The Theory of Social and Economic Organization

2012 Reprint of Original 1947 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. (c)New Foreword Martino Publishing. This volume contains a full and representative statement of Max Weber's sociological theory, drawn from important publications never previously translated. The book opens with a discussion of the analytical methods of sociology and an application of these methodological conclusions to the broadest classification of social relationship and groups. Nearly half the volume is devoted to a further elaboration of this scheme in the field of economic activity. The typology is copiously illustrated with material from many periods of history and parts of the world. Chapters include: The Fundamental Concepts of Sociology Sociological Categories of Economic Action The Types of Authority and Imperative Co-ordination The Transformation of Charisma in an Anti-Authoritarian Direction Social Stratification and Class Structu

Social Theory and Social Structure

This new printing is not a newly revised edition, only an enlarged one. The revised edition of 1957 remains intact except that its short introduction has been greatly expanded to appear here as Chapters I and II. The only other changes are technical and minor ones: the correction of typographical errors and amended indexes of subjects and names.
