The Castle Spectre; an Ancient Baronial Romance, by S. Wilkinson, Founded on the Original Drama of M. G. L.

Miss Gussie Werth is the only ordinary lady in her family, without a single drop of magic to liven things up. Fortunately, she's just been abducted. Miss Gussie Werth has grown up surrounded by the most supernatural family in England. Nell talks to the dead, Lord Werth is too often found in the churchyard at the dead of night... and the less said about Lord Bedgberry, the better. Somehow, Gussie has been passed over by the family curse. She sups on chocolate, not blood; she's blissfully oblivious to spectres (except for Great-Aunt Honoria, of course); and she hasn't the smallest inclination to turn into a beast upon the full moon, and go ravening about the countryside. All things considered, her life has been unbearably placid and uninteresting. Thankfully, Gussie has just been abducted by a neighbouring family every bit as strange as her own... and as deliciously spectacular disasters start to stack up, she begins to suspect that she may not be quite as normal as she thought. Far from being ordinary, Gussie may well prove to be the worst Werth of them all... Meet the Regency-era Addams Family—full of spectres, gorgons, and polite, ravening monsters—in this fresh, absurd gothic fantasy by the author of *Modern Magick* and the *Malykant Mysteries*. "Strange and utterly delightful" (Olivia Atwater), *Wyrde and Wayward's* notorious House of Werth will sink its teeth into you and leave you wanting more.

This collection examines early modern women's contribution to the culturally central mode of complaint. Complaint has largely been understood as male-authored, yet, as this collection shows, early modern women used complaint across a surprising variety of forms from the early-Tudor period to the late-seventeenth century. They were some of the mode's first writers, most influential patrons, and most innovative contributors. Together, these new essays illuminate early modern women's participation in one of the most powerful rhetorical modes in the English Renaissance, one which gave voice to political, religious and erotic protest and loss across a diverse range of texts. This volume interrogates new texts (closet drama, song, manuscript-based religious and political lyrics), new authors (Dorothy Shirley, Scots satirical writers, Hester Pulter, Mary Rowlandson), and new versions of complaint (biblical, satirical, legal, and vernacular). Its essays pay specific attention to politics, form, and transmission from complaint's first circulation up to recent digital representations of its texts. Bringing together an international group of experts in early modern women's writing and in complaint literature more broadly, this collection explores women's role in the formation of the mode and in doing so reconfigures our understanding of complaint in Renaissance culture and thought.
