The Star Trek Encyclopedia

From 'audet IX to Zytchin III, this book covers it all. This is the ultimate reference book for all Star Trek fans! Added to this edition are 128 new pages. This addendum highlights the latest episodes of Star

Trek: Deep Space Nine®, Star Trek: Voyager® and the newest feature film, Star Trek: Insurrection™. The thousands of photos and hundreds of illustrations place the Star Trek universe at your fingertips. Planets and stars, weapons and ships, people and places are just part of the meticulous research and countless cross-reference that fill this book.

The Next Generation Companion

First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

Laser Video Guide

The complete laser disc catalog; movies, music and special interest including karaoke and animation.

A Critical History of Doctor Who on Television

Since its inception in November 1963, the British science fiction television series Doctor Who has exerted an enormous impact on the world of science fiction (over 1,500 books have been written about the show). The series follows the adventures of a mysterious "Time Lord" from the distant planet Gallifrey who travels through time and space to fight evil and injustice. Along the way, he has visited Rome under the rule of Nero, played backgammon with Kublai Khan, and participated in the mythic gunfight at the O.K. Corral. Predating the Star Trek phenomenon by three years, Doctor Who seriously dealt with continuing characters, adult genre principles and futuristic philosophies. Critical and historical examinations of the ideas, philosophies, conceits and morals put forth in the Doctor Who series, which ran for 26 seasons and 159 episodes, are provided here. Also analyzed are thematic concepts, genre antecedents, the overall cinematography and the special effects of the long-running cult favorite. The various incarnations of Doctor Who, including television, stage, film, radio, and spin-offs are discussed. In addition, the book provides an extensive listing of print, Internet, and fan club resources for Doctor Who.

The Star Trek: The Next Generation Companion: Revised Edition

With the release of the hit feature Star Trek: Nemesis this is the perfect opportunity to update this book with all of the Star movies featuring The Next Generation cast! Here is the complete official guide to every episode of the television adventures of the Starship Enterprise and all four of the major motion pictures from Star Trek Generations to latest Star Trek: Nemesis. This companion is a compendium of information including plot summaries and credits for each show and motion picture, as well as fascinating behind-the-scenes glimpses into creation of The Next Generation. Take a glimpse into the shows incredible seven-year run where it reigned at the very top of the syndicated television ratings. Illustrated with more than 150 black and white photographs, this is the official reference guide to Star Trek: The Next Generation.

The Star Trek, the Next Generation

Completely revised and updated, this guidebook takes readers all the way through the last two seasons of the series, including the Paramount Pictures release of the blockbuster film, Star Trek: Generations. The book includes fascinating behind-the-scenes information and specially selected photos (at least one from every episode).

Net Trek

Packed with concise high-interest descriptions, handy side-bars and eyecatching graphics, this is the first comprehensive listing of online Trekker interest groups, conferences, forums, games and trivia. It covers the Internet, the major commercial services, including CompuServe, America Online and Prodigy, and hundreds of bulletin boards.

Film Landscapes of Global Youth

This book explores the dynamic landscapes of global youth through spatially grounded chapters focused on film and media. It is a collection of incredible works concerning children and young people in, out, and through media as well as an examination of what is possible for the future of research within the intersections of geography, film theory, and children's studies. It contains contributions from leading academics from anthropology, sociology, philosophy, art, film and media studies, women and gender studies, Indigenous studies, education, and geography, with chapters focused on a spatial area and the representations and relationships of children in that area through film and media. The insights presented also provide a unique and eclectic perspective on the current state of children's research in relation to the ever-changing media landscape of the 21st century. Film Landscapes of Global Youth approaches the subjects of children and young people in film and media in a way that is not bound by genre, format, medium, or the on-/off-screen binary. Each chapter offers an insightful look at the relationships and portrayals of children and young people in relation to a specific country, culture, or geographic feature. This book is a must-read for anyone interested in the intersections between geography, young lives, and the power of film, television, social media, content creation, and more.

Internet Lesbian and Gay Television Series, 1996–2014

Created around the world and available only on the Web, internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The third of five volumes on Internet TV series, this book covers 335 alphabetically arranged gay and lesbian programs, 1996–2014, giving casts, credits, story lines, episode descriptions, websites, dates and commentary. A complete index lists program titles and headings for gay, lesbian, bi-sexual, transgender and drag queen shows.

Warped

The official parody guide to the unaired eighth season of Star Trek: The Next Generation, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the Star Trek archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of Star Trek: The Next Generation, but there's one more. A secret season. Actually, not really. But that didn't stop Mike McMahan, creator of the parody Twitter account @TNG_S8, from making a guide full of: REAL* TNG SEASON 8 FACTS AND STORIES! REAL* TNG SEASON 8 DIALOGUE AND IMAGES! (* Again, not really, of course. This is humor. Sorry.) So impress your friends and bewilder your enemies with your newfound knowledge of these very lost Star Trek episodes! Engage!™, ®, & © 2015 CBS Studios, Inc. STAR TREK and related marks and logos are trademarks of CBS Studios, Inc. All Rights Reserved.

Exploring Star Trek: Voyager

In 1995, Star Trek: Voyager brought a new dynamic to Star Trek's familiar, starship oriented, show. Lost 70,000 light-years in space, Voyager and its crew faced an uncertain and changeable future, echoing anxieties felt in the United States at the time. These fifteen essays explore the context, characters, and themes of Star Trek: Voyager, as they relate to the culture and zeitgeist of the 1990s. Essays on gender show how the series both challenges and reinforces typical SF stereotypes through the characters of Captain Janeway, Kes and Seven of Nine, while essays on identity examine the show's intersections with disability studies, race and multiracial identities, family dynamics, and emerging AI and humanity. Using the epic journey of Homer's Odyssey as a starting point for the series, and ending with an examination of the impacts of inception at the birth of the internet age, this book shows the many ways in which Voyager negotiated different perspectives for what the future of the galaxy and the USA could be.

Hauntings and Poltergeists

Few people can claim the distinction of experiencing first-hand such occurrences as hauntings and the presence of poltergeists, but countless numbers of people are fascinated by these unexplainable events. Written by the world's most knowledgeable authorities in this field, the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena. The experts come from such backgrounds as anthropology, history, philosophy, psychiatry, and sociology, and provide sober yet highly readable in-depth discussions of numerous ideas and rationalizations for hauntings and poltergeists, from a critical and scientific perspective. Divided into three major sections--sociocultural, physical and physiological, and psychological perspectives--this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists.

The Trekker's Guide to the Next Generation

1966--The first "Star Trek pilot, "The Cage," is aired. 1977--"Star Trek II, a new television show featuring the original cast, is proposed--and never made. 1979--"Star Trek: The Motion Picture, the first in what would become a long line of feature films, is released. 1987--A totally new "Star Trek television show premieres--a show that would become one of the most popular syndicated series of all time, spawn two more Trek-inspired shows, and start "another series of successful feature films. "Star Trek: The Next Generation is born--and science fiction television is changed forever. "The Trekker's Guide to the Next Generation reveals what went into--and was left out of--the seven television seasons and two feature films about the crew of the second "Enterprise. Hal Schuster, a long-time, prominent chronicler of the "Star Trek phenomenon, details just how the show was created, and how it changed following the death of "Star Trek originator Gene Roddenberry. He traces the history of "The Next Generation from the cancellation of a popular program to the beginnings of a box-office serial smash. Using information culled from interviews, the show's own bible, and other sources, "The Trekker's Guide to The Next Generation takes you inside the popular phenomenon. Read character profiles and biographies of the actors who brought them to life. Get plot summaries for each of the 177 television episodes, plus guest stars, innovations, and bloopers. Learn what happened between James T. Kirk's command and the debut of the new "Enterprise with Captain Jean-Luc Picard at the helm. Review "Star Trek science, comparing factual physics and the writers' flights of fancy. Totally unauthorized and uncensored "The Trekker's Guide to The Next Generation tells you what the producers at Paramount Pictures don't want you to know! About the Author Hal Schuster is the author of "The Trekker's Guide to Voyager (Prima) and "Trek: The Unauthorized A to Z. He is the former editor and publisher of "Enterprise Incidents and "Comics Features magazines. "This book was not approved, prepared, licensed, or endorsed by any entity involved in creating or producing the Star Trek television series or films.

Film and Television Analysis

Film and Television Analysis is especially designed to introduce undergraduate students to the most important qualitative methodologies used to study film and television. The methodologies covered include: ideological analysis auteur theory genre theory semiotics and structuralism psychoanalysis and apparatus theory feminism postmodernism cultural studies (including reception and audience studies) contemporary approaches to race, nation, gender, and sexuality. With each chapter focusing on a distinct methodology, students are introduced to the historical developments of each approach, along with its vocabulary, significant scholars, key concepts and case studies. Other features include: Over 120 color images throughout Questions for discussion at the end of each chapter Suggestions for further reading A glossary of key terms. Written in a reader-friendly manner Film and Television Analysis is a vital textbook for students encountering these concepts for the first time.

Set Phasers to Teach!

For 50 years, Star Trek has been an inspiration to its fans around the world, helping them to dream of a better future. This inspiration has entered our culture and helped to shape much of the technology of the early 21st Century. The contributors to this volume are researchers and teachers in a wide variety of disciplines; from Astrophysics to Ethnology, from English and History to Medicine and Video Games, and from American Studies to the study of Collective Computing Systems. What the authors have in common is that some version of Star Trek has inspired them, not only in their dreams of what may be, but in the ways in which they work - and teach others to work - here in the real world. Introduced with references to Star Trek films and television shows, and illustrated with original cartoons, each of the 15

chapters included in this volume provides insights into research and teaching in this range of academic fields.

The Continuing Mission

Featuring 750 never-before-seen illustrations and full-color photographs, this visually stunning book focuses on the creation of the hit series "Star Trek: The Next Generation". Its true, unique focus, however, is on the people who wrote the series, created the art, played the roles, and fashioned the special effects.

Hamlet on the Holodeck, updated edition

An updated edition of the classic book on digital storytelling, with a new introduction and expansive chapter commentaries. I want to say to all the hacker-bards from every field—gamers, researchers, journalists, artists, programmers, scriptwriters, creators of authoring systems... please know that I wrote this book for you." —Hamlet on the Holodeck, from the author's introduction to the updated edition Janet Murray's *Hamlet on the Holodeck* was instantly influential and controversial when it was first published in 1997. Ahead of its time, it accurately predicted the rise of new genres of storytelling from the convergence of traditional media forms and computing. Taking the long view of artistic innovation over decades and even centuries, it remains forward-looking in its description of the development of new artistic traditions of practice, the growth of participatory audiences, and the realization of still-emerging technologies as consumer products. This updated edition of a book the *New Yorker* calls a "cult classic" offers a new introduction by Murray and chapter-by-chapter commentary relating Murray's predictions and enduring design insights to the most significant storytelling innovations of the past twenty years, from long-form television to artificial intelligence to virtual reality. Murray identifies the powerful new set of expressive affordances that computing offers for the ancient human activity of storytelling and considers what would be necessary for interactive narrative to become a mature and compelling art form. Her argument met with some resistance from print loyalists and postmodern hypertext enthusiasts, and it provoked a foundational debate in the emerging field of game studies on the relationship between narrative and videogames. But since *Hamlet on the Holodeck*'s publication, a practice that was largely speculative has been validated by academia, artistic practice, and the marketplace. In this substantially updated edition, Murray provides fresh examples of expressive digital storytelling and identifies new directions for narrative innovation.

Fans, Bloggers, and Gamers

Henry Jenkins's pioneering work in the early 1990s promoted the idea that fans are among the most active and socially connected consumers of popular culture. This volume maps the core theoretical and methodological issues in Fan Studies, and also charts the growth of participatory culture on the web.

Fortune's Light

A missing jewel may bring war to an entire world, and death to commander Riker.

Science Fiction Television Series, 1990-2004

This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular *The X-Files* to the many worlds of *Star Trek* (The Next Generation onward), as well as *Andromeda*, *Babylon 5*, *Firefly*, *Quantum Leap*, *Stargate Atlantis* and *SG-1*, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

Exiles

For three centuries the people of Alaj and the people of Etolos have been bitter enemies. However, when crippling disasters strike both worlds, each planet becomes the other's hope for survival. With time running out, Captain Picard and his crew are called to negotiate a peaceful settlement and begin rescue efforts. But some factions would rather see both planets perish and will stop at nothing to prevent peace. Soon the U.S.S. "Enterprise(TM)" crew is caught up in a web of intrigue and terrorism

that culminates with an act of ultimate revenge against both peoples -- revenge that will mean the destruction of two worlds and the U.S.S. "Enterprise."

Chains of Command

After discovering a group of human slaves on a forbidding planet, Captain Picard and his crew sympathize with the slaves' plight but cannot interfere in a brutal slave revolt. When the "owners" return to reclaim their property, Picard and Counsellor Troi are drawn into their deadly plan of vengeance.

Grounded

While answering a distress call from a scientific station in a remote part of the galaxy, the U.S.S. Enterprise™ becomes infected with a mysterious alien life form which feeds on and transforms inorganic materials. The Starship begins to gradually disintegrate, and Starfleet is forced to order its evacuation and destruction to prevent the dangerous infection from spreading throughout the galaxy. It's the end of an era for Captain Picard and his crew, who are scheduled for transfers that will split them up among different Starfleet vessels. But even as the end draws near for the Starship Enterprise™, Captain Picard begins to formulate a desperate plan to save his ship and preserve his crew -- a plan that will force him to defy Starfleet orders and lead him to a confrontation with a malevolent alien force -- which has the power to destroy the entire Federation.

Star Trek: The Next Generation - Hive

In the distant future the entire galaxy has been completely assimilated by Borg and its king—Locutus! The only hope for the future lies in the past, in the hands of Captain Jean-Luc Picard and the crew of the Starship Enterprise—as Picard faces off against the Borg collective in one final, terrifying, and definitive encounter!

Famous African-American Actresses Paper Dolls

From Dorothy Dandridge's pioneering role in *Carmen Jones* to Queen Latifah's show-stopping performance in *Chicago*, this collection pays tribute to the beauty and talent of African-American actresses. Sixteen film favorites, each with two costumes, include Halle Berry, Alfre Woodard, Angela Bassett, Ruby Dee, Cicely Tyson, Beyoncé, and others.

Star Trek - The Next Generation Q Who?

"Q Who" is the 16th episode of the second season of the American science fiction television series *Star Trek: The Next Generation*. ... In this episode, the omnipotent entity known as "Q" (John de Lancie) arrives on the Enterprise and decides that Captain Jean-Luc Picard (Patrick Stewart) is ignorant and overconfident.

Star Trek: The Next Generation Nerd Search

Do you possess Data-like recall of everything *Star Trek: The Next Generation*? Put that knowledge to the test with Hero Collector's TNG Nerd Search Book. The next generation of Hero Collector's *Star Trek Nerd Search* book is here, literally. *Star Trek Nerd Search: The Next Generation* follows the TOS-centric "Quibbles with Tribbles" and it challenges TNG fans to find the made-on-purpose mistakes across its 44 pages. Think of it as a next-level "Where's Waldo" for all the diehard *Star Trek* fans throughout the galaxy. Glenn Dakin, the madman behind Hero Collector's previous Nerd Search search-and-find titles, *Ghostbusters: Eerie Errors & Suspect Ghosts* and *Star Trek: Quibbles with Tribbles*, returns to playfully torment fans who boldly think they know it all. His fully illustrated book beams up the villainous Borg, who've created time-traveling Chaos Cubes that break down reality as we know it. The reader's task is to spot the Cubes and save Picard's mission. Making it so, however, will be tough. The reader must spot five continuity errors caused by the Chaos Cubes, such as TNG characters in the wrong costume, or scene or... even the wrong series! Complicating the crises, Dakin has hidden 10 random items for every season of TNG... in each scene. Can you find the rogue elements and name the episode? And, upping the ante even further, next-level Next Gen fans should be on the lookout for five Super Quibbles, behind-the-scenes bits of business that only hardcore fans will uncover. Sounds exciting and challenging, right? Say it with us: Resistance will be futile. It's all in here: Quirky "Q" madness, those hirsute, cranky Klingons, and the ever-avaricious Ferengi. And, among the TNG episodes revisited are

'The Best of Both Worlds,' 'The Big Goodbye,' and 'Encounter at Farpoint.' Oh, and the goal is to achieve the top score of, appropriately, 11001001.

The Meaning of Video Games

The Meaning of Video Games takes a textual studies approach to an increasingly important form of expression in today's culture. It begins by assuming that video games are meaningful—not just as sociological or economic or cultural evidence, but in their own right, as cultural expressions worthy of scholarly attention. In this way, this book makes a contribution to the study of video games, but it also aims to enrich textual studies. Early video game studies scholars were quick to point out that a game should never be reduced to merely its "story" or narrative content and they rightly insist on the importance of studying games as games. But here Steven E. Jones demonstrates that textual studies—which grows historically out of ancient questions of textual recension, multiple versions, production, reproduction, and reception—can fruitfully be applied to the study of video games. Citing specific examples such as *Myst* and *Lost*, *Katamari Damacy*, *Halo*, *Façade*, Nintendo's *Wii*, and Will Wright's *Spore*, the book explores the ways in which textual studies concepts—authorial intention, textual variability and performance, the paratext, publishing history and the social text—can shed light on video games as more than formal systems. It treats video games as cultural forms of expression that are received as they are played, out in the world, where their meanings get made.

Star Trek FAQ 2.0 (Unofficial and Unauthorized)

(FAQ). This book is not endorsed, sponsored, or affiliated with CBS Studios Inc., Paramount Pictures, or the "Star Trek" franchise. In the 1980s and '90s, Star Trek rose from the ash heap of network cancellation and soared to the peak of its popularity with a series of blockbuster feature films and the smash sequel series *Star Trek: The Next Generation*. *Star Trek FAQ 2.0* picks up where the original *Star Trek FAQ* left off, chronicling the historic comeback of the "failed" series and its emergence as a pop culture touchstone. The book provides accounts of the production of every *Star Trek* movie (including creator Gene Roddenberry's struggle to retain control of the franchise) and every episode of *The Next Generation* (and the conflicts that roiled its writing staff). It also offers profiles of the actors, directors, writers, producers, and technicians whose excellence fueled the franchise's success, and explores often overlooked aspects of the *Star Trek* phenomenon, including unofficial, fan-made productions. *Star Trek FAQ 2.0* represents the final frontier of *Trek* scholarship.

Star Trek - The Next Generation The Royale

"The Royale" is the twelfth episode of the second season of the American science fiction television series *Star Trek: The Next Generation*, the 38th episode overall. ... In this episode, Riker, Data, and Worf become trapped in a strange hotel on a planet otherwise incapable of supporting human life.

Star Trek: Essays Exploring the Final Frontier

After more than 55 years of transmedia storytelling, 'Star Trek' is a global phenomenon that has never been more successful than it is today. 'Star Trek' fandom is worldwide, time tested, and growing, and academic interest in the franchise, both inside and outside of the classroom, is high; at the moment, more 'Star Trek' works are underway or in development simultaneously than at any other moment in history. Unlike works that focus on a limited number of stories/media in this franchise or only offer one expert's or discipline's insights, this accessible and multidisciplinary anthology includes analyses from a wide range of scholars and explores 'Star Trek' from its debut in 1966 to its current incarnations, considers its implications for and collaborations with fandom, and trace its ideas and meanings across series, media, and time. 'Star Trek: Essays Exploring the Final Frontier' will undoubtedly speak to academics in the field, students in the classroom, and informed lay readers and fans.

Terror Television

Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter's *The X-Files*, such has not always been the case. Creators Rod Serling, Dan Curtis, William Castle, Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years. This large-scale reference book documents an entire genre, from the dawn of modern horror television with the watershed Serling anthology, *Night Gallery* (1970), a show lensed in color and featuring more

graphic makeup and violence than ever before seen on the tube, through more than 30 programs, including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast, crew and guest star information, as well as series reviews are included, along with footnotes, a lengthy bibliography and an in-depth index. From Kolchak: The Night Stalker to Millennium, from The Evil Touch to Buffy the Vampire Slayer and Twin Peaks, Terror Television is a detailed reference guide to three decades of frightening television programs, both memorable and obscure.

Relics

The U.S.S. Enterprise discovers the wreckage of a starship upon the monstrous surface of a Dyson sphere, an artificially-constructed habitat built around a star; and preserved in a weak transporter pattern is Starfleet engineering legend Montgomery "Scotty" Scott. Mr. Scott boards the Enterprise to find himself lost in a world that he barely recognizes, a world that has passed him by. But soon the Enterprise finds itself trapped within the Dyson sphere and pulled into the star, and Scotty must work with Lt. Geordi La Forge to rescue the Enterprise.

TLA Film and Video Guide, 1996-1997

In this episode, Lieutenant Commander Data (Brent Spiner) is kidnapped by an obsessive collector, who leads the Enterprise crew to believe that Data was destroyed in a shuttlecraft accident. The episode's title references a quote popular in the 1980s, "Whoever dies with the most toys wins".

Star Trek - The Next Generation The Most Toys

The Enterprise is traveling to the Farpoint station to open relations with the Bandi people.

Encounter at Farpoint

Your complete guide to STAR TREK's most popular progeny – both spectacular series guidebooks complete in one volume! Originally published in 1997, this edition covers all seven seasons of The Next Generation and seasons one and two of Deep Space Nine.

The Unauthorized Trekkers' Guide to the Next Generation and Deep Space Nine

The author of The Trek Crew Book offers a complete chronicle of the new crew of the starship Enterprise and the actors and actresses who bring them to life in the hit TV series Star Trek: The Next Generation. 40 black-and-white photographs.

The Laser Disc Newsletter

"In Star Trek, crew members travel to unusual planets, meet diverse beings, and encounter unique civilizations. In these remarkable space adventures, does Star Trek reflect biology and evolution as we know it? What can the science in the science fiction of Star Trek teach us?"--Back cover

Q-Squared

In all of his travels Captain Jean-Luc Picard has never faced an opponent more powerful than Q, a being from another continuum that Picard encountered on his very first mission as Captain of the

Starship Enterprise™. In the years since, Q has returned again and again to harass Picard and his crew. Sometimes dangerous, sometimes merely obnoxious, Q has always been mysterious and seemingly all-powerful. But this time, when Q appears, he comes to Picard for help. Apparently another member of the Q continuum has tapped into an awesome power source that makes this being more powerful than the combined might of the entire Q continuum. This renegade Q is named Trelane -- also known as the Squire of Gothos, who Captain Kirk and his crew first encountered over one hundred years ago. Q explains that, armed with this incredible power, Trelane has become unspeakably dangerous. Now Picard must get involved in an awesome struggle between super beings. And this time the stakes are not just Picard's ship, or the galaxy, or even the universe -- this time the stakes are all of creation...

Chains of Command

After discovering a group of human slaves on a forbidding planet, Captain Picard and his crew sympathize with the slaves' plight but cannot interfere in a brutal slave revolt. When the "owners" return to reclaim their property, Picard and Counsellor Troi are drawn into their deadly plan of vengeance.

A Time To Be Born

The Rashanar Sector, site of one of the fiercest battles of the Dominion War, now contains a vast interstellar graveyard littered with the hulks of hundreds of devastated starships. The destruction of so many warp drives has created a danger zone where the space-time continuum is distorted, and bizarre energies and anomalies are unleashed. To some, the former battleground is hallowed space. To others it is a scavengers' paradise, ripe for plunder, and the USS Enterprise is assigned to patrol it, protecting those engaged on legitimate salvage. But the ships' graveyard holds a deadly secret -- one that will force the android Data to make a heart-wrenching decision about the path his life will take, and will endanger not only the Enterprise, but Picard's very future in Starfleet.

Star Trek: The Next Generation: Q&A

After facing the Borg menace, the crew of the U.S.S. Enterprise is looking forward to a little exploration when the enigmatic Q informs them that the universe is at stake if they don't unravel the mystery of a strange planet in this Star Trek: The Next Generation novel. Nearly two decades ago, Jean-Luc Picard took command of the U.S.S. Enterprise NCC-1701-D, knowing it was an honor without equal. On her first mission, the Enterprise was sent to Farpoint Station for a simple, straightforward investigation. Perfect for a crew that had never served together. Then there was Q; an omnipotent lifeform that seemed bent on placing obstacle after obstacle in the ship's—and in particular in Picard's—way. And it hadn't ended with that first mission. When he was least expected, Q would appear. Pushing, prodding, testing. At times needling captain and crew with seemingly silly, pointless, and maddening trifles. Then it would turn all too serious, and the survival of Picard's crew was in Q's hands. Why was it today that Picard was remembering the day he took command of the Enterprise-D? Now he commanded a new ship, the Enterprise-E, with a different crew. But Picard couldn't shake the feeling that something all too familiar was going on. All too awful. All too Q.

War Drums

The planet Selva -- a lush colony world settled by a hardy group of humans, who found the planet already inhabited by a small gang of young Klingons. When violence erupts between the two groups, Captain Picard and the U.S.S. Enterprise are sent to render assistance. Worf leads a landing party to the planet while the Starship Enterprise is called away on another urgent mission. On Selva, Worf and his party find that the old hatreds and prejudices between humans and Klingons are revived, and the settlers are out for blood. Now, Worf must prevent a horrible massacre before all of them fall prey to Selva's deadly secret...and raging fury.

The Q Continuum

The unpredictable cosmic entity known only as Q has plagued Captain Jean-Luc Picard and the crew of the Starship Enterprise™ since their very first voyage together. But little was known of Q's mysterious past or of the unearthly realm from which he hails. Until now. A brilliant scientist may have found a way to breach the energy barrier surrounding the Milky Way galaxy, and the Enterprise is going to put it to the test. The last thing Captain Picard needs is a surprise visit from Q, but the omnipotent trickster has more in mind than his usual pranks. Kidnapping Picard, he takes the captain back through time to the

moment the Q Continuum faced its greatest threat. Now Picard must learn Q's secrets -- or all of reality may perish!

Star Trek: The Next Generation—The Gift

An all-new reprint of the classic TNG story! Q gives Jean-Luc Picard the chance to go back in time to fix one of his biggest mistakes, but the consequences of his actions will create a ripple effect that will threaten the entire Federation! Written by Q himself – actor John de Lancie – with art by Gordon Purcell and a newly painted cover by J.K. Woodward.

The Star Trek, the Next Generation

Completely revised and updated, this guidebook takes readers all the way through the last two seasons of the series, including the Paramount Pictures release of the blockbuster film, *Star Trek: Generations*. The book includes fascinating behind-the-scenes information and specially selected photos (at least one from every episode).

A Star Trek: The Next Generation: Time #8: A Time to Heal

On the cusp of their epic battle with Shinzon, many of Captain Jean-Luc Picard's long-time crew were heading for new assignments and new challenges. Among the changes were William Riker's promotion to captain and his new command, Riker's marriage to Counselor Deanna Troi, and Dr. Beverly Crusher's new career at Starfleet Medical. But the story of what set them on a path away from the *Starship Enterprise*™ has never been told. UNTIL NOW. A cataclysmic war between the Federation and the Klingon Empire has been miraculously averted, and a new government is finally in place on the planet Tezwa. But deadly secrets still threaten the fragile peace accord. Rebels still loyal to the old Tezwa regime have captured Commander Riker and are willing to kill to achieve their goals...the Orion Syndicate is interfering in the rebuilding -- and may also be involved in much more than that. But the most devastating revelation of all threatens the very foundations of the Federation itself -- leaving Captain Picard to possibly face the very conflict that he labored so hard to prevent....

The Q Continuum: Book Two: Q-Zone

The puckish super-being called Q has bedeviled Captain Jean-Luc Picard and the crew of the *Starship Enterprise*™ since their first encounter at Farpoint Station. But little was known of Q's enigmatic past or that of the transcendent plane where he sometimes dwells. Now Picard must discover Q's secrets—for the sake of all that exists. While the *Enterprise* struggles to survive an alien onslaught, Captain Picard has been kidnapped by Q and taken on an astounding journey back through time to that immeasurably distant moment when the Continuum faced its greatest threat. But far more is at stake than simply the mysteries of the past, for an ancient menace is stirring once more, endangering the future of the galaxy, and neither Q nor Starfleet may be able to stop it!

Star Trek: Intelligence Gathering

IDW's *Star Trek* comics line launched with *Star Trek: The Next Generation - The Space Between*, a series of six stand-alone issues. Now, prepare for the latest voyage of the *Enterprise* as the creative team that brought you *Klingons: Blood Will Tell* tackles an all-new *Star Trek: TNG* mini-series.

Fortune's Light

A missing jewel may bring war to an entire world, and death to commander Riker.

Star Trek: The Next Generation: Before Dishonor

An enemy so intractable that it cannot be reasoned with. The entire race thinks with one mind and strives toward one purpose: to add our biological distinctiveness to their own and wipe out individuality, to make every living thing Borg. In over two centuries, the Federation has never encountered a greater threat. Twice Starfleet assembled and threw countless starships to stand against them. The Borg were stopped, the price paid in blood. Humanity breathed a sigh of relief, assuming it was safe. And with the destruction of the transwarp conduits, the Federation believed that the killing blow had finally been struck against the Borg. Driven to the point of extinction, the Borg continue to fight for their very existence, for their culture. They will not be denied. They must not be stopped. The old rules and

assumptions regarding how the Collective should act have been dismissed. Now the Borg kill first, assimilate later. When the Enterprise manages to thwart them once again, the Borg turn inward. The dark places that even the drones never realized existed are turned outward against the enemy they have never been able to defeat. What is revealed is the thing that no one believed the Borg could do.

Gemworld Book Two

To save the dying Gemworld and free the Enterprise from the lethal grip of the singularity which has trapped it there, Picard and his crew must disable the artificial shell which holds the planet's atmosphere intact. But to safeguard the shell - since the planet could not survive without it - it cannot be shut down without six clearance keys. One key is in the possession of each of the planet's distinct and often reclusive species, and travel on the crumbling, disintegrating surface is nearly impossible. A religious sect views the shell as a holy object and will stop Picard from tampering with it - at any cost. And when all the keys are gathered and a mysterious murder is solved, the responsible party is discovered to be the planet itself!

Star Trek: Q Squared

In all of his travels Captain Jean-Luc Picard has never faced an opponent more powerful than Q, a being from another continuum that Picard encountered on his very first mission as Captain of the Starship Enterprise™. In the years since, Q has returned again and again to harass Picard and his crew. Sometimes dangerous, sometimes merely obnoxious, Q has always been mysterious and seemingly all-powerful. But this time, when Q appears, he comes to Picard for help. Apparently another member of the Q continuum has tapped into an awesome power source that makes this being more powerful than the combined might of the entire Q continuum. This renegade Q is named Trelane, also known as the Squire of Gothos, who Captain Kirk and his crew first encountered over one hundred years ago. Q explains that, armed with this incredible power, Trelane has become unspeakably dangerous. Now Picard must get involved in an awesome struggle between super beings. And this time the stakes are not just Picard's ship, or the galaxy, or even the universe, this time the stakes are all of creation.

Grounded

While answering a distress call from a scientific station in a remote part of the galaxy, the U.S.S. Enterprise™ becomes infected with a mysterious alien life form which feeds on and transforms inorganic materials. The Starship begins to gradually disintegrate, and Starfleet is forced to order its evacuation and destruction to prevent the dangerous infection from spreading throughout the galaxy. It's the end of an era for Captain Picard and his crew, who are scheduled for transfers that will split them up among different Starfleet vessels. But even as the end draws near for the Starship Enterprise™, Captain Picard begins to formulate a desperate plan to save his ship and preserve his crew -- a plan that will force him to defy Starfleet orders and lead him to a confrontation with a malevolent alien force -- which has the power to destroy the entire Federation.

Guises of the Mind

Based on today's #1 syndicated television show, every title in Pocket Books' Star Trek: The Next Generation series is a New York Times bestseller. Captain Picard and his companions are drugged and captured when they arrive on Capulon IV, a world about to join the Federation. The group must escape and stop the new ruler's coronation to prevent mass destruction.

The Valiant

The USS Stargazer, a long-range exploration ship commanded by Captain Ruhalter, is assigned to pick up descendents of the survivors of the USS Valiant, a ship that was lost at the far edge of the galaxy in the very first Star Trek Original Series episode. The evacuees claim that a deadly invasion force from outside the galaxy is nearing the United Federation of Planets. When they are ambushed by the invaders, Captain Ruhalter is killed, leaving a young Lieutenant, Jean-Luc Picard, in charge of the ship in the midst of a deadly confrontation. Picard must swiftly learn to be an effective Captain; while dealing both with a crew that has not yet come to trust his judgement and with hostile aliens more powerful than anything the Federation has encountered before.

Imzadi

Years before they served together on board the U.S.S. Enterprise™, Commander William Riker and ship's counselor Deanna Troi had a tempestuous love affair on her home planet of Betazed. Now, their passions have cooled and they serve together as friends. Yet the memories of that time linger and Riker and Troi remain Imzadi- a powerful Betazoid term that describes the enduring bond they still share. During delicate negotiations with an aggressive race called the Sindareen Deanna Troi mysteriously falls ill and dies. But her death is only the beginning of the adventure for Commander Riker, an adventure that will take him across time, pit him against one of his closest friends, and force him to choose between Starfleet's strictest rule and the one he calls Imzadi.

Q-in-law

Despite Federation delegate Lwaxana Troi's romantic overtures toward Captain Picard, a Tizarin wedding celebration aboard the U.S.S. Enterprise seems to go smoothly until the situation is complicated by the arrival of the notorious and all powerful being called Q -- who has come to examine and challenge the human concept of love. Suddenly, the festivities are in turmoil, the powerful Tizarin families are on the verge of war, and Lwaxana Troi is determined to teach Q a lesson in love that he will never forget.

All Good Things...

Seven years ago, Captain Jean-Luc Picard first faced the judgment of the Q Continuum -- a race of beings with God-like powers over time and space who presumed to gauge humanity's fitness to exist in the galaxy. Seven years ago they suspended judgment, but now a decision has been reached: The human race will be eliminated, not only in the present, but throughout time. Humanity will never have existed at all. The only chance to save mankind lies with Captain Picard. An old enemy has granted him the power to revisit his life as it was seven years before, and to experience his life twenty-five years in the future. With the help of friendships that span time and space, Picard struggles to defeat the plans of the Q Continuum. But even as he fights to save the human race from total extinction, he has been set up to be the unwitting agent of mankind's destruction. In an effort to save humanity, Picard must sacrifice himself and all those he commands and if their sacrifice fails all mankind is doomed.

Star Trek Generations

Captain Jean-Luc Picard enlists the help of Captain James T. Kirk to help save the people on Veridian Three when Dr. Soran changes the course of the nexus.

Gemworld Book One

Lieutenant Melora Pazlar, first seen in the Deep Space Nine episode that bears her name (Melora), is the only Elaysian in Starfleet. Stationed on board the USS Enterprise, six years after her short-lived romance with Dr Bashir, she receives a desperate call for help from her crystalline, multi-species homeworld. When subspace contact fails, Captain Picard sends the Enterprise to investigate, only to find the ship nearly torn apart by a dimensional rift and stranded, badly damaged, below the shields that protect the carefully constructed planet. With both escape and rescue impossible, Picard and crew set out to discover the cause of the rift and the strange, cancerous growth in the crystal choking the planet itself. A Federation ship attempts to reach the Enterprise but is destroyed, and when thoron radiation threatens to kill the crew, all signs on the planet point to sabotage...

Star Trek: The Next Generation: Crossover

Science fiction roman.

Imzadi II

Counselor Deanna Troi, a Betazoid empath, and Lt. Commander Worf, a Klingon warrior, try to make their romance work despite their radically different backgrounds.

A Field Guide to the Aliens of Star Trek: The Next Generation

ONE KID'S CONTINUING MISSION: CATALOG ALL ALIEN LIFE FROM STAR TREK: THE NEXT GENERATION. These are the voyages of Joshua Chapman. In 1990 at 11 years old, he wrote a field guide to the alien races of Star Trek: The Next Generation for school. He continued the project through his awkward teen years and into reluctant adulthood. Boldly go from season to season and learn

about Acamarians to Zibalian. Explore strange new feelings, like Joshua's obsession with Data, and Joshua's angst toward his mother, who's more terrifying than a Yridian's face. Engage... with humanity at its weirdest. "One of my favorite artistic discoveries of the last few years, in any medium. It's funny, touching, wholly convincing, and even profound—the kind of book you'll want to give to every misfit adolescent you now know or once did, which is to say everyone who was ever worth knowing." —Kevin Brockmeier, O. Henry Prize winning author of *Things That Fall from the Sky*

Star Trek: The Next Generation: Stargazer: Enigma

Without warning, a Starfleet ship is overwhelmed by a mysterious, alien aggressor—one who appears to possess an intimate knowledge of the vessel's tactical technology. Then a second Starfleet ship is attacked. And a third. Twenty-eight-year-old Jean-Luc Picard, captain of the U.S.S. *Stargazer*—a Constellation-class starship—is ordered to help form a desperate line of defense against the aggressor. But it seems nothing can stop the aliens' headlong plunge into the heart of the Federation. Or rather, nothing in front of them can. Trailing one of the alien attack formations is a tiny Starfleet shuttle with a half dozen crewmembers aboard. One of them is Picard's first officer and best friend, Gilaad Ben Zoma. Another is Arlen McAteer, the ambitious admiral who has made it his business to relieve Picard of his command. Can Ben Zoma and McAteer work together to unlock the secret of the alien assault? Or will their differences sabotage their effort—and deprive the Federation of its last hope for survival?

Star Trek - The Next Generation Q Who?

"Q Who" is the 16th episode of the second season of the American science fiction television series *Star Trek: The Next Generation*. ... In this episode, the omnipotent entity known as "Q" (John de Lancie) arrives on the *Enterprise* and decides that Captain Jean-Luc Picard (Patrick Stewart) is ignorant and overconfident.

Star Trek: The Next Generation: Stargazer: Maker

Discover Captain Jean Luc Picard's first command aboard the *Stargazer* in this *Star Trek: The Next Generation* novel. Ensign Andreas Nikolas, heartsick over the loss of his Mirror Universe lover, has resigned his post on Jean-Luc Picard's starship, the *Stargazer*, to seek a home on the freighter *Iktoj'ni*. All he wants of his new life is a chance to forget his troubles. And that's what he gets—until the *Iktoj'ni* is taken over by a monstrous alien with unbelievable powers and a disdain for all forms of life. Without saying why, the alien sends the freighter hurtling toward a part of space inhabited by the Ubarrak, the Federation's deadliest and most xenophobic enemy. And Nikolas, who fears that the incident will start a war, can't convince his captor to turn back. Picard's only hope of stopping the alien menace is Serenity Santana—a woman who once abused his trust in the name of her people's survival. Now she's back, asking for the captain's trust a second time. Picard desperately needs Santana's help in his struggle to save his galaxy. But will she justify his faith in her—or once again twist it to serve her own shadowy ends?

Star Trek: The Next Generation: The Sky's the Limit

Redefining a familiar universe for a more modern time, *Star Trek: The Next Generation* introduced Captain Jean-Luc Picard, the officers and crew of the U.S.S. *Enterprise* NCC-1701-D, and the worlds of the twenty-fourth century to a new legion of *Star Trek*® fans. In the two decades since, viewers and readers have embraced these heroes, thrilled to their personal achievements, their shared victories, their passionate loves...and mourned their painful losses. Celebrate the twentieth anniversary of this landmark series by joining these now-legendary characters for all-new adventures: fourteen stories that span the time from before their earliest voyages through their missions onboard the *Enterprise-E* -- untold tales of intrigue, action, insight, and exploration, as told by: Christopher L. Bennett - Greg Cox - Keith R.A. DeCandido Bob Ingersoll & Thomas F. Zahler - David A. McIntee - Scott Pearson Michael Schuster & Steve Mollmann - Susan Schwartz Amy Sisson - James Swallow - Geoff Trowbridge Dayton Ward & Kevin Dillmore - Richard C. White

Exiles

For three centuries the people of Alaj and the people of Etolos have been bitter enemies. However, when crippling disasters strike both worlds, each planet becomes the other's hope for survival. With time running out, Captain Picard and his crew are called to negotiate a peaceful settlement and begin

rescue efforts. But some factions would rather see both planets perish and will stop at nothing to prevent peace. Soon the U.S.S. "Enterprise(TM)" crew is caught up in a web of intrigue and terrorism that culminates with an act of ultimate revenge against both peoples -- revenge that will mean the destruction of two worlds and the U.S.S. "Enterprise."

Relics

The U.S.S. Enterprise discovers the wreckage of a starship upon the monstrous surface of a Dyson sphere, an artificially-constructed habitat built around a star; and preserved in a weak transporter pattern is Starfleet engineering legend Montgomery "Scotty" Scott. Mr. Scott boards the Enterprise to find himself lost in a world that he barely recognizes, a world that has passed him by. But soon the Enterprise finds itself trapped within the Dyson sphere and pulled into the star, and Scotty must work with Lt. Geordi La Forge to rescue the Enterprise.

Live Long and Evolve

"In Star Trek, crew members travel to unusual planets, meet diverse beings, and encounter unique civilizations. In these remarkable space adventures, does Star Trek reflect biology and evolution as we know it? What can the science in the science fiction of Star Trek teach us?"--Back cover

The Complete Next Generation Trek IQ Book

Do you possess Data-like recall of everything Star Trek: The Next Generation? Put that knowledge to the test with Hero Collector's TNG Nerd Search Book. The next generation of Hero Collector's Star Trek Nerd Search book is here, literally. Star Trek Nerd Search: The Next Generation follows the TOS-centric "Quibbles with Tribbles" and it challenges TNG fans to find the made-on-purpose mistakes across its 44 pages. Think of it as a next-level "Where's Waldo" for all the diehard Star Trek fans throughout the galaxy. Glenn Dakin, the madman behind Hero Collector's previous Nerd Search search-and-find titles, Ghostbusters: Eerie Errors & Suspect Ghosts and Star Trek: Quibbles with Tribbles, returns to playfully torment fans who boldly think they know it all. His fully illustrated book beams up the villainous Borg, who've created time-traveling Chaos Cubes that break down reality as we know it. The reader's task is to spot the Cubes and save Picard's mission. Making it so, however, will be tough. The reader must spot five continuity errors caused by the Chaos Cubes, such as TNG characters in the wrong costume, or scene or... even the wrong series! Complicating the crises, Dakin has hidden 10 random items for every season of TNG... in each scene. Can you find the rogue elements and name the episode? And, upping the ante even further, next-level Next Gen fans should be on the lookout for five Super Quibbles, behind-the-scenes bits of business that only hardcore fans will uncover. Sounds exciting and challenging, right? Say it with us: Resistance will be futile. It's all in here: Quirky "Q" madness, those hirsute, cranky Klingons, and the ever-avaricious Ferengi. And, among the TNG episodes revisited are 'The Best of Both Worlds,' 'The Big Goodbye,' and 'Encounter at Farpoint.' Oh, and the goal is to achieve the top score of, appropriately, 11001001.

Star Trek: The Next Generation Nerd Search

SINS OF COMMISSION while on a mission to save the planet Lessenar from environmental collapse, the crew of the U.S.S. Enterprise™ is crippled by an emotional onslaught as the surviving aliens respond in anger and pain to the death of their comrade. Worf must overcome this alien influence and find the true killer with the destruction of the Starship Enterprise, the survival of Lessenar, and his Klingon honor hanging in the balance....

Star Trek: The Next Generation: Sins of Commission

The official parody guide to the unaired eighth season of Star Trek: The Next Generation, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the Star Trek archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of Star Trek: The Next Generation, but there's one more. A secret season. Actually, not really. But that didn't stop Mike McMahan, creator of the parody Twitter account @TNG_S8, from making a guide full of: REAL* TNG SEASON 8 FACTS AND STORIES! REAL* TNG SEASON 8 DIALOGUE AND IMAGES! (* Again, not really, of course. This is humor. Sorry.) So impress your

friends and bewilder your enemies with your newfound knowledge of these very lost Star Trek episodes! Engage!™, ®, & © 2015 CBS Studios, Inc. STAR TREK and related marks and logos are trademarks of CBS Studios, Inc. All Rights Reserved.

Warped
