Celtic Culture: Celtomania-Fulup, Marc'harid

This encyclopedia covers the entirety of the Celtic world, both through time and across geography. Although emphasizing the areas where Celtic languages and traditions survive into the present, the work does not slight the reaches of the Celtic empire, which was the largest language and cultural group on earth prior to the rise of Rome. In some 1,500 articles, many representing original research by the finest Celtic scholars, the work covers the Celts from prehistory to the present, giving comprehensive treatment to all topics from myth to music, religion to rulers, literature to language, government to games, and all topics in between.

Celtic Culture

This encyclopedia covers the entirety of the Celtic world, both through time and across geography. Although emphasizing the areas where Celtic languages and traditions survive into the present, the work does not slight the reaches of the Celtic empire, which was the largest language and cultural group on earth prior to the rise of Rome. Celtic culture : a historical encyclopedia. 5. T - Z

The book concentrates on the cultures that arose in Europe after the dispersal of the Aryan-speaking people from their homeland north of the Black Sea during BC 4th millenium. Relying on mythology, history and archeology the author has traced the development and movements of the "Q-Celt" and "P-Celt" speaking peoples of Europe and Asia Minor. The time span covers from BC 3rd millenium to

the Roman occupation of Celtic Europe. The emphasis is on the Bronze and Iron Ages. The result is a comprehensive overview of the people we have come to call the Celts. The work uses a clear language style and is organized as an encyclopedia for easy reference. Over 50 sub-cultures, 260 tribes and 1000 characters (dieties, heroes, warriors, etc.) are listed alphabetically, with separate chapters describing religious practices, customs, social structure, etc. as well as relevant museum collections and sites of interest. Complete 5 volume set, ISBN 1581128894, US \$129.95 Vol 1, ISBN 1581128908, US \$25.95 Vol II, ISBN 1581128916, US \$25.95 Vol III, ISBN 1581128924, US \$25.95 Vol IV, ISBN 1581128932, US \$25.95 Vol V, ISBN 1581128940, US \$25.95

Celtic culture : a historical encyclopedia. 3. G - L

This succinct, accessible two-volume set covers all aspects of Celtic historical life, from prehistory to the present day. The study of Celtic history has a wide international appeal, but unfortunately many of the available books on the subject are out-of-date, narrowly specialized, or contain incorrect information. Online information on the Celts is similarly unreliable. This two-volume set provides a well-written, up-to-date, and densely informative reference on Celtic history that is ideal for high school or college-aged students as well as general readers. The Celts: History, Life, and Culture uses a cross-disciplinary approach to explore all facets of this ancient society. The book introduces the archaeology, art history, folklore, history, linguistics, literature, music, and mythology of the Celts and examines the global influence of their legacy. Written entirely by acknowledged experts, the content is accessible without being simplistic. Unlike other texts in the field, The Celts: History, Life, and Culture celebrates all of the cultures associated with Celtic languages at all periods, providing for a richer and more comprehensive examination of the topic.

Celtic Culture

Now in its second edition, this comprehensive history of the Celts draws on archaeological, historical, literary and linguistic evidence to provide a comprehensive and colourful overview from origins to the present. Divided into three parts, the first covers the continental Celts in prehistory and antiquity, complete with accounts of the Celts in Germany, France, Italy, Iberia and Asia Minor. Part Two follows the Celts from the departure of the Romans to the late Middle Ages, including the migrations to and settlements in Ireland, Wales, Scotland and Brittany. This section also includes discussions of the Celtic kingdoms and the significance of Christianisation. Part Three brings the history of the Celts up to the present, covering the assimilation of the Celts within the national cultures of Great Britain, France and Ireland. Included in this consideration are the suppression of Gaelic, the declines, revivals and survivals of languages and literatures, and the histories of Celtic culture. The book concludes with a discussion of the recent history of the meaning of 'Celtic' and an examination of the cultural legacy of the Celts in the modern era.

Celtic culture : a historical encyclopedia. 4. M - S

The history of Britain and Ireland is traditionally presented as a succession of dramatic changes, but in this reference work the 60 contributors under the editorship of Christopher Haigh have emphasized patterns of continuity instead, including cultural, social, political and economic themes. 300 illustrations.

Celtic culture : a historical encyclopedia. 1. Aberdeen breviary - Celticism

This dictionary, with more than 1000 articles, provides a comprehensive survey of all important aspects of Celtic religion and culture, covering both the prehistoric continental Celts and the later, medieval culture that found written form long after the Celts had settled in the British Isles. Articles in the dictionary also cover the interaction between Celtic and Roman civilisations, and the seminal input of medieval Celtic legend into the Arthurian tradition. The continental and insular Celtic languages, both ancient and modern, are described, and there is a full account of the Celtic deities known to us from the inscriptions and iconography of the classical world. Celtic art and agriculture, the Ossian myth, the Irish Renaissance, and the history of Celtic studies are among other areas treated in depth.

Celtic Culture

This succinct, accessible two-volume set covers all aspects of Celtic historical life, from prehistory to the present day.

Celtic Culture

Runner-up of the Katherine Briggs Folklore Award 2017 Winner of the Mythopoeic Scholarship Award for Myth & Fantasy Studies 2019 This book examines the creative uses of "Celtic" myth in contemporary fantasy written for children or young adults from the 1960s to the 2000s. Its scope ranges from classic children's fantasies such as Lloyd Alexander's *The Chronicles of Prydain* and Alan Garner's *The Owl Service*, to some of the most recent, award-winning fantasy authors of the last decade, such as Kate Thompson (*The New Policeman*) and Catherine Fisher (*Darkhenge*). The book focuses on the ways these fantasy works have appropriated and adapted Irish and Welsh medieval literature in order to highlight different perceptions of "Celticity." The term "Celtic" itself is interrogated in light of recent debates in Celtic studies, in order to explore a fictional representation of a national past that is often romanticized and political.

Celtic Culture

A new edition of an invaluable collection of literary sources, all in translation, for Celtic Europe and early Ireland and Wales. The selections are divided into three sections: the first is classical authors on the ancient Celts—a huge selection including both the well-known—Herodotus, Plato, Aristotle, Livy, Diogenes Laertius, and Cicero—and the obscure—Pseudo-Scymnus, Lampridius, Vopiscus, Clement of Alexandria and Ptolemy I. The second is early Irish and Hiberno-Latin sources including early Irish dynastic poetry and numerous tales from the Ulster cycle and the third consists of Brittonic sources, mostly Welsh.

The Celtic Encyclopedia

A fascinating and accessible A-to-Z guide to the gods and goddesses, heroes and heroines, magical weapons, fabulous beasts, and otherworld entities that populate the myths of this rich tradition. An easy-to-read handbook that opens a window on centuries of rich oral and written tradition from the mists of Europe's origins. Copyright © Libri GmbH. All rights reserved.

The Celts [2 volumes]

Introduces the archeology, art history, folklore, history, linguistics, literature, music, and mythology of the Celts and examines the global influence of their legacy. The content is accessible without being simplistic. Unlike other texts in the field, this set celebrates all of the cultures associated with Celtic languages at all periods, providing for a richer and more comprehensive examination of the to.

Celts

Examines the mythology and folklore of the peoples of Ireland, Scotland, Celtic Britain, Wales, Brittany, and central France and Galicia, covering original sources, mythical figures and heroes, themes, and sacred and historical places.

The Cambridge Historical Encyclopedia of Great Britain and Ireland

The latest title in the much-loved Element Encyclopedia series, *The Element Encyclopedia of Celts* explores the history, culture, and mythology of these great peoples. A comprehensive guide of Celtic history and culture, *The Element Encyclopedia of the Celts* tells the stories of these grand peoples and their way of life, including their heroic gods and goddesses, incredible myths and legends, and their everyday lives through their language, customs, and society. Encompassing their iron-age beginnings, European colonization, the various strands of 'Celticness' (race, politics, and culture), as well as the Celtic Tiger of today, this encyclopedia gets to the very heart of Celtic origin and meaning, as well as delving into the cultural and mythical background that draws so many to claim their Celtic roots today. Including: - The Celtic People and Their Way of Life- Celtic Places- Celtic Religion- Myths, Legends, and Stories- Symbols, Ideas, and Archetypes- Celtic Twilight and Revival Accompanied by illustrations and maps, which show the spread of Celts across the globe, as well as the symbols of Celtic mythology and religion.

Dictionary of Celtic Religion and Culture

Presents an illustrated A to Z reference containing over 1,000 entries providing information on Celtic myths, fables and legends from Ireland, Scotland, Celtic Britain, Wales, Brittany, central France, and Galicia.

Celtic Encyclopedia

In this Oxford reference, find Francis Bacon, James Joyce, and Samuel Beckett; Enya (but not Sinead O'Connor), the Chieftains, and Van Morrison; the IRA and the United Irishmen; Irish towns and counties; or Irish Music and Irish Film. Though entries are fairly short, this encyclopedia's reach is long, featuring 300 biographies, 500 historical entries, 400 geographical entries, 15 chronologies on Irish history, and 200 quotations on the country--about 2,000 entries in all. Other areas covered include Irish symbols, genealogy, politics, and the contributions of the Irish diaspora. The editor is senior lecturer in Modern History at Trinity College, Dublin. Annotation copyrighted by Book News Inc., Portland, OR

The Celts

This book covers the continental Celts in prehistory and antiquity, complete with accounts of the Celts in Germany, France, Italy, Iberia and Asia Minor. It goes on to follow the Celts from the departure of the Romans to the late Middle Ages, including the migrations to and settlements in Ireland, Wales, Scotland and Brittany. This section also includes discussions of the Celtic kingdoms and the significance of Christianisation. It then brings the history of the Celts up to the present, covering the assimilation of the Celts within the national cultures of Great Britain, France and Ireland. Included in this consideration are the suppression of Gaelic, the declines, revivals and survivals of languages and literatures, and the histories of Celtic culture.

Celtic Myth in Contemporary Children's Fantasy

The latest title in the much-loved Element Encyclopedia series, The Element Encyclopedia of Celts explores the history, culture, and mythology of these great peoples.

The Celtic Heroic Age

First Edition published by Oxford University Press in 1997"--Title page verso."

Dictionary of Celtic Mythology

Celtic Britain (1979) traces the history of the Celts and Celtic culture from the arrival of the first scattered groups of settlers in Britain in the seventh century BC to the development of the kingdoms of medieval Scotland and Wales. Although a Celtic culture continued to flourish independently throughout the Roman and Saxon periods, influences from outside began to permeate Celtic society, particularly that of Christianity.

The Celts

This encyclopedia covers the entirety of the Celtic world, both through time and across geography. Although emphasizing the areas where Celtic languages and traditions survive into the present, the work does not slight the reaches of the Celtic empire, which was the largest language and cultural group on earth prior to the rise of Rome. In some 1,500 articles, many representing original research by the finest Celtic scholars, the work covers the Celts from prehistory to the present, giving comprehensive treatment to all topics from myth to music, religion to rulers, literature to language, government to games, and all topics in between.

The Encyclopedia of Celtic Mythology and Folklore

Traces the colorful early history and culture of the Celtic peoples, celebrating their accomplishments in the fields of agriculture, engineering, metalwork, jewelry, stone carvings, glassware, philosophy, medicine, and more. Original.

The Element Encyclopedia of the Celts

This attractive volume celebrates 1500 years' of the Celts through colour photographs of artefacts, artworks, jewellery, everyday items and manuscripts, accompanied by an informative discussion of almost every aspect of Celtic culture in Europe.

The Encyclopedia of Celtic Mythology and Folklore

Tracing the development of the King Arthur story in the late Middle Ages, this book explores Arthur's depiction as a wilderness figure, the descendant of the northern Romano-British hunter/warrior god. The earliest Arthur was a warrior but in the 11th century Welsh tale Culhwch and Olwen, he is less a warrior and more a leader of a band of rogue heroes. The story of Arthur was popularized by Geoffrey of Monmouth, in his Latin History of the Kings of Britain, and was translated into Middle English in Layamon's Brut and the later alliterative Alliterative Morte Arthure. Both owed much to the epic poem "Beowulf," which draws on the Anglo-Saxon fascination with the wilderness. The most famous Arthurian tale is Sir Gawain and the Green Knight, in which the wilderness and themes from Beowulf play a leading role. Three Arthurian tales set in Inglewood Forest place Arthur and Gawain in a wilderness setting, and link Arthur to medieval Robin Hood tales.
