DO THIS To Control Your Mind In MINUTES! (Unlock Your Mind)| Dr. Joe Dispenza & Lewis Howes - DO THIS To Control Your Mind In MINUTES! (Unlock Your Mind)| Dr. Joe Dispenza & Lewis Howes by Lewis Howes 3,214,446 views 4 years ago 1 hour, 14 minutes - Dr. Joe Dispenza is an international lecturer, researcher, corporate consultant, author, and educator who has been invited to ...

I'M Starting To Realize How Conditioned We Are into Believing How Limited We Are and as You Start Peeling those Layers Away and You Break through those Beliefs those Self-Limiting Thoughts and Emotions on the Other Side of that Is Where the Miraculous Happens Welcome Back for One of the School's Greatest Podcasts We Have the Legendary Dr Joe Dispenza in the House My Man the Last Interview We Did Took Over the World Took Over the Internet over a Million Views on Youtube in Less than 10 Months the Audio Is in the Top 10 of all of Our Our Podcasts

And if You Keep Doing It Over and Over Again You Start Getting a Skill or You Start Getting Wise about How To Do It and You You Know that You Know How To Do It Well in the Last Ten Years We Have Assembled the Scientific Team and Let's See if You Can Really Make Significant Brain Changes I Don't Want those Changes To Just Be in Your Mind I Want Them To Be in Your Brain I Want To Be Able To See before and after Pictures To Say that Person Has a Significant Change after a Traumatic Brain Injury or Anxiety or Depression or a Cyclic Mood Disorder or a Stroke

I Want To Be Able To See before and after Pictures To Say that Person Has a Significant Change after a Traumatic Brain Injury or Anxiety or Depression or a Cyclic Mood Disorder or a Stroke We Want To See that There's Been Significant Change at the Same Time Let's Measure Your Brain in Real Time and Let's Look To See What that Transformation Process Looks like and in the Discovery Louis of that Process We Gain So Much Knowledge about What that Transformational Process Looks like in Other Words I Can Tell You without a Doubt that

And Now Your Body as the Unconscious Mind the Objective Mind Is Not Believing It's Living in the Same Past Experience 24 Hours a Day because You'Re Liberating the Body from that Emotional State so You Ask the Person Why Are You So Unhappy Why Are You So Frustrated Why Are You So Resentful and When We Do Ask that Their Brain Is Going To Associate that Emotion to a Past Event to a Memory to a Memory That's because They Have Nothing To Look Forward to in Their Future So if You'Re Not Being Defined by a Vision in the Future It Just Means to Me that You'Re More in Love with Your Past

That's because They Have Nothing To Look Forward to in Their Future So if You'Re Not Being Defined by a Vision in the Future It Just Means to Me that You'Re More in Love with Your Past Then You Are with the Future So How Do You Teach People To Believe in a Future That They Can't See or Experience with Their Senses Yet but They'Ve Thought about Enough Times in Their Mind that Their Brain Is Literally Changed To Look like the Event Has Already Occurred the Latest Research and Neuroscience Says that's Absolutely Possible We Know that and How Do You Teach a Person To Select a New Possibility in Their Future

So if You'Re Not Being Defined by a Vision in the Future It Just Means to Me that You'Re More in Love with Your Past Then You Are with the Future So How Do You Teach People To Believe in a Future That They Can't See or Experience with Their Senses Yet but They'Ve Thought about Enough Times in Their Mind that Their Brain Is Literally Changed To Look like the Event Has Already Occurred the Latest Research and Neuroscience Says that's Absolutely Possible We Know that and How Do You Teach a Person To Select a New Possibility in Their Future and Begin To Emotionally Embrace that Future before It's Made Manifest to Such a Degree that Their Body as Their Unconscious

So How Do You Teach People To Believe in a Future That They Can't See or Experience with Their Senses Yet but They'Ve Thought about Enough Times in Their Mind that Their Brain Is Literally Changed To Look like the Event Has Already Occurred the Latest Research and Neuroscience Says that's Absolutely Possible We Know that and How Do You Teach a Person To Select a New Possibility in Their Future and Begin To Emotionally Embrace that Future before It's Made Manifest to Such a Degree that Their Body as Their Unconscious Mind Is Believing It's Living in that Future Reality in the Present Moment and They'Re Signaling New Genes and New Ways Ahead of the Environment Now to Their Body Begins To Change To Look like the Event Has Already Occurred We'Ve Proven that that's Possible Now Think about this so the More You Think about Your Desired Future the Joy the Gratitude

It's Living in that Future Reality in the Present Moment and They'Re Signaling New Genes and New Ways Ahead of the Environment Now to Their Body Begins To Change To Look like the Event Has Already Occurred We'Ve Proven that that's Possible Now Think about this so the More You Think about Your Desired Future the Joy the Gratitude the the Feelings You Want To Have that Are More Positive the More You Think about It as Its as a Future Thing Happening the More Your Body Shifts You Feel from some Condition in Your Life the More Altered You Feel inside of You the More You Narrow Your Focus on the Cause and the Brain Freezes an Image and Takes a Snapshot and that Memory Now Is Embossed in the Brain It's Branded in There So Then People Think Neurologically within the Circuits of those Past Experiences and They Feel Chemically within the Boundaries of those Emotions and the Stronger the Betrayal the Stronger the Trauma the More the Body's Living

in the Right So Then So How You Reverse that So Now if You Truly Got Passionate about a Future We've all Done this You've Got a Wild Idea in Your Mind

You Have a Community of People That Are Practicing this on a Daily Basis and They're Connected to Their Future because that's Where They're in Their Mind Is They Begin To Want the Future More than the Emotions of the Past so We've Done Enough Measurements Now Louis To Know that We Can Teach People How To Do that and We Have Evidence that People Can Sustain It for 45 Minutes to an Hour It's a Skill Now They Know that They Know How To Do It So Now They Have Brain Coherence and Heart Coherence Well once the Heart Begins To Become Orderly and Coherent It Acts as an Amplifier

So As Long as You're Living by the Same Emotion every Single Day You're Signaling the Same Gene in the Same Way and if that Gene Is Related to a Survival Emotion a Stress Hormone Then You're down Regulating the Gene and You're Creating Disease So When the Person Trades that Emotion and Really Breaks Free from the Chains of Their Path and Now They're Feeling an Elevated Emotion Well Now They're Dialing Down the Gene for Ms and They're Up Regulating the Gene for Health and Balance and so the Person Will You Say to Them Where's the Disease

We Start Opening Our Heart We Start Elevating the Body's Energy and Then those Emotions Can Drive Certain Thoughts of Your Future Other Times You Open Your Awareness You Create Brain Coherence You Have the Vision of Your Future You Begin To Emotionally Experience It However You Want To Jump on that Cycle and Then Sustain It because the Longer You're Conscious of that Energy the More You're Drawing Your Future to You So Then Most People Spend Their Lives Right They We Live in this Realm Called Space-Time Three-Dimensional Reality and You Move Your Body through Space and Three-Dimensional Reality It Takes Time Yeah so Everything All Your Goals All Your Dreams All Your Visions

What's the Difference between Mindset and Consciousness

Become Conscious of Your Unconscious Thoughts

Becoming Conscious

The Creative Moment Is When You Get beyond Yourself
