Myths of the Norsemen

"The great Norse sagas, full of adventures, magic and heroic deeds."--Cover.

Myths of the Norsemen

A retelling of the Norse sagas about Odin, Freya, Thor, Loki and the other gods and goddesses who lived in Asgard before the dawn of history.

Myths of the Norsemen

A retelling of the Norse sagas about Odin, Freya, Thor, Loki and the other gods and goddesses who lived in Asgard before the dawn of history.

The Saga of Asgard

This book showcases the variety and vitality of contemporary scholarship on Old Norse and related medieval literatures and their modern afterlives. The volume features original new work on Old Norse poetry and saga, other languages and literatures of medieval north-western Europe, and the afterlife of Old Norse in modern English literature. Demonstrating the lively state of contemporary research on Old Norse and related subjects, this collection celebrates Heather O'Donoghue's extraordinary and enduring influence on the field, as manifested in the wide-ranging and innovative research of her former students and colleagues.

Myths of the Norsemen

This awe-inspiring collection brings together the complete mythologies of the Norse peoples, from the story of Brunhild to the tricks of Loki. Guerber's prose beautifully captures the spirit, humor and romance of these stories and are perfect for anyone wanting an excellent grounding in the Norse myths. A chapter comparing Norse mythology with Greek mythology is a fascinating additional draw to this edition. Evoking a land of gods, giants, elves and dwarves, *Myths of the Norsemen* will enthrall anyone interested in the legends of the Nordic countries. ABOUT THE SERIES: *Arcturus Classic Myths and Legends* brings together beautiful retellings of mythologies from different traditions, from Celtic to Native American.

The Medieval North and Its Afterlife

The Booker Prize-winning author of *Possession* breathes life into the Ragnarok myth through the novel of a young British girl during World War II. *Ragnarok* retells the finale of Norse mythology: a story of the destruction of life on this planet and the end of the gods themselves. What more relevant myth could any modern writer choose? As the bombs of the Blitz rain down on Britain, one young girl is evacuated to the countryside. She is struggling to make sense of her new wartime life. Then she is given a copy of *Asgard and the Gods*—a book of ancient Norse myths—and her inner and outer worlds are transformed. War, natural disaster, reckless gods, and the recognition of impermanence in the world are just some of the threads that A.S. Byatt weaves into this most timely of books. Linguistically stunning and imaginatively abundant, this is a landmark. A *Globe and Mail* (Toronto) Best Book "A gorgeous, brilliant, and significant performance." —Booklist, starred review "Byatt's prose is majestic, the lush descriptive passages—jewelled one minute, gory the next—a pleasure to get lost in." —The Telegraph

The Saga of Asgard

Myths of the Norsemen

THE NO. 1 SUNDAY TIMES AND NEW YORK TIMES BESTSELLER FROM THE CO-AUTHOR OF *GOOD OMENS*, NOW A MAJOR AMAZON PRIME SERIES 'With the deftest of touches, the characters are once again brought to life' JOANNE HARRIS 'The halls of Valhalla have been crying out for Gaiman to tell their stories' OBSERVER The great Norse myths, which have inspired so much of modern fiction, are dazzlingly retold by Neil Gaiman. Tales of dwarfs and frost giants, of treasure and magic, and of Asgard, home to the gods: Odin the all-father, highest and oldest of the Aesir; his mighty son Thor, whose hammer Mjolnir makes the mountain giants tremble; Loki, wily and handsome, reliably unreliable in his lusts; and Freya, more beautiful than the sun or the moon, who spurns those who seek to control her. From the dawn of the world to the twilight of the gods, this is a thrilling, vivid retelling of the Norse myths from the award-winning, bestselling Neil Gaiman. *This book has been printed with two different cover designs. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random*

Ragnarok

Norse Mythology A to Z, Third Edition examines the characters, objects, and places whose stories make up the folklore of the Norse people, who lived in the region known today as Scandinavia. Passed down through the generations by word of mouth and finally written down in the 13th century and later, these myths include tales of gods and goddesses; heroes, giants, and dwarfs; and serpents and dragons that inhabit enchanted realms. This colorful volume brings to life many of these Nordic myths. Entries of this title include: the most famous gods and goddesses, such as Odin, Thor, and Freya; plants and animals important to Norse mythology, such as the oak tree and the eagle; stories and poems, such as ""Treasures of the Dwarfs"" and the ""Poetic Edda""; and, much more.

Myths of the Norsemen; the Saga of Asgard

'Love. Hate. So what? It's family. It's business.' Fifteen-year-old Sigurd, son of King Sigmund, is the last surviving member of the Volson clan. His father's kingdom – the former city of London – is gone. And his father's knife, a gift from the gods, has been shattered to dust. Armed with a powerful sword forged from the remnants of the knife, Sigurd faces death, fire and torment as he travels through Hel and back to unite his country once again. Packed with political intrigue and violence, love, lust and family feuds, Bloodsong is perfect for fans of Game of Thrones. 'Burgess's great triumph is not so much in inventing new stories as in finding fresh ways of retelling the ones that are themselves in danger of falling into extinction' Guardian 'A gripping story of horrific proportions from a prize-winning author' - Publishing News 'Teenage boys with strong stomachs should enjoy it' - Independent on Sunday 'A thrillingly readable and evocative narrative' - Daily Telegraph

Robin Hood and His Merry Men

As the Vikings began to migrate overseas as raiders or settlers in the late eighth century, there is evidence that this new way of life, centred on warfare, commerce and exploration, brought with it a warrior ethos that gradually became codified in the Viking myths, notably in the cult of Odin, the god of war, magic and poetry, and chief god in the Norse pantheon. The twelfth and thirteenth centuries, when most of Scandinavia had long since been converted to Christianity, form perhaps the most important era in the history of Norse mythology: only at this point were the myths of Thor, Freyr and Odin first recorded in written form. Using archaeological sources to take us further back in time than any written document, the accounts of foreign writers like the Roman historian Tacitus, and the most important repository of stories of the gods, old Norse poetry and the Edda, Christopher Abram leads the reader into the lost world of the Norse gods.

National Union Catalog

The great Norse Myths are among the most dramatic and unforgettable stories in all human history. These fascinating, fantastical tales have inspired centuries of art, culture and literature, including the storytelling of Tolkien, Neil Gaiman, George RR Martin's Game of Thrones, Wagner's Ring Cycle and Marvel Comics. The Norse Myths takes us on a thrilling journey through the Norse cosmos, from the creation of the world to Ragnarok, the final world-destroying conflict; via the Nine Worlds, and the exploits of the mighty gods and goddesses - mystical Odin, malicious Loki, mighty Thor and more - and their quarrel with the giants. Bringing to life the magical world of monsters and mythical creatures, this also introduces the adventures of humankind: folk heroes and tricksters; Sigmund's great battle in the Volsung Saga; the exploits of Kings and Princes; and Viking exploration and settlement of new lands including Iceland, Greenland, America, and Viking life in the Mediterranean and the East. As well as a treasure trove of these epic stories of heroism and cruelty, squabbles and seductions, The Norse Myths is a comprehensive study of their origins, survival and interpretations - as academically important as it is exhilarating.

The National Union Catalogs, 1963-

A complete and wonderfully satisfying assembly of all the legends and tales of the Norse gods, collected and retold with authentic detail from the original Eddas and Sagas. Drawing upon original sources, this collection of tales will provide the reader with an inclusive overview of the fabulous stories which make up the entire pantheon of Norse gods, telling the story from the world's creation to the final end at Gotterdammerung. Along the way, the reader will learn all there is to know about Odin, Frigga, Thor, Tyr, Freya, Heimdall Loki, Balder, the Giants, the Elves, the Dwarves and much more besides. The author also shows how many classic European folk stories -such as the legends of Sleeping Beauty

the Pied Piper of Hamelin, among others, originated in the Norse tales. In addition, this book shows how even the concepts of Christmas ("yule"), Easter, and Hell, all originate in the Norse legends, along with the names of most of the days of the week. The last chapter compares classical Greek and Norse mythology, showing their similarities. This edition also contains indices, glossary, a pronunciation guide and a full index.

Norse Mythology

Recounts the life and adventures of Robin Hood, who, with his band of followers, lived as an outlaw in Sherwood Forest dedicated to fighting tyranny.

Viking Myths and Sagas

As the droplets from Niflheim mixed with the fiery depths of Muspelheim, a phenomenon occurred... Vol. 2 includes extra number, "Experimental schools in England," Jan. 1926.

Writers Directory

Here's quick access to more than 490,000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction. Author and Title indexes are included, and a Subject Guide correlates primary subjects with Dewey and LC classification numbers. These cumulative records are available in three separate sets.

Norse Mythology A to Z

Theories of Mythology provides students with both a history of theories of myth and a practical 'how-to' guide to interpreting myth, the most elementary form of narrative. Both a history of theories of myth and a practical 'how-to' guide to interpreting myth. Introduces the major theories of myth from the nineteenth century to the present day. Covers comparative approaches, psychoanalysis, ritual theories of myth, structuralism, and ideological analysis. Supplies readers with the theoretical tools for imitating each method. Features detailed exemplary readings of familiar myths.

Bloodsong

Annotation. "From Asgard to Valhalla is the first book to show how and why the Norse myths have so powerfully resonated from era to era: from the Viking-age stories of ice and fire to the epic poetry of Beowulf; from the twilight of the gods in Wagner's *Götterdämmerung* to Marvel Comics' Mighty Thor; and from Neil Gaiman's *American Gods* to the cult appeal of Viking Metal. Heather O'Donoghue, who is an expert on Old Norse culture, shows in what ways the Norse myths have impacted on the western mind, across the fields of literature, art, music and politics. She considers the wider contexts of Norse

mythology, including its origins, medieval expression and reception in post-medieval societies right up to the present, distinguishing the myths in their original form from a host of later accretions, distortions and transformations."--Jacket.

Myths of the Pagan North

First Choice

The Mac Tire Chronicles

supernatural life, dark secret, drastic changes and life decisions

Crimson Secrets

Dark family secrets. Nightmares. Blood sacrifices. An unimaginable destiny. She's your typical teenager about to graduate from high school. Shay Evans, a good student, looked forward to attending college with her twin brother Tommy in the summer. Her mind was filled with happy thoughts of the future. But then the nightmare started. Someone or something was following her. Shay felt an overwhelming dark change inside. As she ran, she felt her body shift - confused and hunted, Shay is thrown into a new supernatural life as the last female wolf! With the family's dark secret now uncovered, Shay is forced to choose a bond between other wolf shifters. Brothers Duncan and Declan approach Shay with eyes filled with past sorrows. Yet none are prepared when a goddess full of bloodlust appears. Will Shay and her new allies be able to run or stand and fight? Bonus Materials: Sneak peek of Sapphire Secrets. Read chapter 1! Support the Author's Original Work! Any previous version of Crimson Secrets does not support the author. Please do not purchase the version distributed by Green Ivy Publishing. The author, Garnet Davenport, holds all rights to Crimson Secrets and The Mac Tire Chronicles

The Annals of Loch Cé

A Noll Chronicle is the story of German Immigrants to the United States, their travels through the country, and their successes and failures. Unlike many family histories, this chronicle includes background information on the times and places these immigrants lived in. A Noll Chronicle begins in New York City and ends 125 years later in Pasadena, California, with the death of the main character -- Gus Noll. The story covers Reverend John G. Zahner and Reverend Moritz Noll of the German Reformed Church in Ohio and traces the life of William F. Albrecht, who goes from being a butcher to a major land trader and house builder in Philadelphia, Pennsylvania. Author David Noll focuses most of this telling on his grandfather, Gus Noll, who helps start the airline that eventually becomes TWA. Multiple families who are offspring of Gus Noll still reside in Phoenix and Tucson, Arizona; in addition to Las Cruces, New Mexico; the Seattle area in Washington; North Carolina; New Jersey; Montana; and other states.

Chronicum Scotorum : a Chronicle of Irish Affairs from the Earliest Times to A.D. 1135, with a Supplement Containing the Events from 1141 to 1150

Shay's journey continues... Still reeling from the attack, everyone is on high-alert awaiting possible threats. As Shay continues to reconcile the new aspects of her life with the struggles from her family secrets, she decides to hide her hallucinations from those who care most. Declan and Duncan don't find out until it's too late that the Gael Fearg sword left more than a scar. Each kill made from the Gael Fearg will give knowledge to Shay so she can be capable of defending herself and defeating the Morrígan. Leaving Shay linked to the one person who haunts her nightmares the most. As they learn what is happening to Shay, they fight to keep her from returning to the night at the river beneath the tree. More secrets are revealed to bring connections together from the past to the present. Some secrets help build more powerful relationships, and some weaken the bonds already made. With newcomers to Tremper who show up at the most suspicious times and more secrets being hidden from Shay. She will have to fight against her family, allies, and herself to survive another day. However, her wolf may be too far gone, and she will require a great sacrifice to live.

A Noll Chronicle

The United States of America has undeniably attained the status of the world's leading superpower, oftentimes dictating the narrative of the progress of modern society. And just like any other nation, the

US also has its share of history that is hard to find compiled in a single place. The author visited the American sub-continent in the late nineties of the last century. He kept collecting information from fliers, brochures, information leaflets and the publicity material of places he toured and by visiting libraries during his travel across the country. He compiled all this information and put it into a chronology and perspective that reader could digest. He had a desire to publish this and pass it on to all who made America their abode.

Sapphire Secrets

A two-volume edition and English translation of an Irish chronicle from the eleventh to sixteenth centuries, first published in 1871.
