Mad About Whales and Dolphins

Are you mad about whales and dolphins? From blubber and blowholes to flippers and feeding, this book is full of fascinating facts and information for all young cetacean enthusiasts. Ladybird's Mad About series is all about giving its readers all the facts they could possibly need about their favourite subjects. Get ready to impress all your friends with all your new knowledge!

Whales and Dolphins

Explores the worlds of dolphins and whales, discussing the different types of whales, how they function in their environment, and the dangers they face from humans.

Whales and Dolphins

This work introduces the young reader to the watery world of whales and dolphins. They can discover how different families live together, produce their young and communicate with each other, as well as how people can help protect them.

Whales and Dolphins

The ocean is the largest habitat on Earth. It covers over seventy per cent of the planet's surface and is home over 200,000 animal species. Sea Creatures takes readers from the coastline to the ocean depths. In this book, you'll visit mudflats, tropical coral reefs and icy Arctic waters to discover some of the amazing marine creatures that call the ocean home. You can build your own encyclopedia with A Ladybird Book: the collectable series for curious kids.

My Best Book of Whales and Dolphins

Shows the whale and dolphin in their natural surroundings and describes their life and struggle for survival.

A Ladybird Book: Sea Creatures

The Best Book of Whales and Dolphins introduces children to these mysterious, intelligent, and elusive animals that fascinate children all over the world. Evocative text and realistic, detailed artwork help the young reader understand the differences between these marine mammals, and offer an amazing insight into their reputation for intelligence and their ability to communicate. Also covered are the migratory

journeys of various whale species, how whales and dolphins nurture their young, and the acrobatic exploits of the agile dolphins. Includes an illustrated glossary and index.

Whale and Dolphin

Introduces different kinds of whales and dolphins.

Seals and whales

"A small but daring dolphin, Little Hector swims out into the deep blue ocean. He meets many dangers, and an unlikely friend, and proves you are never too small to have big adventures"--Back cover. Includes information about Hector's dolphins.

Whales and Dolphins

Flip the Flaps is a fun way for young children to discover the answers to questions about their favourite subjects, while also flipping the flaps and spotting the scene changes. Whales and dolphins swim through the flaps of this book - watch dolphins jaw-clapping, a blue whale's blowhole spouting and spinner dolphins leaping. The questions uncover essential and extraordinary facts about feeding, communication and much more, and provide a great first knowledge of these fascinating sea mammals.

I Can Read About Whales and Dolphins

Provides information about seals and whales, presented as part of a resource on the Grand Manan and White Head islands in New Brunswick, Canada. Offers access to sound clips of seals and describes different species, such as harbour seals, grey seals, and hooded seals. Discusses whales that have been observed in the Bay of Fundy, such as toothed cetaceans and baleen whales.

The Best Book of Whales and Dolphins

Discusses dolphins and other toothed whales, both in the wild and in captivity.
