At last—the newest nail-biting Kera Van Brocklin mystery/thriller by Golden Crown Literary Society nominee Jody Valley. Feeling depressed and needing a change in her life, Private Investigator Kera Van Brocklin's identical twin, Deidre, decides to clear her head by taking a job with a small adventure cruise company in Alaska. When Kera learns that Deidre has been seriously injured, she immediately flies to Alaska—only to find her sister unconscious and unable to communicate. Hospital and senior cruise staff try to convince her that Deidre's fall off a steep cliff was either a tragic accident or a botched suicide attempt. Knowing that Deidre wasn't suicidal and had a terrible fear of heights, Kera suspects

something more sinister. But what? With only a few days left of the cruise, Kera devises a risky plan to join the ship with her partner, Mandy, so that they can determine what really happened to her sister. Now trapped on a cruise filled with people they can't trust and surrounded by the frigid Alaskan waters, Kera and Mandy are about to discover that Deidre's "accident" is just the tip of the iceberg—and they have created their own personal Titanic. A Kera Van Brocklin Series Book 3.

Animation: Genre and Authorship explores the distinctive language of animation, its production processes, and the particular questions about who makes it, under what conditions, and with what purpose. In this first study to look specifically at the ways in which animation displays unique models of 'auteurism' and how it revises generic categories, Paul Wells challenges the prominence of live-action moviemaking as the first form of contemporary cinema and visual culture. The book also includes interviews with Ray Harryhausen and Caroline Leaf, and a full timeline of the history of animation.

The Natural Heritage of Indiana

Niall's nothing if not charming with his Irish brogue and dashing good looks. Jaguar shifter and player to the core, he's a love 'em and leave 'em type. His job as a paramedic keeps him busy and offers under-the-table opportunities to splash a wee bit of magic around. In a world where magic is all but invisible, Sarai and her family fly beneath the radar living on a small ranch outside Denver. She only takes her wolf form on the darkest nights when discovery is unlikely. Captured by a vampire consortium hellbent on world domination, she watches with horror as they siphon her power, diverting it to kill humans for sport. An unnatural fog causes a ten-car pileup. Niall nearly chokes on the thick, malevolent power hanging around the accident site. Anger running just below boiling point, he takes his jaguar form and follows a scent track, making a discovery that changes everything. For once, he curses his curiosity and wishes he'd left well enough alone. Vampires are rising. Fueled by shifter magic, their evil threatens not just him but magic's very existence. PRAISE FOR THE WYLDE MAGICK SERIES: "Strong kick butt women meet strong kick butt men and sparks fly. Love the characters, the action is great, it has drama, mystery, intrigue, and betrayal. Sink your teeth into 700 pages of pulse-pounding paranormal romance. Welcome to my corner of the Zodiac Shifter universe. Wylde Magick is pure, untamed source material. Ancient and wise, it's existed since the dawn of time. No matter how old it is, though, it's under attack from evil that threatens the very fabric of its existence. Gemstone: An unnatural fog causes a ten-car pileup. Niall nearly chokes on the thick, malevolent power hanging around the accident site. Anger running just below boiling point, he takes his jaguar form and follows a scent track, making a discovery that changes everything. For once, he curses his curiosity and wishes he'd left well enough alone. Lion's Lair: Jeremiah is the closest thing his mage kinfolk have to an alpha. He takes his responsibilities seriously, which hasn't left time for much of anything, and it's about to get worse. Mages are in trouble. A few signed on with vampires, causing human deaths. Because of them, all mages are being smeared with the traitor brush. It might be too late to make a difference, but that's never stopped him before. Unbalanced: Zachary Marston, dragon shifter, hasn't done a whole lot of shifting lately. Nope, he spends his time buried in law books as he presides over Superior Court in Denver. He's convinced himself things are great, but his dragon has other ideas. His bondmate is a tough adversary. After it threatens to abandon him, Zachary gives in and agrees to a meeting with a few other shifters. Maybe he can help out—before returning to his cushy courtroom. Award-winning writer of Wyatt Earp, An American Odyssey, winner of the 2020 Will Rogers Medallion Award, a 2019 Spur Award Finalist and an "Editor's Choice" by The Historical Novel Society Coming from an impoverished family, Robert Asherwood is a loner at an elite boarding school in Georgia. Though gifted scholastically, Ash nurtures his real passion—the bow and arrow—in the fields and forests that surround the campus. His devotion to this arcane skill would seem to have nothing to offer for his future. But what about its relevance to his past . . . in a former life? In his senior year, Ash finds himself at the center of a motley circle of friends, all of whom display a certain allegiance to him. One of those is Marin Fitzwalter, a visiting literature teacher from England. Though she is his senior by twenty years, Ash is drawn to her in ways he does not understand. Ever so cautiously, Marin introduces to him the possibility of past incarnations. But Ash will have none of it. Yet, when he is wrongly expelled from school, his new friends rally to the cause and join him as "outlaws" in the forest. This permutation of the Robin Hood legend is a tribute to the powerful bonds that can exist between tried and true friends. Who is to say that souls cannot recycle and return for another go at life? And, when "blood is in the bond," could not a handful of comrades make that journey back together? Praise for Mark Warren "Woven with clarity and colorful prose, Warren leads readers on an odyssey . . ." —True West Magazine on Promised Land "A good book offers the ultimate escape . . . armchair travel to those wild places of the imagination. Warren's book took me to places I had previously not expected to visit, but I'm really glad I went there. —New Zealand Booklovers on Promised Land "Warren's novel paints a vivid picture . . . and its colorful similes will put a smile on any genre-fiction lover's face." —Booklist on Born to the Badge

How Christmas Got Its Santa Claus

The story of the Bounty mutiny is well known. Fletcher Christian's mutineers set Captain William Bligh and others adrift in a ship's boat. Bligh sailed some 5000 kilometres to safety; the mutineers returned to Tahiti before making their way to isolated and uninhabited Pitcairn Island. But what of the Tahitian women who joined the Bounty at Tahiti? Their powerful and compelling story is told in Transit of Venus. Mauatua and her friends and relatives speak directly to us in beautiful and startlingly perceptive ways as they move away from their homeland and pass into the feverish intensity of drunkenness, betrayal and murder that mark the early years on Pitcairn. In so doing they assert their place in a story that has fascinated readers for generations.

The Red Rover & Other Sea Adventures – 3 Novels in One Volume

This new resource covers the material selection, structural design and connections detailing of truly sustainable timber buildings through: consideration of the nature of wood and the heritage of timber construction, including the importance of forestry and conservation a review of modern techniques to improve the durability, fire resistance and predictability of structural timber elements and their vital connections analysis of the many architectural and structural options, from roundwood shells through glulam arches and gridshells to long span hybrid structures case studies from around the world illustrating the principles discussed and the true potential of timber construction Historically there has been an imbalance between the availability of information on structural timber design and the much more widespread familiarity with traditional structural materials such as steel and concrete. This book aims to help redress the balance by presenting the essential design principles involved in the creation of elegant, user-friendly timber buildings that are practical, economic, and thoroughly sustainable. Designed to support specialist study into the benefits of 21st Century timber engineering, this book

also offers architects, engineers and other construction professionals practical advice on all aspects of modern timber architecture.

A missing couple. A lurking killer. A perfect storm. Forensic psychologist Paula Maguire returns to solve a dark and dangerous case on a small Irish island in the taut and terrifying BLOOD TIDE, the fifth novel in Claire McGowan's acclaimed series. The perfect read for fans of Joy Ellis and Karin Slaughter. 'A brilliantly executed thriller with a haunting and atmospheric setting. Spine tingling' - Sunday Mirror Called in to investigate the disappearance of a young couple during a violent storm, Paula Maguire, forensic psychologist, has mixed feelings about going back to Bone Island. Her last family holiday as a child was spent on its beautiful, remote beaches and returning brings back haunting memories of her long-lost mother. It soon becomes clear that outsiders aren't welcome on the island, and with no choice but to investigate the local community, Paula soon suspects foul play, realising that the islanders are hiding secrets from her, and each other. With another storm fast approaching, Paula is faced with a choice. Leave alive or risk being trapped with a killer on an inescapable island, as the blood tide rushes in... What readers are saying about Blood Tide: 'A very clever plot with many shocking moments. The island setting added to the atmosphere as did the ongoing storm. What a terrific book' 'I caught myself holding my breath as I followed the characters avidly. This is definitely the series that keeps on giving and keeps getting better' 'A masterfully plotted and executed novel. The pace never lets up, with new developments in every chapter. An excellent read'

For the Love of Nature is an intimate collection of essays written by a man whose love of nature dates back to his earliest days. These travel stories span a range of global ecosystems, with an emphasis on Alaska, a site of great delight for the author. Here is a love letter to the natural world that begins around the ponds, forests, and meadows of a childhood and journeys through a lifelong career as an educator keen on sharing not only passion for the living parts of our planet, but respect and knowledge, as well. Marty Dodge focuses on situations where he had the opportunity to share his informed appreciation for the complexity and beauty of actual places. He describes adventures where, as a college instructor, he led student groups through the Florida Everglades, Costa Rica, Belize, and Alaska. And his adventures didn't stop when his working life did; Dodge's post-retirement travel was just as vigorous, and his documented tributes include spirited descriptions of visits to Nepal, Chile, the western United States, and, as ever, his adored Alaska.
