Love Must Be Tough

You've forgiven a thousand times. You've bent over backwards to make your partner feel loved and accepted. But the only reward for your loyalty has been anger, indifference, infidelity, or abuse. Your spouse may even be ready to walk out the door. Do you feel like all is lost? Are you ready to give up? There IS still hope. Dr. James Dobson's "tough love" principles have proven to be uniquely valuable and effective. Unlike most approaches to marriage crisis, the strategy in this groundbreaking classic does not require the willing cooperation of both spouses. Love Must Be Tough offers the guidance that gives you the best chance of rekindling romance, renewing your relationship, and drawing your partner back into your arms.

How to Not Die Alone

A “must-read” (*The Washington Post*) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, *New York Times* bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (*Time*), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

Without Merit

From Colleen Hoover, the #1 *Sunday Times* bestselling author of *It Ends with Us*, comes a moving and haunting novel of family, love, and the power of the truth. Not every mistake deserves a consequence. Sometimes the only thing it deserves is forgiveness. The Voss family is anything but normal. They live in a repurposed church, newly baptized Dollar Voss. The once cancer-stricken mother lives in the basement, the father is married to the mother’s former nurse, the little half-brother isn’t allowed to do or eat anything fun, and the eldest siblings are irritatingly perfect. Then, there’s Merit. Merit Voss collects trophies she hasn’t earned and secrets her family forces her to keep. While browsing the local antiques shop for her next trophy, she finds Sagan. His wit and unapologetic idealism disarm and spark renewed life into her—until she discovers that he’s completely unavailable. Merit retreats deeper into herself, watching her family from the sidelines, when she learns a secret that no trophy in the world can fix. Fed up with the lies, Merit decides to shatter the happy family illusion that she’s never been a part of before leaving them behind for good. When her escape plan fails, Merit is forced to deal with the staggering

consequences of telling the truth and losing the one boy she loves. Poignant and powerful, *Without Merit* explores the layers of lies that tie a family together and the power of love and truth.

I Love Jesus, But I Want to Die

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Mr. Unavailable and the Fallback Girl

Are you the Fallback Girl? If you've ever found yourself in a relationship that feels and seemingly looks like one but you're struggling with commitment or you've been in the ambiguous territory of a 'casual relationship', you've likely tried to change them, wondered what you 'did' to cause this, what you can do

to win their love and commitment, or even whether you're going crazy. Mr Unavailable and the Fallback Girl is the definitive guide to understanding the relationship between emotionally unavailable men and the women that love them. From explaining how and why they blow hot and cold, to where that future they promised went to, how you've ended up being a booty call, why you've been together for a gazillion years but aren't going anywhere, and more importantly how and why you're involved with them in the first place, all of the answers are here. You know you're dealing with unavailability when you ask stuff like What happened to that 'great guy' from the beginning? Why won't he break up or stay away if he doesn't want to commit? What the hell did I do to make him disappear? Is he going to leave 'her' for me? It's because he's shy/busy/scared of his feelings isn't it? Inspired by the real life adventures in unavailability of Natalie Lue and the readers of her site BaggageReclaim.com, Mr Unavailable and the Fallback Girl is an empowering, entertaining and inspiring read that will wise you up to pitfalls such as men who aren't over their exes, Future Fakers, guys that have more baggage than a Heathrow terminal and reappearing childhood 'sweethearts'. If you want to understand your own availability, and why commitment in a healthy relationship is eluding you, Mr Unavailable and the Fallback Girl is your guide to being available and attracted to healthy, available partners. Note - the book is in British English not US English.

The 48 Laws of Power

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Why Men Love Bitches

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble

could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

What he discovered changed everything he knew about love, sex, relationships and, ultimately, himself. *The Truth* may have the same effect on you.

Love and marriage, romance and intimacy...everybody wants it, but it seems only the select few get it. Never shy and always laugh-out-loud funny, Sherry Argov's *Why Men Marry Bitches* is a sharp-witted manifesto that shows women how to transform a casual relationship into a committed one. Dating can feel like a contact sport and modern mating rituals can be impossible to decode, with little consensus on the rules of engagement and both sides tired of the game. What's an intelligent woman looking for a devoted relationship to do? Glad you asked... With the grittiest of girlfriend-to-girlfriend confidence, Argov removes the kid gloves (knocking off your rose-colored glasses in the process) and explains why being extra nice won't necessarily get you that wedding you've always dreamed of, and is more likely a sure path to disappointment. Going directly to the source in candid interviews, she shares an enlightening look into the psychology of the male mind. Insightful, empowering and hysterical, this indispensable guide will reveal in honest detail: *How do men manipulate a relationship to keep it casual? *Do men deliberately push women's emotional buttons? *How can she convince him commitment was his idea? *How can she invite a proposal without saying a word? More than a self-help manual, this is a life skills handbook that both men and women can relate to, whether single, newly courting, recently separated or ready to embark on the next level of commitment in a current relationship. *Why Men Marry Bitches* will reveal how to set healthy boundaries, embrace your independence and take charge of your own happiness, so that you exude the kind of sexy confidence that will win his heart and get the love, respect, and loving relationship you deserve.

wench \ˈwench\ n. from Middle English "wenchel," 1 a: a girl, maid, young woman; a female child. Situated in Ohio, a free territory before the Civil War, Tawawa House is an idyllic retreat for Southern white men who vacation there every summer with their enslaved black mistresses. It's their open secret. Lizzie, Reenie, and Sweet are regulars at the resort, building strong friendships over the years. But when Mawu, as fearless as she is assured, comes along and starts talking of running away, things change. To run is to leave everything behind, and for some it also means escaping from the emotional and psychological bonds that bind them to their masters. When a fire on the resort sets off a string of tragedies, the women of Tawawa House soon learn that triumph and dehumanization are inseparable and that love exists even in the most inhuman, brutal of circumstances— all while they bear witness to the end of an era. An engaging, page-turning, and wholly original novel, *Wench* explores, with an unflinching eye, the moral complexities of slavery.

The Passengers

Change your dating game to a winning strategy to find the partner you need with no games, no gambits, and no hiding of who you really are, and what you really want from a mate. Laurel House believes that "The Rules" of yester-decades don't apply to today's evolved, headstrong, multifaceted women, who are taking longer to wed, often putting careers first and focusing on love and kids later. Screwing the Rules will challenge women to examine their expectations, hopes and dreams, dating strategy, relationship

goals-and themselves-in a revised way. Screwing the Rules is about being honest about who you are and what makes you happy, then making smart decisions about potential compatibility. Laurel speaks not only from the perspective of a professional relationship coach who has helped countless people, but from firsthand experience. She's admittedly made a lot of mistakes in her past relationships and discusses them candidly. In Screwing the Rules Laurel shares the lessons she's learned along the way. Through seven distinct sections, the book takes the reader full circle. First working on yourself and figuring out what you want in a guy, how to find him, get him, and keep him. It advises when/if/how to let him go, heal, and get out there again. Screwing the Rules is all about helping women bring out their best, most confident, empowered self, and from that point of strength, provide the insight, tools, and direction needed to find their ideal match.

There's a wolf stalking the forests that surround my new school. Little does he know... There are far scarier predators lurking out there in the dark.
