CRAZY ENDING! Jokerit vs Hermes: Finnish Hockey (Canadian NHL Fan first Mestis playoff game) - CRAZY ENDING! Jokerit vs Hermes: Finnish Hockey (Canadian NHL Fan first Mestis playoff game) by JetLag Warriors 5,468 views 3 hours ago 19 minutes - Check out our reactions of Jokerit vs. Hermes hockey game at Helsinki Ice Hall. Coming from Canada, and being a fan of hockey, ... Should I buy JOKERIT or HIFK merch? (VOTE IN THE COMMENTS)

Game start: LOVE THE ULTRAS! Great atmosphere

JOKERIT opens the scoring with a powerplay GOAL

JOKERIT goalie is playing great, big fan of his

JOKERIT SCORES AGAIN!

Three goals in the first! Very entertaining start: JOKERIT 2-1 HERMES

Intermission thoughts: Finnish hockey fans understand the game

Intermission thoughts: STAY TUNED for HIFK vs Pelicans on Friday!

PLAYOFF HOCKEY: The rough stuff begins

Are players allowed to pass the goalie their stick in Finland?

HIGHLIGHTS: End to end hockey! This is why we buy tickets!!

Intermission thoughts: GOALIES and ULTRAS are stealing the show

JOKERIT looking tired to start the third?

DISASTER: HERMES scores tying goal with few minutes left

CRISIS AVERTED: JOKERIT retakes the lead 20 seconds later

How did we get a penalty for this? The ref is from Kokkola?

BIG SAVE to end the GAME! CRAZY ENDING!

We have ticket to HIFK vs Pelicans on Friday, STAY TUNED!

Better is the Proud Plaid

Charles Edward Stuart's army and the Jacobites are examined in detail, from their clothes and weapons to the material culture of the Stuart cause.

I Am Minded to Rise

This book throws new light on the men who fought for the Stuarts in Scotland from the beginning of the Jacobite cause in 1689 to Glenshiel in 1719 by drawing on the work of historians and a wide range of primary sources and therefore presenting a picture based on the evidence available. I am minded to rise looks at the variety of clothing and weapons used by the different Jacobite armies in this time period as well as their material culture used by them to show their allegiance to the Stuarts and the Jacobite cause. This book will appeal to those interested in the Jacobite Risings reenactors, wargamers, fans of Outlander, anyone with an interest in Scottish clothing from 17th and 18th centuries and the Scottish diaspora who, thanks to a growing interest in family history, are keen to know more about their Scottish heritage.

The Men of Warre

This book explores in detail the clothes, weapons and accoutrements of the Scots at war between 1460 and 1600.

Kesselsdorf 1745

When one thinks of the wars of the eighteenth century, one thinks of the significant clashes of great military powers: the War of the Spanish Succession and the Battles of Blenheim and Malplaquet, the Great Northern War and the Battles of Narva and Poltava, the War of the Austrian Succession and Fontenoy, the Seven Years War with Roßbach, Leuthen and Zorndorf, or the American War of Independence with Saratoga and Yorktown. All of these engagements appear again and again in the lists of the great battles of world history, and there are reasons why they deserve a place in them. Yet none of them brought an end to the war in which they were fought. Not so the Battle of Kesselsdorf, which is largely forgotten today and will probably never find its way into an anthology of world- historically significant battles yet surely deserves such a place. For the immediate consequence of the victory of the Prussian army under Leopold von Anhalt-Dessau over a Saxon army on the heights near Kesselsdorf was the peace agreement at Dresden. In it, Austria once again renounced its claims to the province of Silesia, which had been lost to Prussia in the First Silesian War. In addition, Prussia rose to the rank of the great European powers and became the regional hegemon in northern Germany, while ambitious Electoral Saxony lost considerable political importance in the Empire and in Europe.

Toil & Trouble

Something wicked this way comes. The three fates—Riata, Cait, and Smertae—have always been guiding and protecting Scotland unseen, indirectly controlling the line of kings according to the old religion. When there is a disagreement between the weird sisters, Riata and Smertae will use men as pawns, and Smertae will direct Macbeth to a crown he was never meant to have. This re-telling of Macbeth from the witches point of view is brought to life by Mairghread Scott (TRANSFORMERS: Windblade, LANTERN CITY), and illustrated by talented duo Kelly & Nichole Matthews. TOIL AND TROUBLE brings a new and inventive take on the tragedy we all know and love.

Contractor Gear

This book is a comprehensive collector's guide to Operation Enduring Freedom (OEF), and Operation Iraqi Freedom (OIF) civilian contractors' private-purchase and service-issue clothing, equipment, and weapons as they were worn and used in the field between 2002 and 2014. A host of detailed photographs show what civilian contractors both in combat and in non-combat roles looked like in Afghanistan and Iraq. This is the first militaria book that presents actual configurations of clothing,

equipment, as well as weapons of civilian contractors in as near to realistic configurations as is practically possible. The majority of items presented in this book are bringbacks from Iraq and Afghanistan, where the author worked in different capacities as a civilian contractor. Items shown in the book used to be the author's own work clothes, equipment and tools, or they belonged to fellow contractors who worked with him in different places at different times.

The Culture of Castles in Tudor England and Wales

First multi-disciplinary study of the cultural and social milieu of the post-medieval castle. The castle was an imposing architectural landmark in late medieval and early modern England and Wales. Castles were much more than lordly residences: they were accommodation to guests and servants, spaces of interaction between the powerful and the powerless, and part of larger networks of tenants, parks, and other properties. These structures were political, symbolic, residential, and military, and shaped the ways in which people consumed the landscape and interacted with the local communities around them. This volume offers the first interdisciplinary study of the socio-cultural understanding of the castle in the late fifteenth and early sixteenth centuries, a period during which the castle has largely been seen as in decline. Bringing together a wide range of source material - from architectural remains and archaeological finds to household records and political papers - it investigates the personnel of the castle; the use of space for politics and hospitality; the landscape; ideas of privacy; and the creation of a visual legacy. By focusing on such an iconic structure, the book allows us to see some of the ways in which men and women were negotiating the space around them on a daily basis; and just as importantly, it reveals the impact that the local communities had on the spaces of the castle. AUDREY M. THORSTAD teaches in the Department of History, University of North Texas.

Highland Swordsmanship

Scotland has a long and proud tradition of swordsmanship, something that is abundantly documented in its medieval literature. This publication reproduces two classic manuals of swordsmanship, both written in the early 18th century. The 'Expert Sword-Man's Companion' written by Donald McBane and 'New Methods of Fencing' written by Sir William Hope in 1707, both contain advice on the theory of swordplay, as well as technical and ethical issues and the realities of fighting. In this book Rector adds the necessary background material and the California Players re-enact many of the techniques discussed.

I Know Why the Caged Bird Sings

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

A Book of Golden Deeds (EasyRead Super Large 18pt Edition)

Discover how to achieve your dream home on an affordable budget using these inspiring pictures, practical tips, and easy-to-implement tutorials. Most of us don't live in a dream home that was custom built to suit our tastes. We have to work with a house that brings its own style, quirks, and personality to the table. But imagine walking into this house, but it's perfectly designed and decorated with your style in mind—a home that fits you like a well-tailored outfit and yet is as comfy as your favorite pair of pajamas. What would that home look like exactly? How would it feel to live in a home styled specifically for you? The truth is, every home should feel like a custom home and not have to break the bank. In *Feels Like Home*, DIY makeover queen Marian Parsons (a.k.a. Miss Mustard Seed) teaches you what she's learned over the years, sharing budget-friendly practical tips that will inspire you to change your space from "blah" to beautiful, from a builder-grade to character-rich home. Each chapter will guide

you through detailed, easy-to-implement tutorials for projects, makeovers, decorating ideas, and tips for handling common challenges. Special note-taking spaces are also included for recording your own design ideas. Room by room, you will be empowered to transform your house into the home of your dreams!

Feels Like Home

Details the composition, uniforms, and service of the French troops sent to Scotland to support the Jacobite rising of 1745.

The Lilies and the Thistle

A moving story of a woman with early onset Alzheimer's disease, now a major Academy Award-winning film starring Julianne Moore and Kristen Stewart. Alice Howland is proud of the life she worked so hard to build. At fifty, she's a cognitive psychology professor at Harvard and a renowned expert in linguistics, with a successful husband and three grown children. When she begins to grow forgetful and disoriented, she dismisses it for as long as she can until a tragic diagnosis changes her life - and her relationship with her family and the world around her - for ever. Unable to care for herself, Alice struggles to find meaning and purpose as her concept of self gradually slips away. But Alice is a remarkable woman, and her family learn more about her and each other in their quest to hold on to the Alice they know. Her memory hanging by a frayed thread, she is living in the moment, living for each day. But she is still Alice. 'Remarkable ... illuminating ... highly relevant today' Daily Mail 'The most accurate account of what it feels like to be inside the mind of an Alzheimer's patient I've ever read. Beautifully written and very illuminating' Rosie Boycot 'Utterly brilliant' Chrissy Iley

Art and Identity

A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties' biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America's most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

Den of Thieves

"Exquisitely written with compelling characters and romance . . . I was swept away by the enchanting and magical world Rebecca Ross crafted, and loved every moment of it." — Sue Lynn Tan, bestselling author of *Daughter of the Moon Goddess* Enter the isle of Cadence in this novel from the #1 New York Times bestselling author of *Divine Rivals*—a Scottish-inspired fantasy brimming with enemies-to-lovers romance, magic and spirits, and a captivating mystery It starts with a letter and an ominous journey across dark waters. Ten years after being sent away to the mainland to become a bard, Jack Tamerlaine is summoned home to Cadence. Girls are going missing from the island, and Adaira, his childhood nemesis and the future leader of the clan, believes Jack is the only one who can find them. The elemental spirits that dwell in every breath of air, splash of water, blade of grass, and flicker of fire find mirth in the lives of the humans, and a bard's music is the only way to summon them and ask that the girls be returned. Yet as Jack and Adaira get closer to solving the mystery, it becomes apparent that an older, darker secret about Cadence lurks beneath the surface, and no harp song may be strong

enough to stop it. With unforgettable characters, a thrilling plot, and a lush folklore-infused world, *A River Enchanted* is a stirring story of duty, love, and creating harmony between opposing forces. This first book in the Elements of Cadence duology marks Rebecca Ross's brilliant entry on the adult fantasy stage.

For thirty years, Peter Singer's *Practical Ethics* has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

At My Fathers Barbers, Mataio (Matt) Faafetai Malietoa Brown offers men a haircut with a difference: a safe space to be seen and heard without judgement. From his barbershop chair, Matt has inspired a new generation of New Zealand men to break free from the cycle of abuse — and those men have in turn inspired him and his wife, Sarah, to create the global anti-violence movement, *She Is Not Your Rehab*. In this raw and unflinching book Matt shares his own story and those of his clients, of surviving family violence and abuse, and how they were able to find healing and turn their lives around. He introduces the people and concepts that have helped him heal, and gives readers the tools they need to begin their own journeys. *She Is Not Your Rehab* demonstrates the power of vulnerability and honesty in addressing pain and shame, and shows how anyone can empower themselves by taking responsibility for their own healing.

One of the most celebrated moments in Scottish history, the Jacobite Rising of 1745 is often romanticized. Drawing on the work of historians and a wide range of contemporary sources, Culloden expert Stuart Reid strips away the myths surrounding the events of the campaign, revealing some of the lesser known and fascinating truths about the Rising. Illustrated with contemporary sketches and meticulous full-colour reconstructions of dress and equipment, the raising of Prince Charles Edward Stuart's army is examined in detail from its organization in regiments and their command system, to its weapons, tactical strengths and weaknesses.

"Of the Nature of Things" is a first-century BCE didactic poem by the Roman poet and philosopher Lucretius to explain Epicurean philosophy to a Roman audience. In this work, T. Lucretius Carus presents the view that the world can be described by the function of material forces and natural laws. So, one should not fear the gods or death.

New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

Of the Nature of Things

When Charles Edward Stuart launched the last, and perhaps most famous, of the Jacobite Risings in the late summer of 1745, the British Army found itself ill-placed to respond. Its most effective troops were on the continent; regular units at home were weak, inexperienced or both; the Militia system was moribund and politically suspect. When the opposing forces first met in the field, the result was ignominious rout and retreat. Nevertheless, eight months after the Rising began, the Jacobite cause went down in crushing defeat at Culloden. This collection of essays examines in detail some of the units that marched and fought for George II during this tumultuous period. Consideration is given to regular regiments of foot and dragoons as well as to the additional units raised for the emergency. In the latter category, different chapters examine the 'noblemen's regiments' added to the regular line as a piece of political jobbery, the militias raised by clans loyal to the House of Hanover, and the bluecoated volunteer regiments fielded to resist the Jacobite invasion of England. Emphasising the fact that this was a civil war, three of the units that are considered were Scottish-raised, whilst others contained substantial numbers of Scotsmen in their ranks. The experiences of the units in question varied greatly; some took part in the pivotal battles of Prestonpans, Falkirk, and Culloden whilst others never fired a shot in anger. Taken together, however, these studies provide a new and fascinating insight into the military response to the Jacobite '45.

A classic children's book for every Canadian family to treasure for all time – a story of mystery and young love in a richly detailed Canadian historical setting. From the winner of the Governor General's Award for Children's Literature comes one of Canada's best-loved, bestselling books for young readers. In the award-winning follow-up to the beloved children's classic, *The Root Cellar*, Janet Lunn brings us an enthralling historical tale of Celtic magic, kindred spirits and the struggles of pioneer life in Upper Canada. *Shadow in Hawthorn Bay* introduces fifteen-year-old Mary Urquhart, a Scottish girl with a special gift – the gift of "second sight". One morning, in the spring of 1815, Mary hears her beloved cousin Duncan calling desperately for her help. But Duncan is 3,000 miles away in Upper Canada, and to journey to him means leaving the safety and comfort of home for an unknown wilderness. Answering the call, Mary finds herself battling dark forces in a foreign land. But as she struggles for her survival and independence, she unexpectedly finds friendship – with cheerful Yankee Patty, with Owena, the quiet Indian who recognizes the healing powers in her, and with Luke – so different from "Duncan the black."

An extraordinary young woman. An extraordinary controversy. This is Kelly Flinn's story--the one she couldn't tell when she was in uniform. "I fell in love with the wrong man."--Kelly Flinn She is the first woman to pilot a B-52, a charismatic twenty-six-year-old from a proper Georgia family who has always distinguished herself--as a fifteen- year-old at U.S. Space Camp and as a cadet at the U.S. Air Force Academy. There, she overcame considerable odds and earned a coveted position as a combat pilot. But nothing prepared Lieutenant Kelly Flinn for the controversy that erupted when the military began an investigation into her relationship with Marc Zigo, a man who lied to her about his marital status and then betrayed her to military authorities. Flinn was forced to resign amid charges of disobeying orders--charges she disputes in this poignant and powerful memoir. This is the story of Flinn's love affair with flying . . . and the love affair that ended her trailblazing Air Force career. This is also the story of a determined young woman fighting for her rightful place in a military establishment run by men, many of whom are not yet ready to accept a female combat pilot. Flinn reveals examples of hypocrisy

and sexism in the military that are, by any standard, infuriating. She rose higher and fell harder, but Kelly Flinn's story is universal, and it powerfully dramatizes the fault lines between our private and professional lives. With disarming candor, Flinn takes us inside her world. We feel her exhilaration as she soars through the sky and commands her own plane, and we share her horror as the love she dreamed of turns into a nightmare and she must battle the military's sexpolice behind closed doors. Kelly Flinn has been called "the Hester Prynne of our time," and her life has been depicted in the media as a combination of *Top Gun* and *The Scarlet Letter*. In *Proud to Be*, she speaks in her own voice--determined, vulnerable, and all too human.

Jane Eyre

A former firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of hardline conservatism and McCarthyesque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. *Gunfight* is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism spreads in the guise of freedom, how voicing one's conscience becomes an act of treason in a culture that demands sameness and loyalty. *Gunfight* offers a valuable perspective as the nation struggles to choose between armed violence or healing.
