But the gods, who were once his allies, have turned against him. Exiled with the warrior Eperitus, he is thrust into a world of seductive demi-gods and man-eating monsters. As they struggle from one supernatural encounter to another, never knowing what the next landfall will bring, their chances of ever returning home grow fainter. Tensions reach breaking point between Odysseus and his crew. Even the faithful Eperitus's loyalties are divided. Eventually only one hope remains. For Odysseus to see his wife and son again, he must tread the paths of the dead and descend into the pits of Hell itself . . . Praise for *The Voyage of Odysseus*: "From one adventure to another the pace never lets up. The Epic Adventures of Odysseus

Book three of a series set in ancient Greece is "a thrilling adventure full of bloody battles, vibrant characters and the heart-stopping romance" (Lancashire Evening Post). The siege of Troy is in its ninth year. But Troy still stands. When Agamemnon is threatened with mutiny by disillusioned troops, he changes tactics. Ordering attacks on Troy's allies, he deprives the city of reinforcements, trade and supplies. Yet even this does not draw the Trojans out from behind their walls. Meanwhile Odysseus, Eperitus and their men have become hardened soldiers. Odysseus just wants to return home to his island Kingdom of Ithaca. But while Agamemnon is still determined to revenge himself upon Troy for the theft of Helen by Paris, Odysseus is held by the oath that he himself created. Eperitus too is tormented: sworn to protect the very man who murdered his daughter. As the war continues, Odysseus realises that sheer numbers will never overwhelm Troy. If he is ever to return home, then he must use cunning and guile to bring about its downfall . . . "Iliffe is more a storyteller than a classicist and his story is propelled by a very modern sensibility." —The Daily Telegraph "Another gripping, thrilling tale from the new demi-god of the genre." —Catholic Herald

Not illustrated. 1918 edition. Excerpt: ...for boring and he made the beams fast. He built a raft, making it very broad, and set a mast upon it and fixed a rudder to guide it. To make it more secure, he wove out of osier rods a fence that went from stem to stern as a bulwark against the waves, and he strengthened the bulwark with wood placed behind. Calypso wove him a web of cloth for sails, and these he made very skilfully. Then he fastened the braces and the halyards and sheets, and he pushed the raft with levers down to the sea. That was on the fourth day. On the fifth Calypso gave him garments for the journey and brought provision down to the raft--two skins of wine and a great skin of water; corn and many dainties. She showed Odysseus how to guide his course by the star that some call the Bear and others the Wain, and she bade farewell to him. He took his place on the raft and set his sail to the breeze and he sailed away from Ogygia, the island where Calypso had held him for so long. But not easily or safely did he make his way across the sea. The winds blew upon his raft and the waves dashed against it; a fierce blast came and broke the mast in the middle; the sail and the arm-yard fell into the deep. Then Odysseus was flung down on the bottom of the raft. For a long time he lay there overwhelmed by the water that broke over him. The winds drove the raft to and fro--the South wind tossed it to the North to bear along, and the East wind tossed it to the West to chase. In the depths of the sea there was a Nymph who saw his toils and his troubles and who had pity upon him. Ino was her name. She rose from the waves in the likeness of a seagull and she sat upon the raft and she spoke to Odysseus in words. 'Hapless man,' she said, 'Poseidon, the god of the sea, is still wroth..
