Transcendence

Norman E. Rosenthal, MD, a twenty-year researcher at the National Institute of Mental Health and the celebrated psychiatrist who pioneered the study and treatment of Season Affective Disorder (SAD), brings us the most important work on Transcendental Meditation since the Maharishi Mahesh Yogi's Science of Being and Art of Living – and one of our generation's most significant books on achieving greater physical and mental health and wellness. Transcendence demystifies the practice and benefits of Transcendental Meditation for a general audience who may have heard about the method but do not necessarily know what it is, how it is learned, or what they stand to gain, physically and emotionally, from achieving transcendence. Dr Rosenthal clearly and practically explains the basic ideas behind Transcendental Meditation: It is a nonreligious practice that involves sitting comfortably for twenty minutes twice a day while using a silent mantra, or nonverbal sound, to attain a profound state of aware relaxation. Alongside exclusive celebrity interviews—where figures like Paul McCartney, Ringo Starr, Martin Scorsese, Russell Brand, Laura Dern, Moby and David Lynch openly discuss their meditation – Dr Rosenthal draws upon experience from the lives of his patients and a wealth of clinical research amassed on TM over the past generation (340 peer-reviewed published articles). He provides the fullest and most accessible book ever on the broad range of benefits of this remarkably simple practice, from relief of anxiety, stress and depression to new hope for those experiencing addiction, attention-deficit disorder, or post-traumatic stress disorder.

Bliss More

From one of America's top meditation teachers and mindfulness experts comes a revolutionarily simple approach to everyday practice—especially if you don't think you have the time or the patience. Imagine you're sitting on a cushion with your legs crossed, ready to tap into unlimited joy. There's just one problem: You can't get comfortable (let alone still), and your head is full of way too many thoughts. The problem is not with meditation, or you, though—the issue may be with your approach. When properly understood and practiced, meditation should feel easy, calming, and comfortable. In Bliss More, maverick instructor Light Watkins provides the tools for making it E.A.S.Y. (Embrace, Accept, Surrender, Yield), dispels the biggest myths and misunderstandings, and shares real-world tips and straight talk for hacking into this ancient practice. The result: a happier and healthier you, inside and out. Watkins also shares candid testimonials from people whose lives have been enriched through his method, and extensive resources for transforming a daily chore into an enjoyable activity. Even the biggest skeptic will look forward to sitting for meditation every day. Whether you're a novice or

experienced practitioner, Bliss More will shed light on the path to a clearer mind, better sleep, and more bliss in everyday life. Praise for Bliss More “With Light Watkins as your guide, you will unlock the secrets to establishing a regular and powerfully healthy daily practice.”—Deepak Chopra, M.D. “Bliss More is one of the best meditation books I’ve ever come across for getting you started. Light Watkins has the gift of being able to demystify meditation in a way that will make you want to meditate, even if you feel your mind is too busy.”—Frank Lipman, M.D., author of 10 Reasons You Feel Old and Get Fat “If you’re ready to start a solid meditation practice, look no further.”—Rosario Dawson, actress “Light takes the world’s most powerful practice and turns it into something you can’t wait to do, something you’re actually excited about.”—Pam Grout, author of E-Squared and Thank & Grow Rich “Bliss More is a treasure trove of powerful, practical, and priceless techniques to finally master your meditation practice.”—Davidji, meditation teacher and author of Sacred Powers

A Little Bit of Meditation

From a holistic health expert, an easy-to-use, informative introduction to one of today’s most popular spiritual practices: meditation. A great place to start on your mindfulness journey, this book explores the history of meditation and its origins as well as its practical applications. In addition to outlining how meditation can improve the quality of your life, Amy Leigh Mercree covers different forms of the practice, from mantra meditations to moving meditations. Meditation is a proven method of finding calm and coping with our crazy world. Amy Leigh Mercree explores the history of this ancient practice as well as its practical applications—including decreased anxiety and a more contented life. Why Meditate? Because it Works

Why Meditate? Because it Works will inspire you to begin your meditation journey. Written by Jillian Lavender, one of the most experienced and in-demand meditation teachers in the world, Why Meditate? Because it Works delivers a modern, accessible and trustworthy explanation of what meditation is, and most importantly, what it will do for you. Jillian delves into why a daily meditation practice is so necessary for your busy life. As co-founder of London and New York Meditation Centres, Jillian has taught Vedic Meditation to thousands of people across the globe. She now shares her much sought-after wisdom in her debut book. Jillian busts common myths and explains the science and benefits of meditation in a clear and easy way. Beautiful illustrations, real-life stories from students, and simple starter tips weave together to form a foundation to truly understand meditation and inspire you to seek a practice of your own. 'Meditation has been transformational to my health. Learning with Jillian was a liberation. Her normal approach to meditation means it's enjoyable and easy to do. I don't have a single client I wouldn't recommend it to.' - Amelia Freer 'Why Meditate? delivers very eloquent, fascinating and easily absorbed information about meditation and what it can and will do for you with regular practise.' - The Curiosity Gap

The Power of Vital Force

"By contemplating and applying the precious knowledge in these pages, you will learn to make everything in your life easier . . . Relationships. Jobs. Family. Creativity. Happiness. And maybe even doing something more game-changing than you've ever thought possible." - Dave Asprey Why do some people thrive while others just get by? What's their secret to peak performance and maximum happiness? Some call it the zest, the gusto, or the extra edge in life. The ancient Indian spiritual tradition Vedanta calls it prana, or life force. We can call it vital force. By any name, it's the fundamental fuel that activates and optimizes all physical, emotional, and cognitive functions, including consciousness, perception, thinking, judgment, and memory. In modern life, we have forgotten the golden key—the higher our energy, the better our performance in everything we do. Energy naturally impacts mind-set and moves us toward greater happiness, success, and self-awareness. This book gives you back your power with simple tools to take hold of the limitless energy of life itself—more swiftly and easily than you ever thought possible. Rajshree Patel is a former federal prosecutor who discovered Vedanta by accident and went on to become an internationally renowned teacher of its deep wisdom and dynamic practice. In these pages, she reveals: • What vital force is, how it influences every single aspect of your life, how to enhance it—and how your mind, the biggest energy hog, can drain it; • Tools to dial down the chatter of your racing mind and resolve your personal energy crisis; • Why traditional mindfulness meditation may not be your best path to inner peace; • Easy biohacking techniques, from breath work

to meditation to movement, that reduce stress and maximize joy; and • Ancient secrets to fuel your purpose and performance in every aspect of your life. The Power of Vital Force is a practical pathway to the unlimited source of energy and intelligence that exists beyond the thinking and reasoning mind.

The Meditation Sutras

The Meditation Sutras combines ancient spiritual knowledge with the author's personal experience of daily meditation for a guide to happiness.

How to Meditate: Practicing Mindfulness & Meditation to Reduce Stress, Anxiety & Find Lasting Happiness Even if Your Not Religious, a Beginner or Experienced

Take The Mystery Out of Meditation & Change Your Life For The Better How many times have your friends told you to meditate, and you feel like yes...but don't know how to? Maybe you're looking for a natural way to relax and deal with stress? Or maybe you've been trying for years to meditate but get confused with all the knowledge and spirituality. In fact Meditation is a simple practice available to all... Research over the past two decades concludes that mindfulness meditation exerts beneficial effects on physical and mental health as well as cognitive performance. Which means you can reduce stress, increase calmness, clarity and happiness. Billionaire hedge fund manager Ray Dalio was quoted as saying, "Meditation more than anything in my life was the biggest ingredient of whatever success I've had." We often catch ourselves in obsessive thinking or spending many hours every day gaming or browsing online, may go unnoticed. Meditation is the first step to reaching a higher level of awareness, inner calm and mindfulness. It isn't about trying to empty your mind. Instead, the practice involves paying close attention to the present moment, especially our own thoughts and emotions. For experienced meditators this book will blow the cobwebs off and invigorate you. For a beginner, this book has all you need to master your mind. In this book you will discover How to sit and what to do with your eyes, hands, etc. Using the five senses to gain clarity and focus Over 9 different ways of meditation + choosing the best way for you The 4 most important things you should know about about Meditation How to establish a consistent Meditation practice and make it part of a wider personal development plan Elite level Meditations used daily by superstar basketball player Kobe Bryant Make less mistakes and increase your mental strength The benefits of Moving Meditation + 3 ways to start practicing them now Top tips for practicing mindfulness in your everyday life Cultivate antidotes to negative states of mind Techniques to relieve stress, anxiety & improve your health in just 5 minutes per day Guided Meditations for deep relaxation or sleep And much, much more.... Imagine feeling less stressed and eventually reaching a higher level of awareness and inner calm. Even if you're always stressed and don't have enough time, you too can find inner peace with just five minutes a day. And you won't need an instructor, a custom mantra, or need to visit a Buddhist Temple... All you need is a little patience and the knowledge contained in this book.

Stress Less, Accomplish More

Foreword by Mark Hyman, MD Preface by Andrew Huberman, PhD You know you should be meditating, so what's stopping you? This entertaining and enlightening book by the founder of Ziva Meditation—the favorite training for high achievers—will finally take meditation mainstream. “We meditate to get good at life, not to get good at meditation.”—Emily Fletcher In our high-stress, overworked lives, we think the answer to accomplishing more is to do more. But the best advantage we can give ourselves is to take a mental break—to spend a few minutes of the day giving the body and brain rest. Did you know that a brief meditation can offer rest that's five times deeper than sleep? When you make time to practice the Z Technique this book teaches, you'll actually be more productive than if you took an hour-and-a-half nap or had a cup of coffee. A leading expert in meditation for high performance, Emily Fletcher has taught meditation at numerous global corporations, including Google, Barclays Bank, and Viacom, to help their employees improve their focus and increase their productivity levels. With Stress Less, Accomplish More, anyone can get the benefits of her 15-minute twice-daily plan. Emily specifically developed the Z Technique for working people with busy lives. Now, you can learn to recharge anywhere, anytime—at home or at your desk. All you need is a few minutes and a chair (no apps, incense, or finger cymbals required). This is not just another meditation book. In Stress Less, Accomplish More, Emily teaches a powerful trifecta of Mindfulness, Meditation, and Manifesting to improve your personal and professional performance, clarity, health, and sleep. You'll learn how to cultivate Mindfulness through brief but powerful exercises that will help you stop wasting time stressing. Plus, you'll get Manifesting tools to help you get crystal clear on your personal and professional goals for the future. Filled with fascinating

real-life transformations, interactive exercises, and practical knowledge, *Stress Less, Accomplish More* introduces you to a revelatory daily practice and shows you how to make it work for your modern life.

Strength in Stillness

Bob Roth is one of the world's most sought-after teachers of Transcendental Meditation – a highly effective form of meditation that goes beyond mindfulness to produce a deeper and long-lasting sense of peace. Praise for Bob Roth and *Strength in Stillness*: 'A masterclass. I love meditation, and I love this book.' ARIANNA HUFFINGTON 'Bob Roth taught me to meditate. This book will guide you to peace.' RUSSELL BRAND 'Bob Roth's *Strength in Stillness* is so needed right now. It will enhance our lives.' STELLA MCCARTNEY 'I am one-thousand per cent better when I do it. Meditation Bob: He's got it!' OPRAH WINFREY 'The most engaging guide to a technique I have come to rely on.' GWYNETH PALTROW 'It is the only time I have that stillness. I just love it so much.' ELLEN DEGENERES Every day we face a growing epidemic of stress. People of every race, age and income all make the same confession: 'I am so stressed'. There is a simple practice that dramatically changes how we respond to life's stresses: the Transcendental Meditation technique. With scientifically proven benefits, improved focus, sleep, resilience, creativity and memory, this method has a direct impact. For nearly five decades, Bob Roth has helped bring Transcendental Meditation to millions of people around the world – in 35 countries across Europe, North and South America, Asia and Africa. Once a sceptic, he learned the art from Maharishi Mahesh Yogi, the foremost scientist of consciousness and meditation. As Co-Founder and Executive Director of the David Lynch Foundation, Bob teaches frequently at inner-city schools, veterans' hospitals, battered women's shelters, homeless shelters and prisons. Bob is also the go-to meditation teacher for leading figures in the worlds of media and business. Beautifully presented, *Strength in Stillness* is a simple, classic guide to calming your mind and body. Further praise for *Strength in Stillness*: 'Bob's really helped us and our son, who was a stressed, anxious kid' HUGH JACKMAN 'I can't say enough about Bob Roth and TM. Stillness, true stillness, of both mind and body, is a gift.' MICHAEL J. FOX 'Transcendental Meditation is the single most important reason for any success I have had in my life. *Strength in Stillness* masterfully distills the essence of this technique.' RAY DALIO

Meditation

This is an excellent practical guide to learn the wide-ranging forms of meditation techniques practised in the ancient times as well as the present.

Transcendental Meditation

A Harvard graduate student asked his instructor, Ronald David, M.D., about meditation. What was it? What did it do? Dr. David, Lecturer in Public Policy at the John F. Kennedy School of Government, offered to find out. He called the Transcendental Meditation Center in Cambridge, and the next week a speaker addressed Dr. David's class. Fascinated, six students, along with Dr. David, started the technique.

The Effortless Mind

A GUIDE TO THE UNIQUE POWER OF BEEJA MEDITATION TO OVERCOME STRESS AND ANXIETY, HELPING US TO THRIVE. ‘Will’s meditation is a game changer. If you want to understand meditation more deeply and how you can harness the benefits, *The Effortless Mind* is where it’s at. I will be giving this important book to everyone I know.’ Jasmine Hemsley, author of *The Art of Eating Well* ‘Will makes meditation cool. Say hello to a clearer mind thanks to your new bulletproof technique to help you relax and unleash your best self.’ Madeleine Shaw, author of *Get The Glow* Daily life can feel like a fast-paced treadmill, leaving little time to unwind, re-charge and do what brings us joy. Meditation is a powerful way to hit the pause button, increase your energy and start to enjoy life more. *The Effortless Mind* is renowned meditation teacher Will Williams’s must-have guide for modern-day meditators. Suffering from chronic stress and insomnia, Will undertook years of research and training with leading experts from around the world, which led him to find the cure he was looking for in Beeja meditation. In *The Effortless Mind*, Will explains how his Vedic-inspired method of meditation has transformed the lives of his students – all of whom are busy people of all ages and all backgrounds. Their inspiring stories and the scientific research into meditation show the profound physical, mental and emotional benefits you can gain from such a simple daily practice, including more energy, better sleep, greater clarity, less anxiety and a happier outlook on life. More praise for *The Effortless Mind*: ‘Meditation can be a powerful tool in managing anxiety, stress and other common daily experiences that so many people seem to face and Vedic meditation with Will is one of the simplest forms of meditation there is, making it incredibly accessible for anyone to learn.’ Annie Clarke, author of *Mind Body Bowl* ‘I learnt how to meditate with Will Williams two years ago and since then so many things have changed. I have a life-long tool that has brought me calm, clarity and increased creativity and allowed me to far more effectively weather the storms of everyday life. Will is the most generous, warm and gracious teacher.’ Eminé Rushton, Wellbeing Director, Psychologies ‘Within a few months of learning to meditate with Will, I realised I was starting to have so many ideas for songs and books, as well as helping me with a busy schedule of touring and being a dad.’ Howard Donald, Take That ‘Beeja meditation is now part of my daily routine. It has been hugely beneficial in so many ways. Will is very supportive and nurturing and makes learning seem easy and fun. I feel extremely grateful this has come into my life.’ Cressida Bonas, actress ‘Will’s practical, non-woo-woo approach to meditation has enabled thousands of busy people to find a way to fit a regular practice into their lives.’ Lesley Thomas, *The Times*

The Vedas

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

Waking Up

Follows the establishment of Maharishi University of Management by Maharishi Mahesh Yogi, discussing how it influenced the community in Fairfield, Iowa, and how the founder's death has impacted the university.

Transcendental Meditation in America

The Hindu-derived meditation movement, The Art of Living (AOL), founded in 1981 by Sri Sri Ravi Shankar in Bangalore, has grown into a global organization which claims presence in more than 150 countries. Stephen Jacobs presents the first comprehensive study of AOL as an important transnational movement and an alternative global spirituality. Exploring the nature and characteristics of spirituality in the contemporary global context, Jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product. The book concludes that involvement in movements such as AOL is not necessarily narcissistic but can foster a sense of community and inspire altruistic activity.

The Art of Living Foundation

As yoga gains popularity across the U.S., many people are becoming interested in its traditional Vedic roots. While Buddhist meditation is well represented on bookshelves, there has been little Vedantic philosophy written in lay terms until now. Author David Frawley guides readers through the challenges of cultivating awareness, calming the mind, and practicing meditation according to Vedanta and Hinduism. He examines how cultural knowledge systems in the West lead individuals to disillusionment, and speaks about how meditation can aid in understanding the true nature of one's thoughts, emotions, and perceptions. Frawley explores meditation support practices such as yoga, mantras, kundalini, and pranayama, as well as the role of gurus, and concludes with a short, more technical essay on self-inquiry.

The Transcendental Meditation

In this time of quarantine and global uncertainty, it can be difficult to deal with the increased stress and anxiety. Using ancient self-care techniques rediscovered by Herbert Benson, M.D., a pioneer in mind/body medicine for health and wellness, you can relieve your stress, anxiety, and depression at home with just ten minutes a day. Herbert Benson, M.D., first wrote about a simple, effective mind/body approach to lowering blood pressure in *The Relaxation Response*. When Dr. Benson introduced this approach to relieving stress over forty years ago, his book became an instant national bestseller, which has sold over six million copies. Since that time, millions of people have learned the secret—without high-priced lectures or prescription medicines. *The Relaxation Response* has become the classic reference recommended by most health care professionals and authorities to treat the harmful effects of stress, anxiety, depression, and high blood pressure. Rediscovered by Dr. Benson and his colleagues in the laboratories of Harvard Medical School and its teaching hospitals, this revitalizing, therapeutic tack is now routinely recommended to treat patients suffering from stress and anxiety, including heart conditions, high blood pressure, chronic pain, insomnia, and many other physical and psychological ailments. It requires only minutes to learn, and just ten minutes of practice a day.

The Inner Gym provides you with a series of "inner exercises" that will do for your happiness what outer exercises like pull-ups, push-ups and squats do for your physical muscles. These exercises will help to build and strengthen your happiness. After all, true happiness is a byproduct of inner strength training. The idea is simple: Each chapter provides you with instructions on how to perform an inner exercise--such as meditation, expressing gratitude, or performing a random act of kindness. There's a log at the end of each chapter for holding yourself accountable. The entire program is only 30 days. Click the play button above to watch the Inner Gym trailer with author Light Watkins. It's the closest thing you can get to a magic bullet for happiness. Start inner exercising today and pump up your inner happiness muscles, and watch how your happiness grows from the inside-out.

How To Meditate

He shows in this book how you can overcome your anxiety and frustration, how to find your purpose in life and guide your life day by day, the secrets of how to develop inner peace, how to use knowledge as an instrument of growth and enlightenment and the process of bhakti, the highest aspect of the path of yoga. This book will give you the tools to take control of your life experience.

The Inner Gym

We draw the reader's attention to the seriousness of the matter and the mood necessary for this work. If you have not yet understood the importance of meditation for your growth, and have not made the decision to begin it, then do not even continue your reading, because you will be wasting a better time applicable to other activities. The mood necessary to begin this work, the end of which is non-existent, is not based on a simple passing desire or illusory mental state, but on a superior principle, based on the will. This word - Will - was the closest we find to define, as synthesis, the anguish of the soul in search of liberation. It is the hand of God inflaming the aspirant's spirit, whose conscious sacrifice will be the fundamental tonic of this process called meditation, at least in its beginning. However, the day

will come when meditation will no longer be a sacrifice, but water and food without which the divine essence within us cannot survive. When this begins to occur, the aspirant will be able to feel the divine breath upon his body, and this breath will be like the balm that soothes all his wounds, giving him strength to continue his journey, however hard it may be. Blessed is he who knelt through the door of the sanctuary and prostrated himself before the altar. His happiness and love will be sources of life for everyone around him. His light will illuminate even the deepest caves, and his radiations will pale the illusory shines of metals.

The Knack of Meditation

The noted research psychiatrist and New York Times-bestselling author explores how Transcendental Meditation permanently alters your daily consciousness, resulting in greater productivity, emotional resilience, and aptitude for success. Most of us believe that we live in only three states of consciousness: wakefulness, sleep, and dreaming. But there is so much more. In *Super Mind*, clinical psychiatrist and bestselling author Norman E. Rosenthal, M.D., shows how the incredibly simple daily practice of Transcendental Meditation (TM) can permanently improve your state of mind during the routine hours of waking life—placing you into a super-mind state of consciousness where you consistently perform at peak aptitude. In his most ambitious and practical book yet, Rosenthal shows how TM is more than a tool for destressing or for general wellness. It is a gateway to functioning physically, emotionally, and intellectually at levels we never knew we could attain. Written in Rosenthal's trademark style of restraint and intellectual carefulness, *Super Mind* explores how we can aspire to so much more than we ever thought possible.

The 3t Path

“Through mantra practice, positive karma flows freely into our lives ... desires are fulfilled ... spiritual abilities manifest ... and we have moved another step forward toward moksha—complete spiritual freedom.” —Thomas Ashley-Farrand *Karma*: the consequence of all of your actions, decisions, thoughts, and emotions. According to Thomas Ashley-Farrand, karmic patterns from the past are always with you, affecting everything you do—for better or for worse. With Mantra Meditation, you will learn how to use genuine Sanskrit mantras to balance your chakras (your body's seven spinning energy-centers) to dissolve negative karma. “When you begin to chant these ancient formulas,” teaches Ashley-Farrand, “the petals on your chakras begin to resonate, and they pull in spiritual energy.” With Mantra Meditation—designed as a 40-day practice or a lifelong tool—your spiritual energy grows, your karma disperses, and your path clears to bring you everything you desire through the fusing of your own efforts and the infinite generosity of the universe. Includes 15 guided mantra meditations and instructions for Sanskrit pronunciation.

In this book he provides an easy to understand and comprehensive survey of research on the Transcendental Meditation technique in terms of his personal experience as a scientist and teacher.

Mantra Meditation

Former TM insider inundated with publicity about TM being a scientific relaxation technology that is a cure for just about everything and, since non-religious, should be in our public schools. It was a false narrative. Someone needed to set the record straight, and with his background in public health and behavioral science, he decided to do it.

Listen to the Audio book for the full experience Transcendental meditation is so important to implement into your life. Our modern world is so full of stress, worries, and anxiety that it often feels like things are closing in around us. With transcendental meditation, we are able to transcend above our normal thinking patterns, and in turn, feel more relaxed and at peace with ourselves. This guidebook is going to walk you through the process of transcendental meditation. Inside this guidebook, we will look at the steps that you need to make this meditation technique work. Some of the steps we will discuss include:

So You Want to Sing with Awareness

Transcendental Meditation (TM) is a simple, natural method of allowing the mind to go beyond thoughts and gain access to the silent inner field of creativity, energy, peace, and happiness that is our own essential nature, our Self. Widely known and prescribed by physicians for its powerful stress-reducing effects, TM is much more than that. Maharishi Mahesh Yogi (1918–2008), who brought TM to the West, said that TM offers any individual not only a gateway to the highest spiritual unfoldment (Enlightenment), but also "sound physical and mental health, greater ability in action, a greater capacity to think clearly, increased efficiency in work, and more loving and rewarding relationships with others." Five million TM practitioners around the world and more than 360 published, peer-reviewed scientific studies have consistently corroborated these lofty claims. Described as "a great book, by far the most comprehensive on the TM Program" when it was a bestseller in its original version, Jack Forem's study of TM became a much-loved classic. This updated edition contains all the features of the original plus much more. Clear, easy-to-read diagrams explain scientific research showing TM's beneficial effect on the brain and a broad spectrum of contemporary concerns, from health, self-actualization, and development of intelligence to post-traumatic stress disorder (PTSD), attention deficit/hyperactivity disorder (ADHD), and much more. In these pages:

- Oprah Winfrey tells how she has offered TM to everyone on her staff.
- Dr. Mehmet Oz explains the benefits of TM for heart health.
- School principals describe the dramatically positive effect on their students when TM is introduced in the classroom.

Interviews with celebrities as well as men and women of every age, background, and religion provide a lively testimonial to the efficacy of TM in making anyone's life happier, healthier, and more creative.

What Everyone Should Know about Transcendental Meditation

Meditation helps us to cut through the agonizing clutter of superficial mental turmoil and allows us to experience more spacious and joyful states of mind. It is this pure and luminous state that I call your Wildmind. Transcendental Meditation

For nearly fifty years, the Transcendental Meditation (TM) program of Maharishi Mahesh Yogi has helped followers use meditation as a path to gain deep relaxation, eliminate stress, promote health, increase creativity and intelligence, and attain inner happiness and fulfillment. Today, it is the single most effective technique available. Robert Roth, who completed his training directly under the supervision of Maharishi Mahesh, is one of the most knowledgeable exponents of these practices in North America. In Maharishi Mahesh Yogi's TM: Transcendental Meditation Roth addresses the benefits and techniques of TM, as well as its value for stress reduction and personal development. It is a unique guide to an enormously popular and successful program.
