increase your energy levels

create a circle

bring it down with the middle pillar

create a field of protection

breathe in through your nose

draw an imaginary circle

create a sphere

inhale and exhale through your nose

feel the energy flowing through your body

bring up any elevated emotion in your body

rest your awareness within this meridian

become aware of the space of the sacral chakra behind your navel

imagine an orange energy sinking into this area

move to the silver plexus

located just above the navel

become aware of the space in the meridian of your chest

become aware of the energy of space

become aware of the space between the back of your throat

see the energy coming in through the back of your head

become aware of the meridian of your third eye

become aware of the space above your head

bring this energy down from the cosmos

see a ball of energy

breathe in for four seconds

moving up and down each side of your body

continue to breathe gathering in a ribbon around your head

using your body as an instrument of consciousness to ascend

tighten the muscles in your lower body

roll your eyes up to the top of your head

guiding the energy all the way up to your head

hold it at the top of your head

pull the energy all the way into your brain

squeeze at the top of your head

pull the energy to the top of your head

become aware of the space that your pineal gland occupies

awaken this meridian with the new energy

change the chemistry of your pineal gland

. focus your awareness of this energy

compose a picture of your reality

activate all your senses

tuned in to the frequency of your new reality

create a bubble around the memory

reestablish your flows of energy from outside of your body
