Why use a torque wrench?

Install washer and drain bolt

Refill with oil

Check oil level

Triumph Street Triple 675 R Cam Chain Rattle 2012 HD - Triumph Street Triple 675 R Cam Chain Rattle 2012 HD by vtrjeroen 127,348 views 9 years ago 6 minutes, 7 seconds - I replaced the Cam Chain Tensioner because it had this annoying rattle and sprayed it with black paint just for looks. This is my ...

Cam chain rattle on a 2012 Triumph Street Triple R

The noise is gone after i changed the tensioner

This silver thing is the tensioner, the black case is the crackcasecover

New gasket and new black sprayed tensioner just for looks

Note the copper washer

I removed the crankcasecover with a piece of wood without leaving scratches

Using a piece of cloth to catch some oil drops

Little damage in the crackcase

A socket wedged against the guide to keep tension on the camchain

Now its time to remove the tensioner

Little bit oil on the O-ring

Fitting the spring, washer and nut in the tensioner

Remove the socket

A few rotations of the crank to re-adjust the tensioner and to be sure everything is alright.

That's the hole for the bolt with the copper washer

Cleaning, so I can check for leaking after a testride.
