Stranger in a Strange Land

After an accident stole his memory, the only home former American businessman Patrick knows is Bangkok. He recovers under the tender ministrations of Jack, an Australian ex-pat who works nights at a pineapple cannery. Together they search for clues to Patrick's identity, but without success, and soon that forgotten past seems less and less important as they build a new life together. But the past comes crashing in when Patrick's brother travels to Thailand looking for him... and demanding Patrick returns to Los Angeles, away from Jack and the only world familiar to him. The attention also causes trouble for Jack, and to make their way back to each other, Patrick will need to find not only himself, but Jack as well, before everything is lost....

Stranger in a Foreign Land

In 1943 thirteen year old Ben was suddenly faced with the death of his elderly father. During the funeral he realized that he would never be able to talk to or see his father again. He felt that he was utterly alone in this world. Seventy-six years later, Ben recounts his years of growing up without his father. He remembers how he survived by relying upon Jesus Christ and his faith in Him. He explains the importance of the local school and the people of the community who helped him and the rest of his family to survive. He shows us the importance of having a strong Christ based family, community, society and nation in which to raise our children. Ben points us to the One who comforts and protects those of us who will accept and live for Him. He guides us through this world where we are strangers as we travel towards our real home that He is preparing for us. Ben's story and the message of hope that it imparts is pertinent to all of us, both as individuals and as a nation, that are searching for the best life as Christians who are indeed 'strangers in a foreign land.'

A Stranger in a Foreign Land

A New York foreign correspondent for The Guardian profiles contemporary America as a bitterly divided nation that is increasingly isolated from the rest of the world, in an account that includes discussions with such figures as Warren Beatty, Michael Moore, and Maya Angelou.

Stranger in a Strange Land

"This book attempts a general history of the anti-foreign spirit that I have defined as nativism. It tries to show how American nativism evolved its own distinctive patterns, how it has ebbed and flowed under the pressure of successive impulses in American history, how it has fared at every social level and in every section where it left a mark, and how it has passed into action. Fundamentally, this remains a study of public opinion, but I have sought to follow the movement of opinion wherever it led, relating it to political pressures, social organization, economic changes, and intellectual interests."--from the Preface, taken from back cover.

Strangers in the Land

The history of Finland's Jews, from their origin as conscripts in the Russian army to their survival as cobelligerents with Nazi troops in WWII, is unique. This novel tells their unusual story and that of their adopted country through the experiences of three generations of one family.

Strangers in a Stranger Land

Justin's having the worst trip ever. He and his mother are Time Traders, traveling undercover to different alternate realities of Earth so they can take valuable resources back to their own timeline. In some of these worlds, Germany won World War I or the world has been destroyed by nuclear warfare. Justin and his mother are in an America that never became the United States: each state is like a country, and many of them are at war with one another. Their mission takes them to Virginia, which is on the verge of bloody violence with Ohio. Beckie is from California and, like the rest of her world, is unaware that Time Traders exist. The only reason she's in small-town Virginia is because her grandmother dragged her there to visit old relatives. Beckie is just as horrified by the violence and racism of the alternate Virginia as Justin is, and the two are drawn to each other. But when full-fledged war breaks out between Ohio and Virginia, including a biologically designed plague, will either of them manage to get back home? Forget about home: will they make it out alive?

The Disunited States of America

A science fiction classic, with an all-new celebrity introduction and afterword! A nuclear holocaust throws a brave and tough-minded family into a future where they are considered traitors and sub-humans and where they must fight tooth-and-claw to avoid becoming slaves to the benighted survivors of the war. A Robert A. Heinlein classic reissued with an all new celebrity forward by noted Heinlein biographer Bill Patterson and afterword penned by three-time award-winner for fan writing and science fiction scholar John Hertz. It's a cross-time fight for freedom as a family retreats to a bomb shelter during a nuclear attack – only to emerge hundreds of years in the future, thrown forward in time by the blasts. There lifeboat ethics rule as they struggle to survive...until they're discovered by up-time humans, the survivors of the apocalypse. These survivors are of African descent. Down-time humans – in fact, all of the European-descended – are held guilty for the state into which the world has fallen and designated as automatic slaves. The only escape is to find a way back down-time, to change events sufficiently to make absolute certain this nightmare future never get a chance to happen in the first place! About Robert A. Heinlein: "Not only America's premier writer of speculative fiction, but the great writer of such fiction in the world." – Stephen King. "One of the grand masters of science fiction." – Wall Street Journal

Farnham's Freehold

The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the New Republic, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

Strangers at Home

Manning examines the formation of nineteenth-century intelligentsia print publics in the former Soviet republic of Georgia both anthropologically and historically. At once somehow part of "Europe," at least aspirationally, and yet rarely recognized by others as such, Georgia attempted to forge European style publics as a strong claim to European identity. These attempts also produced a crisis of self-definition, as European Georgia sent newspaper correspondents into newly reconquered Oriental Georgia, only to discover that the people of these lands were strangers. In this encounter, the community of "strangers" of European Georgian publics proved unable to assimilate the people of the "strange land" of Oriental Georgia. This crisis produced both notions of Georgian public life and European identity which this book explores.

Strangers in Their Own Land

A vivid critique of American life today and a guide to how Christians—and particularly Catholics—can live their faith vigorously, and even with hope, in a post-Christian public square. From Charles J. Chaput, author of *Living the Catholic Faith and Render unto Caesar* comes *Strangers in a Strange Land*, a fresh, urgent, and ultimately hopeful treatise on the state of Catholicism and Christianity in the United States. America today is different in kind, not just in degree, from the past. And this new reality is unlikely to be reversed. The reasons include, but aren't limited to, economic changes that widen the gulf between rich and poor; problems in the content and execution of the education system; the decline of traditional religious belief among young people; the shift from organized religion among adults to unbelief or individualized spiritualities; changes in legal theory and erosion in respect for civil and natural law; significant demographic shifts; profound new patterns in sexual behavior and identity; the growth of federal power and its disregard for religious rights; the growing isolation and elitism of the leadership classes; and the decline of a sustaining sense of family and community.

Strangers in a Strange Land

A pioneering look at the implications of Christian faith for foreign language education. It has become clear in recent years that reflection on foreign language education involves more than questioning which methods work best. This new volume carries current discussions of the value-laden nature of foreign language teaching into new territory by exploring its spiritual and moral dimensions. David Smith and Barbara Carvill show how the Christian faith sheds light on the history, aims, content, and methods of foreign language education. They also propose a new approach to the field based on the Christian understanding of hospitality.

Strangers in a Strange Land

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars *Wanted: Company Daughters*. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about *The Company Daughters*: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading *The Company Daughters*, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has

a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

The Gift of the Stranger

Set in the late 60s and two ethnically different environments (London and Stockholm), this collection of two short stories and two novellas describes social and personal problems encountered by the four protagonists respectively: Betty, Binky, Charlie, and Moby - the men are fictionalized expatriates from the Caribbean. Themes are dreams, loneliness, alienation, disappointment and the lack of solidarity are some of the main challenges they face. There is humor to ease the pain. The question is whether this handful of marginal men (of color) succeed or fail in their pursuit of a better life.

The Company Daughters

Queer. Muslim. Arab American. A proudly Fat femme. Randa Jarrar is all of these things. In this "exuberant, defiant and introspective" memoir of a cross-country road trip, she explores how to claim joy in an unraveling and hostile America (The New York Times Book Review). Randa Jarrar is a fearless voice of dissent who has been called "politically incorrect" (Michelle Goldberg, The New York Times). As an American raised for a time in Egypt, and finding herself captivated by the story of a celebrated Egyptian belly dancer's journey across the United States in the 1940s, she sets off from her home in California to her parents' in Connecticut. Coloring this road trip are journeys abroad and recollections of a life lived with daring. Reclaiming her autonomy after a life of survival--domestic assault as a child, and later, as a wife; threats and doxxing after her viral tweet about Barbara Bush--Jarrar offers a bold look at domestic violence, single motherhood, and sexuality through the lens of the punished-yet-triumphant body. On the way, she schools a rest-stop racist, destroys Confederate flags in the desert, and visits the Chicago neighborhood where her immigrant parents first lived. Hailed as "one of the finest writers of her generation" (Laila Lalami), Jarrar delivers a euphoric and critical, funny and profound memoir that will speak to anyone who has felt erased, asserting: I am here. I am joyful.

Strangers in Another Country

"Demonstrates how the Jewish Bible radically changed the course of ethical thought and as a result has had enormous influence on later Jewish thought and law, as well as on Christianity and the development of modern Western civilization"--

Love Is an Ex-Country

Chiefly proceedings of a conference held in 2009 at Boston College.

Justice for All

A moving and unsettling exploration of a young man's formative years in a country still struggling with its past As a Jew in postwar Germany, Yascha Mounk felt like a foreigner in his own country. When he mentioned that he is Jewish, some made anti-Semitic jokes or talked about the superiority of the Aryan race. Others, sincerely hoping to atone for the country's past, fawned over him with a forced friendliness he found just as alienating. Vivid and fascinating, Stranger in My Own Country traces the contours of Jewish life in a country still struggling with the legacy of the Third Reich and portrays those who, inevitably, continue to live in its shadow. Marshaling an extraordinary range of material into a lively narrative, Mounk surveys his countrymen's responses to "the Jewish question." Examining history, the story of his family, and his own childhood, he shows that anti-Semitism and far-right extremism have long coexisted with self-conscious philo-Semitism in postwar Germany. But of late a new kind of resentment against Jews has come out in the open. Unnoticed by much of the outside world, the desire for a "finish line" that would spell a definitive end to the country's obsession with the past is feeding an emphasis on German victimhood. Mounk shows how, from the government's pursuit of a less "apologetic" foreign policy to the way the country's idea of the Volk makes life difficult for its immigrant communities, a troubled nationalism is shaping Germany's future.

Phenomenologies of the Stranger

See what other readers are saying: "...endlessly funny, deeply revelatory..." "...reminiscent of Bill Bryson..." "...I really didn't want the book to end..." "...the author writes in such a blunt, comical, and exciting way--it carries you through the pages!" "...I learned a great deal, all while laughing along the way!" "...gives just enough information to allow understanding without becoming a history book..." "...I need to buy some tickets now!" Stranger in a Homeland chronicles one (woefully unqualified) American's experience living and working in Japan. Through his misadventures--and dozens of high-quality photographs--you can: *Immerse yourself in Japan's rich, vibrant, and often baffling culture * Delve into the island nation's storied history * Gain valuable insight into the wonder and struggles of a life begun anew Kyle McCormick's debut memoir combines humor, culture, and history into one nonstop adventure. From sprawling, city-wide festivals to ancient mountain temples, readers will feel as if they have embarked on a grand journey to a land unlike any other.

Stranger in My Own Country

An online publication containing all volumes of the Netherlands Yearbook for History of Art/Nederlands Kunsthistorisch Jaarboek (NKJ). For this online edition all volumes (dating back to 1947) have been digitized and are now available to subscribers, for the period of their subscription. The online publication is updated annually with the most recent yearbook. Founded in 1947 the NKJ is a peer-reviewed journal, which has established an international reputation for publishing outstanding articles that reflect the variety and diversity of approaches to the study of Netherlandish art and culture. The NKJ aims to foster traditional art historical scholarship and to open up the field to innovative cross disciplinary developments. Each volume has been dedicated to a particular theme. The NKJ is ranked in the European Reference Index for the Humanities (ERIH) as an International 1 (INT1) journal and is listed in the Arts & Humanities Citation Index (Thomson Reuters).

Stranger in a Homeland

In an extraordinary blend of narrative history, personal recollection, & oral testimony, the author presents a sweeping history of Asian Americans. He writes of the Chinese who laid tracks for the transcontinental railroad, of plantation laborers in the canefields of Hawaii, of "picture brides" marrying strangers in the hope of becoming part of the American dream. He tells stories of Japanese Americans behind the barbed wire of U.S. internment camps during World War II, Hmong refugees tragically unable to adjust to Wisconsin's alien climate & culture, & Asian American students stigmatized by the stereotype of the "model minority." This is a powerful & moving work that will resonate for all Americans, who together make up a nation of immigrants from other shores.

Strangers at Home

Throughout history, many Christians have existed on the margins of society; deviants and strangers in lands they call home. To survive, they have had to construct alternate identities that not only make sense of their religious experiences and beliefs but also equip them to successfully negotiate their social worlds. In Thailand, a nation where social identities are thoroughly intertwined with Buddhist religious adherence, Christians must come to terms with such a marginalized existence. By leaving Buddhism and adopting what is considered a foreign faith, Christian converts become deviants to "normal" Thai identity and belonging. In response, they have discovered creative solutions for traversing this complex terrain of marginalization. This book presents a deep exploration of the phenomenon of marginalization as experienced by Thai Christian converts. In it, readers will follow participants through the heights of transformative religious experience, the lows of severe social displacement, the tensions of managing two disparate lifeworlds and two conflicting selves, and the comfort and joy of finding a new place to call home. In the end, the reader will gain deep insight into what it is like to successfully navigate a minority religious identity on the margins of society.

Strangers from a Different Shore

Robert Heinlein's Hugo Award-winning all-time masterpiece, the brilliant novel that grew from a cult favorite to a bestseller to a science fiction classic. Raised by Martians on Mars, Valentine Michael Smith is a human who has never seen another member of his species. Sent to Earth, he is a stranger who must learn what it is to be a man. But his own beliefs and his powers far exceed the limits of humankind, and as he teaches them about grokking and water-sharing, he also inspires a transformation that will alter Earth's inhabitants forever...

Strangers in a Familiar Land

A biography of Hecht, a Holocaust survivor, born in 1929 in Brno. In the 1930s the family lived in Bratislava. Describes the Slovak anti-Jewish laws and economic measures in 1939-40. In September 1939 Hecht's family (parents and two children) managed to leave Slovakia for Budapest, and in December - for Paris. When France was occupied by the Germans, the Hechts fled to Lisbon, and from there to Canada, where they arrived in Montreal in January 1942. Pp. 175-188, "Epilogue"

Stranger in a Strange Land

"The Uyghurs is an original and significant contribution to the study of ethnic relations within the People's Republic of China. Very few foreign scholars have been able to study Xinjiang in such detail. Gardner Bovingdon's thoughtful discussion and comprehensive coverage make this must reading for anyone interested in contemporary China."-Peter C. Perdue, Yale University, author of *China Marches West: The Qing Conquest of Central Eurasia* "The Uyghurs is a depth cast study of the failure of the Chinese government to integrate the Uyghurs, one of China's fifty-six nationalities, into the so-called great family of the nation. The book offers a unique perspective to understand the difficult and on-going process of Chinese nation-state building efforts. It is a must read for anyone who is interested in China's nationality issues and the rise of ethnic nationalism in the post-Cold War world."-Suishen Zhao, University of Denver, author *A Nation-State by Construction: Dynamics of Modern Chinese Nationalism* "Gardner Bovingdon brings to this project fluency in both Uyghur and Chinese languages, a deep knowledge of Han and Uyghur society and the PRC political system, and a comparative perspective enriched by wide reading in social science literature on identity and nationalism. Though he focuses on political questions, Bovingdon displays a humanist's concern for his subjects as individuals and eschews social science jargon for elegantly turned phrases that crystallize the issues in a memorable way."-James Millward, Georgetown University, author of *Eurasian Crossroads: A History of Xinjiang* For more than half a century, many Uyghurs, members of a Muslim minority in northwestern China, have sought to achieve greater autonomy or outright independence. Yet the Chinese government has consistently resisted these efforts, countering with repression and a sophisticated strategy of state-sanctioned propaganda that emphasizes interethnic harmony and Chinese nationalism. After decades of struggle, Uyghurs remain passionate about establishing and expanding their power within government, and China's leaders continue to push back, refusing to concede any physical or political ground. Beginning with the history of Xinjiang and its unique population of Chinese Muslims, Gardner Bovingdon follows fifty years of Uyghur discontent, particularly the development of individual and collective acts of resistance since 1949, as well as the role of various transnational organizations in cultivating dissent. Bovingdon's work provides fresh insight into the practices of nation building and nation challenging, not only in relation to Xinjiang but also in reference to other regions of conflict. His work highlights the influence of international institutions on growing regional autonomy and underscores the role of representation in nationalist politics, as well as the local, regional, and global implications of the "war on terror" on antistate movements. While both the Chinese state and foreign analysts have portrayed Uyghur activists as Muslim terrorists, situating them within global terrorist networks, Bovingdon argues that these assumptions are flawed, drawing a clear line between Islamist ideology and Uyghur nationhood.

Czech Mate

Jevik travels to the city of Olondria where he is overtaken by a ghost from his past.

The Uyghurs

An innovative study which explores how the presence of Muslim communities transformed Europe and stimulated Christian society to define itself.

A Stranger in Olondria

An illuminating work revealing the long history of xenophobia—and what it means for today's divided world Over the last few years, it has been impossible to ignore the steady resurgence of xenophobia. The European migrant crisis and immigration from Central America to the United States have placed Western advocates of globalization on the defensive, and a "New Xenophobia" seems to have emerged out of nowhere. In this fascinating study, George Makari traces the history of xenophobia from its origins to the present day. Often perceived as an ancient word for a timeless problem, "xenophobia"

was in fact coined only a century ago, tied to heated and formative Western debates over nationalism, globalization, race, and immigration. From Richard Wright to Sigmund Freud, Jean-Paul Sartre, and Simone de Beauvoir, writers and thinkers have long grappled with this most dangerous of phobias. Drawing on their work, Makari demonstrates how we can better understand the problem that is so crucial to our troubled times.

Muslims of Medieval Latin Christendom, c.1050–1614

Donald Morrill's essays take us to a variety of settings -- the American Midwest, Florida, China, Poland, Turkey, Egypt, Russia, France, Tibet, Mexico. Through compelling stories lyrically told, Morrill examines homelife and the wandering life, as his travels bring him encounters with a goddess, a president, racecar drivers and runaway teenagers, public relations executives, beggars and boors, artists and gropers, a Nobel laureate, human wrecks, a mad philatelist. Along the way, he probes issues of family and coming of age, of living abroad with other foreigners, of substance abuse, money and the imagination, culture shock, lust, vanished friendship, American notions of failure, the fugitive soul, marriage and divorce, fatherhood, and of the comforts and confines of staying put. Whether crossing a border or crossing a room, Morrill engages the matter at hand with a poet's eye and a passion for the texture of experience.

Of Fear and Strangers

Kristeva begins with the personal and moves outward by examining world literature and philosophy. She discusses the foreigner in Greek tragedy, in the Bible, and in the literature of the Middle Ages, Renaissance, Enlightenment, and the twentieth century.

A Stranger's Neighborhood

***WINNER OF THE WOLFSON HISTORY PRIZE 2022* A BOOK OF THE YEAR 2021, AS CHOSEN BY THE TIMES, NEW STATESMAN, TELEGRAPH AND TIMES LITERARY SUPPLEMENT** 'A big historical advance. Ours, it turns out, is a very un-insular "Island Story". And its 17th-century chapter will never look quite the same again' John Adamson, Sunday Times A ground-breaking portrait of the most turbulent century in English history Among foreign observers, seventeenth-century England was known as 'Devil-Land': a diabolical country of fallen angels, torn apart by seditious rebellion, religious extremism and royal collapse. Clare Jackson's dazzling, original account of English history's most turbulent and radical era tells the story of a nation in a state of near continual crisis. As an unmarried heretic with no heir, Elizabeth I was regarded with horror by Catholic Europe, while her Stuart successors, James I and Charles I, were seen as impecunious and incompetent. The traumatic civil wars, regicide and a republican Commonwealth were followed by the floundering, foreign-leaning rule of Charles II and his brother, James II, before William of Orange invaded England with a Dutch army and a new order was imposed. Devil-Land reveals England as, in many ways, a 'failed state': endemically unstable and rocked by devastating events from the Gunpowder Plot to the Great Fire of London. Catastrophe nevertheless bred creativity, and Jackson makes brilliant use of eyewitness accounts - many penned by stupefied foreigners - to dramatize her great story. Starting on the eve of the Spanish Armada in 1588 and concluding with a not-so 'Glorious Revolution' a hundred years later, Devil-Land is a spectacular reinterpretation of England's vexed and enthralling past.

Strangers to Ourselves

Strangers in a Strange Land: Immigrant Stories is an anthology that explores immigration in poems, essays, and short stories by a diverse collection of authors who offer their own experiences, observations, and speculations. From searing poetry drawn from a Native American perspective to essays chronicling the marginalization of LGBT people, to the crime fiction of new Americans and writers whose ancestors were brought to the country in bondage, Strangers in a Strange Land examines the intersection of hope and despair that defines the immigrant experience. With works by Walter Koenig, Linda Rodriguez, Patricia Abbott, Gerri Leen, Teresa Roman, R.C. Barnes, James B. Nicola, Eric Beetner, Katherine Tomlinson, Heath Lowrance, Kimmy Dee, Mark Rogers, Sheikha A., Mark Hauer, Berkeley Hunt, Manuel Royal, Kathleen Alcalá, Christine Mathewson, Veronica Marie Lewis-Shaw, Zoe Chang, and James L'Etoile.

Devil-Land

What drives so many to leave everything behind and journey alone to a mysterious country, a place without family or friends, where everything is nameless and the future is unknown. This silent graphic novel is the story of every migrant, every refugee, every displaced person, and a tribute to all those who have made the journey.

Strangers in a Strange Land

The Mysterious Stranger is a novel attempted by the American author Mark Twain. He worked on it intermittently from 1897 through 1908. Twain wrote multiple versions of the story; each involves a supernatural character called "Satan" or "No. 44". All the versions remained unfinished.

The Arrival

Ellen White was one of the founders of the Seventh Day Adventist Church and claimed to have had over 2000 visions. Excerpt: Everywhere the light of truth is to shine forth, that hearts now in the sleep of ignorance may be awakened and converted. In all countries and cities the gospel is to be proclaimed....

The Mysterious Stranger

The brilliantly shocking story of the ultimate transplant from New York Times bestselling author Robert A. Heinlein. As startling and provocative as his famous Stranger in a Strange Land, here is Heinlein's awesome masterpiece about a man supremely talented, immensely old and obscenely wealthy who discovers that money can buy everything. Even a new life in the body of a beautiful young woman. Once again, master storyteller Robert A. Heinlein delivers a wild and intriguing classic of science fiction.

Evangelism

I Was a Stranger will help you build empathy for the strangers and foreigners among you. Through personal experience and through the narratives of people who have moved to a foreign country for a variety of reasons, Jodi Mullen Fondell offers encouragement for churches desiring to be a place of welcome and embrace for those who often find themselves rejected by the broader society. Packed with tips on how to help your church navigate the road toward greater openness, this book offers advice on how to avoid the pitfalls that prevent churches from truly welcoming and embracing the stranger among them. Rev. Fondell gently guides readers in examining their own experiences of alienation in order to understand the profound disorientation that being a stranger in a strange land entails. This identification with the pain of being an outsider, she asserts, can move, motivate, and mobilize the church to live out God's calling to welcome in the stranger. As the body of Christ embraces the members we are tempted to exclude, a new level of joy and a taste of heaven await our congregations. Includes a small-group Bible-study guide for communities ready to grow in ministry and hospitality.

I Will Fear No Evil

With a cast of over 70 characters and a plot that tugs at the heart, Terry Fivash, author of Joseph, breathes new life into the story of Ruth--singer of songs, faithful friend, and daughter of royalty. But who would have a stranger from a foreign land? This biblical fiction has been carefully done so as to be historically accurate. The author pulls from her masters degree and love in history to recreate scenarios that put the reader in the culture and times of the real characters in the story. This fiction is educational.

I Was a Stranger

Rare must be the person who knows all about himself. In The Stranger in My Home, former US diplomat Manish Nandy offers a collection of personal stories through an extraordinary travelogue. He looks back at the unusual people he has met over the decades and explores how they have shaped him. The mother he took care of in her old age; the couple he helped adopt a girl in a foreign land by challenging the norms; the women he loved but could not be with; the man who befriended him only to shatter his illusions; the Arab whose integrity was unparalleled; a young Rajiv Gandhi who did not want to join politics; a war veteran whose love story deeply touched him - all of them appear in the book and leave their mark.

Ruth and Boaz
