How to Write Your First Book

In their youth, Manni and Franzi, together with their brothers, Ziggy and Sebastian, captured Germany's collective imagination as the Flying Magical Loerber Brothers -- one of the most popular vaudeville

acts of the old Weimar days. The ensuing years have, however, found the Jewish brothers estranged and ensconced in various occupations as the war is drawing near its end and a German surrender is imminent. Manni is traveling through the Ruhr Valley with Albert Speer, who is intent on subverting Hitler's apocalyptic plan to destroy the German industrial heartland before the Allies arrive; Franzi has become inextricably attached to Heinrich Himmler's entourage as astrologer and masseur; and Ziggy and Sebastian have each been employed in pursuits that threaten to compromise irrevocably their own safety and ideologies. Now, with the Russian noose tightening around Berlin and the remnants of the Nazi government fleeing north to Flensburg, the Loerber brothers are unexpectedly reunited. As Himmler and Speer vie to become the next Führer, deluded into believing they can strike a bargain with Eisenhower and escape their criminal fates, the Loerbers must employ all their talents -- and whatever magic they possess -- to rescue themselves and one another. Deftly written and darkly funny, *Germania* is an astounding adventure tale -- with subplots involving a hidden cache of Nazi gold, Hitler's miracle U-boats, and Speer's secret plan to live out his days hunting walrus in Greenland -- and a remarkably imaginative novel from a gifted new writing talent.

Writing and publishing your first novel is tough. It usually takes a long time. Years for most people. It can be soul destroying too. You finally complete your manuscript; you send off samples to agents and publishers, and anxiously watch the mail for the responses. Then they come in, one at a time, rejection after rejection. How do I know this? I've been there. Does this mean I was a bad writer? No, but I could have used some help in those early days. Sure, I had purchased a few books on writing and I had tried to pay attention to the advice they gave, but there were so many of them and sometimes advice seemed to conflict other advice. It was way too much to take in. But I persevered with my writing and now I have been writing for several years and I have completed several novels and other books, and my writing is a lot better. My early novels could still do with some major re-editing (which they will be finally getting this summer), but my later works, oh wow I can spot the differences! So, a few months ago I decided I would go the self-publishing route to getting my books out there in the big world. Things are changing in the book markets and so many people now have Kindles and Nooks and iPads and other electronic book readers. I thought to myself, why not do it myself? I know I can write; I have that confidence. Enough complete strangers have told me they like what I write, so why shouldn't I join that list of published authors? And why should I have to wait for some agent or publisher to take a chance on an unknown author before I get published? So I did it, and now I have the story to tell and the method you can use to generate your own success. This ebook is a series of essays solely concerned with improving your writing skills and getting your first novel successfully self-published. It is written in a way that you can keep dipping into it, and keep coming back to parts of it, time and time again. It is concise and to the point and it is written from experience; thousands of hours of experience. Every essay in this book is relevant and has a purpose. Every essay will give you pause for thought. Can I turn you into a bestselling author? No - only you can do that. But I can set you on a path to success. I can give you clear guidelines about what not to do, and how to do things better. And I can tell you exactly how to self-publish that novel. This ebook takes your novel from the beginning and leads you along a path of self-discovery. When you have finished reading you will be Writing for Success and be someone who has a better chance than most every other wannabe author out there of becoming the next Tom Clancy, JK Rowling, Stephen King, or whoever else is your writing hero. "How to be an Attractive Man" is a book for men of any age who are searching for effective ways to look and feel better. 101 tips have been divided into seven sections, applying respectively to face, body, personality, mind, clothing, hygiene & grooming and living habits. Some time ago, being a perfectly ordinary-looking guy, I was searching for methods to improve my appearance and found an ocean of ideas, tricks, tips and advice, some obstreperous, some easy, some ridiculous, some brilliant. And some even depended on quasi-psychological ways to influence other people's minds, which is complete nonsense. That search gave me food for thought, which in turn persuaded me to write this guide, because I wanted to select the methods that are the simplest, most effective, and depend entirely on you. When you want someone to become interested in you, you usually think how to make her (or him) find you attractive. That is, you start thinking how to deal with the way they see you, and that approach is - and will always be - wrong. That's why this is not a handbook on how to deal with people, but a guide on how to deal with yourself. The only way for others to find you attractive is to become so. This is a book which aims to show you how to achieve that.

This concise guide tells you how to write a novel by using a systematic approach to writing. This guide is written by an author not a 'guru'. A simple step by step breakdown of how to plan each day. No fillers and no theory, just the hard facts in a concise guide. There are many guides about writing novels on the market but how many of them are written by prolific published authors? The answer is 'not many'. How can anyone write a guide unless they have been through the writing process many times before? The simple answer to this question is they can't because they cannot feed on their own actual experiences to help another writer to avoid the mistakes and pitfalls. Most guides regurgitate information which they have picked up from creative writing books or sites. How can they give you advice when they have never sat down and focused on creating a novel which will sell, many times over? Writing a novel is the same as any other task we undertake as individuals. We have to learn how to do it in order to do it well. When you first learn to drive, you need lessons. No one walks into the kitchen and creates a gourmet dish on their first attempt. If you want a system to apply to writing a book, then you need to take advice from an 'author' who has taken years to develop the process via experience.
