Mosby's Comprehensive Review for General Sonography Examinations

OSCE examinations are compulsory for Medical students and specialist trainees. The student is led through a clinical scenario and then assessed on examination, history taking, investigation, diagnosis and management. Some students are able to practice OSCEs with a teacher acting as the patient, however not all candidates have equal/sufficient access to teachers as such a resource. This often leads to examination candidates not being prepared for the OSCE exam format, performing poorly compared with written paper examinations. The proposed book will cover an approach to passing the OSCE as well as 60 practice questions. Each case will have a sample marking scheme. After the marking scheme there will be a discussion and key points/pitfalls section

EFOG Part 1: 400 MCQs, EMQs and SBAs

The Diploma of Royal College of Obstetricians and Gynaecologists (DRCOG) examination recognises a doctor's interest in women's health. Recent changes to the exam now require that candidates answer extended matching questions, single best answers and multiple choice questions. This comprehensive revision guide provides three full papers covering the entire DRCOG syllabus. Each paper is specifically designed for practice under exam conditions. To aid general revision, a detailed subject index enables a more focused approach to individual topics, and the explanatory answers have been fully referenced to assist further study where necessary.

Mosby's Comprehensive Review for General Sonography Examinations

This study guide offers a systematic, comprehensive and focused approach to preparation for the MRCOG Part 3 Clinical Assessment exam. After an initial introduction, the text divides by OSCE station, beginning with an analysis of what the station is testing and what approaches and preparation are required, supported by tips and examples; this is followed by thoroughly worked practice questions based upon the exam format, with an analysis of how these are likely to be marked. Practice exam 'circuits' with fully worked questions and answers conclude the book.

The DRCOG Revision Guide

Part 2 MRCOG: SBA Questions contains invaluable preparation and practice for candidates undertaking the Royal College of Obstetricians and Gynaecologists Part 2 MRCOG examination. It contains 400 practice questions written by a highly experienced team of MRCOG question writers, alongside detailed answers referencing each question to either an RCOG, NICE or WHO guideline, or an article in the professional journal 'The Obstetrician & Gynaecologist'. This will enable candidates to understand the reasoning and knowledge base behind the question, as well as giving them a clear reference should they wish to read further around the subject. The first part of the book introduces and explains the new format of the Part 2 MRCOG exam, giving insightful advice on the skills required to write a good SBA question. The second part of the book contains chapters matched to the 15 of the 19 modules of the core curriculum, giving a comprehensive range of questions and answers with detailed explanations and references. For anyone preparing for the Part 2 MRCOG exam, this book will provide extensive and comprehensive practice and guidance from an expert author team.

Gynaecological Examinations

Get Through MRCOG Part 2: MCQs covers the breadth and depth of the MRCOG Part 2 examination syllabus and is an essential revision tool for candidates preparing for this examination. The comprehensive and wide collection of practice questions is designed to help the candidate test and assess their knowledge of the subject, aiding them in thorough preparation for the exam. The text contains 750 multiple choice stems, each with around four associated questions, providing the reader with a total of 3000 individual questions with which to test themselves. The material is divided up by subject area, allowing candidates to test their knowledge on a particular topic. The 13 'modules' are followed by two mock papers, each containing a selection of questions on different subject areas, which the reader

can attempt under timed conditions. Answers are provided, with useful explanatory information for all questions to help the reader understand why their answer is right or wrong. The author, Paul Ayuk, was clinical lecturer in obstetrics and gynaecology at Oxford University for 6 years and has run an on-line MRCOG course for over 5 years, assisting over 8000 candidates worldwide.

MRCOG Oral Assessment Exam

SBA Questions for the Part 2 MRCOG is a valuable preparation resource aimed at those specialising in obstetrics and gynaecology who are planning to take the Part 2 MRCOG examination. It contains two hundred practice single best answer questions written by MRCOG question writers, with accompanying explanations and references. It also contains an introduction to the new format of the examination and the rationale for the changes. The first section consists of two hundred single best answers allowing the reader to test their knowledge. The second section lists the correct response accompanied by an explanation and suggestions for further reading. SBA Questions for the Part 2 MRCOG is the only official preparation book produced by the RCOG and is therefore essential reading for candidates sitting this examination in its new format.

Part 2 MRCOG: Single Best Answer Questions

This examination and revision guide comprehensively tests knowledge at all levels in obstetrics and gynaecology. The wide-ranging sample questions have detailed answers to provide proper explanation and aid understanding, and the variety of question formats prepares students for all possibilities in the examination. The best of five question format is ideal for DRCOG candidates, the EMQs prepare the MRCOG candidates, and the MCQs will test both DRCOG and MRCOG candidates. The book is also highly recommended for undergraduates preparing for their finals, who will welcome the sample best of fives and EMQs now that essays and short answer questions are becoming a thing of the past.

Get Through MRCOG Part 2: MCQs

The book is targeted at the candidates appearing for the MRCOG Part 2, which is a compulsory examination for postgraduate trainees in the UK who aspire to pursue a career in obstetrics and gynaecology. Apart from the UK postgraduates, MRCOG examination is taken by postgraduates all across the globe to obtain this prestigious degree. The examination is carried out twice a year, and the venues are London, Manchester, Glasgow and Belfast in the UK. The examination also takes place in Bangladesh, Egypt, Hong Kong, India (2 centres), Iraq, Jordan, Malaysia, Pakistan, Saudi Arabia, Sudan, Dubai and Jamaica. At each centre, the number of candidates participating varies between 5 and 200. Apart from the candidates appearing for this examination, this book would be helpful for the assessment of knowledge in all postgraduate trainees in obstetrics and gynaecology worldwide. Therefore, this book has a wide target group. A unique characteristic of this book is that it produces a comprehensive set of both types of questions covering all the modules of the MRCOG Part 2 syllabus (www.rcog.org.uk). A broad range of reading material has been used to develop the EMQs and SBAs including RCOG Greentop Guidelines, Scientific Impact Papers, Clinical Governance Papers and RCOG Consent Advice. In addition to the RCOG revision material, the authors have included questions from The Obstetrician & Gynaecologist (TOG), NICE Guidelines, StratOG and recommended textbooks. The authors have experience in MRCOG examination question writing, and Sharmistha Guha has been a co-lead for the London SBA Writing Group for the RCOG. The questions have been written to the same standard as the RCOG question bank. Mr. Gregory Ward, who is the Head of London Specialty School of Obstetrics and Gynaecology, wrote the foreword of the book. He is a senior clinician, a RCOG examiner and member of the RCOG SBA committee. He has provided guidance continually to ensure the quality of the questions is up to the standard of RCOG. It is important to recognise that this book is not a textbook and should not be used as the sole reading material for the examination. However, the questions will be especially useful in gaining valuable examination practice. An explanation has been provided for all of the questions along with references to aid in the preparation. A reading guide has been provided for assistance. The authors hope that this will be a useful tool in preparation for this crucial examination.

SBA Questions for the Part 2 MRCOG

The Diploma of the Royal College of Obstetricians and Gynaecologists (DRCOG) examination consists of 60 multiple choice questions (MCQs) and 22 six minute structured clinical examination stations (OSCEs), of which two are rest stations. This one day examination is designed for General Practice

trainees, ideally with six months' experience in obstetrics and gynaecology at the senior house officer grade. This book presents three complete DRCOG MCQ and OSCE circuits and encompasses all the possible MCQ and OSCE topics that can and have been asked in the DRCOG examination. They are presented in an identical way to the exam itself. The author, Mrs Una Coales MD, FRCSEd, DRCOG, trained in medicine in the USA and moved to practise in the UK. She has taken and passed the DRCOG exam herself and has also published popular exam texts for PLAB Parts 1 and 2.

Obstetrics and Gynaecology for Finals, DRCOG and MRCOG

This concise, step-by-step guide to preparing for and taking the oral exam for board certification in Obstetrics/Gynecology has been completely updated to reflect recent changes in format and topics. Since the advent of managed care, board certification has taken on greater importance. This text provides effective strategies for caselist collection, format and defense, along with other tips and advice for persuasively articulating one's knowledge of the field.
