Managing Human Resources Today; Managing Equal Opportunity and Diversity; Mergers, Acquisitions, and Strategic Human Resource Management; Personnel Planning and Recruiting; Selecting Employees; Training and Developing Employees; Performance Management and Appraisal; Compensating Employees; Ethics, Employee Rights, and Fair Treatment at Work; Working with Unions and Resolving Disputes; Improving Occupational Safety, Health, and Security; Managing Human Resources in Entrepreneurial Firms; Managing HR Globally; Measuring and Improving HR Management's Results MARKET: For all human resource personnel and managers.

Human Resource Management

Providing a comprehensive review of personnel management concepts and practices, this text focuses on the high-performance organization. It offers practical applications to help managers deal with personnel-related responsibilities.

Human Resource Management

Dessler's book is written with the general manager in mind who wants to understand fundamental HR practices, methods, topics and relevant legal findings that would be helpful in making future HR decisions and solving multi-faceted problems. Topics include personnel planning and recruitment, training and developing employees, performance management and appraisal, compensation, and corporate ethics. Intended for practicing human resource and line managers who want to update their HR skills.

A Framework for Human Resource Management

Managing employee absence, maintaining a healthy 'work-life balance', and developing ethical and socially responsible codes of behaviour at work: many of the most topical areas of debate in organisations are rooted in issues of human resource management. The 6th edition of this market-leading textbook provides detailed exploration and analysis of these contemporary issues, as well as providing comprehensive coverage of all the core elements of HRM. There is a range of useful features to engage the reader's interest and assist in learning from the text: *seven Focus on Skills sections develop sp.

Human Resource Management

Directed primarily toward undergraduate courses in human resource management, this text also provides practical content to current and aspiring industry professionals. Fundamentals of Human Resource Management covers a wide range of HR topics and shows readers the importance of human resource management within the restraints of a compact semester. Offering a wealth of functional examples and applications, this text emphasizes the notion that all managers need basic human resource management skills. This edition is the first text on the market to build its core around the talent management process-which the author defines as the goal-oriented and integrated process of planning, recruiting, developing, managing, and compensating employees.

Human Resource Management 11Th Ed.

Offers students a comprehensive understanding of HRM theory, skills and application - a perfect fit for a one semester unit. The authors reflect on current HRM issues such as diversity, flexibility, equity, globalisation, the regulatory environment, and IT. J Griffiths, La Trobe University and B Lloyd-Walker, Victoria University.

Human Resource Management

For introductory courses in human resource management. Foundations in management beyond the HR department Fundamentals of Human Resources Management supports human resources training for all students of management -- not just HR managers. Human Resource Management, 10/e

Fundamentals of Human Resource Management, by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a brief introduction to human resource management. While it doesn't cover the depths of human resource management theory, the book is rich with examples and engages students through application. This first edition takes on a different approach than the hardback text by the same team. Instead of a higher level of theory that's geared towards the HRM professional, this book focuses on the uses of human resources for the general population. Issues such as strategy are reduced to give a greater focus on how human resources is used in the every day work environment. Much like this author team's first project, Fundamentals of Human Resource Management provides instructors with a robust ancillary package. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.
