Student's Hebrew Grammar

A unique grammar for intermediate or advanced students of Hebrew This grammar is intended for students of Hebrew who wish to learn more about the history of the Hebrew language, specifically its phonology and morphology. Reymond focuses on aspects of Hebrew that will encourage a student to better remember the words and their inflection as well as those that will reinforce general principles of the language. Specific examples for memorization are outlined at the end of each chapter. The book also serves as a resource for students wishing to remind themselves of the relative frequency of certain phenomena. The book provides students with a full picture of the language's morphology. Features: Tables of nouns and adjectives illustrating the absolute and construct, singular and plural forms, as well as all the forms with suffixes Tables include forms not found in the Masoretic Text Additional tables that set similar verbal inflections side by side

A Hebrew Grammar for the Use of the Students of the University of Dublin

Student's Hebrew grammar

Comprehensive Hebrew for Beginners is the ultimate resource for those looking for an efficient way to learn elementary to intermediate level Hebrew. This book presents its audience with the necessary ingredients for successfully communicating in Hebrew in the context of formal and informal situations, grasping the basic language, and attaining the ability to express your needs and desires in these social contexts. Comprehensive Hebrew for Beginners is your trusted companion if you are; • a formal student learning Hebrew in an institutional setting • a self-learner who wants to learn Hebrew for fun and is starting from scratch • traveling to Israel and looking for some helpful material to familiarize yourself with • a business person conducting business in Israel • a Hebrew Language instructor and looking for a textbook format course book This book is designed so that you will acquire the necessary skills to communicate in Hebrew, regardless of whether this book is used as primary or secondary course material. You will learn how to use practical expressions and understand Hebrew daily language structure. This book will act as your stepping-stone in your future Hebrew studies. What the students will get with the book: • One lesson about reading Hebrew letters • Entertaining situational dialogues with a consistent storyline that cover a variety of social contexts spread over 19 lessons • Intense essential grammar that applies to most of the daily language • Practical language skills that satisfactorily teach colloquial uses • Abundant and engaging exercises that help the student apprehend all the material in a relaxed but effective manner • An extensive glossary at the end of the book for reference • Declension tables of the prepositions given in the book • Conjugation tables of the verbs given in the book All sections are given with the original written Hebrew form, English Transliteration and English translation. With an experience of teaching more than 20 years, the author's other works include Hebrew and Turkish self-study books and complementary materials. They've proven successful with their new editions and over 8 years in the market. *VERB CONJUGATION TABLES ARE DIVIDED INTO 2/3 PIECES IN THE EBOOK VERSION DUE TO EBOOK FORMATING ISSUES* Additional Study Materials for Beginner level learners Practical Hebrew Grammar (979-8559907055) is a reference book for Hebrew learners. The Logic of Hebrew Verb Conjugations: An Intermediate Level Reference Book for Hebrew Learners (979-8689797755) is a beginner level dictionary with words and phrases essential for elementary level learners. * Pronunciation symbols (Nekudot) are not usually present in Modern Hebrew texts. They are mostly printed in Biblical scriptures. Therefore, in Hebrew, it's crucial to remember the correct pronunciation of each word. Some coursebooks include these pronunciation symbols to facilitate learning, however, this causes confusion in real life for foreign students. To prevent such confusion and prepare the students to reading and writing Hebrew without a hassle, in this book all Hebrew words are given without the Nekudot, except for those that require the use of these symbols for grammatical reasons. To provide students with a more convenient and practical approach, in this book all Hebrew words are transliterated. The English transliteration shows the correct pronunciation of each word.

An Hebrew Grammar

With a chapter for every week, you'll develop the necessary skills to reach the intermediate level in Hebrew. With original dialogues, easy-to-understand grammar, extensive vocabulary, and engaging exercises with transliteration; this book provides its students the necessary skills to communicate well in Hebrew. This book is designed to equip the students in reading and speaking. Students will be able to lay the foundations for further Hebrew language studies with this book. This book consists of 10 regular chapters covering Beginner level Hebrew Language material. All sections are given with the original written Hebrew form, English Transliteration and English translation. Each chapter touches upon a different setting; from staying at a hotel to visiting friends for dinner and traveling. In this intensely

designed book, we embark on a journey with David and Malka while they are getting acquainted with the land, culture and people of Israel. Additional Study Materials for Beginner level learners Practical Hebrew Grammar (979-8559907055) is a reference book for Hebrew learners. Hebrew Learners' Dictionary: with Conjugation & Declension Tables, Fully Transliterated - A1 (979-8695228137) is a beginner level dictionary with words and phrases essential for elementary level learners. With the experience of teaching more than 20 years, the author's other works include Hebrew and Turkish self-study books and complementary materials. Student's Hebrew Grammar, with Exercises and Vocabularies

Interested in learning Hebrew or reading the Bible? A New Practical Hebrew Grammar: With Hebrew-English and English-Hebrew Exercises and a Hebrew Chrestomathy is a great introduction to Hebrew grammar studies. Written by Solomon Deutsch, this practical guide was written to help students learn Hebrew. Deutsch's other aim was to provide a foundation in Hebrew grammar for those who were self-studying the Bible. The book is well organized. The first half consists of exercises and grammar rules. Deutsch makes it possible for students with no experience to begin to learn the alphabet. The Hebrew alphabet consisted of 22 letters, all consonants. Vowels were added later. A New Practical Hebrew Grammar: With Hebrew-English and English-Hebrew Exercises covers the most essential aspects of the language, like pronunciation, etymology and sentence structure. The second part illustrates important rules through chrestomathy, which is a collection of literary passages used as an aid in learning a subject. Almost the entire Old Testament, composed over a thousand years, was composed in Hebrew, and the passages used to illustrate the language are from the Old Testament. Deutsch selected passages that are both simple and grammatically correct, which allows students to actually learn a few Biblical passages. A New Practical Hebrew Grammar: With Hebrew-English and English-Hebrew Exercises and a Hebrew Chrestomathy is useful and authoritative for students of all backgrounds and experience level. The English-Hebrew index is a great resource. If you love languages, then this is a perfect way to learn something totally new. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Hebrew Grammar, for the use of schools and students, etc

This is a Hebrew grammar with a difference, being the first truly discourse-based grammar. Its goal is for students to understand Biblical Hebrew as a language, seeing its forms and conjugations as a coherent linguistic system, appreciating why and how the text means what it says-rather than learning Hebrew as a set of random rules and apparently arbitrary meanings. Thirty-one lessons equip learners for reading the biblical text in Hebrew. They include sections on biblical narrative, poetry, and the Masora-as well as of the text of the Hebrew Bible, lexica, and concordances. The examples and exercises are all taken directly from the biblical text, so that students can check their work against any relatively literal version of the Bible. The vocabulary lists include all of the words that occur fifty times or more in the Hebrew Bible. Special also to this Grammar are the 'enrichments': brief sections at the end of each chapter encouraging students to apply their grammatical knowledge to specific questions, issues, or passages in the biblical text. Appendices include a Vocabulary of all Hebrew words and proper names that occur fifty times or more, and a Glossary and index of technical terms-as well as complete nominal, pronominal, and verbal paradigms, and an annotated bibliography. The learner-friendly design of this Grammar has been endorsed by faculty and by students who have used pre-publication versions to teach themselves Biblical Hebrew, both individually, in classes, and in informal groups.

Hebrew Grammar

Clear. Understandable. Carefully organized. Basics of Biblical Hebrew Grammar by Gary D. Pratico and Miles V. Van Pelt is the standard textbook for colleges and seminaries. Since its initial publication in 2001 its integrated approach has helped more than 80,000 students learn Biblical Hebrew. The third edition of Basics of Biblical Hebrew Grammar represents a significant updating and revision of the previous edition with the goal of providing students with the best possible tool for learning Biblical Hebrew. Some of the keys to the effectiveness of Basics of Biblical Hebrew Grammar in helping students learn is that it: Combines the best of inductive and deductive approaches Uses actual examples from the Hebrew Old Testament rather than "made-up" illustrations Emphasizes the structural pattern of the Hebrew language rather than rote memorization, resulting in a simple, enjoyable, and effective learning process Employs colored text that highlights key features of nouns and verbs, allowing easy recognition of new forms Includes appendices of verbal paradigms and diagnostics for fast reference and a complete vocabulary glossary Displays larger font and text size, making reading easier By the time students have worked their way through Basics of Biblical Hebrew Grammar they will have learned: The Hebrew Alphabet Vocabulary for words occurring 70 times or more in the Hebrew Bible The Hebrew noun system The Hebrew verbal system A robust suite of learning aids is available for purchase to be used alongside the textbook to help students excel in their studies. These include a workbook; video lectures for each chapter featuring the author; flashcards keyed to vocabulary in each chapter; a laminated study sheet with key concepts; audio of the vocabulary for each chapter to aid in acquisition; and a compact guide to help refresh students refresh their memory on language forms, grammar, and word meanings.

Student's Hebrew Grammar, from the 20th German

In Biblical Hebrew Grammar Visualized, Andersen and Forbes approach the grammar of Biblical Hebrew from the perspective of corpus linguistics. Their pictorial representations of the clauses making up the biblical texts show the grammatical functions (subject, object, and so on) and semantic roles (surrogate, time interval, and so on) of clausal constituents, as well as the grammatical relations that bind the constituents into coherent structures. The book carefully introduces the Andersen-Forbes approach to text preparation and characterization. It describes and tallies the kinds of phrases and clauses encountered across all of Biblical Hebrew. It classifies and gives examples of the major constituents that form clauses, focusing especially on the grammatical functions and semantic roles. The book presents the structures of the constituents and uses their patterns of incidence both to examine constituent order ("word order") and to characterize the relations among verb corpora. It expounds in detail the characteristics of quasiverbals, verbless clauses, discontinuous and double-duty clausal constituents, and supra-clausal structures. The book is intended for students of Biblical Hebrew at all levels. Beginning students will readily grasp the basic grammatical structures making up the clauses, because these are few and fairly simple. Intermediate and advanced students will profit from the detailed descriptions and comparative analyses of all of the structures making up the biblical texts. Scholars will find fresh ways of addressing open problems, while gaining glimpses of new research approaches and topics along the way.

A Workbook for Intermediate Hebrew

Unlock the secrets of biblical Hebrew with this comprehensive grammar guide by Jan Pieter Nicolaas Land. Perfect for scholars, students, and anyone interested in learning the language of the Hebrew bible, this book offers a thorough overview of Hebrew grammar, including verb forms, syntax, and more. With clear explanations and helpful examples, readers will master the fundamentals of this rich and complex language. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Accidence of Hebrew Grammar: With Exercises (1918)

"Intermediate Hebrew Grammar" is a practical grammar for a second-year reading course in Biblical Hebrew. It fills the gap between conventional introductory teaching grammars and the advanced grammars. It is designed to be a readable and accessible introduction to advanced features of Hebrew grammar not normally covered in introductory grammars. Linguistic terms that may be unfamiliar to many students are defined and illustrated. Each point of grammar discussed is illustrated with examples from the text of the Hebrew Bible in both Hebrew and in translation. Important subjects are also summarized in twenty-two diagrams that succinctly summarize related material. An index of subjects allows the students to use "Intermediate Hebrew Grammar" as a reference work until they are prepared to move on to a more technical advanced grammar.

Hebrew Grammar

A reference book for Hebrew learners, this book presents the basics of modern Hebrew grammar as it's in use today. The teaching style is to-the-point and easy-to-grasp. Learners will find practical explanations covering all necessary essential grammar points. Learners will also find the details to ancient and modern Hebrew spelling and vocalization differences. Hebrew words are provided with English translation and transliteration. Practical Hebrew Grammar is a valuable investment for Hebrew students on their Hebrew language learning journey. With an experience of teaching more than 20 years, the author's other works include Hebrew and Turkish self-study books and complementary materials. They've proven successful with their new editions and over 7 years in the market.

A Compendious Hebrew Grammar

Excerpt from A Hebrew Grammar The following pages are an attempt to supply a want suggested by the experience of two Lecturers for the first part of the Theological Tripos at Cambridge. A few words of explanation may serve to make this clear. There is at the present time a division of opinion among teachers as to the best way of learning a new language. Some insist, especially in the case of a dead language, on a long course of grounding in grammar before anything serious is attempted in the way of reading or speaking. Others seek to minimise the learning of grammar and to push on almost at once to some form of literature. The standpoint adopted in this book is that a certain amount of spade-work is necessary, in the way of learning by heart grammatical forms and usages; but that a good deal of memory-work may be saved by starting the beginner in actual reading as soon as he knows the more

elementary grammatical forms. So the student is expected to work through the ordinary classes of nouns to the end of the regular (Strong) Verb, before he reads the Old Testament; but at that point he is given assistance in starting the Hebrew text, before going on to the second half of the grammar. In this way he becomes accustomed to the sound and sight of many forms before he tries to commit them to memory. Every language is more easily learned with oral assistance from a teacher than from a book alone. The lecturer, for instance, may point out the peculiarities of the gutturals wherever he meets them; but in a Grammar they must necessarily be collected into a separate chapter. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Comprehensive Hebrew for Beginners

"Many students have forgotten, or never learned, the basic grammatical concepts needed for studying Biblical Hebrew. Explanations of these concepts in Hebrew grammar textbooks are either too skimpy or too complex. Grammatical Concepts 101 for Biblical Hebrew fills this gap. In this complement to standard classroom grammars, veteran language instructor and Hebrew scholar Gary Long revisits English grammar in order to teach more effectively concepts that are specific to Hebrew." "Arranged to supplement teaching grammars, each chapter takes up individual concepts, first explaining how the concept works in English, then illustrating its use in Biblical Hebrew. Long explains, for example, voice, tense, aspect, mood, participles, independent and dependent clauses, adjectives, adverbs, pronouns, even discourse analysis and translation theory in easy-to-understand language. Abundant English and Hebrew examples illustrate each concept, most of them visually analyzed. Glosses and translations help students grasp the Hebrew examples."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Hebrew for Beginners

This is the first textbook written for the purpose of teaching biblical Hebrew to college-level students who already know some modern, Israeli Hebrew. Marc Brettler provides a clear, comprehensive book with numerous well-constructed exercises to help students either make the transition from modern Israeli Hebrew to biblical Hebrew or deepen their understanding of biblical Hebrew. The book is also ideal for individuals who might like to study independently, and for serious Jewish adult-education programmes. Biblical Hebrew for Students of Modern Israeli Hebrew is unique in its emphasis on phonology, based on the conviction that a strong grounding in phonology makes it possible to learn biblical Hebrew

grammar in a much more systematic fashion. This method also allows verbal conjugations to be taught much more quickly and systematically. Although the text is not inductive, it uses authentic biblical texts throughout to illustrate fundamental points, and it contains many biblical texts in the exercises. Students progressing through the book will quickly be encouraged by a sense of accomplishment as they encounter and understand well-known biblical passages.

New Practical Hebrew Grammar

A New Grammar of Biblical Hebrew
