At American University He Has 34 Years of Experience Working on the Middle East and the Africa Region and the Wider Muslim World and Lived for 15 Years in Seven Muslim Majority Countries As Well as in France since 2011 Bill Has Served Successfully There Successively but Also as the International Crisis Groups North Africa Project Director as the Middle East and North Africa Programs Director at the Center for the Study of Islam and Democracy and as Control Risks Middle East and North Africa Associates Director and I Also Want To Give a Shout-Out to Our Friend Ambassador Jake Wallace Who Certainly Can and Should Take Credit for Tunisia Success during this Political Transition

He's Now Studying Government and Social Studies at Wesleyan University in Connecticut Who Helped Finance His Trip Down To See Us Today Which Is Wonderful His Research Focuses on Politically Connected Businesses and Labor Politics in Tunisia the Format Today Will Be One of Q & a although They all Came with Remarks Prepared so We'll Try To Make that Work for You all and So the First Question to Mohammed Thea Is What's Going On Right Now with the Tunisian Political Transition and Following the Elections of September and October Why Don't We Have a Government Yet So I Guess I Have To Start since the the Results of the Elections

There Is a Significant Aspect of this Sort of Struggle over Issues of Identity When those Issues Are

Reflected in in the Electoral Map It Becomes Even More Difficult To Have a Majoritarian System because those Who Are outside of It Fear Exclusion They They Fear that They'LI Be Excluded and of Course the Fear Is on all Sides and Not the Fears that the More Secondly Oriented Parties Leftist Parties So Rather than Risk a Majoritarian Form of Government That Might Lead to Your Political Exclusion or Your or Losing Your Rights or Having Your Rights Diminished You Agree that Everybody's Going To Be Participate

Get Everybody Together You Have To Make Certain Kinds of Concessions That Have a Long-Term Impact on the Transition because Basically What You Agreed To Do Is To Disagree and Therefore the Consensus Based a System That Is Reflected the Constitution Itself in the Constitution Itself and the Wording of the Constitution Is a Was an Agreement To Disagree It's Postponed Conflicts down the Road and So whether We'Re Talking about the Absence of a Supreme Court of What To Do with the Security Apparatus and Chiefly What To Do about the Economic Situation All those Things Are Postponed because Nobody Wants To Make a Move so It's a It's a It's a Recipe for

It Will Lead Once Again to the Potential Collapse of the Transition that It Will Lead to So Much Polarization that Democracy as a Whole May Collapse but What's in Particular Enough Is Incentives Is that What They Fear Is that They Will Be Repressed Even Dissolved as a Party if those if that Level of Polarization Returns There Are Still Cases in the in the Court System in Tunisia Accusing an Octa of Having a Secret Apparatus That Was Responsible for Assassinations in in 2013 Is the Charge in those Court Cases or that They Had Facilitated the Flow of Foreign Fighters to Isis and So on those Basis

And So the Fear that Anetha Has Is that if We Go Back to a Turkish Style Government Where Essentially What the Current Prime Minister-Designate Was Proposing Elias Farc Was Proposing Essentially a Pro Revolution Government whereas the Anti Revolution Parties Would Be in the Opposition What Are Not the Fears Is that if You Have that Polarization Once Again that those Court Cases May Pass and Enough that Maybe May Be Dissolved that that Polarization Is Too Much To Handle at the Moment and so that I Think Is What Is Unique about another and Why They Are Pushing More So than any Other Party

There Have Been a Push for a Security Sector Reform in 2015 Which Is Would Have Been Unlikely since another and the Pro Revolution Parties Would Have Gone to the Opposition in this Counterfactual I Don't Think You Would Have Seen any Security Sector Reform either Already Pushed Back but What It Would Have Done Is To Keep that Issue Afloat with another in the Opposition Championing the Need for Security Sector Reform and for Continued Transitional Justice and Therefore Allow that Opportunity Window of Opportunity To Re-Emerge in the Next Elections To Therefore Tackle those Issues I Think You Will Give Them the Phd

I Thought I Would Sort Of React by Offering a Couple Thoughts and Questions on some of the Possible Origins of this Current Situation and Possible Lessons from Tunisia as Recent Political History First Thought Last Question I Had Was about the Brief Period before any Elections Took Place but after Ben Ali Had Fled so February to November My Understanding of that Period Is that There Were Representatives of Different Political Parties and Other Organizations Also Operating on the Principle of Consensus but unlike Their Successor Governments Were Actually Able To Reach Mutually Acceptable Decisions So Just a First Point of Reflection Is Sort of What Changed Exactly When and Why in Tunisia as Transition

The Distinction between Consensus Politics and Majoritarian Politics

The Majority of Members of the Parliament Are against Freedom of Press

Vanished

Staggering from a bar into a dark, deserted alley, a man is stalked and attacked. Forty years later, December 2007, a letter reaches a Berkeley physics professor from her friend Cy Fapp, head of a Charleston private detective agency. As the story unfolds, these two seemingly unrelated events become linked to the 1938, true life disappearance of Sicilian physicist Ettore Majorana. Working from their agency in Charleston, South Carolina, Fapp and his two young associates, Jack and Ginger, are mystified by four seemingly unrelated cases. Through a series of bizarre coincidences, they discover a series of disappearances and murders over fifty years, taking place from Wisconsin to South Beach, Florida, from Italy to Berkeley, and from Charleston to Los Angeles, California. Jack and Ginger are propelled by their discoveries to link both their boss's and the victims' sudden interest in theoretical physics and parallel universes. Does this all mask an international conspiracy of serial killers? If not, how are the cases tied together? Is a major theoretical physics breakthrough at the heart of the mysteries? How has their boss, Cy Fapp, disappeared? And how, in the end, does a Berkeley professor come to hold the key to all the answers? Includes Readers Guide.

Nice and Noir

Owners of mystery bookshops will tell you that there are several sorts of buyers: those who purchase on impulse or whim; genre addicts who buy paperbacks by the week and by the armful; and those who have caught up on canonical texts and regularly buy new novels by select authors in hardcover. Richard B. Schwartz belongs in the last group, with his own list of approximately seventy favorite writers. Nice and Noir: Contemporary American Crime Fiction explores the work of these writers, building upon a reading of almost seven hundred novels from the 1980s and 1990s. By looking at recurring themes in these mysteries, Schwartz offers readers new ways to approach the works in relation to contemporary cultural concerns.

The Extinction Club

Nile Nightingale is on the run. Fleeing across the border to rural Quebec, he seeks refuge at an abandoned church where his junked-up, overstimulated mind realizes that he has just witnessed a body drop—in a bloody sack tied with Christmas ribbon. The contents, unconscious but still alive, turn out to be fifteen-year-old Céleste Jonquères, who has been beaten and slashed, like wild game, to slowly bleed out. From his hideout, as he nurses his patient back from the brink and begins to face his own life, he pieces together what he has stumbled into. Animal rights activists, Céleste and her beloved grandmother have taken on a vicious poaching ring, operating from Quebec's Laurentian Mountains

and dealing in bear and other animal parts for the international market, with the collusion of corrupt rangers and police. Her grandmother has died suspiciously. And now that Nile has saved Céleste from the dead, the poachers and their accomplices in this small town have taken notice and are cautiously, but inexorably, closing in. Featuring two brilliant misfits as unlikely sleuths and by turns comic and darkly tragic, this haunting thriller is a neo-noir tour de force, abounding in puzzles and mysteries from a missing cat to the fate of the Eastern cougar. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. Vanishing Point

A magisterial anthology of American noir writing in the 20th century by the best-selling author of the LA Quartet: *The Black Dahlia*, *The Big Nowhere*, *LA Confidential* and *White Jazz*. In his introduction to *The Best American Noir of the Century*, James Ellroy writes, "noir is the most scrutinised offshoot of the hard-boiled school of fiction. It's the long drop off the short pier and the wrong man and the wrong woman in perfect misalliance. It's the nightmare of flawed souls with big dreams and the precise how and why of the all-time sure thing that goes bad." Offering the best examples of literary sure things gone bad, this collection ensures that nowhere else can readers find a darker, more thorough distillation of American noir fiction. James Ellroy and Otto Penzler, series editor of the annual *The Best American Mystery Stories*, mined one hundred years of writing - 1910-2010 - to find this treasure trove of thirty-nine stories. From noir's twenties-era infancy come gems like James M. Cain's "Pastorale," and its post-war heyday boasts giants like Mickey Spillane and Evan Hunter. Packing an undeniable punch, diverse contemporary incarnations include Elmore Leonard, Dennis Lehane, Patricia Highsmith and William Gay, with many page-turners appearing in the last decade.

The Detective Kay Hunter series books 4-6

In this classic noir tale of blurred guilt and flawed innocence, a cynical lawyer uncovers the desperate lives of a group connected only by a gruesome murder. Eric Meecham is not an optimistic sort. An old-before-his-time lawyer, scratching out a living in courts and jail houses, he is no stranger to desperate cases and has little faith in anything or anyone. But his brand of existential nihilism isn't without curiosity, and when he gets a chance to represent a local society woman who's been arrested for murder under very scandalous circumstances, well, even he can't help but be engaged. Cold, austere, and used to having her way, Mrs. Hamilton is more than a little upset at having to travel 40 miles west of Detroit, in the dead of winter, to the small city of Arbana. But her careless daughter Virginia has landed herself in trouble again and Mrs. Hamilton will do anything to keep the family name out of a scandal. But she little understands the gravity of her daughter's arrest. Virginia was found drunk and underclad in the midst of a white-out snow storm. She was also covered in blood. In a cottage not too far away a married man, father of two, lay brutally stabbed to death. Earl Loftus is the definition of a hard luck case. Broke and terminally ill, Earl's life has been one tragedy after another. But the spark of a thoughtful intellect still gleams in his eyes and when Loftus comes forward to confess to the crime that Virginia is accused of, Eric Meecham is instantly skeptical. Could a man like Loftus actually commit such an act? The more Meecham interviews Loftus, the less he thinks it's possible.

The Vanished Man

From "one of Sweden's best younger writers" (Los Angeles Times Magazine) and a "talented new author" (Booklist) comes this riveting third book in the critically acclaimed Fredrika Bergman crime series. A young woman on her way to a party vanishes without a trace, and it's not until two years later that her body turns up. Mercilessly dismembered, it has deteriorated considerably in its lonely burial spot on the edge of a forest. The forensic team is able to identify the body as that of Rebecca Tolle, a student at the nearby university. Investigative analyst Fredrika Bergman and her team are assigned to solve the case and question those who may be responsible for Rebecca's brutal death. Soon, more bodies are found in the same area. But the killer is still at large. As Fredrika digs into the case, she discovers that when Rebecca died, she was researching a person with a dark past—one that Rebecca seems to have uncovered. Fredrika is deeply invested in the already heart-wrenching case, but when her lover's name comes up as a possible suspect, it might be too much for her to bear... "A gripping tale not for the squeamish, the shy, or the nervous" (Kirkus Reviews), *The Disappeared* is internationally bestselling author Kristina Ohlsson's most mesmerizing thriller yet.

The Disappeared

This volume offers bracing new translations of two precursors to the modern detective novel by Friedrich Dürrenmatt, whose genre-bending mysteries recall the work of Alain Robbe-Grillet and anticipate the postmodern fictions of Paul Auster and other contemporary neo-noir novelists. Both mysteries follow Inspector Barlach as he moves through worlds in which the distinction between crime and justice seems to have vanished. In *The Judge and His Hangman*, Barlach forgoes the arrest of a murderer in order to manipulate him into killing another, more elusive criminal. And in *Suspicion*, Barlach pursues a former Nazi doctor by checking into his clinic with the hope of forcing him to reveal himself. The result is two thrillers that bring existential philosophy and the detective genre into dazzling convergence.

Angel Dust

From the New York Times bestselling and internationally acclaimed author comes a Hollywood crime drama set in the 1940s and present day that tackles racism, sexism, and murder. Karissa Glover is a movie producer who moves into a decrepit but functional old mansion in the West Adams Heights area of Los Angeles, where black celebrities of yesteryear—Hattie McDaniel, Louise Beavers, and others—once resided. The former owner was a white actress, Blair Kendrick, who often starred as the "bad girl"—a femme fatale—in films noir of the 1940s. However, Blair's career was cut short when she was tragically killed by the mob after allegedly witnessing the slaying of a corrupt studio head in 1949. As Karissa and her producing partner decide to develop a modern film noir about Blair Kendrick, malevolent forces from the past attempt to stop them—first with intimidation, and then with the thread of murder. Is this because Karissa has learned that Blair was involved in a then-taboo interracial relationship with jazz musician Hank Marley? What really happened on the night that death struck in a dimly lit studio mogul's office? The consequences of Blair and Hank's doomed love affair still resonate in the present day as Karissa attempts to unravel Blair's secrets. Seeping with mystery, intrigue, Hollywood history, and forbidden romance, *Blues in the Dark* is Raymond Benson at his most insightful and page-turning best.

Meet Martin Koll, the young CEO of a successful tech company that has just landed a multimillion-dollar client. Life is good. Until it isn't. When Koll falls under suspicion of murder, all the evidence seems against him. Fortunately he has an airtight alibi – until suddenly he doesn't. As the police gather evidence for an arrest, it falls on Koll to clear himself – to find out who has set him up, and why? Time is running out.

*** A combo of classic noir and modern-day mystery, *Alibi* is fast-paced with not a wasted word. Martin Koll is a great lead character –unflappable, he ain't! His alarming adventure is a totally engaging ride – like being on a roller coaster and not being able to remove your clenched hands from the grab bar! - Audrey E. Kupferberg, co-author of *Angela Lansbury, Matthau: A Life*, and *Meet the Mertzes McCarty's* protagonist, an "everyman" Philip Marlowe, casts the reader in the role of gumshoe in this modern day homage to classic detective fiction and films noir. The story unfolds in gritty black & white at a fast clip -- I loved the Evelyn character's back story and her long suffering mother. A pleasure to read. - Frank LaLoggia, writer-director of *Lady in White* and *Fear No Evil* "This gritty, grimy, rain-drenched odyssey of New York cranks into high gear from the first page and barely gives the reader a chance to draw breath. Told in a rollercoaster first-person narrative by a murder suspect turned reluctant detective, *Alibi* is a gripping modern noir that balances hard-boiled sleuthing with a palpable air of paranoia and desperation. Cops, dames and an unstoppable avenging hero populate this bleak landscape - a milieu that John McCarty embraces with a tip of the fedora to Dashiell Hammett whilst simultaneously crafting a wholly plausible evolution of the genre." - Tony Earnshaw, author of *An Actor* and *a Rare One* - Peter Cushing as Sherlock Holmes

"The story rarely unfolds as you expect, there are some nice twists and wrong turns that keep the plot interesting. Mother of Pearl has some classic elements of pulp; the city's dark underbelly, widespread corruption, shady heroes, villains in every direction and a high body count." - Nudge Noir "... (D)isgusting use of grammar..." - Trump supporter, arch-conservative and Grammy winner Randy Kohrs. When the daughter of a prominent DC businessman goes missing, a homicide detective must unravel a mystery involving a gang war, his own conscience and a 15 year-old unsolved murder before it costs him the girl's life and his own. On the surface, Detective Knox has everything: a rising young star in homicide and favorite of the chief; he's well adjusted and happy. But the truth is that he's no more than a retriever of rich kids, a 'fixer' for a secret department, a casual drug user sliding towards addiction, and a man full of loathing for who he is and what he does. On the outside, Constance Van Buren lives the charmed life of being the pretty, popular, pampered teenage scion of one of DC's most prominent families. But on the inside she's a strung out junkie, forever haunted and damaged by the unsolved murder of her mother 15 years ago. The quiet little lies they share in common have managed to keep the awful truth at bay; until Constance goes missing. When Knox is assigned to bring her back home he will stumble onto a conspiracy involving a new triangle trade of drugs, money and immigration, ancient family secrets and his own involvement in D.C.'s most corrupt police department. If he's going to survive long enough to expose the truth, he'll have to get past a horde of people looking to do him wrong, himself included. Mother of Pearl is a pulpy, violent noir mystery, a modern-day Chandlerian novel of gray morals, easy purchased virtues and dark corners where D.C.'s dark history and bright future collide.
