Why do people work hard, and take pride in what they do? This book, a philosophically-minded enquiry into practical activity of many different kinds past and present, is about what happens when people try to do a good job. It asks us to think about the true meaning of skill in the 'skills society' and argues that pure competition is a poor way to achieve quality work. Sennett suggests, instead, that there is a craftsman in every human being, which can sometimes be enormously motivating and inspiring - and can also in other circumstances make individuals obsessive and frustrated. The Craftsman shows how history has drawn fault-lines between craftsman and artist, maker and user, technique and expression, practice and theory, and that individuals' pride in their work, as well as modern society in general, suffers from these historical divisions. But the past lives of crafts and craftsmen show us ways of working (using tools, acquiring skills, thinking about materials) which provide rewarding alternative ways for people to utilise their talents. We need to recognise this if motivations are to be understood and lives made as fulfilling as possible.

Había renunciado al amor y a encontrar al príncipe azul y la única cita que quería tener era ¡una con sus amigas en el spa! Pero los días de descanso y relax de Alex se vieron interrumpidos cuando la recepcionista del hotel se puso de parto y ella acudió en su ayuda, ganándose así una propuesta de trabajo del propietario del hotel, Wyatt McKendrick. El Informe sobre las Migraciones en el Mundo 2011 presenta los datos disponibles a escala mundial sobre las percepciones y las actitudes del público con respecto a la migración. Analiza la forma en que se modelan esas percepciones y actitudes y el modo en que pueden ejercer influencia en la política y en los medios de comunicación, o ser objeto de influencia. También examina el papel que desempeñan los medios de comunicación en la presentación de las opiniones, la información sobre las tendencias y el marco del discurso sobre la migración. Se incluyen, asimismo, ejemplos de buenas prácticas en la comunicación de una imagen positiva y equilibrada de los migrantes por parte de los gobiernos, la sociedad civil y los medios de comunicación. Por último, el Informe plantea varias medidas para mejorar la comunicación sobre la migración con el propósito de promover una mejor comprensión y reconocimiento de los beneficios de la migración, formular políticas con una mayor base empírica y contar con la participación efectiva de los propios migrantes.

One of the true classics of horror, now with a new stunning cover look. THE SHINING is regarded as one of Stephen King's masterpieces. Danny is only five years old, but in the words of old Mr Hallorann he is a 'shiner', aglow with psychic voltage. When his father becomes caretaker of the Overlook Hotel, Danny's visions grow out of control. As winter closes in and blizzards cut them off, the hotel seems to develop a life of its own. It is meant to be empty. So who is the lady in Room 217 and who are the masked guests going up and down in the elevator? And why do the hedges shaped like animals seem so alive? Somewhere, somehow, there is an evil force in the hotel - and that, too, is beginning to shine . . .

La estructura mediante la cual queda encuadrada y encauzada la novela tiene la forma de una conversación entre dos personajes, un asesino a sueldo, conocido como Leviatán, y el padrino de una mafia que ha surgido y se ha desarrollado de una manera fulgurante a expensas de otras; circunstancia que atrae, a pesar suyo, la atención del primero, quien incitará una y otra vez a su interlocutor a exponer los pormenores de su ascensión, antes de ejecutarlo. La posición pues de Leviatán en la historia está entre la de ese genio de 'Las mil y una noches' que urge al pescador indefenso a elegir su muerte y la del gato que juega indefinidamente con el párvulo ratón, a quien parece tratar con toda delicadeza para no estropearlo demasiado con sus zarpas, antes de tiempo.

How does it feel to hold someone's life in your hands, to cut through the stuff that creates thought, feeling and reason? How do you live with the consequences when it all goes wrong? DO NO HARM offers an unforgettable insight into the highs and lows of a life dedicated to operating on the human brain, in all its exquisite complexity. With astonishing candour and compassion, Henry Marsh reveals the exhilarating drama of surgery, the chaos and confusion of a busy modern hospital, and above all the need for hope when faced with life's most agonising decisions.

Anarchy in the Age of Dinosaurs lays out a new understanding of political anarchy, one that aims to replace the mass movement with a scrappy multitude of mutineers, mad scientists, sprawling shanties, and thieves in the night. The first edition went out of print in 2009 when the US government stole every remaining copy and all the digital backups with a sealed warrant. Authorship of the book was used in the government's statements to the media as to why the mysterious raid was performed. Now it's back in print, in a new edition!

En suma, lo más sublime como lo más detestable de la condición humana. Luis, un diplomático madrileño, se propone hacer las paces con su mujer que decidió romper con él y para eso, fue en su búsqueda en la provincia de Cádiz en cuya capital nació ella y pasó gran parte de su vida en la ciudad de El Puerto de Santa María. Consiguió su propósito con la ayuda de Juan, un viejo pescador originario también de la tacita de plata. Pero Dolores tiene otros planes donde no caben ni el hombre con quién se casó y formó una familia, ni un antiguo enamorado que frecuentó antes de su compromiso con Luis. La vida de ese trío de personajes abarca más de un cuarto de siglo de la historia reciente de España. Su manera de pensar y de actuar ha ido evolucionando al mismo ritmo que el país, pues de ser estudiantes y veinteañeros durante los últimos coletazos del franquismo, pasaron a ser adultos en plena democracia. En torno a los tres, gravitan unas figuras tan singulares como ellos, cuya existencia pone en evidencia lo mejor como lo peor de esos personajes. En la trama, entra en juego un abanico de sentimientos; la pasión, el amor, el deseo, la amistad, la codicia, el egoísmo como la fidelidad, la traición, los prejuicios y la generosidad. En suma, lo más sublime como lo más detestable de la condición humana.

Este libro trata sobre mi participación y el ajetreo en las calles mientras vivo en el área metropolitana de Atlanta. El título proviene de la jarra de jerga callejera, que se pronuncia como ju-ug, que podría representar el significado de un negocio de drogas, una obra de teatro o una transacción callejera. Esta novela urbana se basa en una historia real, que la coloca en la categoría de no ficción y ha traído un estilo de escritura diferente para los lectores a los que les gustan las novelas urbanas. Llamo al estilo de mi libro la urbanografía. Mientras escribo sobre mi ajetreo y mi experiencia, comparto con los lectores la necesidad de hacer algo diferente con mi vida en lugar de simplemente tirarlo, la necesidad de ser algo mejor de lo que ya soy. Este libro, *The Last Juug*, es bastante aventurero. No hace falta decir que es muy interesante y nunca aburrido. Definitivamente es un turno de páginas y una buena lectura. Quiero agradecer especialmente lo siguiente: mi madre, la Dra. Elva Williams, Kimberly Walker, Michael Wilson Sr., Frank y Judy Henry, Gregory Hilderbrand y mi amigo Charles Barksdale. Tampoco puedo olvidar a Dallas Sprull, quien me motivó y me alentó a seguir escribiendo. También quiero agradecer a mi editor y al equipo que formó parte de la publicación de mi libro. Tú también, Daryl Wilkins, también conocido como Big Sug. Todos creyeron en mí y me apoyaron de alguna manera. Agradezco al buen Dios que está arriba porque él es la única razón por la que lo logré. ¡Nunca te rindas!
