### Above the Law

The now-famous videotape of the beating of Rodney King precipitated a national outcry against police violence. ### Corruption Scandals and Their Global Impacts

This book tracks a number of major corruption scandals across the world in a comparative analysis to assess the full impact of corruption across a range of measures.

### Russian Civil Society: A Critical Assessment

A vibrant civil society - characterized by the independently organized activity of people as citizens, undirected by state authority - is an essential support for the development of freedom, democracy, and prosperity. Thus it has been one important indicator of the success of post-communist transitions. This volume undertakes a systematic analysis of the development of civil society in post-Soviet Russia. An introduction and two historical chapters provide background, followed by chapters that analyze the Russian context and consider the roles of the media, business, organized crime, the church, the village, and the Putin administration in shaping the terrain of public life. Eight case studies then illustrate the

range and depth of actual citizen organizations in various national and local community settings, and a concluding chapter weighs the findings and distills comparisons and conclusions.

#### Criminal Law--history, Philosophy, Enforcement

It brings together a multidisciplinary group of leading Western and Russian experts to investigate both the ways in which developments in the Russian armed forces influence Russian society, and the impact of broader societal change on the military sphere.
