Hot for Words

Brilliant philologist and sexy YouTube sensation Marina Orlova is Hot For Words—and you will be too when you join her on a titillating journey through the origins and meanings of words and phrases. Combining fascinating philology and etymology with provocative, full-colored photos of the alluring author, Hot For Words makes intelligence almost unbearably sexy...and lots of fun!

Origins

This etymological dictionary gives the origins of some 20,000 items from the modern English vocabulary, discussing them in groups that make clear the connections between words derived by a variety of routes from originally common stock. As well as giving the answers to questions about the derivation of individual words, it is a fascinating book to browse through, and includes extensive lists of prefixes, suffixes, and elements used in the creation of new vocabulary.

Folk-etymology

Studies in Etymology is a textbook for a course or self study in building vocabulary through an understanding of Latin and Greek roots and the grammar of word formation. The first half of the book is devoted to Latin roots and word formation through the influence of Latin grammar and language development. The second half of the book deals with Greek, the nuances of Greek grammar and syntax,

as well as the influences of such things as Greek mythology on the creation of words in English. A special section is devoted to science and medicine.

An Etymological Dictionary of the English Language

A guide to the science and process of etymology for the layperson explains how the origins and history of hundreds of words are determined, discussing such topics as folk etymology, changes of meaning in language history, borrowed words, and the methods of etymology.

Etymological Dictionary of the English Language

Reprint of the original, first published in 1882.

English Etymology

A Concise Etymological Dictionary of the English Language

Reprinted 17 times since it was published in 1992, Dictionary of Idioms has been fully rewritten."This sort of book has two purposes. The first is to be a work of reference ... The second is to entertain ... Linda and Roger Flavell are discerning in their choice of phrase and assiduous in uncovering their origins." --Times Literary Supplement

Studies in Etymology

Can you be grunted? Who was the original dogsbody? And why would you have the screaming ab-dabs? Long-time word detective Michael Quinion brings us the answers to nearly 200 of the most intriguing questions he's been asked about language over the years. His facts about the quirky meanings and histories behind the slang and language that we all use will delight, amuse and enlighten even the most knowledgeable word-obsessive. With plenty of colourful stories, Why is Q Always Followed by U? will nit-pick with adab hand to help you discover the truth behind the cock-and-bull stories. You may be gobsmacked, right as rain or even over the moon - but you'll always be linguistically on the ball. Praise for Michael Quinion's bestselling Port Out Starboard Home- 'He tracks down a phrase and pins it down with a wit as sharp as a tack' Metro 'Like being drawn into a great detective story, full of red herrings and bogus alibis' Mail on Sunday 'I recommend this book- I don't see how it can fail to draw you in. It's the kind of work that you have a hard time disentangling yourself from' Nicholas Lezard, Guardian

Mr. Bate's Answer to Dr. Sharp's Two Dissertations Answered

Principles of English Etymology: The native element

This Etymological Dictionary gives the origins of some 20,000 items from the modern English vocabulary, discussing them in groups that make clear the connections between words derived by a variety of routes from originally common stock. As well as giving the answers to questions about the derivation of individual words, it is a fascinating book to browse through, and includes extensive lists of prefixes, suffixes, and elements used in the creation of new vocabulary.

Mr. Bate's Answer to Dr. Sharp's Two Dissertations Answered

Volume 1 of a two-volume work. This classic reference contains most of the more common words used in everyday English conversation, plus slang, archaic words and phrases, coined words and foreign words common in English. Roots are identified, cross-references to words with similar roots are listed and colloquial usages and alternate spellings are given. "Notable for its readable historical discussions, apt citations and jargonless clarity"--Saturday Review.

Principles of English Etymology: The native element

Do you cringe when a talking head pronounces "niche" as NITCH? Do you get bent out of shape when your teenager begins a sentence with "and"? Do you think British spellings are more "civilised" than the American versions? If you answered yes to any of those questions, you're myth-informed. In *Origins of the Specious*, word mavens Patricia T. O'Conner and Stewart Kellerman reveal why some of grammar's best-known "rules" aren't—and never were—rules at all. This playfully witty, rigorously researched book sets the record straight about bogus word origins, politically correct fictions, phony français, fake acronyms, and more. Here are some shockers: "They" was once commonly used for both singular and plural, much the way "you" is today. And an eighteenth-century female grammarian, of all people, is largely responsible for the all-purpose "he." From the Queen's English to street slang, this eye-opening romp will be the toast of grammarphiles and the salvation of grammarphobes. Take our word for it.

English Etymology

The Oxford English Dictionary is the internationally recognized authority on the evolution of the English language from 1150 to the present day. The Dictionary defines over 500,000 words, making it an unsurpassed guide to the meaning, pronunciation, and history of the English language. This new upgrade version of The Oxford English Dictionary Second Edition on CD-ROM offers unparalleled access to the world's most important reference work for the English language. The text of this version has been augmented with the inclusion of the Oxford English Dictionary Additions Series (Volumes 1-3), published in 1993 and 1997, the Bibliography to the Second Edition, and other ancillary material. System requirements: PC with minimum 200 MHz Pentium-class processor; 32 MB RAM (64 MB recommended); 16-speed CD-ROM drive (32-speed recommended); Windows 95, 98, Me, NT, 200, or XP (Local administrator rights are required to install and open the OED for the first time on a PC running Windows NT 4 and to install and run the OED on Windows 2000 and XP); 1.1 GB hard disk space to run the OED from the CD-ROM and 1.7 GB to install the CD-ROM to the hard disk: SVGA monitor: 800 x 600 pixels: 16-bit (64k, high color) setting recommended. Please note: for the upgrade, installation requires the use of the OED CD-ROM v2.0.

English etymology

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave

trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T092169 London: sold by W. Sandby, 1751. 69, [1]p.; 8°

Word Origins...And How We Know Them

A detailed reference work examining the derivation and meanings of words.

Folk-Etymology; a Dictionary of Verbal Corruptions Or Words Perverted in Form Or Meaning, by False Derivation Or Mistaken Analogy

This 1901 volume of A Concise Etymological Dictionary of the English Language completely updates the classic reference work first published in 1882. Skeat provides a staggering number of words, including those most frequently used in everyday speech and those most prominent in literature. They appear along with their definitions, their language of origin, their roots, and their derivatives. Those who are fascinated with the English language will find much to explore here and many overlooked but interesting tidbits and treasures of an ever-evolving language. Walter W. Skeat was a scholar of Old English, mathematics, English place names, and Anglo-Saxon. He founded the English Dialect Society in 1873 and was a professor at Cambridge University. Skeat edited many classic works, including Lancelot of the Laik, Piers Plowman, The Bruce, Lives of Saints, and a seven-volume edition of Chaucer.

Problems in the Origins and Development of the English Language

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Origin of Names, Words and Everything in Between

If you have a question about Latin this is the book with the answers. Latin: Questions and Answers takes some of the best questions and answers asked on the latin.stackexchange.com website. You can use this book to look up commonly asked questions, browse questions on a particular topic, compare answers to common topics, check out the original source and much more. This book has been designed to be very easy to use, with many internal references set up that makes browsing in many different ways possible. Topics covered include: Classical Latin, Specific Words, Translation, Etymology, Meaning, Example Request, Language Evolution, Pronunciation, Grammar, Nuance, Idiom, Declinatio, Verbs, Contemporary Latin, New Latin, Word Comparison and many more."

Dictionary of Idioms and Their Origins

New Premium Paperback - Bookstore Quality Edition!The object of the present volume is to draw attention to some of the principles that should guide the student of etymology in general, and of English etymology particularly; in order that any one who employs an etymological dictionary may be able to do so with some degree of intelligence and to some profit. It is much easier to accomplish this at the present date than it was some ten or twenty years ago. The steady progress of the New English Dictionary furnishes us with innumerable and indisputable instances of the actual usages of English words, so that the mistakes which formerly arose from a very imperfect knowledge of their history have largely been corrected, and much that was once obscure has been made plain. Meanwhile, the great gains that have resulted from the scientific study of comparative philology as applied to the Indo-Germanic languages have been properly formulated and tabulated...

Mr. Bate's Answer to Dr. Sharp's Two Dissertations Answered:

The best introduction to word history ever published combines scholarship with readability. OED's chief etymologist shows how words originate and change. He explores the histories of place and personal names and explains how to use different kinds of evidence, historical as well as linguistic. This is a book for everyone interested in words.

An Etymology of Latin and Greek

Where did the words bungalow and assassin derive? What did nice mean in the Middle Ages? How were adder, anger, and umpire originally spelt? The answers can be found in this essential companion to any popular dictionary. With over 17,000 entries, this is the most authoritative and comprehensive guide to word origins available in paperback. Based on The Oxford Dictionary of English Etymology, the principal authority on the origin and development of English words, it contains a wealth of information about our language and its history.

Principles of Greek Etymology

"Why aren't bald eagles bald? What's the link between gnomes and being enormous? What connects a Christmas carol with the Russian for street? The answers can all be found in the history of the words themselves, and In Word Routes Alexander Tulloch gives us the fascinating stories behind more than five hundred of them." "He traces the routes of English words through time and across the globe. He reveals the surprising, amusing twists, turns and encounters between words on their long journeys into modern English. For instance, the Keres-Greek goddesses of destruction who haunted Homeric battlefields dressed in blood-soaked robes - would probably be a little miffed to learn that the only decay with which they are synonymous is tooth decay, or caries." "Neither a straightforward dictionary of etymology nor a linear history of language, Word Routes is an entertaining alphabetical guide to the stories behind many everyday words. It is an ideal book for journalists, teachers, historians or anyone interested in the fascinating story of the English language." --Book Jacket.
