sets out the long-established and profound cultural development of the Chinese nation.

Ancient China

John Farman, the genius (for want of a better word) responsible for the best-selling *A VERY BLOODY HISTORY OF BRITAIN (WITHOUT THE BORING BITS)*, now tackles all the great periods of history - in less than 10,000 words. *History in a Hurry* is so short that there just isn't room for any boring bits! All you need to know (and a little bit less*) about the Ancient China. (*Quite a lot less, actually. Ed.)

Ancient China and the Yue

The Oxford Handbook on Early China brings 30 scholars together to cover early China from the Neolithic through Warring States periods (ca 5000-500BCE). The study is chronological and incorporates a multidisciplinary approach, covering topics from archaeology, anthropology, art history, architecture, music, and metallurgy, to literature, religion, paleography, cosmology, religion, prehistory, and history.

An Illustrated Brief History of China

New in the Short History of Asia series, edited by Milton Osborne, this is a readable, well-informed and comprehensive short history of China's relationships with its Southeast Asian neighbours from ancient times to the present day.

A Short History of China

Here is a spectacular and informative guide to the history of the great Chinese empire and the customs and traditions of its people. Stunning real-life photographs and lifelike models offer a unique "eyewitness" view of life in imperial China, from its earliest beginnings in the Bronze Age to its final days in the early years of the 20th century. See the stunning bronzework of the ancient Chinese, an early irrigation machine, a set of antique acupuncture needles, the beautiful implements used for Chinese calligraphy. Learn why the First Emperor created the terra-cotta army, what kinds of goods were carried along the Silk Route, who invented paper, how a Chinese house was constructed, why tombs were filled with pottery figures, and what a civil servant's job entailed. Discover why emperors were known as Sons of Heaven, what kinds of weapons were used in early battles, why families worshiped their ancestors, how fishermen used bivas to catch fish, and much, much more.

History in a Hurry: Ancient China

The late Ming Dynasty (1572-1644) and the early Qing Dynasty (1644-1722) saw the true splendour of short essays in China. No other period in the history of short essays in ancient China can match them in the quality and number of works, literary schools, or the variety of styles. Compared with those written before or after, the short essays in these periods were richer in the choice of topics, and freer in form, focusing not only on real social life, but also on worldly experience and life's little delights. They are a rich and vital part of China's literary and cultural heritage. The 127 short essays in this wonderful book are considered to be the very best examples from an era of China's history that's synonymous with beautifully crafted short essays. 82 essays are from the Ming Dynasty and 45 essays are from the Qing Dynasty, written by more than a hundred different Chinese authors from both dynasties. These are arranged in the order of the authors' birth dates and tenderly translated into English by leading Chinese translators Wang Hong and Zhang Shunsheng, who have faithfully represented the styles and literary achievements made by the featured essayists. It's a wonderful book that will delight

fans of classic Chinese short essays, as well as providing the perfect introduction to readers new to the genre. Professor Wang Hong is a prolific and accomplished translator of ancient Chinese classics. Many of his translations have been included in the Library of Chinese Classics, such as Mozi, Brush Talks from Dream Brook (also publishing by Paths International), The Discourses of the States and The Classic of Mountains of Seas. This is the first ever English language version of The Short Essays of the Ming and Qing Dynasties to be published either inside or outside of China.

Chinese Dynasties! Ancient History for Kids

Discusses major currents of Chinese history, philosophy, culture and politics, beginning with the Shang, Chou and Han dynasties, and culminating with the birth of the Chinese Republic in 1912. 17 maps, 25 illustrations.

Short History of China

Effective Police Supervision Study Guide

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The Effective Police Supervision Study Guide, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals. Updated to coincide precisely with the 7th edition of Effective Police Supervision Each chapter includes learning objectives, key terms, chapter summaries, and review questions Includes access to the instructor and companion sites for Effective Police Supervision

A Theory of Feelings

A Theory of Feelings examines the problem of human feelings, widely understood, from phenomenological, analytical, and historical perspectives. It begins with an analysis of drives and affects, and pursues the nature of 'feeling' itself, in all of its variability, through a close study of the distinctive categories of the emotions, emotional dispositions, orientive feelings, and the passions. The book will be of interest to anyone interested in philosophy, psychology, sociology, and cognitive science.

My Language, Your Language

Audisee® eBooks with Audio combine professional narration and text highlighting for an engaging read aloud experience! There's a new girl in Romelie's class named Camila. Camila speaks Spanish, and she's teaching it to Romelie. That gets Romelie thinking. What other languages do people speak? Her own family uses English and American Sign Language. Her mom's friend knows Somali and Arabic. Can Romelie discover more languages in her city? How are they like her own? How are they different? A diverse cast gives multiple points of comparison.

Islam: The Basics

With nearly 1500 rich years of history and culture to its name, Islam is one of the world's great faiths and, in modern times, the subject of increasingly passionate debate by believers and non-believers alike. Islam: The Basics is a concise and timely introduction to all aspects of Muslim belief and practice. Topics covered include: The Koran and its teachings The life of the Prophet Muhammad Women in Islam Sufism and Shi'ism Islam and the modern world Non-Muslim approaches to Islam Complete with a glossary of terms, pointers to further reading and a chronology of key dates, Islam: The Basics provides an invaluable overview of the history and the contemporary relevance of this always fascinating and important subject.

Beyond Tuesday Morning

The hope-filled sequel to the bestselling *One Tuesday Morning*. In this new novel by Karen Kingsbury, three years have passed since the terrorist attacks on New York City. Jamie Bryan, widow of a firefighter who lost his life on that terrible day, has found meaning in her season of loss by volunteering at St. Paul's, the memorial chapel across the street from where the Twin Towers once stood. Here she meets a daily stream of people touched by the tragedy, including two men with whom she feels a connection. One is a firefighter also changed by the attacks, the other a police officer from Los Angeles. But as Jamie gets to know the police officer, she is stunned to find out that he is the brother of Eric Michaels, the man with the uncanny resemblance to Jamie's husband, the man who lived with her for three months after September 11. Eric is the man she has vowed never to see again. Certain she could not share even a friendship with his brother, Jamie shuts out the police officer and delves deeper into her work at St. Paul's. Now it will take the persistence of a tenacious man, the questions from her curious young daughter, and the words from her dead husband's journal to move Jamie beyond one Tuesday morning. "Jamie Bryan took her position at the far end of the Staten Island Ferry, pressed her body against the railing, eyes on the place where the Twin Towers once stood. She could face it now, every day if she had to. The terrorist attacks had happened, the World Trade Center had collapsed, and the only man she'd ever loved had gone down with them. Late fall was warmer than usual, and the breeze across the water washed over Jamie's face. If she could do this, if she could make this journey three times a week while Sierra was in school, then she could convince herself to get through another long, dark night. She could face the empty place in the bed beside her, face the longing for the man who had been her best friend, the one she'd fallen for when she was only a girl."

Everyday Magic

No longer the stuff of broomsticks, black cats and cauldrons, witchcraft is all about self-care in a modern and often confusing world. This is the perfect book for all women looking to channel their inner power, make positive changes in their lives, cleanse, heal, and embrace a little more spirituality. Semra will teach readers how to make bespoke spells, construct an altar, create manifestations, moon rituals, gratitude meditations, and more. Blend some oils to increase your luck, use a candle manifestation to break a hex and get over past lovers, or make a special blend of tea to stay calm. Featuring information on crystals, tarot, herbs, oils and much more, this is a book on cosmic assistance that is accessible

for everyone. When you are happy and positive on the inside, it makes you glow on the outside, and Everyday Magic will help you do just that.

The French Slow Cooker

The best-selling author of *The Italian Slow Cooker* demonstrates how to adapt classic French dishes for convenient, high-flavor results, providing coverage of such favorites as Crispy Duck Confit, Bouillabaisse and Ginger Crème Brûlée. Original.

Flowering Earth

Flowering Earth is an extraordinary work in which Peattie explores the origin and significance of plant life with an unmatched sense of astonishment and reflection. According to *The New York Times*, his prose in *Flowering Earth* "is pervaded by a continuous sense of beauty and illuminative insight," and *Books* hails it as a piece "for people who are refreshed by any sort of emancipation from the trivial..."

Water Witches

One of the very first novels by the number one bestselling author of *Midwives* and *The Flight Attendant*: a prescient, environmentalist political drama in which a small-town lawyer finds himself torn between his career and his family, and between money and the natural world. Patience Avery is a dowser--a "water witch." With a pair of divining rods and her natural gifts, she can locate lost items, missing people--and aquifers deep within the earth. This last skill is more in demand than ever, as the normally lush, green countryside of Patience's native Vermont is in the grip of the worst drought in years: stunted cornstalks rasp in the hot July breeze, parched vegetable gardens wither and die, and the Chittenden River has shrunk to a trickle. Patience does what she can to help her neighbors find new water sources for exhausted wells, but she knows better than most that this crisis is a symptom of worse things to come. Not that she can convince her brother-in-law, Scottie Winston, of this. Scottie's spent the long, dry summer lobbying for permits to expand Powder Peak, a local ski area that's his law firm's principal client. As part of the expansion, the resort seeks to draw water for snowmaking from the beleaguered Chittenden, despite opposition from environmentalists who fear that the already weakened river will be damaged beyond repair. Pressure from his wife and daughter on one side--and a slew of powerful politicians, wealthy developers, and the partners at his firm on the other--pushes Scottie closer and closer to a moral crisis that will have a profound effect not just on Scottie's family, but on the future of the entire state.

Sicily

Critically acclaimed author John Julius Norwich weaves the turbulent story of Sicily into a spellbinding narrative that places the island at the crossroads of world history. "Sicily," said Goethe, "is the key to everything." It is the largest island in the Mediterranean, the stepping-stone between Europe and Africa, the link between the Latin West and the Greek East. Sicily's strategic location has tempted Roman emperors, French princes, and Spanish kings. The subsequent struggles to conquer and keep it have played crucial roles in the rise and fall of the world's most powerful dynasties. Yet Sicily has often been little more than a footnote in books about other empires. John Julius Norwich's engrossing narrative is the first to knit together all of the colorful strands of Sicilian history into a single comprehensive study. Here is a vivid, erudite, page-turning chronicle of an island and the remarkable kings, queens, and tyrants who fought to rule it. From its beginnings as a Greek city-state to its emergence as a multicultural trading hub during the Crusades, from the rebellion against Italian unification to the rise of the Mafia, the story of Sicily is rich with extraordinary moments and dramatic characters. Writing with his customary deftness and humor, Norwich outlines the surprising influence Sicily has had on world history--the Romans' fascination with Greek civilization dates back to their sack of Sicily--and tells the story of one of the world's most kaleidoscopic cultures in a galvanizing, contemporary way. This volume has been a long time coming--Norwich began to explore Sicily's colorful history during his first visit to the island in the early 1960s. The dean of popular historians leads his readers through the millennia with the steady narrative hand of a master teacher or the world's most learned tour guide. Like the island itself, Sicily is a book brimming with bold flavors that begs to be revisited again and again. Praise for *Sicily* "Suavely readable . . . The very model of a popular historian, [Norwich] writes to give pleasure to the common reader. And what pleasure it is."--*The Wall Street Journal* "Entertaining on every page . . . There is something ancient and sorrowful in Sicily, 'some dark, brooding quality,' just as captivating as its spellbinding history or its beautiful and varied landscapes, from beaches to lemon groves, pine

forests to volcanoes. . . . The most amiable and freewheeling of guides, Norwich will always find time for the amusing anecdote."--The Sunday Times "Utterly engrossing . . . written with passion about the art and architecture of this magical island, filled with gossipy tidbits and sweeping historical theories."--The Daily Beast "Dazzling . . . Norwich is an elegantly graceful and entertaining storyteller."--Richmond Times-Dispatch "Charming . . . richly nuanced history relayed with enormous fondness."--Kirkus Reviews "A brisk and always-lively tour."--Open Letters Monthly "Norwich is deeply in love with Sicily. [His] boundless affection has inspired a determined effort to understand its painful past. The result is impressionistic, as love often is."--The Times "Norwich sketches personalities vividly. . . . He does the island and the reader a generous service in providing such an amiable introduction."--The Sunday Telegraph "Norwich tells [Sicily's] long, sad but fascinating story with sympathy and brio."--Literary Review From the Hardcover edition.

Java Gently

The third edition of Java Gently by Judith Bishop continues the successful approach that made earlier versions popular and has added improvements which will maintain its place as a worldwide bestseller. Java Gently teaches the reader how to program and how to do it in the best possible style in Java. In the process, it details the fundamental structures of the Java 2 language and most of its core libraries and utilities. The book covers object-orientation, software design, structured programming, graphical user interfacing, event-driven programming, networking, and an introduction to data structures. Java Gently gets students started on meaningful input/output in an object-oriented way without hiding basic concepts. Applets, multimedia, graphics, and networking are introduced as students encounter and can handle classes, objects, instantiation, and inheritance. The textbook's excellent pedagogy reinforces understanding and demonstrates good programming practice. The three kinds of diagrams include model, form, and algorithm diagrams. The fully worked examples have been carefully chosen to illustrate recently introduced concepts and solve real-world problems in a user-friendly manner. End of chapter multiple choice quizzes and problems allow students to test their comprehension of the material. Features - NEW! Updated for Java 2 including an introduction to the Swing set - NEW! Model diagrams easier to draw and brought into line with UML-based notation - NEW! Expanded form diagrams include a semantics section and are collected at the end of the book as a useful reference - NEW! A Web site containing quizzes, examples, FAQs, a discussion board and emailcontact with the author and the Java Gently team can be found at www.booksites.net Java Gently is intended for first time programmers as well as those fascinated by the possibilities of Java and the Internet. Judith Bishop is Professor of Computer Science at the University of Pretoria, and has a wealth of experience teaching programming to undergraduates. She is the author of nine other textbooks. She serves on IFIP and IEEE committees concerned with the technical programming issues and the worldwide promotion of computing.

Education and the Law

In Ireland, legal issues encroach into almost every aspect of modern day education. This practical book examines these legal issues surrounding teaching and education, such as tortious liability for injuries to teachers and students, the employment of teachers, school discipline, bullying, freedom of information, and the State's responsibility for educating children with special educational needs. Membership of the European Union has also resulted in many changes arising from the principles of free movement, non-discrimination, and the common vocational training policy. These developments, as well as the key legislation - including the Education Act 1998, the Education (Welfare) Act 2000, the Education for Persons with Special Educational Needs Act 2004, and the Disability Act 2005 - are examined in detail. This second edition also takes an historical look at the legal aspects of the education system in Ireland, and it traces the distinctive development of the Irish education system, but it also looks at the future direction of education in Ireland and at the likely impact of equality law, human rights law, and membership of the enlarged European Community on Ireland's largely denominational education system.

The Handbook of Japanese Verbs

From the very earliest stages of study until far into the intermediate level, students of the Japanese language are continually scratching their heads over the usage of verbs. It is no wonder that they should feel the need for a solid reference book, one they can continually turn to throughout their studying careers. The Handbook of Japanese Verbs is just that book. The Introduction takes the first step toward

comprehension by pointing out the features of Japanese verbs that stand in contrast to their English counterparts, such as tense, politeness level, auxiliaries, and transitive and intransitive forms. Part 1 shows through tables and concise commentary how Japanese verbs are categorized, conjugated, and combined with auxiliaries. Each form is followed by a short exercise, reinforcing the points just made. Part 2 takes up the forms described in the first part and shows how they function in full-fledged sentences. Each discussion is followed by examples and exercises, ensuring that the student has understood the forms under discussion. In the appendices, the student is offered a number of look-up methods, including an English-Japanese verb dictionary. This completes the apparatus necessary for a solid handbook on Japanese verbs, a book students can rely on for many years to come

The Divine Conspiracy Continued

Dallas Willard, the author of the bestselling spiritual classic, *The Divine Conspiracy*, now fulfills his revolutionary vision of how the kingdom of God is made real on earth in this sequel, the last book he was working on before his recent death. In *The Divine Conspiracy*, revered Christian philosopher and scholar Dallas Willard critiqued the church's obsession with "sin management" and revolutionized our understanding of true Christian discipleship. Jesus is not a remote savior, waiting to welcome us into heaven after we die, Willard argued. He is a dynamic living force, a leader and teacher to whom we apprentice ourselves to learn the sacred skills God wants us to embrace, and to fulfill His son's vision when Christ declared that the "kingdom of God has come." In *The Divine Conspiracy Continued*, co-written with theologian Gary Black, Willard lays out the next stage in God's plan as this generation of disciples, including ordained and lay leaders, step into positions of authority across our culture and begin to transform the world from the inside out. To fulfill the Christian calling is not to remove oneself from the outside world and take shelter from its shortcomings, Willard reminds us, but to step into the world to lead and serve as agents of change.

Spirit Horse

When a Siksika boy living on the Plains during the 1770s becomes separated from a raiding party, he discovers the legendary spirit horse which he attempts to track down and tame. Reprint.

Cootie Catcher Art

For Ingest Only - Data needs to be cleaned up for all products being loaded

Go!

A beautiful and fascinating portrait of the world's most extreme wildlife, from the sexiest beast to the smelliest plant.

Extreme Nature

This book has been specially researched and designed to provide the ideal companion to Biblical studies. In the panels of this book there are thousands of new and interesting insights into the greatest stories ever told. In many ways it provides a new and easily accessible way of looking at Biblical history, which will bring to life the thousands of characters and events that have been so significant to the history

and culture of Western civilization. A 17-foot accordion fold pull-out section makes up this thorough, and thoroughly entertaining book. The book makes an unique gift and a valuable addition to any library.

The Timechart of Biblical History

CasebookPlus Hardbound - New, hardbound print book includes lifetime digital access to an eBook, with the ability to highlight and take notes, and 12-month access to a digital Learning Library that includes self-assessment quizzes tied to this book, leading study aids, an outline starter, and Gilbert Law Dictionary.

Freeland, Lathrope, Lind, and Stephens's Fundamentals of Federal Income Taxation, 19th

Non stop adventure and death defying chases in Will Adam's outstanding debut novel.

The Alexander Cipher

Charlie Ashanti, the hero of LIONBOY, speaks cat - the language of all cats wild and domestic alike. His unusual talent helps him on his quest to find his kidnapped parents who have discovered a cure for asthma. The local cats of his home town (a futuristic London) start him on his search to solve the mystery of his missing parents, which leads him across the channel on board a circus ship bound for Paris. It is on this wonderful vessel that Charlie establishes a close relationship with the homesick circus lions who become his accomplices. But Charlie is in danger, for close behind him on his trail, is a crony of the mysterious group who have kidnapped his parents. They want Charlie too.

Sharon's First Case

Fred, Nickel and Annette share a dream, to escape to Canada and away from the boredom of provincial Germany. But dreams cost money and money means banks and banks mean robbery and robbery can go wrong. And the robbery does go wrong leaving Fred arrested and imprisoned for four years. Once he's out he heads for Berlin, a city in flux after the dismantling of the Wall. He's pursuing his money, his friends and his dreams. But for Nickel and Annette times have moved on, and their earlier exploits are not ones they care to remember.

Corey in the Saddle

Charlie Ashanti y lion-rescuer, shipwreck-survivor and Catspeaker y is safe with his parents. Or is he? Old enemies are closing in: Maccomo, the liontrainer, longs for revenge, and the evil Corporacy is still hunting Charlie and his mum and dad. They could hide. But the time to hide is over. Now is the time to fight back . . . Brilliantly written, fantastically exciting adventure fiction with a twist y boys and girls aged 9+ will love it! Lionboy was the first ever selection by the Blue Peter Book Club.

Country Boys, Country Love

Kelly loves Mike, at least she thinks she does. But when the choice is between camping with him and his mates and a beach holiday in Greece with the girls, she knows where her heart lies. It's time for her to finally have some fun, feel free and figure out what she really wants.

Lionboy

A collection of traditional stories.

Magic Hoffmann

Ten minimysteries to be solved by the reader.

Lionboy

"Kemal Kayankaya is the ultimate outsider among hard-boiled private eyes." —Marilyn Stasio, The New York Times Book Review OVER 1 MILLION COPIES SOLD WORLDWIDE Turkish detective Kemal Kayankaya might not know when it's recycling day, but now he has to help four eco-terrorists beat a murder rap... Wisecracking PI Kemal Kayankaya cares more about sausage and beer than politics, but when he's hired to defend four eco-terrorists charged with murdering a chemical plant owner he finds himself stuck in the middle of Germany's culture wars. It doesn't take long for Kayankaya to realize that

the whole situation stinks and that both the Left and the Right have blood on their hands. And is the fiery journalist Carla Reeder mann dogging his steps because she smells a story, or is she after something more? A hardboiled noir in the Chandler tradition that also provides a wry critique of contemporary racial and environmental politics, More Beer shows why Jakob Arjouni's series of Kayankaya novels has become a bestselling international sensation.

Footloose

Der Umzug ihrer Familie macht Jule schwer zu schaffen. In ihrer neuen Klasse scheinen alle nach der Pfeife der Angeberin Helen zu tanzen, bis auf eine ... Mechthild!
