Henry Purcell's Dido and Aeneas

Although widely regarded as the greatest operatic achievement of seventeenth-century England, *Dido and Aeneas* is surrounded by conflicting theories on its origin and chronology. In this thirtieth-anniversary edition of her groundbreaking book, Ellen T. Harris closely examines these theories and traces the performance history of the work, shedding light on the inherent mutability of this opera that continues to hold a fascination for audiences. -- Provided by publisher.

The works of Henry Purcell

This book is a musical score of Henry Purcell's famous opera *Dido and Aeneas*. It includes the full score, as well as detailed notes on the music and lyrics. This edition is an essential resource for musicians and scholars studying Purcell's work. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain" in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Purcell's Dido & Aeneas

Henry Purcell's masterpiece, *Dido and Aeneas*, is considered the high point of English opera. "When I Am Laid in Earth" is a poignant, lovely aria sung by the lovelorn, dying Queen Dido as her hero Aeneas sails away. Beautifully arranged by Sylvia Rabinof for two pianos, eight hands, the delicate simplicity sings forth with subtle strength.

The Works Of Henry Purcell

Expertly arranged Vocal Score by Henry Purcell from the Kalmus Edition series. This is from the Baroque era.

Dido & Aeneas

Libretto en toelichting bij de opera *Dido and Aeneas* van Henry Purcell (1659-1695).

Dido & Aeneas

While understanding the concept of all-sung opera, seventeenth-century English impresarios and their audiences also understood opera to mean spoken plays with a large amount of added music. The works have been given a variety of descriptive titles including 'semi-operas', 'ambigues', 'multi-media spectacles', and, most appropriately, 'dramatick operas'. As well as four big dramatick operas, Henry Purcell also wrote a small all-sung masque, *Dido and Aeneas*, which is one of the few works of the century which fulfils a modern ideal of 'opera'. The music of Purcell's operas has long been studied in detail, but it is only in recent years--and not by all scholars--that the operas have been taken seriously as dramatic entities. Consideration of the pieces have been hampered by the lack of availability of the texts of the operas, for while the music has long been edited and played, the sections of spoken dialogue have been almost entirely ignored. This volume, the first complete collection of the texts, redresses the balance. It presents to the reader the complete entertainment as prepared by the author on each occasion. Included are editions of both the 1689 libretto of *Dido and Aeneas* and its later incarnation as a series of masques in Shakespeare's *Measure for Measure*, together with the playtext, the original published texts of *Dioclesian*, *King Arthur*, and *The Fairy-Queen*, and a transcription of the manuscript of *The Indian Queen*. An appendix to the volume shows the song texts as actually set by Purcell.

When I Am Laid in Earth (Air, Dido's Lament from the opera Dido and Aeneas)

Using a mix of broad stylistic observation and detailed analysis, Adams distinguishes between late-seventeenth-century English style in general and Purcell's style in particular, and chronicles the changes in the composer's approach to the main genres in which he worked, especially the newly emerging ode and English opera. As a result, Adams reveals that although Purcell went through a marked stylistic development, encompassing an unusually wide range of surface changes, special elements of his style remained constant.

Dido and Aeneas

This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

Benjamin Britten

This book, the first general survey of Purcell's music in a generation, is published to coincide with the tercentenary of his death. It is the first book to explore in detail the historical context of Purcell's music, dealing fully with the institutions he worked for, the origin and development of the various genres to which he contributed, and the sources of his music. In the process, a new picture of Purcell's creative personality emerges: a composer obsessed with formal counterpoint, extraordinarily well-versed in English music of the previous century, yet eager to embrace up-to-date features of the Italian style in the 1680s.

Dido & Aeneas, Henry Purcell (1658-1695), July 29th, 1907

Handel wrote over 100 cantatas, compositions for voice and instruments describing the joy and pain of love. In the first comprehensive study of the cantatas, Harris investigates their place in Handel's life as well as their extraordinary beauty.

Dido and Aeneas; an opera, by Henry Purcell. Performed by members of the Purcell Operatic Society, May 1900 and March 1901 ... Programme designed and engraved by E. Gordon Craig, etc. (The Masque of Love, from the Opera Dioclesian.) [With a preface by J. A. Fuller-Maitland.].

This book was the first comprehensive survey of Purcell's dramatic music. It is concerned as much with the London theatre world - playhouses, poets, actors, singers, producers - as with the music itself. Purcell wrote music for more than fifty plays of various types, most of them produced at the Theatre Royal, Drury Lane, between 1690 and 1695. The songs, dialogues, choruses, act tunes and larger musical scenes are often active participants in the spoken drama, not simply grafted-on entertainments. The extraordinary semi-operas - Dioclesian, King Arthur, and The Fairy-Queen - are placed in the context of a theatre that thrived mainly on plays that, though less lavish, were no less musical. The traditional picture of a composer trapped within a degraded musical society, his natural predilection for opera ignored, is redrawn to show a consummate dramatist exploiting a remarkably musical theatre.

Dido and Aeneas - An Opera in Three Acts

PDF sheet music optimized for iPad, tablet and laptop screens. Recitative and aria from de opera "Dido and Aeneas" by Henry Purcell. Voice and Piano. Soprano or Mezzo-soprano. English. Intermediate. MCL77

Dido and Aeneas

Features information on the English composer Henry Purcell (c. 1659-1695), presented by the British Library Board. Offers access to audio files of music Purcell had composed for the funeral of Queen Mary in 1695. Contains a portrait of Purcell.

Dido and Aeneas

During his lifetime, the sounds of Handel's music reached from court to theater, echoed in cathedrals, and filled crowded taverns, but the man himself—known to most as the composer of Messiah—is a bit of a mystery. Though he took meticulous care of his musical manuscripts and even provided for their preservation on his death, very little of an intimate nature survives. One document—Handel's

will—offers us a narrow window into his personal life. In it, he remembers not only family and close colleagues but also neighborhood friends. In search of the private man behind the public figure, Ellen T. Harris has spent years tracking down the letters, diaries, personal accounts, legal cases, and other documents connected to these bequests. The result is a tightly woven tapestry of London in the first half of the eighteenth century, one that interlaces vibrant descriptions of Handel's music with stories of loyalty, cunning, and betrayal. With this wholly new approach, Harris has achieved something greater than biography. Layering the interconnecting stories of Handel's friends like the subjects and countersubjects of a fugue, Harris introduces us to an ambitious, shrewd, generous, brilliant, and flawed man, hiding in full view behind his public persona.

Dido and Aeneas

The universally acclaimed and award-winning Oxford History of Western Music is the eminent musicologist Richard Taruskin's provocative, erudite telling of the story of Western music from its earliest days to the present. Each book in this superlative five-volume set illuminates—through a representative sampling of masterworks—the themes, styles, and currents that give shape and direction to a significant period in the history of Western music. *Music in the Seventeenth and Eighteenth Centuries*, the second volume of Richard Taruskin's monumental history, illuminates the explosion of musical creativity that occurred in the seventeenth and eighteenth centuries. Examining a wealth of topics, Taruskin looks at the elegant masques and consort music of Jacobean England, the Italian concerto style of Corelli and Vivaldi, and the progression from Baroque to Rococo to romantic style. Perhaps most important, he offers a fascinating account of the giants of this period: Bach, Handel, Mozart, Haydn, and Beethoven. Laced with brilliant observations, memorable musical analysis, and a panoramic sense of the interactions between history, culture, politics, art, literature, religion, and music, this book will be essential reading for anyone who wishes to understand this rich and diverse period.

Henry Purcell's Operas

This book, published to coincide with the tercentenary of Purcell's death, is the first to be devoted to the performance of his music. The contributors—all leading scholars and performers—deal with issues of performance practice relating both to playing the music and staging the operas.

Henry Purcell

Henry Purcell's prolific output encompassed works for court, church and theatre. Within his short life-span (1659-95), he impressed his stamp on the music of the whole country; both as an organist at Westminster Abbey and as official composer to four monarchs. In the theatre, he collaborated with the greatest writers and poets of his age, including Dryden. Margaret Campbell tells the story of Purcell, painting a vibrant picture of the political, artistic and social world in which he lived, from his childhood in the Restoration and experiences of the Great Plague and the Great Fire to the complex politics of the later 17th century. New insights into Purcell's work are offered, including a controversial interpretation of the date of the opera "Dido and Aeneas."

Dido and Aeneas

In perhaps the most famous English opera, Dido tells the story of the Queen of Carthage and her love for Aeneas. Purcell's opera includes the sublime lament, Dido's 'When I Am Laid in Earth'.

Henry Purcell

In the chaos of the English Civil War and Puritan Commonwealth, churches were defaced and organs broken, but the tradition of fine music survived. When Charles II returned from exile in 1660, one of the first things he demanded was music, sacred and profane, anthems and motets, pavannes and gavottes. In 1659 Henry Purcell was born, and his genius would give the period and nation an unforgettable voice. Jonathan Keates traces Purcell's development against the turbulent movements of his time - political, religious, theatrical and social. He shows him growing up in the shadow of Westminster Abbey and follows him as a chorister in the Chapel Royal, copying the innovative and colourful style of Matthew Locke; beginning to compose for the theatre, and for State occasions; writing his great settings of sacred music, his chamber sonatas, and his triumphant Dido and Aeneas, the first British opera. In the background are the heady politics of Restoration England, which expelled the Stuart James II and brought William and Mary to the throne. But almost more important is the rich musical history,

the influence of French and Italian composers, blending with and modifying the native tradition. We know and love Purcell through his work; his songs were sung in taverns, his psalms in churches; he was urbane and witty, impassioned and profound. This engrossing biography is as remarkable for its sensitive critical appreciation of Purcell's music, in all its forms, as it is for its vivid portrait of the man, and the boisterous age in which he lived.

Henry Purcell

Full score in the hand of anonymous copyist. Music by Henry Purcell. Words by Nahum Tate. Note by W.H. Cummings reads "Dido & Aeneas, A Masque by Henry Purcell 1677 ... copied from a corrected copy in the hand of J. Hindle ... which was copied from a copy in the hand of Samuel Howard."

Handel as Orpheus

Since the rediscovery of Elizabethan stage conditions early this century, admiration for Measure for Measure has steadily risen. It is now a favorite with the critics and has attracted widely different styles of performance. At one extreme the play is seen as a religious allegory, at the other it has been interpreted as a comedy protesting against power and privilege. Brian Gibbons focuses on the unique tragi-comic experience of watching the play, the intensity and excitement offered by its dramatic rhythm, the reversals and surprises that shock the audience even to the end. The introduction describes the play's critical reception and stage history and how these have varied according to prevailing social, moral and religious issues, which were highly sensitive when Measure for Measure was written, and have remained so to the present day.

Henry Purcell and the London Stage

"Henry Purcell set to music an entire age. Endlessly resourceful and dazzlingly innovatory, Purcell's music instantly evokes the energy and confidence of Restoration England. The age of Pepys and Dryden--of elegance, wit, and boundless creativity--gave birth to an audacious new theatre and, in Purcell's operas, to a new musical form. It was also an age of violence and suspicion. In the decade before Purcell's birth the people had executed their king. Treason was no longer unthinkable. Popish plots, coup attempts, invasion scares, international double-dealing... England seethed with conspiracies, real and imagined. Purcell, court musician to three reigns, was forced to tread a delicate path between the opposing factions. A working musician, Purcell was organist and harpsichordist as well as composer; tuner and repairer as well as performer. He also wrote music for every conceivable occasion: for the Church and for the theatre, for the chamber and for the great occasions of State. Purcell moved easily through the echelons of London society: from the quiet of the chapel royal to the raucous taverns. King and courtiers, actresses and innkeepers, tradesmen and artist... Purcell knew all the characters that comprised the constant flux of London life. Maureen Duffy, unsurpassed in her treatment of the modern capital city, now captures the sights, sounds and the flavour of a very different London. New documentary evidence, gleaned from a scrupulous investigation of original documents and sources, together with a novelist's instincts have enabled her to create the most vivid and illuminating portrait yet of England's greatest--and most elusive--composer." --Dust jacket.

When I am laid in earth

Dido and Aeneas

Plutarch's Lives

This book lucidly explains how the Parallel Lives of Plutarch (c. AD 45-120) are more than mere 'sources' for history. The Lives offer us a unique insight into the reception of Classical Greece and Republican Rome in the Greek world of the second century AD. They also explore and challenge issues of psychology, education, morality, and cultural identity.

Plutarch's Lives

Subtitled Modern American Edition of Twelve Lives, this volume includes adaptations of Plutarch's biographies of the following men: Greek: Lycurgus, Aristides, Cimon, Pericles, Alcibiades, Alexander Roman: Coriolanus, Marcus Cato, The Gracchi, Cicero, Caesar, Antony This edition makes the writing of Plutarch more accessible to high school readers.

Plutarch's Lives

Plutarch, later named, on his becoming a Roman citizen, Lucius Mestrius Plutarchus, c. 46 - 120 AD, was a Greek historian, biographer, essayist, and Middle Platonist known primarily for his *Parallel Lives* and *Moralia*. Plutarch lived most of his life at Chaeronea, and his duties as the senior of the two priests of Apollo at the Oracle of Delphi (where he was responsible for interpreting the auguries of the Pythia) apparently occupied little of his time. He led an active social and civic life while producing an extensive body of writing, much of which survived. By his writings and lectures Plutarch became a celebrity in the Roman Empire. At his country estate, guests from all over the empire congregated for serious conversation, presided over by Plutarch in his marble chair. Many of these dialogues were recorded and published, and the 78 essays and other works which have survived are now known collectively as the *Moralia*. Plutarch's best-known work is the *Parallel Lives*, a series of biographies of famous Greeks and Romans, arranged in pairs to illuminate their common moral virtues and vices. The surviving *Lives* contain 23 pairs, each with one Greek Life and one Roman Life, as well as four unpaired single *Lives*. Some of the *Lives*, such as those of Heracles, Philip II of Macedon and Scipio Africanus, no longer exist; many of the remaining *Lives* are truncated, contain obvious lacunae or have been tampered with by later writers. Extant *Lives* include those on Aristides, Pericles, Pompey, Julius Caesar, Cicero, Cato the Younger, Mark Antony, and Marcus Junius Brutus, all of which are included here.

Lives from Plutarch

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. *Lives of the Noble Grecians and Romans or Parallel Lives* is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings, probably written at the beginning of the second century AD by Plutarch. *Parallel Lives* comprises 23 pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals described, but also about the times in which they lived. Volume I contains 13 pairs of biographies from Theseus and Romulus to Cimon and Lucullus, with comparisons.

The Complete Collection of Plutarch's Parallel Lives

Plutarch of Chaeronea is one of the great storytellers of antiquity, a writer whose ability to create unforgettable scenes matches the grandeur of his subject matter. The heroes of his *Lives* were the great men of antiquity, often greatly flawed, but with tragic depth and epic stature. Thomas North's translation, one of the most splendid works of sixteenth-century English prose, presents a vigorous and passionate version of the *Lives* whose qualities so attracted Shakespeare that he used North as his major source for Julius Caesar, Coriolanus and Antony & Cleopatra. This collection includes all the *Lives* which Shakespeare used and a selection of others which aim to show the variety and range of Plutarch's writing.

Plutarch's Lives

The complete text of Clough's edition of Plutarch's *Lives*; containing fifty lives and eighteen comparisons.

Parallel Lives

Translator name not noted above: Arthur Hugh Clough Originally published between 1909 and 1917 under the name "Harvard Classics," this stupendous 51-volume set-a collection of the greatest writings from literature, philosophy, history, and mythology-was assembled by American academic CHARLES WILLIAM ELIOT (1834-1926), Harvard University's longest-serving president. Also known as "Dr. Eliot's Five Foot Shelf," it represented Eliot's belief that a basic liberal education could be gleaned by reading from an anthology of works that could fit on five feet of bookshelf. Volume XII features selections from

the biographical writings of the Greek historian PLUTARCH (c. 46 A.D.-120 A.D.), which offer us the only sources of information that have survived for some personages, and exerted a profound influence on the literature to come, particularly throughout the Renaissance and Enlightenment. Included are Plutarch's biographies of Themistocles, Pericles, Aristides, Coriolanus, Demosthenes, Cicero, and others.

Plutarch's Lives

Originally published in 1921, this book contains an English translation by Sir Thomas North of two pairs of Plutarch's famous Lives, specifically the biographical comparisons of Timoleon with Paulus Aemilius, and Agis and Cleomenes with the Gracchi. Giles also provides an introduction on Plutarch, North, and Jacques Amyot, whose French translation of the Lives provided the basis for North's own rendering into English. This book will be of value to anyone with an interest in Plutarch and the historical transmission of his work.

Plutarch's Lives,

Plutarch's Lives of the Noble Greeks and Romans, commonly called Parallel Lives or Plutarch's Lives, is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings, probably written at the beginning of the second century AD. The surviving Parallel Lives comprises twenty-three pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals described, but also about the times in which they lived.

Plutarch's Lives

Plutarch's Lives of the Noble Greeks and Romans, commonly called Parallel Lives or Plutarch's Lives, is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings, probably written at the beginning of the second century AD. The surviving Parallel Lives comprises twenty-three pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals described, but also about the times in which they lived. As he explains in the first paragraph of his Life of Alexander, Plutarch was not concerned with writing histories, but with exploring the influence of character, good or bad, on the lives and destinies of famous men. He wished to prove that the more remote past of Greece could show its men of action and achievement as well as the nearer, and therefore more impressive, past of Rome. His interest was primarily ethical, although the lives have significant historical value as well. The Lives was published by Plutarch late in his life after his return to Chaeronea and, if one may judge from the long lists of authorities given, it must have taken many years to compile. Contents 1. Theseus 2. Romulus 3. Comparison of Romulus with Theseus 4. Lycurgus 5. Numa Pompilius 6. Comparison of Numa with Lycurgus 7. Solon 8. Poplicola 9. Comparison of Poplicola with Solon 10. Themistocles 11. Camillus 12. Pericles 13. Fabius 14. Comparison of Pericles with Fabius 15. Alcibiades 16. Coriolanus 17. Comparison of Alcibiades with Coriolanus 18. Timoleon 19. Aemilius Paulus 20. Comparison of Timoleon with Aemilius Paulus 21. Pelopidas 22. Marcellus 23. Comparison of Pelopidas with Marcellus 24. Aristides 25. Marcus Cato 26. Comparison of Aristides with Marcus Cato 27. Philopoemen 28. Flamininus 29. Comparison of Philopoemen with Flamininus 30. Pyrrhus 31. Caius Marius 32. Lysander 33. Sylla 34. Comparison of Lysander with Sylla

Plutarch's Lives

Plutarch's Parallel Lives were written to compare famous Greeks and Romans. This most obvious aspect of their parallelism is frequently ignored in the drive to mine Plutarch for historical fact. However, the eleven contributors to the present volume, who include most of the world's leading commentators on Plutarch, together bring out many ways in which Plutarch invoked aspects of parallelism. They show how pervasive and how central the whole notion was to his thinking. With new analysis of the synkrisis; with discussion of parallels within and across the Lives and in the Moralia; with an examination of why the basic parallel structure of the Lives lost its importance in the Renaissance, this volume presents fresh ideas on a neglected topic crucial to Plutarch's literary creation.

Selected Lives

Lycurgus, Pericles, Solon, Nicias, Themistocles, Alcibiades, Cimon, Agesilaus, Alexander `I treat the narrative of the Lives as a kind of mirror...The experience is like nothing so much as spending time

in their company and living with them: I receive and welcome each of them in turn as my guest.' In the nine lives of this collection Plutarch introduces the reader to the major figures and periods of classical Greece. He portrays virtues to be emulated and vices to be avoided, but his purpose is also implicitly to educate and warn those in his own day who wielded power. In prose that is rich, elegant and sprinkled with learned references, he explores with an extraordinary degree of insight the interplay of character and political action. While drawing chiefly on historical sources, he brings to biography a natural story-teller's ear for a good anecdote. Throughout the ages Plutarch's Lives have been valued for their historical value and their charm. This new translation will introduce new generations to his urbane erudition. The most comprehensive selection available, it is accompanied by a lucid introduction, explanatory notes, bibliographies, maps and indexes. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Plutarch's Lives

Although Plutarch did not intend his Lives as a historical record, they sometimes furnish the best account we have of events in classical Greece. In many instances they are the only account available to those exploring ancient history through primary sources. In this compilation from Plutarch's Greek Lives, James Romm gathers the material of greatest historical significance from fifteen biographies, ranging from Theseus in earliest times to Phocion in the late fourth century BCE. While preserving the outlines of Plutarch's character portraits, Romm focuses on the central stories of classical Greece: the rivalry between Athens, Sparta, and Thebes, the rise of Macedon, and the conflicts between these European states and the Achaemenid Persian empire. Bridging Plutarch's gaps with concise summaries, Romm creates a coherent narrative of the classical Greek world. This edition features the elegant new translation of Pamela Mensch. Footnotes provide the historical context often omitted by Plutarch and plentiful and detailed cross-references. Also included are a bibliography, maps, a chronological chart, a glossary, and an index.

Plutarch's Lives

This edition will be of interest to all Greek scholars, ancient historians, and also the students of English literature since the relevant discussions require no knowledge of Greek.

Plutarch: Lives of the noble Grecians and Romans

In 336 b.c. Philip of Macedonia was assassinated and his twenty-year-old son, Alexander, inherited his kingdom. Immediately quelling rebellion, Alexander extended his father's empire through-out the Middle East and into parts of Asia, fulfilling the soothsayer Aristander's prediction that the new king "should perform acts so important and glorious as would make the poets and musicians of future ages labour and sweat to describe and celebrate him." The Life of Alexander the Great is one of the first surviving attempts to memorialize the achievements of this legendary king, remembered today as the greatest military genius of all time. This exclusive Modern Library edition, excerpted from Plutarch's Lives, is a riveting tale of honor, power, scandal, and bravery written by the most eminent biographer of the ancient world.

Plutarch's Lives

This robust publication confers the complete Lives of Plutarch with a Table of Contents organized by individual. Enjoy! Plutarch (c. AD 46 - AD 120), later named, upon becoming a Roman citizen, Lucius Mestrius Plutarchus, was a Greek biographer and essayist, known primarily for his Parallel Lives and Moralia. He is classified as a Middle Platonist. Plutarch's surviving works were written in Greek, but intended for both Greek and Roman readers. Plutarch was born to a prominent family in the small town of Chaeronea, about 80 km (50 miles) east of Delphi, in the Greek region of Boeotia. His family was wealthy. The name of Plutarch's father has not been preserved, but based on the common Greek custom of repeating a name in alternate generations, it was probably Nikarchus (Νικάρχος). The name of Plutarch's grandfather was Lamprias, as he attested in Moralia and in his Life of Antony. His brothers, Timon and Lamprias, are frequently mentioned in his essays and dialogues, which speak of Timon in particular in the most affectionate terms. Rualdus, in his 1624 work Life of Plutarchus, recovered the name of Plutarch's wife, Timoxena, from internal evidence afforded by his writings. A letter is still extant, addressed by Plutarch to his wife, bidding her not to grieve too much at the death of their two-year-old daughter, who was named Timoxena after her mother. Interestingly, he hinted at a belief in reincarnation in that letter of consolation. "The soul, being eternal, after death is like a caged bird that has been released. If it has been a long time in the body, and has become tame by many affairs and long habit, the soul will immediately take another body and once again become involved in the troubles of the world. The worst thing about old age is that the soul's memory of the other world grows dim, while at the same time its attachment to things of this world becomes so strong that the soul tends to retain the form that it had in the body. But that soul which remains only a short time within a body, until liberated by the higher powers, quickly recovers its fire and goes on to higher things." - Plutarch

Beethoven: Eroica Variations, Op.35 (Kikuchi, Katsaris) - Beethoven: Eroica Variations, Op.35
(Kikuchi, Katsaris) by Ashish Xiangyi Kumar 90,609 views 2 years ago 45 minutes - Among all of
Beethoven's variation, sets, this is the most funny, good-natured, and consistently extroverted.
There's lots of ...

Yusuke Kikuchi. Bright, clear, open, precise. Exceptional control of phrasing/articulation: see the way the lines are tapered in the first and second cantus firmus variations, the sudden crescendo at , the turns in Var.11, or the beautiful, brass-like voicing in the ending chorale (). Every line in every contrapuntal passage is perfectly shaped and projected – the fugue is wonderful. The risk of such ultra-precise interpretations is that they can sound too controlled, but there is a lot of spontaneity here too (e.g., the way the bass is varied during the repeats in Vars.1-3).

Katsaris. Just a huge ball of fun. The work has an improvised air – tempo fluctuations can be pretty wide, and there are some marvellous variations of voicing/dynamics/articulation on the repeats. Like Kikuchi, Katsaris tends to emphasise the bass more in the returning material, but there's much else: see for instance how quietly Var.4 is played the second time round, the wild LH voicings in Var.9 (), or the way (different) inner voices are teased out in Var.10 (). Perhaps the most shocking (/pleasing) variation comes in the repeat of Var.13, where identical repeated chords are voiced to imply an arpeggio up the keyboard (; similar to Saint-Saens' Op.52 no.2).

But when he did, he out-Liszted ...

Theme

Var.1. Churning sixths and thirds. Already extremely difficult.

Var.2. Sixths in the LH, and rapid embellished octaves in the RH. Toybox-like sounds.

Var.3. A single line divided between the hands scurries along in the new 6/8 meter with upbeats. Repeated notes divided rapidly between hands.

Var.4. Accented trills and very large arpeggios.

Var.5. The first quiet one. Hand-crossing, chromaticism, contrasting meter in both hands.

Var.6. Syncopation and rapid, quiet octave leaps.

Var.7. Fiery and dramatic. Chromatic octaves at the edges of the keyboard and harmonies in the centre of the keyboard swing inwards and outwards. Their movement is reversed in the second statement.

Var.8. Leaps and thirds. Mazeppa-like.

Var.9. Harmonic movement twice as slow as in earlier variations. Chromatic chords in RH against repeated octaves in triplet rhythm in LH.

Var.10. Hand-crossing, syncopation.

Var.11. The first of two major-key variations. Both hands in a high treble register playing expressive, steady, “tinkling” harmonies. In this variation, there are four full “repetitions,” as each two-bar unit uses the same exact material. The only variety comes from touch and dynamic change.

Var.12. Continues the music box character of Var.11. RH has leaping, meandering arpeggios in the high register in triplet rhythm, the LH (beginning with an upbeat), in opposite motion in “straight” rhythm.

Var.13. A “gypsy” variation, with difficult glissandi.

Var.14. A stunning finale to Book I, really three variations rolled into one. The RH and LH pass a rapid scale between them, taking breaks to leap to two repeated notes and a punctuating octave. Trills intensify the variation, and then a huge cascade of arpeggios takes over. Repeated notes and vast rapid leaps. A trill emerges, is sustained, fades away, and becomes a drone over which a new variation is established. After a while the drone disappears altogether and broken octaves punctuated by sharp accents take over.

Var.1. Octave leaps, thirds.

Var.2. Polyrhythm. Winding octaves and arpeggios.

Var.3. Ascending thirds punctuated by octaves. Double notes.

Var.4. A lilting waltz.

Var.5. Dotted octaves, fleet-footed descending triplets.

Var.6. Large, arching arpeggios with sharp, crushing embellishments.

Var.7. A masterpiece of disguised complexity. A barely discernible but disorientating upbeat in the LH. 4 against 3 against 9 polyrhythm, later turned to 8 against 9. A chromatic line (the top note of an arpeggio) set off against octaves. Hands switch roles in second half.

Var.8. Arpeggios in contrary motion. Meant to evoke a violin. (Kissin plays the repeats using the *ossia*).

Var.9. A stark study in legato octaves.

Var.10. Huge arpeggio sweeps, with extended harmonic displacement and “delay”.

Var.11. Nearly impossible to play. Skittish and scherzo-like. Essentially a scale with hands moving in strict contrary motion, alternating octaves and single notes *outside of the preceding octave*.

Var.12. A nocturne, the only variation not in A major/minor. Hemiolas (3/4 against 6/8), syncopation, inner voices.

Var.13. Long scalar descents in the gypsy scale, featuring very delicate voicing in both hands.

Var.14. Four variations in one. The first is scherzo-like, with the 2/8 meter speeding it up even more. Descending scales over a detached right hand. The second features double-note harmonies in groups of two passed between the hands. The third features smooth arching leaps and descents, in unison an octave apart. In the fourth 2/8 becomes 2/4 and triplet rhythm appears, and after a pregnant pause on a deceptive “dominant” chord, Brahms’ much-beloved polyrhythms close the work.
