Kindergarten Review

This wise and wonderful collection of short stories journeys into the world of 'little people'. It is a universe filled with wild adventures, great excitement, high hopes, deep fears and looming dilemmas. Here is a world where children, animals and innocence rule the day - and adults are welcome to enter only if accompanied by a child! Nitya Satyani uses her experience as a parent, teacher and writer, to imbue these delightful tales with the rich colours of childhood, where reality and fantasy merge in the engrossing art of spinning stories.

Ways to help children enjoy and love literature.

Learning to Love Literature

The Red Ear Blows Its Nose dishes out uproarious hilarity, cutting wit, wordplay, and sobering wisdom in an illustrated collection of poems for children and others. It considers thinking and the brain, identity and what it means to be a person, nature and the seasons, and assorted creatures, including a horse who says "Moo." This debut collection from Robert Schechter proves to be the work of a master, complemented by S. Federico's stunning illustrations, which visually leap off the page. This collection is an experience not to be missed. PRAISE FOR THE RED EAR BLOWS ITS NOSE: Short, punchy, and clever poems, as if Shel Silverstein and Ogden Nash had a baby. Some are only two lines long. My favorite: "When livestock salesmen cannot sleep, / do they lie in bed discounting sheep?" Wow! —Jane Yolen, author of the How Do Dinosaurs books What a splendid collection of poetry. Here are poems that fizz with imagination, wisdom, and an infectious exuberance at the sheer wonder of words. Beautifully crafted and terrifically funny, this is a book for children (and grown-ups) to return to again and again. —Kate Wakeling, winner, 2017 CLIPPA (UK) You'll feel like a "cool in-the-know one" when you read Robert Schechter's clever collection of poems. This book will open your mind up to a world where foxes cartwheel through trombones, a horse might choose to moo, and you can dive into a lake filled with yellow puffs of popcorn. Children who are reading (and thinking) beyond their age level will love it; you will, too. If you're a fan of John Ciardi and Richard Wilbur and X. J. Kennedy, or Jack Prelutsky and J. Patrick Lewis and Kenn Nesbitt, you'll want to add Robert Schechter to your list of favorite poets! —Janet Wong, winner of the 2021 NCTE Award for Excellence in Poetry for Children The Red Ear Blows Its Nose is a dazzling tour de force of ingenious poems that sparkle with Schechter's witty, wonderful wordplay. Read this book. Your brain will thank you. Mine did. —Kenn Nesbitt, former Children's Poet Laureate (2013–15) Robert Schechter's poems sing with irrepressible joy. His humor, wit, and verbal dexterity make The Red Ear Blows Its Nose a book that both children and adults will want to read over and over and over again. He is clearly one of the most accomplished poets writing for children today. —Valerie Bloom MBE, winner, 2022 CLIPPA (UK) Schechter's The Red Ear Blows Its Nose is a masterful collection from a masterful poet. Not only does every poem take you somewhere new, spinning ideas and jokes and thoughts and dreams and facts and observations on the tip of its finger like a Harlem Globetrotter at a showing-off convention, but it does so with such surefootedness, such

deft rhythm and rhyme, that the poems are joys to read aloud. They sing themselves out of your mouth and will stick in the minds of kids and grown-ups everywhere they get heard. Schechter, it seems to me, is way up there with the great American kids' poets, a real Shel Silverstein for today's generation. —A. F. Harrold It's entertaining—sometimes hilarious, sometimes beautiful, always thought-provoking—and nothing short of brilliant. —Diana Murray, author of *City Shapes*, *Summer Color!* and the *Unicorn Day* series

The New Merry-go-round

Why does language change? Why can we speak to and understand our parents but have trouble reading Shakespeare? Why is Chaucer's English of the fourteenth century so different from Modern English of the late twentieth century that the two are essentially different languages? Why are Americans and English 'one people divided by a common language'? And how can the language of Chaucer and Modern English - or Modern British and American English - still be called the same language? The present book provides answers to questions like these in a straightforward way, aimed at the non-specialist, with ample illustrations from both familiar and more exotic languages. Most chapters in this new edition have been reworked, with some difficult passages removed, other passages thoroughly rewritten, and several new sections added, e.g. on language and race and on Indian writing systems. Further, the chapter notes and bibliography have all been updated. The content is engaging, focusing on topics and issues that spark student interest. Its goals are broadly pedagogical and the level and presentation are appropriate for interested beginners with little or no background in linguistics. The language coverage for examples goes well beyond what is usual for books of this kind, with a considerable amount of data from various languages of India.

Linking the Strands of Language and Literacy

A rainstorm gets out of hand and it's up to the Junior Monster Scouts to save The Village from washing away in the hilarious third chapter book of the Junior Monster Scouts series! It's a rainy day in The Village and rain means puddles. Lots of puddles to splash in and lots of rain to sing in. Singing and splashing is loud. And loud is something Baron Von Grump simply cannot stand. But Baron Von Grump has a plan. If he can get rid of the rain clouds, he'll get rid of the rain and all the noise! But the Baron's plan backfires and now it's raining and pouring, with no end in sight! Meanwhile, Laguna, a little swampling is learning how to swim. Only she's pretty scared of the water! Can Laguna and the Junior Monster Scouts learn how to overcome fears and save the town from overflowing?

Robert Merry's Museum

Wolfy, Franky, and Vampyra aren't just monsters -- they are Junior Monster Scouts. Even though they are the children of the classic monsters of old, the JMS aren't scary. They just want to help people and, in the process, earn their Junior Monster Scout merit badges. But, their good deeds are always foiled by the cranky schemer Baron Von Grump! Together, they must find a lost kitten, save a birthday celebration, stop a rainstorm, and defeat a carnival curse!

365 Horse Stories

How do we find the right word for the job? Where does that word come from? Why do we spell it like that? And how do we know what it means? Words are all around us - we use them every day to communicate our joys, fears, hopes, opinions, wishes and demands - but we don't often think about them too deeply. In this highly accessible introduction to English words, the reader will discover what the study of words can tell them about the extraordinary richness and complexity of our daily vocabulary

and about the nature of language in general. Assuming no prior knowledge of linguistics, the book covers a wide range of topics, including the structure of words, the meaning of words, how their spelling relates to pronunciation, how new words are manufactured or imported from other languages, and how the meaning of words changes with the passage of time. It also investigates how the mind deals with words by highlighting the amazing intellectual feat performed routinely when the right word is retrieved from the mental dictionary. This revised and expanded second edition brings the study of words right up to date with coverage of text messaging and email and includes new material on psycholinguistics and word meaning. With lively examples from a range of sources - encompassing poetry, jokes, journalism, advertising and clichés - and including practical exercises and a fully comprehensive glossary, *English Words* is an entertaining introduction to the study of words and will be of interest to anyone who uses them.

School Work

Meet Lee, Farmer Green, and all of his sheep! In this fun story, young readers will hone their reading skills with the help of colorful illustrations and engaging text.

The Red Ear Blows Its Nose

Now in a revised and updated second edition, *Early Listening Skills* is a practical manual for use with children and young people with underdeveloped listening skills related to hearing loss. Thirteen clear and easy to follow sections focus on skills such as auditory detection, discrimination, recognition, sequencing and memory. Each one is filled with a series of carefully designed activities to stimulate and develop auditory awareness and discrimination skills in children with a range of developmental levels and abilities. Features include: A wide range of activities suited to both the early years and home settings Links to the Early Years Foundation Stage (EYFS) framework and topics reflecting the EYFS and Key Stage 1 curriculum Photocopiable material designed to document the child's development over time As most of the activities are non-verbal, they are well suited for children with limited spoken language as well as children with special educational needs and disability and English as an additional language (EAL) learners. Whilst primarily designed for early years practitioners, special educational needs co-ordinators (SENCOs), specialist teachers, therapists and other professionals, the activity sheets and guidance also make it an invaluable tool for parents and caregivers looking to stimulate listening skills at home.
