All of us have spirit guides watching over us and waiting for us to ask for their help. These spirit guides are there just for you, they have been especially chosen for you, and their only purpose to be around you is to help you grow spiritually or resolve a crisis situation you are in or help you fulfill your dreams. The only issue is that if you don't ask them, they won't be able to help. While some of these guides stay with you throughout your life, others appear in your life when you are struggling with specific aspects of your life or are trying to achieve certain goals. They may be spirits who have lived a physical life in the past or they may have always remained spirits and never have had acquired a physical form. It is possible that some of them are only there for you. Others may be guiding more than one person. They could also be deceased relatives of yours, but most likely they never had any blood relationship with you. They are neither male nor female, although you may perceive them as having one of the two energies. So, who are these spirit guides? How do they get in touch with you? How can you listen to them or talk to them or ask them for their help? What kinds of problems can they help you with? How can you contact them? Find out the answers to these and many more questions in this book.
