The Vision Books are one of the most popular and well-written series of saints' lives ever produced for young people. This Teachers' Guide now offers teachers and parents a practical means to stimulate both the spiritual growth and intellectual development of students through an organized, systematic study of seventeen biographies of holy men and women in the Vision Books series. This guide facilitates student interaction with the spiritual insights, moral lessons, and sound academic content found in each book. It is divided into sections, each of which contains an overview of the saint's life and activities that illustrate the person's impact on the Church and his time. These activities are destined to challenge student thinking, to promote the application of spiritual insights to the reader's personal life, and to expand the reader's understanding and appreciation of the holiness of the saints. Teachers can select any combination of activities for individual students, for small groups, or for class-wide discussion. The activities include chapter vocabulary, language in context, time line, outline maps, topics for written reports, biographical sketches, using Scripture and the Catechism, and discussion questions.

"The definitive aim of catechesis is to put people not only in touch but in communion, in intimacy, with Jesus Christ." These words of Pope John Paul II are quoted in the first sentence of the United States Catholic Bishops Doctrinal Elements of a Curriculum Framework for the Development of Catechetical Materials for Young People of High School Age. The intention of the new Framework is similar: it provides the course structure and content instruction to serve as a way for high school students to know Jesus Christ, to grow in relationship with him, and to live according to the truth he has given us. After several consultations through its development with bishops, diocesan leaders, teachers, catechists, and publishers, the full body of the

United States Conference of Catholic Bishops unanimously approved the Framework in 2007. One of its first objectives was to provide guidance to publishers who create instructional materials for use both in Catholic high schools and parish youth ministry programs. Scope and Sequence Besides providing doctrinal elements for a curriculum, the Framework also strongly suggests a sequence to shape a four-year, eight-semester course of catechetical studies. There are six core semester-length courses that the bishops strongly recommend be offered in the order they appear in the Framework. Those courses are: I. The Revelation of Jesus Christ in Scripture The Scriptures trace the coming of Jesus, the Christ. II. Who Is Jesus Christ? Jesus is the ultimate revelation from God. III. The Mission of Jesus Christ (The Paschal Mystery) Our redemption only comes in and through Jesus. IV. Jesus Christ Continues the Mission in the Church. The Church is the Body of Christ where we meet Jesus today. V. Sacraments as Privileged Encounters with Jesus Christ We can encounter Christ in a full and complete way in the Sacraments. VI. Life in Jesus Christ There are moral principles that govern the life of Christ's disciples. In addition five possible elective courses appear in this Framework as options for the other two semesters. Those courses have been titled Sacred Scripture, History of the Catholic Church, Living as a Disciple of Jesus Christ in Society (Social Justice), Responding to the Call of Jesus Christ (Marriage and Holy Orders), Ecumenical and Interreligious Issues Online Resources Include: - PowerPoint - Presentation - Study Guide - Crossword Puzzles - Review Questions - Prayer Services - And More! Christian morality is not only for "knowing," but also for "living." This is a practical manner in which the spirit of Christ is made manifest in the world, thus contributing to the improvement of society. Based on the Ten Commandments and the Beatitudes, Our Moral Life in Christ presents the teachings of the Magisterium on moral issues in modern society. Inspired by recent papal documents, especially the encyclical The Splendor of Truth, and the Catechism of the Catholic Church, this book provides the moral formation that will help the reader to become more Christlike in service of love and in the journey toward personal perfection as well as providing the foundation to pursue advanced theological studies.

The Sunday school teacher's manual

Most Christians believe that everything about Jesus and the early church can be found in their New Testament. In recent years, however, the discovery of the Gospel of Thomas and the reconstruction of the Q-Gospel have led scholars to recognize that some very early materials were left out. Now, due to the pioneering efforts of Dr. Aaron Milavec, the most decisive document of them all, namely, the Didache ("Did-ah-Kay"), has come to light. Milavec has decoded the Didache and enabled it to reveal its hidden secrets regarding those years when Christianity was little more than a faction within the restless Judaism of the mid-first-century. The Didache reveals a tantalizingly detailed description of the prophetic faith and day-to-day routines that shaped the Jesus movement some twenty years after the death of Jesus. The focus of the movement then was not upon proclaiming the exalted titles and deeds of Jesus - aspects that come to the fore in the letters of Paul and in the Gospel narratives. In contrast to these familiar forms of Christianity, the focus of the Didache was upon "the life and the knowledge" of Jesus himself. Thus, the Didache details the step-by-step process whereby non-Jews were empowered by assimilating the prophetic faith and the way of life associated with Jesus of Nazareth. Milavec's clear, concise, and inspiring commentaries are not only of essential importance to scholars, pastors, and students but also very useful for ordinary people who wish to unlock the secrets of the Didache. Milavec's analytic, Greek-English side-by-side, gender-inclusive translation is included as well as a description of how this document, after being fashioned and used 50-70 C.E., was mysteriously lost for over eighteen hundred years before being found in an obscure library in Istanbul. The study questions, bibliography, and flowcharts enable even first-time users to grasp the functional and pastoral genius that characterized the earliest Christian communities.

The Church Teacher's Manual of Christian Instruction

The Vatican. The Inquisition. Contraception. Celibacy. Apparitions and miracles. Plots and scandals. The Catholic Church is seldom out of the news. But what do its one billion adherents really believe, and how do they put their beliefs into practice in worship, the family, and society? This down-to-earth account goes back to the early Christian creeds to uncover the roots of modern Catholic thinking. It avoids getting bogged down in theological technicalities, and throws light on aspects of the Church's institutional structure and liturgical practice that even Catholics can find baffling: why go to confession? How are people made saints? What is 'infallible' about the Pope? Topics addressed include: • scripture and tradition • sacraments and prayer • popular piety • personal and social morality • reform, mission, and interreligious dialogue Lawrence Cunningham, a theologian, prize-winning writer and university teacher, provides an overview of Catholicism today which will be indispensable for undergraduates and lay study groups.

The Old Testament

This work distills Fr. Rodger Charles' extensive knowledge of the social teaching of the Catholic Church into an introductory outline of its principles. It has been written especially for use as preliminary reading material for those studying the Church's teaching in this area, but will also serve equally well as a general introduction to the ethics of decision making in the civic, political, and economic spheres of human society. The social teaching of the Church usually refers to modern documents, but there is social teaching in the Scriptures, and this teaching has developed within the tradition of the Church. Charles gives an overview of the evolution of social teachings. He quotes liberally from Church social documents, and adds an introduction and commentary to each section of this book.

Teaching Religion

The Light of Christ provides an accessible presentation of Catholicism that is grounded in traditional theology, but engaged with a host of contemporary questions or objections. Inspired by the theologies of Irenaeus, Thomas Aquinas and John Henry Newman, and rooted in a post-Vatican II context, Fr. Thomas Joseph White presents major doctrines of the Christian religion in a way that is comprehensible for non-specialists: knowledge of God, the mystery of the Trinity, the Incarnation and the atonement, the sacraments and the moral life, eschatology and prayer. At the same time, *The Light of Christ* also addresses topics such as evolution, the modern historical study of Jesus and the Bible, and objections to Catholic moral teaching. Touching on the concerns of contemporary readers, Fr. White examines questions such as whether Christianity is compatible with the findings of the modern sciences, do historical Jesus studies disrupt or confirm the teaching of the faith, and does history confirm the antiquity of Catholic claims. This book serves as an excellent introduction for young professionals with no specialized background in theology who are interested in learning more about Catholicism, or as an introduction to Catholic theology. It will also serve as a helpful text for theology courses in a university context. As Fr. White states in the book's introduction: "This is a book that offers itself as a companion. I do not presume to argue the reader into the truths of the Catholic faith, though I will make arguments. My goal is to make explicit in a few broad strokes the shape of Catholicism. I hope to outline its inherent intelligibility or form as a mystery that is at once visible and invisible, ancient and contemporary, mystical and reasonable."

The Didache

"The Ad Hoc Committee to Oversee the Use of the Catechism, United States Conference of Catholic Bishops, has found this catechetical text, copyright 2008, to be in conformity with the Catechism of the Catholic Church." Take a look at the second edition of this text and find the same clear theology with updated data and stories! The *Living Justice and Peace* course empowers students to examine society critically based on values from the Scriptures and on the seven themes of Catholic Social Teaching. The text addresses specific topics such as abortion, capital punishment, racism, poverty, the environment, and peace. After providing students with three foundational chapters on justice and Scripture, Catholic

social teaching, and a praxis model, the remaining seven chapters each take one of the themes. True stories of adults and teens who have experienced injustice or have transformed the world through acts of justice inspire students to reflect on their own ability to make a difference. The teaching manual fully supports the student text and includes prayers, prayer services, review questions and answers, student activities, discussion questions, role-play situations, suggestions for interviews and guest speakers, student handouts, and much more.
