The Beatles

There's only one book that ever truly got inside the Beatles and this is it. The landmark, worldwide bestseller that has grown with the Beatles ever since. During 1967 and 1968 Hunter Davies spent eighteen months with the Beatles at the peak of their powers as they defined a generation and rewrote popular music. As their only ever authorised biographer he had unparalleled access - not just to John, Paul, George and Ringo but to friends, family and colleagues. There when it mattered, he collected a wealth of intimate and revealing material that still makes this the classic Beatles book - the one all other biographers look to. Hunter Davies remained close with the band and as such has had access to more information over the years. This 40th anniversary edition contains new material which has never

been revealed before, from the author's archives and from the Beatles themselves, that will bring new insights to their legend.

The Best Beatles Book Ever

A loving romp through the Beatles discography by a noted London music promoter. It was fifty years ago today...

The Beatles Book

Hunter Davies, the only ever authorised biographer of the group, has produced the essential Beatles guide. Divided into four sections – People, Songs, Places and Broadcast and Cinema – it covers all elements of the band's history and vividly brings to life every influence that shaped them. Illustrated with material from Hunter's remarkable private collection of artefacts and memorabilia, this is the definitive Beatles treasure.

The Beatles

The definitive biography of The Beatles, hailed as "irresistible" by the New York Times, "riveting" by the Boston Globe, and "masterful" by Time. As soon as The Beatles became famous, the spin machine began to construct a myth -- one that has continued to this day. But the truth is much more interesting, much more exciting, and much more moving -- the highs and the lows, the love and the rivalry, the awe and the jealousy, the drugs, the tears, the thrill, and the magic to never be repeated. In this vast, revelatory, exuberantly acclaimed, and bestselling book, Bob Spitz has written the biography for which Beatles fans have long waited.

Beatlemania! The Real Story of the Beatles UK Tours 1963-1965

Between 1963 and 1965 The Beatles undertook six amazing UK tours and met many fans along the way, whose memories of these encounters tell the real story of what actually happened when the Fab Four hit the road. It was loud, chaotic and as exciting as anything Britain had ever seen. It was Beatlemania!

The Beatles Diary Volume 1: The Beatles Years

An intimate day-by-day history of all four Beatles from childhood to the break-up of the group. All the concerts...film, TV and radio appearances...interviews, hushed-up scandals, the sex and the drugs...the triumphs and quarrels...and all the Beatles-related births, marriages and deaths. Essential reading for anyone interested in rock's most influential phenomenon of all time.

How They Became the Beatles

An account of the band's rise to fame, featuring many rare documents and photographs.

The Beatles: Having Read the Book

The cottage industry of Beatles publications is more prolific now than it ever was. As the band recedes into the mystic fog of 20th century history we get more and more documentation about their music, their love lives, their personalities, and their finances. I wanted to try to make sense of it by reviewing the best and the worst of the Beatles tomes as they stand side by side in bookstores everywhere. I spent 40 years reading about them knowing that one day I would share my accumulated knowledge with the fans in Pepperland. Having read the book, I'd love to turn you on.

The Beatles: The Music And The Myth

From their 1962 debut single Love Me Do to the most recent remastered albums, this is an album-by-album, track-by-track catalogue of every songs ever released by The Beatles Includes: A chronology of key events in the life of the greatest ever rock band Separate sections on compilation albums, the Anthology series and non-EMI recordings Eight pages of colour pictures This is the books that Beatles fans have been looking for - packed with details, facts and pictures it's the definitive concise guide to the music of The Beatles.

The Beatles: Off the Record

The Beatles Off The Record is the most comprehensive oral history of The Beatles ever published - an 'as it happened' story of the greatest pop group of them all. Featuring a wealth of quotes from the Sixties by John, Paul, George and Ringo themselves and a host of others who were close to the group during the heady days of Beatlemania and beyond, including their families, fellow musicians, Brian Epstein, George Martin and dozens more. As Hunter Davis, The Beatles official biographer, states in his foreword; ...compared with some of The Beatles' later selective and polished or faulty and fading memories, this is much nearer the truth. Well, as it appeared to be, at the time...

George Harrison: Behind The Locked Door

Behind The Locked Door is Graeme Thomson's rich, insightful account of George Harrison's extraordinary life and career. This Omnibus Enhanced digital edition includes Spotify sections, detailing Harrison's early influences, his contributions within The Beatles and the best of his solo career. Additionally, an interactive Digital Timeline leads you through a collage of music, videos and images, displaying live performances, interviews, memorabilia and more. As a Beatle, Harrison underwent a bewilderingly compressed early adulthood, buffeted by unprecedented levels of fame and success, from schoolboy to global superstar. "Beatlemania" offered remarkable experiences and opportunities, and yet dissatisfaction still gnawed within. His life became a quest for meaning and truth which travelled far beyond the parameters of his former band and his former self. This elegant, in-depth biography tracks these changes and conflicts, marking the struggle of walking a spiritual path lined with temptation. Drawing on scores of interviews with close friends and collaborators, rigorous research and critical insight, Behind The Locked Door is a fascinating account of an often misunderstood man. As well as an intimate character study, it offers a full analysis of Harrison's music, from his earliest songs for the Beatles to his landmark solo album All Things Must Pass, his work with The Traveling Wilburys and the posthumous Brainwashed. Behind The Locked Door provides the definitive account of a compelling, contradictory and enlightening life.

The Best of the Beatles Book

This book provides a fan's-eye account of the Fab Four as they conquered the world. From their skiffle days as The Quarrymen, their thrilling early gigs at the Cavern Club in Liverpool through to the Beatlemania of the Shea Stadium concerts in the USA. Share in the excitement of more than 400 first-hand encounters with The Beatles: the teenagers, kids, twenty-somethings, promoters and support bands who can all proudly say 'I was there!' Featuring fascinating anecdotes, stories, photographs and memorabilia that have never been published before, this book is a portrait of an amazing era. It's like being at your very own Beatles gig!

The Beatles: I Was There

Tony Bramwell's remarkable life with The Beatles began in a post-war Liverpool suburb where he was childhood friends with John, Paul and George. By the time he unexpectedly ran into George Harrison on top of a bus, Tony was well into a life story absolutely unlike any other. At Apple Record's insistence, Tony stayed with The Beatles for every step of their meteoric rise. His story has been sought for over thirty years, and here it is, detailing with an insider's shrewd eye the incomparable success and inevitable failure of the Apple empire; Brian Epstein's frolics; Ken Kessy's Merry Pranksters; Phil Spector's eccentric behaviour; as well as never-heard-before stories about Yoko Ono. 'Magical Mystery Tours' reveals fresh insights that have never been published in any of the 800 plus books already on the market, including compelling details of the early recordings and songwriting and Yoko's pursuit of John and her growing influence over The Beatles' lives. From the first number one to the last and from scraps of song lyrics to the discovery of the famous Mr Kite circus poster, this is a broad ranging account of the swinging sixties and the decade's most successful rock band.

Magical Mystery Tours

The Beatles are the ultimate band - the most popular, the most respected, the most influential. The Rough Guide to the Beatles covers every aspect of the Fab Four, delving deep into the Beatles music, lyrics, movies and the Beatles solo careers. Features include: The Story: from Liverpool clubs to Beatlemania. The Music: incisive reviews of every Beatles and solo album and new Beatle Music from George Martin's son Giles. The Canon: the inside track on the 50 greatest songs. On Screen: the movies, the promos and the TV appearances and new coverage of the upcoming Rock Band-style video

game of Beatle music. The Fifth Beatle: George Martin, Yoko Ono, Magic Alex and other contenders as well as the resignation and death of Neil Aspinall. Beatleology: the best books, the weirdest covers, the most obsessive websites, the obscurest trivia. This updated edition includes new material on Cirque Du Soleil 's acclaimed Love Show y the only officially endorsed Beatles theatrical presentation, Paul McCartney's albums Memory Almost Full, Ecce Cor Meum and Electric Arguments and the media circus surrounding the McCartney/ Mills divorce. All you need is this!

The Rough Guide to the Beatles

This book is part of Hyperink's best little books series. This best little book is 4,600+ words of fast, entertaining information on a highly demanded topic. Based on reader feedback (including yours!), we may expand this book in the future. If we do so, we'll send a free copy to all previous buyers. ABOUT THE BOOK Of all the bands that have ever made an impact around the world, none have ever been as beloved as The Beatles. Their music, and message, not only crosses cultural lines, but generational lines as well. The Beatles are arguably the most successful band of all time, with album and single sales of over one billion units. Paul McCartney is still a successful musician, having just won a Grammy for Best Historical Album, Band on the Run (Paul McCartney Archive Collection, Deluxe Edition). Ringo Starr still tours ever summer with a different version of his All-Starr Band. A documentary about George Harrison, titled George Harrison, Living in the Material World, was recently honored at the 2012 Critics Choice Awards for Best Documentary. Over 100 of John Lennon's legendary drawings will be displayed at the Hotel Crowne Towers, Copenhagen, Denmark this coming year. EXCERPT FROM THE BOOK It was during this time of creative blossoming for the band that John suffered his deepest loss. When he was a young boy, John's father, Freddie Lennon, returned to the life of a seaman, spending years away from his family. Shortly after, his mother, Julia, gave John to her sister Mimi to raise, as she knew Mimi would do a better job with the child than she ever could. Mimi raised John in a loving home and when he was an older teen, he reunited with Julia and found the carefree upbringing he longed for. Julia taught him to play the banjo and gave him a love of all things musical, while Mimi discouraged John's musicianship and told him to find a better way to spend his time. John later found a young lover in art college classmate, Cynthia Powell, but it was the acceptance of Julia he craved most of all. Julia was the unrequited love of John's life and just as soon as he felt he was a part of her life again, she was killed in a horrific bus accident, just minutes from her sister Mimi's home... Buy a copy to keep reading!

The Beatles: Story of the Band that Changed the World

John, Paul, George and Ringo still rule! The music of the most important and popular group ever fills the airwaves to this day, winning a new generation of fans to the fold almost thirty years after the quartet disbanded. For everyone who has ever been entranced by the Beatles' joyful, electrifying magic, Every Little Thing offers a treasury of fascinating facts, trivia and remarkable behind-the-scenes revelations—from the wild days and wilder nights at Germany's Cavern Club to their last day together in the recording studio. Here is a book packed with choice, little-known tidbits about the "Fab Four:" the groundbreaking album they recorded in one session; the famous faces that were removed from the "Sgt. Pepper" cover; the misunderstanding that sparked an explosive political melee in Manila. Aficionados will flock to this incomparable volume, which provides everything you ever wanted to know—and more—about the phenomenal group that changed popular music forever.

The Beatles

In 1963, it was unusual for a pop group to have a monthly magazine devoted exclusively to their career. Only Elvis Presley had been considered important enough to warrant such an honour. But then the Beatles were unusual. Within the space of that pivotal year, the Fab Four became the biggest thing in British popular culture and their worldwide fame was soon inescapable. One of the first to astutely recognise their greatness was Sean O'Mahony and the monthly magazine he launched with the full blessing of The Beatles and their manager Brian Epstein - The Beatles Book. Looking Through You presents a selection of over 300 images from the precious Beatles Book photo archive, many unpublished or unseen in their original form from the original negatives, as well as the story behind the success of the regular Beatle bulletin. With each new issue, Beatle fans worldwide would voraciously devour the contents from cover-to-cover, discovering the Fab Four's latest news and activities and most of all, savouring the exclusive B&W photographs, captured by in-house photographer, Leslie Bryce. During the magazine's six-year run only a small fraction of these photographs were printed - and then often altered in some way. The Beatles Book Monthly captured the Beatles' development

from British provincial theatres - through foreign tours including their ground-breaking first American visit - and onwards to the band's withdrawal into the recording studio. It was unique in its access - as well as concert tours and television shows, the band were photographed off duty, at their homes and in the studio - locales that were generally out-of-bounds to most Beatle observers. This unique and original photographic record preserves many important moments within the Beatles' career, providing a historically important glimpse into the world's greatest ever entertainment phenomenon.

Looking Through You: The Beatles Book Monthly Photo Archive

To discover the truth behind the "Lennon-McCartney" attribution, Todd Compton focuses his skills as a historian to sort through and analyze much contradictory evidence and to reach a verdict on who wrote each Beatle song. This finally allows us to understand the idiosyncratic brilliance of both Lennon and McCartney.

Who Wrote the Beatle Songs?

A biography of the controversial, outspoken member of the Beatles whose extraordinary songwriting partnership with Paul McCartney changed the world of rock music forever. Norman also wrote *Shout!*, one of the first and still one of the best Beatles histories. -- Publisher details.

John Lennon

Includes primary source material in the form of photographs, transcripts, etc.

The Beatles Anthology

In his remarkable 50-year career, D-Day veteran, international film publicist and executive and production associate Charles "Jerry" Juroe met, knew or worked with almost "anyone who was anyone," from Cecil B. DeMille and Alfred Hitchcock to Mary Pickford, Marilyn Monroe, Bob Hope, Katherine Hepburn, Brando and the Beatles. He made his name working on the iconic James Bond films, running publicity and advertising for both United Artists and legendary producers Albert "Cubby" Broccoli and Harry Saltzman's EON Productions. From *Dr. No* to *GoldenEye*, Juroe traveled the globe with Sean Connery, Roger Moore, Timothy Dalton and Pierce Brosnan. His entertaining memoir reads like insider history of Hollywood.

Bond, the Beatles and My Year with Marilyn

This is the story of the Beatles' harrowing rise to fame: focusing on that seven-year stretch from the time the boys met as teenagers to early 1964, when the Fab Four made their momentous first appearance on *The Ed Sullivan Show*. From the boys' humble beginnings in Liverpool, to the cellars of Hamburg, *When They Were Boys* includes stories never before told, including the heartbreaks and the lucky breaks. Included are an eyewitness account of that first meeting between Lennon and McCartney, the inside story of how Ringo replaced Pete Best, an exploration of the brilliant but troubled soul of manager Brian Epstein, and the real scoop on their disastrous first visit to Germany and the death of Stu Sutcliffe. With an eye for life in Liverpool during the 50's and 60's and over 65 eyewitness accounts from those closest to the Beatles, Larry Kane brings to life the evolution of the group that changed music forever.

Best of the Beatles

Unavailable since its first appearance in 1972, *The Longest Cocktail Party* is among the most fascinating Beatles books ever published and a unique document of its time. American teenager Richard DiLello wandered into the Beatles' Apple records in 1968 and was immediately appointed 'house hippie'. He began making tea, rolling joints and listening to dozens of demo tapes. By the time Apple crumbled a few years later, he was Director of Public Relations. Along the way, he noted many of the stoned conversations he overheard and the insane bits of business he witnessed: one-man bands auditioning in reception, Hells Angels taking over Saville Row and the Beatles playing on the roof. Full of period detail, with a riotously colourful cast of characters, *The Longest Cocktail Party* is fast-paced and funny but, with hindsight, also manages to be immensely poignant about the demise of the Fab Four and the death of the Sixties' Dream.

When They Were Boys

The songs are iconic, their faces unmistakable. When John Lennon, Paul McCartney, George Harrison and Ringo Starr, all cheeky young lads from Liverpool, exploded on the international stage in the 1960s, with their mop tops and infectious love songs it was a cultural earthquake. Beatlemania swept the globe. The Fab Four's music and lyrics would continue to grow in maturity and sophistication, including the albums Rubber Soul, Sgt. Pepper's Lonely Hearts Club Band, and Abbey Road broke new ground. After breaking up in 1970, the Beatles found both solo success and tragedy, with Lennon's 1980 assassination and Harrison's untimely death from cancer. But their music is eternal. This special edition tells their story and includes: The early days, John and Paul: friends and rivals, the women they loved, and going solo.

The Longest Cocktail Party

1 juni 2017 is het vijftig jaar geleden dat het iconische, legendarische album Sgt. Pepper's Lonely Hearts Club Band verscheen, een plaat die in de ogen van velen de pop- en de rockmuziek voorgoed verhefde tot een volwassen en invloedrijke kunstvorm met een geheel eigen bestaansrecht. Een goede aanleiding om de prachtige en meeslepende biografie van Bob Spitz uit 2005 opnieuw het licht te doen zien. Deze biografie is met 1088 pagina's en twee fotokaternen niet te dun en niet te dik, niet te partijdig en niet te wetenschappelijk. Hij is precies goed. En het is een ware pageturner. Nu in een aantrekkelijke, omplakte band. 'Dus jij denkt dat je The Beatles kent? Mooi niet, als je tenminste niet deze maniakaal voortstuwende, hartslagverhogende groepsbiografie hebt gelezen. Niet alleen ontsluit Bob Spitz alle raadsels en rekent hij af met roddels, hij slaat je met stomheid, iets wat alleen de allerbeste biografieën voor elkaar krijgen.' Neal Gabler, bekend Amerikaans publicist en cultuurcriticus 'Een knappe, uitgebreide, gedetailleerde, goed gedocumenteerde biografie over The Beatles.' Jos Bloemkolk, Het Parool 'Pakkend geschreven en met heel veel informatie – je kunt in feite geen alinea overslaan. Wie het in één adem uitleest, is na afloop volkomen verbeatled.' Matthijs Smits, Het Financieele Dagblad 'Bob Spitz' schitterend geschreven kroniek blaast nieuw leven in het bekende verhaal.' The New York Times

LIFE The Beatles

Are you the world's biggest Beatles fan? Do you know everything there is to know about the Fab Four? Then this is the book for you! In this easy-to-digest eBook are 101 facts about your favourite band – do you know all of them? Test yourself and your friends with these handily-packaged facts easily organised into categories for maximum enjoyment. Sections include their music, individual members, and some crazy facts about the band! Whether you'd like to stroll down Penny Lane, walk across Abbey Road, or visit Strawberry Fields, this fantastic eBook is full of great fun facts for you.

The Beatles

From the Editors of PEOPLE comes a beautifully illustrated history of The Beatles that takes you from their boyhoods and cavern days in Liverpool, to the Beatlemania era that swept from the UK around the world, to the Sgt. Pepper and Abbey Road years that pushed the boundaries of pop music, and finally to the making of their last album, 1970's Let It Be. As 2020 marks the 50th anniversary of the Beatles' break-up, People offers a loving look back at John, Paul, George, and Ringo, their music, the moments, the movies, and their lasting impact on fans worldwide

101 Amazing Facts About The Beatles

The most revealing and personal 30-year chronicle of the group ever written. .

PEOPLE The Story of the Beatles

THE BEATLES: Messages from John, Paul, George and Ringo THE postcard on the cover of this book says it all. The card was written by John Lennon and sent to his friend Chris Hutchins. On the card's photograph of the Beatles, John had drawn a fifth member - the founder of the group Stuart Sutcliffe who John went on to describe as the best friend he ever had. This is the kind of confidence John, Paul George and Ringo shared with writer Hutchins who they befriended in their days as 'unknowns' in Hamburg. He shared their adventures during the heady days of Beatlemania; he was with them during their American tours in the 60s, sharing their euphoria and their sad moments. It was, for example, at Hutchins' Chelsea apartment that Paul met the actress Jane Asher, who he later became engaged to. And it was Hutchins who arranged a party with Elvis Presley, the man they had always wanted to

meet - alas, a meeting which was to cause a cataclysmic feud between Presley and Lennon which the author explains in detail along with how President Nixon and J Edgar Hoover got involved. This is the Beatles story from the inside . . .

The Beatles years

Bob's photos were amongst the best ever taken of the Beatles. Paul McCartney

The Beatles

This is not merely a biography of The Beatles but a unique memoir by a Liverpool-born author who knew John, Paul, George and Ringo as friends throughout the height of their fame. As The Beatles' Press Officer, he worked within the group's closest circle for six breakneck years during the Beatlemania era of the Sixties. Few were closer to The Beatles than Tony Barrow, and in this highly acclaimed book he holds a mirror up to the Fab Four and offers his own insider's perspective on that four-way dynamic that spawned the greatest pop group the world has ever seen.

The Beatles

In this extraordinary book, Geoffrey Giuliano, the world's foremost authority on the Beatles, has assembled a rare collection of the wild and uninhibited interviews the Fab Four dared to give to an astounded press, as they set the tenor of the amazing sixties. Book jacket.

John, Paul, George, Ringo & Me

The definitive, critical history of the Beatles on film Throughout the sixties, the Beatles were at the heart of the British pop explosion. They have been heralded as the most fundamental cultural force of the decade and as the central innovators of sixties music, fashion, style and social change. Much has been written about the Beatles' contribution to music and pop culture, but until now, one aspect of the group's history has been largely overlooked -- their movies. Between 1964 and 1970, film was central to the Beatles' career, as a means of promoting and disseminating their music, as a source of revenue, and as a way of projecting the group's ever-changing images, attitudes and musical styles. The Beatles Movies is the first critical history of the Beatles' films, and the first to place them within the wider context of British film history. Extensively researched using historical and contemporary sources including original interviews and previously unseen footage, the book also includes rare pictures from the Apple archive and a full filmography and soundtrack discography. This is a book no fan or student of British cinema should miss. -- The first ever comprehensive study of the Beatles' five feature films -- Includes stunning exclusive photos from the Apple archive

The Lost Beatles Interviews

The Beatles are not only a rock n' roll group, but a social and cultural phenomenon that have captivated music fans for decades. For many, John Lennon, Paul McCartney, George Harrison and Ringo Starr changed everything. This guide distils their amazing story into 101 informative and entertaining chapters, taking you from their rough and ready early Liverpool days through their world-shattering success in sound, stage and screen, to an afterlife that could never have been predicted when they first started out. Here, you'll find facts and figures about their chartbusting songs, albums and films, meet the people that helped them along the way, and visit milestones and controversies such as their first appearance on the Ed Sullivan show, meeting Elvis Presley, John Lennon's 'Bigger than Jesus' comments, experimenting with drugs and the avant-garde, and starting up Apple. The Beatles 101 is a perfect introduction for new fans, a refresher for superfans, and ideal reading for quizmasters everywhere.

The Beatles Movies

This encyclopedia provides a comprehensive guide to the band, containing details of the Beatles' history, records released, songs written and gigs played.

The Beatles 101

The first and best Beatles biography, Norman had close working relationships with each of the Fab Four, having interviewed them many times since 1965 and observed first hand the events that led to the split

during 1969-70. The resulting book contained unique insights into the rise of the Beatles, their final years, the chaos of Apple and the collapse of hippy idealism. Now fully updated, and written with all of Norman's trademark verve and skill, this is an essential book for anyone with an interest in pop music, the Sixties and the pleasures and perils of god-like fame. 'Nothing less than thrilling . . . the definitive biography' New York Times 'This stands as the first (and still the best) collision of Beatles history and literary depth . . . just about everything is rendered with beautiful prose and laser-like insight' Q

The Beatles Encyclopedia

Jonathan Gould's *Can't Buy Me Love* is more than just a book on the Beatles; it's a stunning recreation of the 1960s in England and America through the prism of the world's most iconic band. The Beatles, perhaps more than any act before or since, were a quintessential product of their time, and Gould brilliantly blends cultural history, musical analysis and group biography to show the unique part they played in the shaping of post-war Britain and America. Gould examines the influence of R&B, rockabilly, skiffle and Motown as the Fab Four forged a sound of their own; he illuminates the mercurial relationship the most productive and lucrative in recording music history between John Lennon and Paul McCartney; he critiques the songs they played and the movies they made, and their impact on competing bands and musicians, as well as on fashion, hairstyles, and humour; and he shows how events on both sides of the Atlantic created exactly the right cultural climate for the biggest music phenomenon of 20th century. Beautifully written, insightful, and wonderfully evocative, this is a magisterial biography by a popular historian of the very first rank.

Shout!

Liddypool, The Birthplace of The Beatles, the critically acclaimed book to concentrate solely on the history of The Beatles from their experience of living and growing up in Liverpool, has been released in its third and expanded edition. Covering their rise from childhood in the 1940s and obscurity to their triumphant civic reception at Liverpool Town Hall on 10th July 1964, when the city said goodbye to the Fab Four, author David Bedford uses local knowledge and eyewitness testimony to chart every band member and name-change and lineup, from The Quarrymen to The Beatles: the real story of the "Fab 27." Bedford, a Liverpool native and noted Beatles historian, has updated what is considered to be the definitive book describing facts and truths of the colorful, formative years of The Beatles, starting many years before they stepped out in suits and mop-top haircuts. In its new version, which includes a new map and updated content, this gloriously, colorful new edition takes fans on a unique magical mystery tour through the Liverpool of The Beatles, while setting the record straight on many myths and legends. With dozens of interviews with first-hand eyewitnesses to the Beatles story, this is the only book to concentrate on The Beatles and Liverpool. It also contains over 800 images, with a detailed guide section including over 100 venues they played, plus every home, school and location related to The Beatles in Liverpool and the surrounding area; included for the first time are North Wales and Chester. This is a unique collection of Stories, History and Guidebook.

Flexi Map Malta is a laminated, tear-resistant map which has 5 maps, each accompanied by a separate index. It includes a list - with descriptions and some photographs - of 31 recommended sights, divided by theme and linked to the mapping by numbered markers. There is also a handy information section with concise details on getting around, tourist offices, money, tipping, opening times, public holidays, telecommunications, emergency telephone numbers and climate. The main map depicts Malta and Gozo at a scale of 1:50 000 (1cm = 0.5km) and highlights numerous place of interest including National Parks, World Heritage sites, museums, monuments and castles. In addition to the public transport networks, ferry routes and airports, this map provides a detailed picture of the topography through the use of relief shading with some peak heights given. Also included are city plans of Mdina, Valletta & Sliema and Victoria at various scales. Each map has its own index, which has been categorized for ease of use. Streets are named along with public buildings and selected hotels.

Malta Insight Pocket Guide

Travel Map Malta is an indexed, road map at 1:50 000 which also covers Gozo and Comino. It includes detailed city plans of Mdina, Valletta & Victoria, each with its own separate index. Places of interest, including nature parks, museums and monuments are listed and depicted by a wide range of pictorial symbols for instant recognition. These symbols have been colour coded by category. The island's topography is illustrated by the use of relief shading with many spot heights shown. In addition to the road network, ferry routes are marked and an inset map shows an overview of the ferry links between Malta and southern Sicily. The extensive legend is shown in 8 languages.

Insight Guides Pocket Dublin (Travel Guide with Free Ebook)

Few cities are as historically rich as Rome, with its layers of treasures from the days of the ancient empire to medieval and Renaissance times, all juxtaposed with buzz of the modern capital. With 17 easy-to-follow routes and a detailed pull-out map, Explore Rome will lead you to the heart of the city. Inside Explore Rome: Routes include a detailed itinerary around the Colosseum - as well as people-watching opportunities on the Spanish Steps, art treasures at the Vatican, trendy bars in Trastevere, and excursions to the ancient Roman villas and Castelli. Insight's trademark cultural coverage perfectly sets the routes in context, with introductions to Roman cuisine, the city's great

shopping and its key historical dates. Hand-picked places to eat and drink are highlighted in each tour and in the directory section, which contains a wealth of practical information including a language guide, as well as a range of carefully selected hotels to suit all budgets. Pull-out map with useful plotted routes. Evocative photography captures Rome's beautiful architecture and stylish people.
