The Life and Genius of Shakespeare (Classic Reprint)

Excerpt from The Life and Genius of Shakespeare We believe that we need make no apology for the publication of this volume. We cannot, indeed, help fearing that Shakespearian criticism, in some, at least, of its forms, has already become an overgrown excrescence. But the very rapidity with which works succeed one another in illustration of the personal and literary history of the poet, shows that the curiosity which it excites is still unexhausted. The last word has evidently not yet been told upon this subject; and any new attempt to solve the riddle - as far as it admits of solution - of Shakespeare's life and genius, will still, no doubt, be judged upon its own merits. We do not know whether we have been able to make any really useful addition to the already unmanageable stores of this branch of our national literature; and that is a matter on which we have no desire to indulge in any idle conjectures. But there are some points connected with the mode in which we have executed the task we have undertaken, on which we wish at once to offer a few words of explanation. We have, first of all, to state that we make no pretension to any profound scholarship of any kind. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Life and Genius of Shakespeare

Excerpt from Memoirs of the Life of William Shakespeare: With an Essay Toward the Expression of His Genius, and an Account of the Rise and Progress of the English Drama Collier's later work upon those subjects, by its ful ness and its systematic arrangement, supersedes all others, either for the use of the dramatic stu dent, or as a book of reference for the occasional inquirer. Yet the account of the English drama given in the following pages will be found to be something more, as well as something less, than

an abridgment of Mr. Collier's three octavo volumes. These remarks apply only to the first and last divisions of this volume. The second, the Essay toward an Expression of Shakespeare's Genius, is the endeavor of one who, having read the poet much and his critics little, has thought his own thoughts and trusted his own judgment upon this subject, until, with a mingling of confidence and diffidence which it would be difficult to explain, he now ventures to offer his conclusions as hints and aids to others; conscious the while that those who can judge them best are those who need them least. The Life and Genius of Shakespeare

The *Genius of Shakespeare* is a new kind of biography: a biography of Shakespeare's talent and reputation, beyond the limits of his actual life. Part One explores the origins and development of his works, Part Two traces their effects on succeeding generations, and demonstrates how Shakespeare came to be regarded as the supreme dramatist.

The Genius of Shakespeare

Excerpt from Christopher Marlowe: *His Life and Works* To come then to Christopher Marlowe, that tall genius that exemplified in his life and works the Spirit of the Renaissance. Of all the great Elizabethans, he needs a sympathetic approach for he came trailing the clouds of glory of the pioneer, of the herald of the full dramatic day. His is the magnetic appeal of genius cut down in its prime, with rich achievement, and with an ever greater promise unfulfilled.² Dying at twenty-nine, what light he not have achieved had he been granted Shakespeare's fifty years of life? That his genius was maturing, that the fiery temper of youth was toning down, we have his *Edward II* and *Hero and Leander* as proof. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. What Shakespeare Knew about Life Assurance (Classic Reprint)

Excerpt from *On Ten Plays of Shakespeare* When grimness or sulks at life get down to the centre of a man, they disease his judgment, weaken his intelligence, dim his sight, disenable his feeling; and, if he be an artist, enfeeble his grip of his subject, disperse his concentration, deprive him of that creative apartness from his materials which enables him to use them as he pleases for the making of a new thing. He loses, that is, the divine command of his genius, not only over the comedy of life, but also over its tragedy. Deeply as Shakespeare felt the woe, wickedness, and weakness of humanity, he was still their master. If he was in them, he was also beyond them, and in this twofold relation to them lay his artistic mastery of tragedy. It was the same with Sophocles, and it is this which makes him greater than Euripides. This power to stand outside as well as inside of human sorrow belonged to Shakespeare, because at the deepest root of him was, I repeat, delight in life; even rapture - the word is not too strong - with the playfulness of its spring and the fulness of its summer. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. On Ten Plays of Shakespeare (Classic Reprint)

Excerpt from *The True Story of Mrs. Shakespeare's Life* In order still further to ensnare and allure the thoughtless, these cheap editions are too often garnished with biographical notices of the author's life, described in garish and attractive language; and the editors of these dangerous works, not content with exalting to the skies a genius only too likely to enchant and enthrall the unwary, endeavor to blind the judgment of the unthinking reader by unblushingly repeating as truth the fulsome adulation lavished upon Mr. Shakespeare by the boon companions of the tavern wherein he was accustomed to seek oblivion of the dark thoughts by which his soul was haunted, in the wildest excesses of maddening intoxication. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The True Story of Mrs. Shakespeare's Life (Classic Reprint)

Excerpt from *Ten More Plays of Shakespeare* The scenery is less marked than it is in *Twelfth Night* or in *As You Like It*. It is of a palazzo and a garden, with pleached alleys, arbours, and an orchard; and the rest is placed in a church and the streets of Messina. Of late, it has been (like many other Shakespeare plays) made into a most spectacular affair, and this is a great mistake. When dances and elaborate pageantry and fanciful additions are crowded into it, the spectacle devours the drama; the soul of Shakespeare seems to y out of the words, the inter-play of the characters tends to be swamped, their thought and passion to be overlaid; and we say to ourselves How much better it were could I but read this play at home in a pleasant twilight.' Ten More Plays of Shakespeare (Classic Reprint)

Excerpt from *Shakespeare the Player: And Other Papers Illustrative of Shakespeare's Individuality* Shakespeare, those that concern his career as a player are certainly the most noteworthy in point of number, and also in regard to their actual human interest. If his career as a great creative poet and dramatist can only be surmised from a study of his works, that is, without actual evidence of the progression of his genius from height to height, we can nevertheless now and again visualise the superman Shakespeare, living and moving as a player among a throng of prayers, acting his

own palpable part, alike on the stage of the theatre and on the stage of life, and acting it always honourably and successfully. The Dramatic Works of William Shakspeare, from the Text of Johnson, Stevens, and Reed

Memoirs of the Life of William Shakespeare - With an essay toward the expression of his genius, and an account of the rise and progress of the English drama is an unchanged, high-quality reprint of the original edition of 1865. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Memoirs of the Life of William Shakespeare

Excerpt from Shakespeare: His Music and Song N the long course of the world's history a few men have been born who seemed to assimilate and represent everything that was best in the particular age to which they belonged, and in the race among whom they lived. Each generation has its sons who outtop their fellows. It need not occasion us surprise that it should be so, though it is most difficult, if not impossible, to account for the genius or gifts of such men. Bright, eager, expectant Spirits they are, uncommon to a degree, and alive in every fibre of their being. Then, on rare occasions, one is born who belongs not to a district but to the nation; and still more rarely, one who belongs to mankind - a Universal. As Browning aptly puts it: 'a thousand poets pried at life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Shakespeare

Excerpt from The Secret of Hamlet, Prince of Denmark Act first, this Earth, a stage so gloomed with woe You all but sicken at the shifting scenes. And yet be patient. One Playwright may show, In some fifth act, what this wild drama means. - Tennyson, "The Play." Antonio. In sooth, I know not why I am so sad. It wearies me; you say, it wearies you; But how I caught it, found it, or came by it, What stuff't is made of, whereof it is born, I am to learn; And such a want-wit sadness makes of me, That I have much ado to know myself. Gratiano. You look not well, Signior Antonio; You have too much respect upon the world: They lose it, that do buy it with much care. Believe me you are marvellously chang'd. Antonio. I hold the world but as the world, Gratiano; A stage, where every man must play a part, And mine a sad one. - Shakespeare, "The Merchant of Venice." My mystery is for me, and for the sons of my house. - Saying attributed to Jesus in Clem. Alex. Strom. v. 10, 64. His care to guide his flock and

feed his lambs, By words, works, prayers, psalms, alms, and anagrams. - Cotton Mather. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Secret of Hamlet, Prince of Denmark (Classic Reprint)

Excerpt from The Greatest of Literary Problems: The Authorship of the Shakespeare Works; An Exposition of All Points at Issue, From Their Inception to the Present Moment God does not ordain the vilest among men to be his messengers of peace and enlightenment to mankind - and, certainly, the men to whom our pretentious guides have introduced us were among the vilest of their kind. No wonder the world is awakening to the necessity of a higher criticism than that with which it has hitherto been cloyed, and turning to one incomparable genius, who, voicing the primal strains of the Renaissance in Tudor England, bore them on with ever swelling majesty to the close of the grand symphony which ended with his life. This great genius I hope to Show was Francis Bacon, Baron Verulam, Viscount St. Albans. Time was when I should have dismissed this thesis with impatience, but I am hoping that my readers will weigh the evidence I adduce before condemning me as a mere theorist. The Greatest of Literary Problems

Excerpt from The Famous History of the Life of King Henry the Eighth: A Historical Play, as Arranged for the Stage The Famous History of the Life of King Henry VIII. Is not the least popular of Shakespeare's historical plays. It is held by many that Shakespeare was assisted in the composition of this play by a younger dramatist, Fletcher. There is no direct evidence whatever of this; the opinion has been formed from a comparison of certain scenes in the play with the style and metre of Fletcher's work. Of this I am assured, that the play is touched by Shakespeare's genius; and if Fletcher was associated in the work, he must have been, as Mr. Hudson says, surprised out of himself. The picture of the Tudor period is so vivid, and the characterization at times so remarkable, that the revival of the play will, I trust, be welcome. The tragic interest ceases with the death of Katharine; but it will doubtless be recognised that the intention of the poet is to contrast, in the christening of Elizabeth, the sorrowful death of the divorced Queen with the brief triumph of Anne Bullen. I wish to express my indebtedness to Mr. Seymour Lucas, for his patient research and artistic skill, and to the many others who have rendered me valuable aid. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Famous History of the Life of King Henry the Eighth

Excerpt from Shakespeare and England There is nothing new and important to be said of Shakespeare. In recent years antiquaries have made some additions to our knowledge of the facts of his life. These additions are all tantalizing and comparatively insignificant. The history of the publication of his works has also become clearer and more intelligible, especially by the labours of Mr. Pollard; but the whole question of quartos and folios remains thorny and difficult, so that no one can reach any definite conclusion in this matter without a liberal use of conjecture. I propose to return to the old catholic doctrine which has been illuminated by so many disciples of Shakespeare, and to speak of him as our

great national poet. He embodies and exemplifies all the virtues, and most of the faults, of England. Any one who reads and understands him understands England. This method of studying Shakespeare by reading him has perhaps gone somewhat out of vogue in favour of more roundabout ways of approach, but it is the best method for all that. Shakespeare tells us more about himself and his mind than we could learn even from those who knew him in his habit as he lived, if they were all alive and all talking. To learn what he tells we have only to listen. I think there is no national poet, of any great nation whatsoever, who is so completely representative of his own people as Shakespeare is representative of the English. There is certainly no other English poet who comes near to Shakespeare in embodying our character and our foibles. No one, in this connexion, would venture even to mention Spenser or Milton. Chaucer is English, but he lived at a time when England was not yet completely English, so that he is only half-conscious of his nation. Wordsworth is English, but he was a recluse. Browning is English, but he lived apart or abroad, and was a tourist of genius. The most English of all our great men of letters, next to Shakespeare, is certainly Dr. Johnson. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Shakespeare and England (Classic Reprint)

No estimate of Shakespeare's genius can be adequate. In knowledge of human character, in wealth of humour, in depth of passion, in fertility of fancy, and in soundness of judgement, he has no rival.' William Shakespeare was one of the most influential dramatists and poets whose plays are performed more often than those of any other playwright till today. In this work Sidney Lee presents the major facts of Shakespeare's life and illustrates them with numerous quotes of the sonnets and plays. Sidney Lee was an editor of the Dictionary of National Biography and several English classics. One of his special subjects was the life and work of William Shakespeare.

A Life of William Shakespeare. Biography

Excerpt from Shakespeare and His Critics The critics of the eighteenth century were largely occupied with endeavors to establish a standard text by emendation and conjecture. Quite generally they looked at the plays from the standpoint of the theatre, ignoring the idea that the tragedies were commentaries on human nature and possessed an absolute quality like truth or beauty. Dr. Johnson is typical of this class, if he is not too extreme an instance of common sense to be typical of that excellent quality. Though these critics rebelled rather timidly against slavish obedience to the authority of 'the ancients,' the idea that the author was an untutored, natural genius, who would have been much improved by a university training, was not fully eradicated. The true nature of art was not philosophically grasped, and the profound relation of the plays to life was but dimly hinted at. The idea that the characters could be discussed exactly as if they were real, that they differed from historic characters in possessing more interesting personalities, in being placed in more complicated and trying situations, and, therefore, exemplifying more fully the passions of men, did not occur to the critics till very late in the eighteenth century. Nor was it discovered till towards the close of the eighteenth century that Shakespeare's female characters bear almost as close a relation to feminine nature as his heroes do to manly nature. In fact, both of these views may be said to belong to the romantic school of the nineteenth century. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Shakespeare and His Critics (Classic Reprint)

This carefully crafted ebook: "The Life Of William Shakespeare" is formatted for your eReader with a functional and detailed table of contents. Life of William Shakespeare is a biography of William Shakespeare by the eminent critic Sidney Lee. This book, first published in 1898, was an immediate

popular success and was regarded for much of the twentieth century as the most reliable account of Shakespeare's life then available. Sir Sidney Lee (1859 – 1926) was an English biographer and critic. He was a lifelong scholar and enthusiast of Shakespeare. His article on Shakespeare in the fifty-first volume of the Dictionary of National Biography formed the basis of his *Life of William Shakespeare*. This full-length life is often credited as the first modern biography of the poet.

The Life Of William Shakespeare: The Classic Unabridged Shakespeare Biography

Excerpt from Shakespeare's *Tragedy of Hamlet, Prince of Denmark*: Edited With Notes, an Introduction and Outline Questions The play of Hamlet, in its accepted form, was first published in 1604. Shakespeare was then forty years old, and had lived in London, it is supposed, since 1586. During these eighteen years he seems to have been absorbed in the practical demands of theatrical life, and to have been essentially denied the literary means of enlarging his preparation for the playwright's work. That he was able thus to produce in Hamlet one of the most remarkable examples of secular literature in the world sufficiently proves the genius of the man. Other plays of Shakespeare are more finished, or evince a nobler art; but none has aroused such interest, or become the subject of so much study, and comment, and discussion. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Shakespeare's *Tragedy of Hamlet, Prince of Denmark*

Excerpt from *An Essay on the Julius Caesar of Shakespeare* The brilliant pageants, represented by the nobles at Kenilworth Castle for the amusement of Queen Elizabeth, perhaps, first gave inspiration to the latent genius of the immortal Shakespeare. The dazzling costumes of the nobility, and the alluring spirit of the court-follies, first suggested to this master-mind, the capabilities of the drama for representing life in all its varied forms. Though critics have been pleased to deny the presence of Shakespeare at that magnificent representation, When the great Dudley entertained the Virgin Queen, it still remains Within the limits of positive evidence, that he attended, at least, the frequent carnivals held there by the Court of England; and no evidence has yet been adduced, denying his presence on that occasion. It is very probable, therefore, that this representation at Kenilworth first taught him the fitness of the stage Whereon to concentrate the varied scenes of human life. He there caught the true spirit of the Drama, and from that time forth he ardently persevered in developing the hidden energies of his soul. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Romeo and Juliet

Excerpt from The Shakespearian Dictionary: Forming a General Index to All the Popular Expressions, and Most Striking Passages in the Works of Shakespeare; From a Few Words to Fifty or More Lines
The matchless genius of Shakespeare has furnished occupation for authors, from the very age in which he wrote, down to the pre sent day; so that, independent of the innumerable editions of his plays, from the original authentic copies, to the modern mutila tions represented under his name upon the stage, we have more than two hundred works of which Shakespeare and his writings are the subject. Such being the case, it may be thought necessary, for one who ventures to add to the number, to offer some apology to the public for so doing. That tendered for the present compilation is founded on the belief, that among all these works, there does not exist one which effectively occupies the ground here taken, and very few which even attempt to connect Shakespeare's felicitous expressions -exhibiting as they do, a matchless insight into human nature with the various casualties, motives, and objects of ordinary life. Such a task, if performed with judgment and faithfulness, could hardly fail to prove both pleasing and useful. In support of the opinion that this task yet remained to be accomplished, it will be necessary to submit a few observations concerning the works which profess to have the same object, upon the comparative merits of which with the shakespearean dictionary, its pretensions to public favour must be founded. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Shakespearian Dictionary

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Shakespeare Day by Day

Cymbeline is one of Shakespeare's late romances, which combines comedy and tragedy. The play was certainly produced as early as 1611 and was first published in 1623. Imogen, the daughter of King Cymbeline of Britain, angers her father when she marries Posthumus, a worthy but penniless gentleman. The King banishes Posthumus, who goes to Rome, where he falls prey to the machinations of Iachimo, who tries to convince him that Imogen will be unfaithful. Meanwhile, the Queen (Imogen's stepmother) plots against her stepdaughter by trying to plan a match between Imogen and her worthless son Cloten. Life of William Shakespeare is a biography of William Shakespeare by the eminent critic Sidney Lee. This book was one of the first major biographies of the Bard of Avon. It was published in 1898, based on the article contributed to the Dictionary of National Biography. William Shakespeare (1564 – 1616) was an English poet and playwright, widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist. He is often called England's national poet and the "Bard of Avon". His extant works, including some collaborations, consist of about 38 plays, 154 sonnets, two long narrative poems, and a few other verses, the authorship of some of which is uncertain. Sir Sidney Lee (1859 – 1926) was an English biographer and critic. He was a lifelong scholar and enthusiast of Shakespeare. His article on Shakespeare in the fifty-first volume of the Dictionary of National Biography formed the basis of his Life of William Shakespeare. This full-length life is often credited as the first modern biography of the poet.

Cymbeline

Excerpt from The Spectator: A New Edition, Reproducing the Original Text, Both as First Issued and as Corrected by Its Authors; With Introduction, Notes, and Index With that strong regard for the drama which cannot well be wanting to the man who has an artist's vivid sense of life, Steele never withdrew his good will from the players, never neglected to praise a good play, and, I may add, took every fair occasion of suggesting to the town the subtlety of Shakespeare's genius. But he now ceased to write comedies, until towards the close of his life he produced with a remarkable success his other play, the Conscious Lovers. And of that, by the way, Fielding made his Parson Adams say that Cato and the Conscious Lovers were the only plays he ever heard of, fit for a Christian to read, 'and, I must own, in the latter there are some things almost solemn enough for a sermon.' Studies in Life and Literature with Introductory Sonnets

Excerpt from The Ghost in Hamlet, and Other Essays in Comparative Literature It is quite evident that Shakespeare's Hamlet owes almost everything, except illumination, the inexplicable synthetic quality of genius, to the Historie 'of Hamblet. A careful comparison will show this, though it will reveal the marvellous transformation which mere material takes in the hand of the artist; as an example of the relations of the chronicler to the poet, the power of compilation to that of imaginative synthesis, and life to literature, it is even more apt than the study of the Morte Arthure Of Sir Thomas Malory in comparison with the Idyls of the King. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Spectator

Excerpt from Shakspeare as a Playwright In this study I have sought to apply to Shakspeare the method of analysis already employed in my critical biography of Moliere. Unfortunately, we know far less about the facts of Shakspeare's life than we do about the details of Moliere's career; yet I believe that it is feasible to trace the growth of the English poet as a practical playwright almost as clearly as we can follow the equally important evolution of the French dramatist. And as this book is designed to deal with Shakspeare only as a playwright, attention has here been focused on the plays which are most

instructive as plays, rather than on those which display other qualities of his genius more splendidly. For example, the 'comedy of Errors,' a comparatively empty play of his immaturity, is in a sense more significant than 'king Lear,' one of the noblest monuments of his loftiest period, because the 'comedy of Errors' discloses his early conquest of the art of construction, whereas 'king Lear,' however appealing it may be in its poetry, is less rigorous in its plotting. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Ghost in Hamlet, and Other Essays in Comparative Literature (Classic Reprint)

The Life and Death of Richard the Third: Large Print By William Shakespeare Richard III is one of Shakespeare's most popular plays on the stage and has been adapted successfully for film. This new and innovative edition recognizes the play's pre-eminence as a performance work: a perspective that informs every aspect of the editing. Challenging traditional practice, the text is based on the 1597 Quarto which, brings us closest to the play as it would have been staged in Shakespeare's theater. The introduction, which is illustrated, explores the long performance history from Shakespeare's time to the present. The commentary gives detailed explanation of matters of language, staging, text, and historical and cultural contexts, providing coverage that is both carefully balanced and alert to nuance of meaning. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Shakespeare as a Playwright (Classic Reprint)

The Life and Death of King John: Large Print By William Shakespeare William Shakespeare was an English poet, playwright and actor, widely regarded as both the greatest writer in the English language, and the world's pre-eminent dramatist. He is often called England's national poet, and the "Bard of Avon." His extant works, including collaborations, consist of approximately 39 plays, 154 sonnets, two long narrative poems, and a few other verses, some of uncertain authorship. His plays have been translated into every major living language, and are performed more often than those of any other playwright. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

The Life and Death of Richard the Third

The Life and Death of Richard the Second: Large Print By William Shakespeare Richard II is one of Shakespeare's finest works: lucid, eloquent, and boldly structured. It can be seen as a tragedy, or a historical play, or a political drama, or as one part of a vast dramatic cycle which helped to generate England's national identity. Today, to some of us, Richard II may appear conservative; but, in Shakespeare's day, it could appear subversive: 'I am Richard II', declared an indignant Queen Elizabeth. Numerous recent revivals in the theatre and on screen have demonstrated the enduring power and poignancy of this drama of the downfall of an egoistic but pitiable monarch. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection

have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. Shakespeare Select Plays

Excerpt from Shakespeare Select Plays: Hamlet, Prince of Denmark Address could be to Shakespeare, who was their only in his twenty-third year. We now come to something which is undoubtedly connected with Shakespeare. In the Registers of the Stationers' Company is an entry, under the date 26 July 1602, made by James Roberts the printer, of 'a booke, The Revenge of Hamlett prince of Denmarke, as yt latelie was acted by the Lord Chamberlayn his servantes.' This is evidently the book which was printed in the following year with this title: 'the Tra gicall Historie of Hamlet Prince of Denmarke, By William Shakespeare. As it hath beene diverse times acted by his Highnesse servants in the Cittie of London: as also in the two Vniversities of Cambridge and Oxford, and else-where. At London printed for N. L. And Iohn Trundell, 160 Coupling the fact of the entry by Roberts with the fact that the quarto of 1604 was 'printed by I. R. For N. L.' that is by James Roberts for Nicholas Ling, we may infer that Roberts also printed the quarto of 1603. When James the First came to the throne 'he accepted the Lord Chamberlain's servants as his own (chalmers, Farther Account of the Early English Stage, in Boswell's Shakespeare, iii. So that the Lord Chamberlayn his servants of the Stationers' Register are the same company with 'his Highnesse servants' of the printed book, and to this company Shakespeare belonged. No evidence has yet been discovered of the occasion on which the play was acted at the two universities; but if we might hazard a conjecture, it seems not improbable that it might have been at some entertainment in honour of the king's accession, and it may have been selected as being connected with the native country of his queen. Shakespeare's Tragedy of Hamlet, Prince of Denmark

Excerpt from Shakespeare Select Plays: Macbeth Macbeth was printed for the first time in the folio of 1633, where it comes between Julius Casar and Hamlet, and occupiēs pages 131-151. It is divided throughout into acts and scenes. The text, though not so corrupt as that of some other plays - Coriolanus for example - is yet in many places very faulty, especially as regards the division of the lines. Probably it was printed from a transcript of the author's ms., which was in great part not copied from the original but written to dictation. This is confirmed by the fact that several of the most palpable blunders are blunders of the ear and not of the eye. Here, as elsewhere, we have great reason to join in the regret expressed by the editors of the first folio, that the author did not live to oversee' his own works before they were committed to the press. With regard to the time at which Macbeth was written, if we had the evidence of style alone to guide us, we should assign it to a period when Shakespeare had attained the full perfection of his powers. From the vision of the eight kings. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Shakespeare Select Plays

Excerpt from The Tragedy of Hamlet, Prince of Denmark: According to the First Folio (Spelling Modernised); With Further Remarks on the Emphasis-Capitals of Shakspere Of editing Shakspere's works, and writing books on them and him, there is no end, and with such a popular subject many have to do whom the Gods have not made Poetical, and who, therefore, do not know what Poetical is. We have laborious contributors in every branch connected with him and his writings, but, of course,

the first thing, which has led to all the interest, is his meaning, that is the Heart of heart, and on which depends the accurate reading or reciting of his language, and we claim for these emphasis-capitals, that in this, they are the confidential servants or body-guard. Adherents to our opinion increase in number more rapidly than could have been anticipated, for there are so many grave interests bound up with Modern Editions which shew the shorn Text, that any published favourable words of an Edition restoring these abolished Capitals, and upon the ground of their being indispensable, cannot be other than few and far between. With a large number of persons, to admit that there is anything whatever in them, making them worthy of restoration, would be to lift a stone to break their own heads, and, accordingly, there is either silence, or utterances of the when I ope my lips, let no dog bark character, to force the emphasis-capitals to be regarded as merely types of a different shape, signifying nothing emanating from the Printers, and not thoughtfully selected, and carefully set down in his Manuscript, by Shakspeare himself. One of the reviewers has said, These Capitals were simply inserted by the printers in the fashion of the time when no two printing offices agreed in the matter, or even took the trouble to be consistent with themselves, a statement with which we think no earnest and impartial student of the First Folio, capable of judging. Select Plays

Excerpt from The Tragedy of Hamlet, Prince of Denmark IN this edition of shakespeare an attempt is made to present the greater plays of the dramatist in their literary aspect, and not merely as material for the study of philology or grammar. Criticism purely verbal and textual has only been included to such an extent as may serve to help the student in the appreciation Of the essential poetry. Questions Of date and literary history have been fully dealt with in the Introductions, but the larger space has been devoted to the interpretative rather than the matter-of-fact order of scholar ship. Aesthetic judgments are never final, but the Editors have attempted to suggest points of view from which the analysis of dramatic motive and dramatic character may be profitably undertaken. In the Notes likewise, While it is hoped that all unfamiliar expressions and allusions have been adequately explained, yet it has been thought even more important to consider the dramatic value Of each scene, and the part which it plays in relation to the whole. These general principles are common to the whole series in detail each Editor is alone responsible for the play or plays that have been intrusted to him. Hamlet, Prince of Denmark

Reprint of the original, first published in 1874.

The Tragedy of Hamlet, Prince of Denmark

The Tragedy of Hamlet, Prince of Denmark, often shortened to Hamlet is a tragedy written by William Shakespeare at an uncertain date between 1599 and 1602. Set in the Kingdom of Denmark, the play dramatises the revenge Prince Hamlet is called to wreak upon his uncle, Claudius, by the ghost of Hamlet's father, King Hamlet. Claudius had murdered his own brother and seized the throne, also marrying his deceased brother's widow. Hamlet is Shakespeare's longest play, and is ranked among the most powerful and influential tragedies in English literature, with a story capable of "seemingly endless retelling and adaptation by others." The play likely was one of Shakespeare's most popular works during his lifetime, and still ranks among his most performed, topping the performance list of the Royal Shakespeare Company and its predecessors in Stratford-upon-Avon since 1879. It has inspired many other writers - from Johann Wolfgang von Goethe and Charles Dickens to James Joyce and Iris Murdoch - and has been described as "the world's most filmed story after Cinderella.

Hamlet, Prince of Denmark By William Shakespeare (A Tragedy Drama) The Annotated Classic Edition

Hamlet is the story of the Prince of Denmark who learns of the death of his father at the hands of his uncle, Claudius. Claudius murders Hamlet's father, his own brother, to take the throne of Denmark and to marry Hamlet's widowed mother. Hamlet is sunk into a state of great despair as a result of discovering the murder of his father and the infidelity of his mother. Hamlet is torn between his great sadness and his desire for the revenge of his father's murder.

Shakespeare's Tragedy of Hamlet, Prince of Denmark

The classic book, Hamlet by William Shakespeare! There's a reason why Hamlet is one of the best books of all time. If you haven't read this classic, then you'd better pick up a copy of Hamlet by William Shakespeare today!

Shakespeare's Hamlet, Prince of Denmark

The Tragedy of Hamlet, Prince of Denmark is a play by William Shakespeare. Set in the Kingdom of Denmark, the play dramatizes the revenge Prince Hamlet exacts on his uncle Claudius for murdering King Hamlet, Claudius's brother and Prince Hamlet's father, and then succeeding to the throne and taking as his wife Gertrude, the old king's widow and Prince Hamlet's mother. The play vividly portrays both true and feigned madness - from overwhelming grief to seething rage and explores themes of treachery, revenge, and moral corruption. William Shakespeare (circa 1564 - 23 April 1616) was an English poet and playwright, widely regarded as the greatest writer in the English language and the

world's pre-eminent dramatist. He is often called England's national poet and the "Bard of Avon." His surviving works, including some collaborations, consist of about 38 plays, 154 sonnets, two long narrative poems, and several other poems. His plays have been translated into every major living language and are performed more often than those of any other playwright.

Shakespeare's Tragedy of Hamlet, Prince of Denmark

One of the most famous and timeless works of English literature, this play by William Shakespeare tells the story of a young prince haunted by the death of his father and torn between love and duty. With its unforgettable characters, intricate plot, and powerful themes of revenge and redemption, Hamlet remains a staple of the literary canon. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain" in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public.
