Doctrine and Covenants and Church History

Text extracted from opening pages of book: VOLUME TWO REVISED EDITION Chapters in Church History POWEL MILLS DAWLEY With the assistance of the Authors' Committee of the Department of Christian Education of The Protestant Episcopal Church NEW YORK COPYRIGHT 1950; AND ig6l BY THE SEABURY PRESS, INCORPORATED 1963 BY THE SEABURY PRESS, INCORPORATED First Edition Revised Edition 1963 LIBRARY OF CONGRESS CATALOG NUMBER: 63-16290 PRINTED IN THE UNITED STATES OF AMERICA BY THE COLONIAL PRESS INC., CLINTON, MASS. Foreword TH . HIS is the second volume in THE CHURCH'S TEACHING series. It takes up the story where The Holy Scriptures ended, and traces in broad strokes the major movements in the history of the Church down to its new ecumenical concern. It makes no attempt to be a detailed history book as its name Chapters in Church History implies. Such books are already available and, for the most part, remain unread by lay people. This series is not written for clergy and scholars. It is written for the average intelligent, educated layman. It goes without saying that it is not a Church School text, although parents and teachers will find it a valuable resource. If the reader has not already read volume one, The Holy Scriptures, we strongly urge him to do so before beginning this book. No attempt is made to retrace that ground or to cover subjects which will appear in later books on Faith and Worship. Here is the story of Anglicanism and our own tradition set over against the broad sweep of Christian history. It will help the reader to see the Body of Christ more clearly. JOHN HEUSS VESPER O. WARD Preface to the Revised Edition TH . HIS revision has been undertaken to correct and amplify some points at which the text of the first edition, published more than twelve years ago, has been rendered inadequate, particularly in sections dealing with aspects of recent Church history. Furthermore, the bibliography of books for reference and further reading has been completely revised, incorporating a large selection of excellent books that have appeared in the last decade. Except in a few instances, little change has been made in the main body of the text, POWEL MILLS DAWLEY Preface to the First Edition TH . HE immediate challenge presented to the Church in each generation is to bring the redemptive power of the Christian Gospel into the historical situations in which men live. The ultimate task of the Church is to effect that redemption in terms of men's highest membership, their common life in Jesus Christ. For the Christian, this task is illuminated by the record of man's life through the ages. He finds a meaningful pattern in history, its lines etched in the everlasting vitality of the community of God's people. Church history, then, is the story of God's redemptive activity among men through a fellowship that is no less than the Body of the Living Christ. The experience of the Church in any generation transcends time to speak to men

in all generations. The task of the Church historian is not that of recording every event in the history of Christianity. Rather it is to describe those events and movements that are of permanent significance, endeavoring to indicate their meaning. An important historical discipline, therefore, is that of selection. Readers will find some familiar episodes of history omitted from these chapters. 1 If this volume is to be The Books for reference, pages 259-268, cover in detailed fashion the various periods in the history of the Church. To fulfill its purpose, our chief concern will be to explore the meaning of important events and movements of thought, suggesting their relevance to the task that confronts the Christian community today. While this book, like the first volume of the series, The Holy Scriptures, has a single author, yet in its published form it represents the work of many hands. The chapters have been scrutinized and discussed at length by the members of the Authors' Committee, as well as

Understanding the Scriptures

Church History 1831 to 1844. This volume is the second of three on the history of the Church of Jesus Christ of Latter-day Saints and its Doctrine and Covenants. It covers Church history during the Kirtland and Missouri periods, including a series of breathtaking revelations on temples, the Plan of Salvation, the three kingdoms of glory, the Second Coming, principles of priesthood power, the Word of Wisdom, and the Law of the Church. We also learn about fasting, tithing, missionary work, and enduring to the end. We go with the Prophet Joseph Smith and Saints through the crucible of trials in Missouri and Liberty Jail. Then we follow them on to Nauvoo, where the Kingdom rose again on the Mississippi River, work for the dead was introduced, and the law of celestial marriage was revealed. Again, persecution raised its ugly head, ending in the martyrdom of Joseph and Hyrum Smith at Carthage. In all, it covers 11 years of Church History, and covers sections 100-135 of the Doctrine and Covenants. The cover features "Brother Joseph," a beautiful portrait of the Prophet Joseph Smith, by David Lindsay.

Chapters in Church History

Most Christians believe that everything about Jesus and the early church can be found in their New Testament. In recent years, however, the discovery of the Gospel of Thomas and the reconstruction of the Q-Gospel have led scholars to recognize that some very early materials were left out. Now, due to the pioneering efforts of Dr. Aaron Milavec, the most decisive document of them all, namely, the Didache ("Did-ah-Kay"), has come to light. Milavec has decoded the Didache and enabled it to reveal its hidden secrets regarding those years when Christianity was little more than a faction within the restless Judaisms of the mid-first-century. The Didache reveals a tantalizingly detailed description of the prophetic faith and day-to-day routines that shaped the Jesus movement some twenty years after the death of Jesus. The focus of the movement then was not upon proclaiming the exalted titles and deeds of Jesus - aspects that come to the fore in the letters of Paul and in the Gospel narratives. In contrast to these familiar forms of Christianity, the focus of the Didache was upon "the life and the knowledge" of Jesus himself. Thus, the Didache details the step-by-step process whereby non-Jews were empowered by assimilating the prophetic faith and the way of life associated with Jesus of Nazareth. Milavec's clear, concise, and inspiring commentaries are not only of essential importance to scholars, pastors, and students but also very useful for ordinary people who wish to unlock the secrets of the Didache. Milavec's analytic, Greek-English side-by-side, gender-inclusive translation is included as well as a description of how this document, after being fashioned and used 50-70 C.E., was mysteriously lost for over eighteen hundred years before being found in an obscure library in Istanbul. The study questions, bibliography, and flowcharts enable even first-time users to grasp the functional and pastoral genius that characterized the earliest Christian communities.

Church History Study Guide, Pt. 2

The Bible contains four Gospels which tell the story of Jesus of Nazareth. And yet, many more Gospels once existed. Who, then, determined which Gospels would, for the next two thousand years, serve as the main gateways to Jesus and his teaching? Recent books and films have traced the decision to a series of fourth-century councils and powerful bishops. After achieving victory over their rivals for the Christian name, these key players, we are now told, conspired to 'rewrite history' to make it look like their version of Christianity was the original one preached by Jesus and his apostles: the Gospels of Matthew, Mark, Luke, and John became the prime tools for their re-sculpting of the Christian story, leading to the destruction of previously treasured writings like the Gospels of Judas, Mary, and Thomas. Are the four canonical Gospels, then, in the Bible as the result of a great, ecclesiastical conspiracy? Or does this explanation itself represent another 'rewriting of history', this time by a group of modern academics? Who Chose the Gospels? takes us to the scholarship behind the headlines, examining the great (and ongoing) controversy about how to look at ancient books about Jesus. How the four Biblical Gospels emerged into prominence among their competitors is a crucial question for everyone interested in understanding the historical Jesus and the development of the Christian church.

Faith and Revelation

The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church, during an otherwise little-known period of its development. A selection of letters and small-scale theological treatises from a group known as the Apostolic Fathers, several of whom were probably disciples of the Apostles, they provide a first-hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion, Judaism.

Included here are the first Epistle of Bishop Clement of Rome, an impassioned plea for harmony; The Epistle of Polycarp; The Epistle of Barnabas; The Didache; and the Seven Epistles written by Ignatius of Antioch - among them his moving appeal to the Romans that they grant him a martyr's death.

The Gospel on the Ground - Bible Study Book with Video Access

When world-class biblical scholar Bart Ehrman first began to study the texts of the Bible in their original languages he was startled to discover the multitude of mistakes and intentional alterations that had been made by earlier translators. In *Misquoting Jesus*, Ehrman tells the story behind the mistakes and changes that ancient scribes made to the New Testament and shows the great impact they had upon the Bible we use today. He frames his account with personal reflections on how his study of the Greek manuscripts made him abandon his once ultraconservative views of the Bible. Since the advent of the printing press and the accurate reproduction of texts, most people have assumed that when they read the New Testament they are reading an exact copy of Jesus's words or Saint Paul's writings. And yet, for almost fifteen hundred years these manuscripts were hand copied by scribes who were deeply influenced by the cultural, theological, and political disputes of their day. Both mistakes and intentional changes abound in the surviving manuscripts, making the original words difficult to reconstruct. For the first time, Ehrman reveals where and why these changes were made and how scholars go about reconstructing the original words of the New Testament as closely as possible. Ehrman makes the provocative case that many of our cherished biblical stories and widely held beliefs concerning the divinity of Jesus, the Trinity, and the divine origins of the Bible itself stem from both intentional and accidental alterations by scribes -- alterations that dramatically affected all subsequent versions of the Bible.

The Didache

Rediscovered in 1873, the Didache provides a glimpse of early Christian ritual and liturgy. This text, which dates to the late first or early second century, is the very first manual for Christian life. Here

Clayton Jefford presents parallel translations of the original-language manuscripts -- from Greek, Latin, Coptic, Ethiopic, and Georgian. His detailed introduction places the Didache in its historical context, and cross references and notes on sources enable in-depth study.

Who Chose the Gospels?

This is a personal narrative about growing. It is also about growing up, which does not necessarily follow. Some grow in wisdom; some grow in foolishness; some grow in the grace of God. Some only grow old, without much else. The tale it tells touches three centuries: the nineteenth, the twentieth, and the twenty-first. May it bless you and cheer your journey through this mortal life.

Early Christian Writings

In this study, Jim Petty and Miles Cotham have made a thorough analysis of the biblical passages concerning the purpose of baptism, particularly as it relates to holiness and forgiveness. The authors have looked beyond the traditional church dogmas to discover and restore the beauty and significance of the baptismal event. As the doctrine of baptism is wound and entwined through other doctrines taught in the New Testament, a tapestry of salvation emerges in which each doctrine is dependent on and complimentary to the others. Following a careful examination of the meaning of holiness, the authors have demonstrated its close affinity to baptism as seen in the practice of baptism by John the Baptist and Jesus, in the preaching of the early church, and in the writings of the New Testament letters. In the appendix, the study concludes with a selected list of quotations throughout the history of the church that includes various interpretations of the purpose of baptism.

Seventh-day Adventist Minister's Handbook

This book presents a unique approach to church growth. It is written mainly to help churches that are declining, but will help all churches. The underlying premise is that churches do not grow and reach new people because they do not know how, or because they are so poorly structured and organized that they spend most of their time and efforts in conflict. This disrupts the fellowship and leaves very little time and energy for reaching new people. The subtitle could be, "Fifteen Essential Steps To Growth"- Basic growth and administrative principles. The combining of these areas makes this a unique book. Young has brought together these basic elements, from over 40 years of experience. . The book is a practical guide for a local church to follow to function efficiently and effectively, and reach people for Christ. When the steps are followed, and in the proper order, the church can pretty well be assured of growth and effective ministry. Dr. Robert A. Young is currently President of Samuelite Corp., Church Outreach and Consulting. He served as Associate Pastor/Administration of Walnut Street Baptist Church, Louisville, KY, and Park Cities Baptist Church, Dallas, TX, and President of the National Association of Church Business Administration. He has conducted "Total Church Consultations" and Capital Fund Campaigns for churches of all sizes and denominations. He is now available to serve churches as a consultant in these areas. He is also the author of "The Development of A Church Manual of Administrative Policies".

Lloyd Tremain, Paradise Community Church of the Nazarene A thorough, practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman, Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today. John Steffensen, Radio Host, Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore, or church maintenance, or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave; others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, Now in those days, when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, It is not desirable that we should leave the word of God and serve tables. (Read this as doing manual labor.) Therefore, brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint over this business; (the manual labor) but we will give ourselves continually to prayer and to the ministry of the word. It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties (the manual labor). This freed up the apostles so they could minister the Word of God. Wow, God's way is so simple, and our grandiose plans just waste time and get nothing done. Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes God's church. This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them.

How to Lead a Church to Reach People and Grow

This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, Questions on Doctrine was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. Discipleship Handbook

The Pastor's Handbook (NIV) is intended to meet the continuing need of the Christian minister for guidance and forms as he does the work of the ministry. It seeks to offer options to suit the tastes of the pastor and congregation within the parameters of quality, beauty and dignity. To this end, numerous changes, both large and small, have been made—more selected Scriptures, new alternatives for special occasions, some significant additions and changes. At the same time, every effort has been made to keep the book concise and compact to maximize its usefulness. The formulas should be sufficient for the ordinary needs of the minister. They may be modified or supplemented by materials from the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms, preferring spontaneity and a free style as they worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness, who can object? May the blessing of God attend all who glean from this manual, enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. Includes the: worship service, baptism, communion, funerals,

anointing services, healing services, membership, installation, baby and child dedication, consecration services, ceremonies for buildings and visitation.

"The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God."-Ellen G White
