

borderlands la frontera the new mestiza gloria e anzaldua

[#Gloria Anzaldua](#) [#Borderlands La Frontera](#) [#The New Mestiza](#) [#Chicana feminist theory](#) [#border identity](#)

Gloria E. Anzaldúa's groundbreaking work, "Borderlands/La Frontera: The New Mestiza," explores the complex realities of living on cultural, linguistic, and physical borders. Through personal narrative and theoretical analysis, Anzaldúa introduces the transformative concept of "the new mestiza consciousness" as a powerful framework for embracing hybridity and challenging dominant paradigms of identity and culture.

The Self Portrait

Exhibition "The Self-Portrait: a Modern View" organised by Artsite Gallery, Bath International Festival, 1987.

Another Part of the Wood

This is the autobiography of a British author, museum director, broadcaster, and art historian. His BBC Television series "Civilisation" pioneered television documentary series.

The Revolt of The Public and the Crisis of Authority in the New Millennium

How insurgencies—enabled by digital devices and a vast information sphere—have mobilized millions of ordinary people around the world. In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age: government, political parties, the media. *The Revolt of the Public* tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, *The Revolt of the Public* is now available in an updated edition, which includes an extensive analysis of Donald Trump's improbable rise to the presidency and the electoral triumphs of Brexit. The book concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process and whether new organizing principles, adapted to a digital world, can arise out of the present political turbulence.

Albion's Seed

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Vernon God Little

"If Huckleberry Finn were set on the Mexican-American border and written by the creators of South Park, it might read something like this." —San Francisco Chronicle Hailed by critics and lauded by readers for its riotously funny and scathing portrayal of America in an age of trial by media, materialism,

and violence, *Vernon God Little* was an international sensation when it was first published in 2003 and awarded the prestigious Man Booker Prize. The memorable portrait of America is seen through the eyes of a wry, young protagonist. Fifteen-year-old Vernon narrates the story with a cynical twang and a four-letter barb for each of his townsfolk, a medley of characters. With a plot involving a school shooting and death-row reality TV shows, Pierre's effortless prose and dialogue combine to form a novel of postmodern gamesmanship. "A dangerous, smart, ridiculous, and very funny first novel . . . Pierre renders adolescence brilliantly, capturing with seeming effortless the bright, contradictory hormone rush of teenage life." —Sam Sifton, *The New York Times*

Occasions

A treasury of hard-to-find stories, essays, tributes, and humor from a literary master

Hasidic Tales of the Holocaust

Based on interviews and oral histories, this collection of 89 stories is the first anthology of Hasidic stories about the Holocaust, and the first ever in which women play a large role.

Literary Lights

The untold story of Blanche Knopf, the singular woman who helped define American literature. Left off her company's fifth anniversary tribute but described by Thomas Mann as "the soul of the firm," Blanche Knopf began her career when she founded Alfred A. Knopf with her husband in 1915. With her finger on the pulse of a rapidly changing culture, Blanche quickly became a driving force behind the firm. A conduit to the literature of Langston Hughes and the Harlem Renaissance, Blanche also legitimized the hard-boiled detective fiction of writers such as Dashiell Hammett, James M. Cain, and Raymond Chandler; signed and nurtured literary authors like Willa Cather, Elizabeth Bowen, and Muriel Spark; acquired momentous works of journalism by John Hersey and William Shirer; and introduced American readers to Albert Camus, André Gide, and Simone de Beauvoir, giving these French writers the benefit of her consummate editorial taste. As Knopf celebrates its centennial, Laura Claridge looks back at the firm's beginnings and the dynamic woman who helped to define American letters for the twentieth century. Drawing on a vast cache of papers, Claridge also captures Blanche's "witty, loyal, and amusing" personality, and her charged yet oddly loving relationship with her husband. An intimate and often surprising biography, *The Lady with the Borzoi* is the story of an ambitious, seductive, and impossibly hardworking woman who was determined not to be overlooked or easily categorized.

The Lady with the Borzoi

Loy (1882-1966) made a career of friendship. Before World War I, she actively participated in the Futurist movement in Italy. During the war years she was a friend and associate of William Carlos Williams and other writers associated with New York Dada. In the 1920s, she was a vivid presence in the Paris literary scene. Her poems during these years were saluted by such critics as Ezra Pound, who linked her to Marianne Moore.

Mina Loy

Overviews of writers and works from the ancient Greeks through the 20th century, written by subject experts. Each author entry provides a detailed overview of the writer's life and works. Work entries cover a particular piece of world literature in detail.

Reference Guide to World Literature

High dynamic range (HDR) photography lets you capture the myriad colors and levels of light that you can see in the real world, and the results are amazing photographs that run the gamut from super real to surreal. Explore this fantastic realm of photography through the unique vision of renowned travel photographer Trey Ratcliff. In this book, Trey shares his phenomenal HDR photographs as well as all the backstory on the adventurous circumstances of their origin. He also reveals the techniques he used to get the final shot. The breathtaking images gracing these pages and the author's real-world advice for capturing and manipulating images will inspire you to create your own HDR magic. So Trey also includes his simple and straightforward tutorial that teaches you everything you need to know to make your own HDR photographs, whether you're a beginner, amateur, or professional. A unique blend of practical and inspirational, this book features a breathtaking collection of HDR photographs

engaging explanations of how the author achieved the image expert tips for achieving stunning results (and avoiding common mistakes) a foolproof HDR tutorial and software recommendations

A World in HDR

This collection of short stories explores the "muddy foreshore and abysmal depths" of the human psyche. "Caring, Sharing" envisages a realm where adults can be the children they really are, while "The Nonce Prize" presents a chilling portrait of a man who has been framed as a child abuser.

AB Bookman's Weekly

After almost six months in Maryland, fifth-grader Oliver still misses his friends back in New Jersey. But things start to change one day, when his neighbor--and possible new friend--Sam lends Oliver a magic hat that takes him back to the 18th- and 19th-century world of Thomas Jefferson. Oliver and his sisters--Cassie, the nice one, and Ruby, the annoying one--end up learning more about Jefferson than they'd expected. And Oliver finds that his new neighborhood might not be so terrible after all. Thomas Jefferson and the Return of the Magic Hat is the third in The President and Me series that began with George Washington and the Magic Hat and John Adams and the Magic Bobblehead. This new adventure brings back previous characters Sam, Ava, J.P. (blink and you might miss them, though!), and of course the cantankerous talking hat itself.

Tough Tough Toys for Tough Tough Boys

'Well . . . yes, and here we go again' Dr Hunter S. Thompson Indeed we do. Here, in one chunky volume, is the best of gonzo. From Private Thompson in trouble with the air force, to the devastating portrait of the ageing Muhammad Ali. Taking in the Kentucky Derby, Freak Power in the Rockies, Nixon in '68, McGovern in '72, Fear and Loathing at the Watergate, Jimmy Carter and the Great Leap of Faith – and much more. An indispensable compendium of decadence, depravity and horse-sense. 'Hunter Thompson elicits the same kind of admiration one would feel for a streaker at Queen Victoria's funeral' William F. Buckley 'No other reporter reveals how much we have to fear and loathe, yet does it so hilariously. Now that the dust of the sixties has settled, his hallucinated vision strikes one as having been the sanest' Nelson Algren

The School Shooter

In this volume that is as big and as varied as the nation it portrays are over 1,400 entries written by some 900 historians and other scholars, illuminating not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion.

Thomas Jefferson and the Return of the Magic Hat

Readins in high & low

The Great Shark Hunt

Here are the most recent writings, some of them unpublished, of the preeminent philosopher of our time. Quine is always, whatever his subject, an elegant writer, witty, precise, and forceful. Admirers of his earlier books will welcome this new volume.

The Card

This book presents watercolor renderings along with a selection of the artifacts in the Index of American Design, a visual archive of decorative, folk, and popular arts made in America from the colonial period to about 1900. Three essays explore the history, operation, and ambitions of the Index of American Design, examine folk art collecting in America during the early decades of the twentieth century, and consider the Index's role in the search for a national cultural identity in the early twentieth-century United States.

The Oxford Companion to United States History

Describes how to achieve the same effects that are seen in magazines, television, newspapers, and the Web using Adobe Photoshop.

On Cassette

Social justice is a matter of life and death. It affects the way people live, their consequent chance of illness, and their risk of premature death. We watch in wonder as life expectancy and good health continue to increase in parts of the world and in alarm as they fail to improve in others.

High & Low

THE definitive guide to the Academy Awards, from the very first ceremony to this year's 80th anniversary spectacular, includes EVERY nominee and winner in EVERY category?and has been fully updated to include the most recent winners and losers, unforgettable photographs, and highlights. Written by film experts who are sought out every year for their insider knowledge of movies and Hollywood, this book is both a comprehensive reference and a detailed history of the Academy Awards, complete with each year's facts, highlights, and controversies?all told with authority and attitude. Packed with more than 500 photographs from the Oscar ceremonies and red carpet as well as the movies themselves, it outdoes any other book on the market in both information and illustrations. And compared to boring "official" books with less reportage and much less color, this "unauthorized" book delivers what fans want most: ALL the facts, enhanced by juicy commentary and pictures galore. Now in its fourth edition, it?s the most popular, comprehensive, lavishly illustrated, and enjoyable Oscar book out there.

Directory of American Scholars

In *Animal Minds*, Donald R. Griffin takes us on a guided tour of the recent explosion of scientific research on animal mentality. Are animals consciously aware of anything, or are they merely living machines, incapable of conscious thoughts or emotional feelings? How can we tell? Such questions have long fascinated Griffin, who has been a pioneer at the forefront of research in animal cognition for decades, and is recognized as one of the leading behavioral ecologists of the twentieth century. With this new edition of his classic book, which he has completely revised and updated, Griffin moves beyond considerations of animal cognition to argue that scientists can and should investigate questions of animal consciousness. Using examples from studies of species ranging from chimpanzees and dolphins to birds and honeybees, he demonstrates how communication among animals can serve as a "window" into what animals think and feel, just as human speech and nonverbal communication tell us most of what we know about the thoughts and feelings of other people. Even when they don't communicate about it, animals respond with sometimes surprising versatility to new situations for which neither their genes nor their previous experiences have prepared them, and Griffin discusses what these behaviors can tell us about animal minds. He also reviews the latest research in cognitive neuroscience, which has revealed startling similarities in the neural mechanisms underlying brain functioning in both humans and other animals. Finally, in four chapters greatly expanded for this edition, Griffin considers the latest scientific research on animal consciousness, pro and con, and explores its profound philosophical and ethical implications.

Theories and Things

Presents security studies as a branch of international relations theory, providing a valuable new survey of the subject.

Drawing on America's Past

Honor and Madalena were rivals for the love of Thomas when they were young. Now middle aged, their paths have crossed again, awakening old feelings of rivalry and vengeance. Both women struggle to maintain control, as their lives become intertwined once more. A series of events have awakened disturbing memories in Honor.

Photoshop

55,000 biographies of people who shaped the history of the British Isles and beyond, from the earliest times to the year 2002.

Closing the Gap in a Generation

The central thesis of this book is that a genre approach provides the most effective means for understanding, analyzing and appreciating the Hollywood cinema. Taking into account not only the formal and aesthetic aspects of feature filmmaking, but various other cultural aspects as well, the genre approach treats movie production as a dynamic process of exchange between the film industry and its audience. This process, embodied by the Hollywood studio system, has been sustained primarily through genres, those popular narrative formulas like the Western, musical and gangster film, which have dominated the screen arts throughout this century.

Academy Awards

Previous editions are cited in Books for College Libraries, 3d ed. Barth (d. 1968, formerly dogmatic theology, U. of Basel, Switzerland) saw this monumental work as incomplete. Yet it offers a substantial treatment of the history of theology and philosophy in German-speaking countries in the 18th and 19th centuries. The first half of the book is devoted to "background" with major sections on Rousseau, Lessing, Kant, Herder, Novalis, and Hegel. The remainder of the book considers 19th-century Protestant thinkers, beginning with Schleiermacher. Annotation copyrighted by Book News, Inc., Portland, OR

Judas the Galilean

In his history of the Jewish nation, Josephus wrote only of the death of Jesus, not mentioning one detail of his life. In contrast, the life of Judas the Galilean was chronicled from his temple cleansing to his grandson's suicide at Masada. Yet, Josephus did not tell us how Judas died. Is it possible that Judas and Jesus are the same person? Just a few of the similarities are listed below. Both Judas and Jesus cleansed the Temple in Jerusalem. Like Jesus, Judas was anointed King or Messiah by his followers in Galilee. The organizations of the teachers were identical. The second-in-command to Jesus was nicknamed Cephas. Josephus called Judas' second, Sadduc. Barabbas was released in the trial of Jesus during the reign of Pilate. Judas was arrested by Herod the Great and later released to the Jewish crowd. Jesus was interrogated by Annas and later crucified because of his stand against Roman taxation. Judas led the tax revolt against Roman taxation in 6 AD. Annas became High Priest in 7 AD.

Judas the Galilean

In his history of the Jewish nation, Josephus wrote only of the death of Jesus, not mentioning one detail of his life. In contrast, the life of Judas the Galilean was chronicled from his temple cleansing to his grandson's suicide at Masada. Yet, Josephus did not tell us how Judas died. Is it possible that Judas and Jesus are the same person? Just a few of the similarities are listed below. Both Judas and Jesus cleansed the Temple in Jerusalem. Like Jesus, Judas was anointed King or Messiah by his followers in Galilee. The organizations of the teachers were identical. The second-in-command to Jesus was nicknamed Cephas. Josephus called Judas' second, Sadduc. Barabbas was released in the trial of Jesus during the reign of Pilate. Judas was arrested by Herod the Great and later released

to the Jewish crowd. Jesus was interrogated by Annas and later crucified because of his stand against Roman taxation. Judas led the tax revolt against Roman taxation in 6 AD. Annas became High Priest in 7 AD.

New Testament Lies

The traditional Jesus shook the Jewish establishment with radical new ideas concerning the Jewish Law and God's grace towards man. One would expect to see this Jesus in the historical works of Josephus, who chronicled the Jewish history from the days of Adam to the mass suicide at Masada. Surprisingly, Josephus did not write one word about Jesus' life. Josephus did record the deeds of another first-century rabbi, Judas the Galilean. This Judas cleansed the Temple, took part in a Barabbas-style prisoner release, was proclaimed Messiah and led a tax revolt against Rome. Judas was even credited with founding a new philosophy. "Jesus" was simply a Messianic title for Judas the Galilean. Confirming this statement, the Slavonic Josephus introduced John the Baptist in 6 AD, immediately before the tax revolt of Judas the Galilean. Using this earlier timeline, the entire story of Jesus' movement and the history of Josephus fit together perfectly. The New Testament shifted the story of Jesus forward by a generation. This deception distanced Jesus from his true identity and teachings, and also hid embarrassing revelations concerning Paul. Paul not only persecuted the Church before his conversion, he also attacked the leadership after his expulsion from the movement.

The Three Messiahs

The Three Messiahs explains how a Jewish Messianic figure was transformed into Jesus of Nazareth, the Son of God. From the writings of the Jewish historian, Josephus, Judas the Galilean was the only Messiah figure who matched the mythical Jesus of Nazareth in word and deed. Judas the Galilean preached a nationalistic message which pitted his followers against Herod the Great and Rome. Judas cleansed the Temple, was involved in a Barabbas-style prisoner release and led a tax revolt. His exploits were absorbed into the story of Jesus, who also cleansed the Temple, was involved in the Barabbas prisoner release and was arrested for his refusal to pay taxes to Rome. To many Jews, Judas the Galilean was a failed Messiah. His followers, however, kept him relevant through the concept of bodily resurrection. They believed he would return and defeat the Romans. Paul accepted the resurrection but developed his own interpretation based upon personal revelations. His Messiah had nothing to do with Jewish politics but was a redeemer for all mankind. Paul's theology became the bridge between the historical Judas the Galilean and the mythical Jesus of Nazareth. With the destruction of Jerusalem in 70 CE, Paul's salvation theology soon replaced the Jewish nationalistic teachings of Judas. Within decades, Josephus' historical Judas the Galilean was replaced with the Gospels' Jesus of Nazareth.

A Jewish Novel About Jesus

This fast-paced novel sheds new light on the story of Jesus and his times. You will meet: · JESUS, who was born, lived and died as a Jew; who drew on his Jewish tradition; who taught the love of man and God; and who saw himself as the Messiah. · JUDAS, who believed in Jesus from start to finish; who became trapped in a political power-play; and who still believed desperately that he was helping Jesus bring the New Heaven and the New Earth into being. · BARABBAS, head of the Zealots, who believed in violence against Rome. · MARY MAGDALENE, a prostitute, who offered Judas her kind of love, while he offered her a different kind of love. · CAIAPHAS, the High Priest, who was under total control of Pontius Pilate, the Roman procurator. · RABBI GAMALIEL, head of the Sanhedrin, who would not deliver Jesus, or any innocent Jew, to death. · PONTIUS PILATE, who saw Jesus as a threat to Rome, and schemed his death. Rolf Gompertz, an observant, practicing Jew, who fled Nazi Germany with his parents, says: "I wanted to create understanding between Jews and Christians, so we may live together, side by side, respectful of one another, in dignity and peace."

Judas of Nazareth

An investigation into the historical Jesus and the veracity of the Gospels • Reveals the biblical Jesus as a composite figure, a blend of the political revolutionary Judas the Galilean and Paul's divine-human Christ figure • Matches the events depicted in the New Testament with historically verifiable events in Josephus' history, pushing Jesus' life back more than a decade • Demonstrates how each New Testament Gospel is dependent upon Paul's mythologized Christ theology, designed to promote Paul's Christianity and serve the interests of the fledgling Gentile Christian communities Scholars have spent years questioning aspects of the historical Jesus. How can we know what Jesus said and did when

Jesus himself wrote nothing? Can we trust the Gospels, written by unknown authors 40 to 70 years after Jesus' death? And why do other sources from the time not speak of this messianic figure known as Christ? Drawing on the histories of Josephus, Tacitus, Suetonius, and Pliny as well as the Dead Sea Scrolls, Daniel Unterbrink contends that the "Jesus" of the Bible was actually a composite figure, a clever blend of the Jewish freedom-fighter Judas the Galilean and Paul's divine-human Christ figure created in the middle of the first century CE. Revealing why Paul was known as a liar, enemy, and traitor in other Jewish literature, he shows that the New Testament Gospels are not transcripts of actual history but creative works of historical fiction designed to promote Paul's Christianity and serve the interests of the fledgling Gentile Christian communities. He demonstrates how each Gospel is written in light of the success of Paul's religion and dependent upon his later perspective. Matching the events depicted in the New Testament with the historically verifiable events in Josephus' history, Unterbrink pushes the dating of Jesus' life back nearly a generation to a revolutionary time in ancient Judea. He shows that the real historical Jesus--the physical man behind the fictional stories in Paul's Gospels--was Judas the Galilean: a messianic pretender and Torah-observant revolutionary bent on overthrowing the Roman government and galvanizing the Jewish people behind his vision of the coming Kingdom of God. In the greatest cover-up of history, this teacher of first-century Israel was replaced by the literary creation known as Jesus of Nazareth.

The Gospel According to Jesus Christ

Saramago's Jesus is the son not of God but of Joseph. Mary Magdalene is his lover not his convert. In the wilderness he tussles not with the Devil – a kindly and necessary evil – but with God, a fallible, power-hungry autocrat. And he must die not for the sins of the fathers but for the sins of the Father. By investigating these simple inversions Saramago has woven a dark parable; a secular gospel of astonishing richness and depth. 'An original, wild and beautiful book' Times Literary Supplement

Et Tu, Judas? Then Fall Jesus!

About two thousand years ago, a great man who was renowned for forgiveness and magnanimity was betrayed and slain by his compatriots who feared he would become their King. To the chagrin of his murderers, he was soon hailed as a God and the momentous events that ensued paved the way for the birth of Christianity. The venue for this drama, however, was not Jerusalem as might be supposed, but rather the eternal city of Rome. It is a description of the founder of the Roman Empire. In a work stranger than fiction, Gary Courtney propounds that the Jesus of Nazareth that graces the pages of the New Testament is an entirely mythological personage, and presents a step by step explanation of how the beloved Saviour of the Christian religion entered the world from the wings of a stage.

Judas

Judas: Images of the Lost Disciple traces the development of the stories about the most famous traitor in the history of Western Civilization. Its purpose is not to find the Judas of history, but rather to provide readers with a map that shows the similarities and connections between generations of Judas's story. Judas has been portrayed as an effete intellectual, a jealous lover, a greedy scoundrel, a misguided patriot, a doomed hero, a man destroyed by despair, or God's special, misunderstood messenger and agent. Judas means as many different things to us as does Jesus or God. The enigma of Judas's story in the Gospels left later literature and legend with a creative challenge they richly answered, and which is presented here: to write the real story of the worst villain of all time.

The Jesus of History and the Jesus of Tradition Identified

Sebastos Pantera is newly returned from 5 years undercover work in Britannia. Sick of spying, he plans to retire into peaceful anonymity far from the schemes of his Emperor. But no sooner has he set foot in Gaul than he is met by his former spymaster Seneca who begs him to undertake one final mission.

Rome

From the bestselling author of the Boudica novels, *The Fire of Rome* is a gripping race-against-time historical adventure in the bestselling tradition of Robert Harris's *Pompeii*. AD 34: Sebastos Pantera is twelve. Training for the time when he too will be a soldier of Rome, he follows his father to a garden tomb on the outskirts of Jerusalem where he watches him greet two men and a heavily pregnant woman. In a moment that changes his life forever, he sees a wounded revolutionary being brought out of the tomb

alive . . . Twenty years later, Pantera returns from five years undercover in Britannia as assassin and spy for the Legions. He is sick of spying, but a deadly combination of old loyalties and a sense of unfinished business combine to lure him homeward to the city of Rome where, his former mentor and spymaster, the Machiavellian Seneca the Younger, charges him with rooting out the revolutionaries responsible for the city's seething unrest. Pantera discovers that the main troublemaker is none other than his closest friend, Saulos, a recent convert to the new religion of Christianity, and Saulos is planning the biggest single act of terrorism the Roman Empire has known. Spying, forbidden secrets, an ancient manuscript and an apocalyptic fire combine in a gripping thriller that will change the way we think about the ancient world.

Rome: The Emperor's Spy

The New Testament tells us that "one" man named Jesus was crucified betrayed by "one" man named Judas Iscariot, history tells a different story. It was the nation of Judea that was crucified, betrayed by a small band of Jewish Zealots that engaged in all manner of rebellious terror and murder against Roman soldiers as well as against their own people in order to provoke war with Rome. Rome did not tolerate sedition and rooted it out wherever it found it, often with dire consequences for many that lived in the towns that the Zealots imbedded themselves. When Titus' (a future Roman Emperor) failed at his many attempts for a peace treaty between Rome and the Zealots, his tolerance for compromise ended; and he unleashed hell itself on the people of Jerusalem.

JUDAS CRUCIFIED

What do we know about him? He represents the traitor in Antiquity. Has his character been blackened or whitewashed in canonical and extra-canonical writings, and in modern and contemporary interpretations? What do the Gospels really say about Judas?

The Death of Jesus

This book is not an apologetic for the sins of Judas. But the author of JUDAS ISCARIOT: REVISITED AND RESTORED is convinced that there is more to the Judas story than has been told. Rogers is further convinced that until we finally understand the unlikely relationship between the "sinner" Judas and the "Savior" Jesus, we will never fully appreciate God's response to our own faults and failures. Many are convinced that God's grace i.e. "unmerited favor" must somehow first be merited (an oxymoron). With Judas, Rogers demonstrates that God's forgiveness is unearned and unlimited "This book is riveting from the first page. [Rogers] challenges us to look...directly into the face of Judas [until] slowly an awful realization will dawn on our collective conscience: "My God, Judas is us!" (An excerpt from the book's "Foreword"). Max Davis, author of *Desperate Dependence*, *Thriving on the Jagged Edge*, and *Success Secrets of the World's Most Cynical Man*. "Judas Iscariot: Revisited and Restored is scholarly enough for [those] desiring proofs and reliable sources as evidence of the theories expounded; yet it's clear, concise and logically organized for easy reading." A. P. McCracken, pastor, author and paralegal, in a review of this book. "[Rogers] accomplishes his objective to declare the audacity of God's grace and redemption that would include even Judas. And me!" D. Dean Benton, author of more than 30 books including, *Inner Net for Vision Catchers* (2008) Ivan Rogers has served in Christian ministry for many years. He has been a pastor, Bible college president and a superintendent of an eight-state area of churches. Ivan presently serves as staff chaplain of a nursing/retirement community. Ivan is also respected and very involved in the field of Jewish-Christian relations. He and his wife, Elsie, reside in the state of Iowa.

Judas

Judas is an intimate story of the disciple who betrayed Jesus Christ. His birth in Kerioth, and family relationship to the Shepherds of Kerioth, the shepherds of the sacred Temple flock begin his life. As a young man he follows, along with other disciples and ultimately bears the responsibility for betraying the Lord. Each Bible reference to Judas is incorporated in the historical narrative along with much of typical life of a Hebrew youth of his day. The results of the betrayal lead to a surprising ending and an influence that extends into today's Christian movement. Live with Judas as he falls in love, learns to hate, is forced to forgive, sharpens his skills, serves in the fulfillment of Scripture and serves as the Master has appointed him. Judas will become a window to the disciple band, a mirror to the reader and an inspiration to the will of God.

Judas Iscariot

Follows Judas Iscariot from his birth and education to his discipleship with Jesus through both of their deaths, ending with the surprising legacy Judas left behind.

Judas

Since the dawn of Christianity, artists have been fascinated and stirred by the figure of Christ. His likeness appears in frescoes on the walls of catacombs that date from Roman times; he is featured in the stained glass windows of Gothic churches; and he can be found in various forms in today's pop culture. The Biblical Saviour is not a static, immaterial deity: Christ's mortal birth, unusual life and dramatic death make him an accessible subject for religious and secular artists alike. Whether they show the spirituality of God Incarnate or the earthly characteristics of a flesh-and-blood man, artistic depictions of Christ are the most controversial, moving or inspirational examples of religious art. This richly illustrated book explores the various ways that Christ is rendered in art, from Cimabue's Nativity scenes and Fra Angelico's paintings of the Crucifixion to the provocative portraits of Salvador Dalí and Andres Serrano. Author Joseph Lewis French guides the reader through the most iconic representations of Christ in art - tender or graphic, classical or bizarre, these images of the Messiah reveal the diverse roles of the Son of God in the social milieus and personal lives of the artists.

JUDAS the Beloved Disciple REMEMBERED

A new series opens with this tale of Judas Iscariot and Mary Magdalene and will culminate with the story of their contemporary heir, who becomes the Anti-Christ.

The Public Ministry of Jesus

It is a thrilling story, based on modern scholarship, of how a Jewish man tried to change the direction of the religious leadership of his people

Christ in Art

While Dr. Moser has written numerous poems regarding his relationships with his indwelling God, this is his first venture into the spiritual world. He takes issue with the common thinking about Judas Iscariot and Mary Magdalene. He then follows Jesus through his last supper, Good Friday, and crucifixion. Subsequent to his historical moments, he discusses the issues among Jesus, his dad, and his sister, Shekhinah. They decide to start a new planet, Lush, and start a new story with a new beginning.

Unholy Grail

The Pope referred to the 'mystery of Judas'. This book throws light on the events leading up to the great betrayal. Presented in gospel style with two-colour text, ribbon marker and gilded edges, it is an account of the stories of Jesus and Judas.

Censored Messiah

Princely Nathan, the same age and physically resembling Yeshu'a the carpenter's son, leads a very different life, yet becomes the thirteenth disciple.

The Jesus Chronicles

Based on detailed historical evidence and logical analysis of inconsistencies within the gospel accounts of the events leading up to the arrest and execution of Jesus, Greenberg argues that Judas never betrayed Jesus and that the Jewish priests never sought to have Jesus executed. According to Greenberg, Judas, acting on behalf of Jesus, together with the Jewish High Priest, negotiated a deal with Pilate to avoid Roman military assaults in a crowded city by keeping Jesus under house arrest with the High Priest until after the Passover holiday and then allowing him to go back to Galilee. But Herod Antipas, ruler of Galilee, feared Jesus' popularity back home and successfully pressured Pilate to break the agreement and execute Jesus. This landmark study is the first major historically-based challenge to Christian accusations of Jewish involvement in the death of Jesus. Catholic Biblical Quarterly wrote that Greenberg "has a keen eye for the ways religious and political motives have shaped the story of Jesus' arrest and execution."

The Gospel According to Judas

Translated from the French by Ruby Miller.

Judas, My Brother

Excerpts drawn from books, essays, journalism, broadcasts, scripts, diaries and letters, 1926-1986.

A Time for Judas

"Jesus was the leader of a radical faction of Essene priests. He was not of virgin birth. He did not die on the Cross. He married Mary Magdalene, fathered a family, and later divorced. He died sometime after AD 64. This controversial version of Christ's life is not the product of a mind which wants to debunk Christianity. Barbara Thiering is a theologian and a biblical scholar. But after over twenty years of close study of the Dead Sea Scrolls and the Gospels she has developed a revolutionary new theory which, while upholding the fundamental faith of Christianity, challenges many of its most ingrained supernaturalist beliefs. JESUS THE MAN will undoubtedly upset and even outrage those for whom Christianity is immutable and unchangeable. But for many who have found the rituals of the contemporary church too steeped in medieval thinking, it will provide new insights into Christianity in the context of the 1990's.

The Judas Brief

Jesus and Judas - media show pony and backroom organiser . . . When Mordecai Ben Ruben first meets them, he thinks he has them pegged. But when the hubris of one and the loyalty of the other lead to tragedy and betrayal, Mordy tries to salvage what he can from the wreckage to protect those he's closest to. Our sceptical, and at times scatological, narrator is Mordecai Ben Ruben, a loudmouth Temple priest and dove seller. When the Jesus roadshow arrives in Jerusalem, Mordy has to deal with a big problem: what do you do when your wife and best friend get mixed up in a weird, suicidal religious cult?

Jesus and His Times

This book is dealing with the relations between the Rabbinical Judaism and the Early Christianity. It studies the continuities and the mutations and clarifies the factors of influences and the polemics between these two traditions. Ce livre s'intéresse aux relations entre le judaïsme rabbinique et le christianisme primitif. Il étudie les continuités et les ruptures et clarifie les facteurs d'influences et les polémiques entre les deux traditions.

The Very Best of Malcolm Muggeridge

From a #1 New York Times bestselling author: The story of Judas Iscariot and the stunning betrayal that changed the course of history. One of the great dramas of the biblical era is brought to thrilling new life in this epic novel told from the unique perspective of Judas himself. This is the story of Judas the myth, condemned by Dante to the most terrifying circle of Hell; Judas the man, the son of wealth and power who fought to suppress the lusts of the flesh and the sin of pride, and became one of the twelve original disciples of Jesus Christ; and Judas the apostle, victim of a diabolical lie, history's arch traitor, who sold his Lord for thirty pieces of silver, and sealed his fate with a kiss. From Judas's years as the young rebel of an affluent family undone by his own idealism through his victimization by Pontius Pilate to the crucifixion and Christ's resurrection, *I, Judas* "read[s] like a modern novel of intrigue and thrills" (Chattanooga Times). The final entry, following *Dear and Glorious Physician* and *Great Lion of God*, in a trilogy celebrating key historical figures of the Bible, it is one of the most powerful and revelatory works of religious fiction ever published.

The House of Impossible Loves

Cursed to suffer tragic love affairs and give birth to equally cursed daughters, a family of women in 20th-century Spain and France and their colorful inner circle watch over a youngest daughter's passionate affair with a landowner who leaves her pregnant and determined to make redemptive changes. 30,000 first printing.

La casa de los amores imposibles / The House of Impossible Love

Una mágica novela sobre las trampas del deseo, la tragedia del amor y los lazos indestructibles de la familia. Las mujeres Laguna han cargado con una terrible maldición desde el principio de su linaje: una tras otra sufren mal de amores y sólo dan a luz niñas que perpetúan esta cruel herencia. Pero cuando después de décadas de pasiones prohibidas y amores trágicos nace el primer varón, se abre la puerta de la esperanza. ¿Será este el fin de la maldición? ENGLISH DESCRIPTION An "exuberant" (El Mundo) debut novel of a family bound by searing passions, an earthy magic, and a very unusual curse The Laguna women suffer from an odd affliction: each generation is condemned to tragic love affairs and to give birth only to girls who are unable to escape the cruel fate of their mothers. One fateful hunting season in their small Castilian town, a young landowner arrives and begins a passionate affair with Clara Laguna, the latest in the family line, daughter of a one-eyed woman known as "the Laguna witch." He leaves her pregnant with yet another daughter, but the seeds of change are sown. Eventually the long-awaited son—Santiago, the great-great grandson of Clara—is born. A window of hope is opened, but is the curse truly over? Introducing a cast of memorable, eccentric characters from a bearded, mute female cook to the local do-gooding priest and the indelible Laguna women themselves, The House of Impossible Loves is a feat of imaginative storytelling that marks the arrival of a talented new novelist.

The Puppet Show

WINNER OF THE CWA GOLD DAGGER AWARD 2019 FOR BEST CRIME NOVEL OF THE YEAR 'Fantastic' Martina Cole 'Dark, sharp and compelling' Peter James 'A thrilling curtain raiser for what looks set to be a great new series' Mick Herron A serial killer is burning people alive in the Lake District's prehistoric stone circles. He leaves no clues and the police are helpless. When his name is found carved into the charred remains of the third victim, disgraced detective Washington Poe is brought back from suspension and into an investigation he wants no part of . . . Reluctantly partnered with the brilliant, but socially awkward, civilian analyst, Tilly Bradshaw, the mismatched pair uncover a trail that only he is meant to see. The elusive killer has a plan and for some reason Poe is part of it. As the body count rises, Poe discovers he has far more invested in the case than he could have possibly imagined. And in a shocking finale that will shatter everything he's ever believed about himself, Poe will learn that there

are things far worse than being burned alive ... Find out why everyone loves The Puppet Show 'A page turner' Sun 'So dark and twisty' Elly Griffiths 'A powerful thriller from an explosive new talent. Tightly plotted, and not for the faint hearted!' David Mark 'A gripping start to a much anticipated new series' Vaseem Khan 'Satisfyingly twisty and clever and the flashes of humour work well to offer the reader respite from the thrill of the read' Michael J. Malone 'Britain's answer to Harry Bosch' Matt Hilton 'Dark, disturbing and so very clever. Highly recommended' Anne Cater

Pleasant Day

In the town of Hollow Creek, South Carolina two separate murders, fifteen years apart, unite fifteen-year-old Pleasant Day and sixty-year-old Clarissa Blackwell. As Pleasant Day struggles with her mother's distance, her father's infidelity and the death of her best friend, she draws closer to Clarissa, an older woman with the secrets to heal her. But Clarissa has struggles of her own as she faces betrayal and seeks to come to terms with old wounds. With her unpredictable psychic ability to 'read people' Clarissa uncovers the answers to a deadly crime and to Pleasant's true identity. In the end, both Pleasant and Clarissa's worlds are transformed by the truths they're forced to accept, and both find solace and strength in the histories that have shaped them.

Ruby Fever

#1 New York Times bestselling author Ilona Andrews is back with the newest book in the exciting Hidden Legacy series—the thrilling conclusion to her trilogy featuring fierce and beautiful Prime magic user Catalina Baylor. An escaped spider, the unexpected arrival of an Imperial Russian Prince, the senseless assassination of a powerful figure, a shocking attack on the supposedly invincible Warden of Texas, Catalina's boss... And it's only Monday. Within hours, the fate of Houston—not to mention the House of Baylor—now rests on Catalina, who will have to harness her powers as never before. But even with her fellow Prime and fiancé Alessandro Sagredo by her side, she may not be able to expose who's responsible before all hell really breaks loose.

Honey on the Page

An unprecedented treasury of Yiddish children's stories and poems enhanced with original illustrations While there has been a recent boom in Jewish literacy and learning within the US, few resources exist to enable American Jews to experience the rich primary sources of Yiddish culture. Stepping into this void, Miriam Udel has crafted an exquisite collection: Honey on the Page offers a feast of beguiling original translations of stories and poems for children. Arranged thematically—from school days to the holidays—the book takes readers from Jewish holidays and history to folktales and fables, from stories of humanistic ethics to multi-generational family sagas. Featuring many works that are appearing in English for the first time, and written by both prominent and lesser-known authors, this anthology spans the Yiddish-speaking globe—drawing from materials published in Eastern Europe, New York, and Latin America from the 1910s, during the interwar period, and up through the 1970s. With its vast scope, Honey on the Page offers a cornucopia of delights to families, individuals and educators seeking literature that speaks to Jewish children about their religious, cultural, and ethical heritage. Complemented by whimsical, humorous illustrations by Paula Cohen, an acclaimed children's book illustrator, Udel's evocative translations of Yiddish stories and poetry will delight young and older readers alike.

The Only Road

"Twelve-year-old Jaime makes the treacherous journey from his home in Guatemala to his older brother in New Mexico after his cousin is murdered by a drug cartel"--

The Inclusionary Turn in Latin American Democracies

This volume analyzes how enduring democracy amid longstanding inequality engendered inclusionary reform in contemporary Latin America.

Epistemologies of the South

This book explores the concept of 'cognitive injustice': the failure to recognise the different ways of knowing by which people across the globe run their lives and provide meaning to their existence. Boaventura de Sousa Santos shows why global social justice is not possible without global cognitive

justice. Santos argues that Western domination has profoundly marginalised knowledge and wisdom that had been in existence in the global South. She contends that today it is imperative to recover and valorize the epistemological diversity of the world. Epistemologies of the South outlines a new kind of bottom-up cosmopolitanism, in which conviviality, solidarity and life triumph against the logic of market-ridden greed and individualism.

Finding Latinx

Latinos across the United States are redefining identities, pushing boundaries, and awakening political-ly in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, Finding Latinx calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

The Smitten Kitchen Cookbook

There is a half-galley kitchen in New York with just a single counter, a tiny stove, pans stacked high in the corner - yet it has conjured up stews and slaws, salsas and pestos, tatins and cheesecakes. All to-die-for. This is Deb Perelman's kitchen. Deb is an ordinary home cook who believes food should be a pleasure and deliciousness a guarantee. So she founded her award-winning blog, where she concocts, tweaks and obsessively tests the best imaginable recipes for the everyday cook.

The Effects of Early Social-Emotional and Relationship Experience on the Development of Young Orphanage Children

Undertaken at orphanages in Russia, this study tests the role of early social and emotion experience in the development of children. Children were exposed to either multiple caregivers who performed routine duties in a perfunctory manner with minimal interaction or fewer caregivers who were trained to engage in warm, responsive, and developmentally appropriate interactions during routine care. Engaged and responsive caregivers were associated with substantial improvements in child development and these findings provide a rationale for making similar improvements in other institutions, programs, and organizations.

Power and Impotence

Fabio Luis Barbosa dos Santos delves into the history of South America to understand the rise and fall of the so-called 'progressive governments'. Fabio Luis Barbosa dos Santos mergulha na história da América do Sul para compreender a ascensão e queda dos chamados 'governos progressistas'.

Eat Pray Love

A celebrated writer pens an irresistible, candid, and eloquent account of her pursuit of worldly pleasure, spiritual devotion, and what she really wanted out of life.

Narrow But Endlessly Deep

On 11 September 1973, the Chilean Chief of the Armed Forces Augusto Pinochet overthrew the Popular Unity government of Salvador Allende and installed a military dictatorship. Yet this is a book not of parties or ideologies but public history. It focuses on the memorials and memorialisers at seven sites of torture, extermination, and disappearance in Santiago, engaging with worldwide debates about why and how deeds of violence inflicted by the state on its own citizens should be remembered, and by whom. The sites investigated — including the infamous National Stadium — are among the most iconic of more than 1,000 such sites throughout the country. The study grants a glimpse of the

depth of feeling that survivors and the families of the detained-disappeared and the politically executed bring to each of the sites. The book traces their struggle to memorialise each one, and so unfolds their idealism and hope, courage and frustration, their hatred, excitement, resentment, sadness, fear, division and disillusionment. 'This is a beautifully written book, a sensitive treatment of the issues and lives of those who have faced a great deal of loss, most often as unsung heroes, in what are now recognized as Chilean sites of memory. The book is a testament to people who have not been asked to speak, until Peter Read and Marivic Wyndham ask them to tell their stories. They do not shy away from hard tensions about memorialization, the difficulties of challenging a powerful state and the long and arduous struggles to ensure less powerful voices are heard.' — Professor Katherine Hite, Frederick Ferris Thompson Chair of Political Science, Vassar College, USA.

Should We Eat Meat?

Meat eating is often a contentious subject, whether considering the technical, ethical, environmental, political, or health-related aspects of production and consumption. This book is a wide-ranging and interdisciplinary examination and critique of meat consumption by humans, throughout their evolution and around the world. Setting the scene with a chapter on meat's role in human evolution and its growing influence during the development of agricultural practices, the book goes on to examine modern production systems, their efficiencies, outputs, and impacts. The major global trends of meat consumption are described in order to find out what part its consumption plays in changing modern diets in countries around the world. The heart of the book addresses the consequences of the "massive carnivory" of western diets, looking at the inefficiencies of production and at the huge impacts on land, water, and the atmosphere. Health impacts are also covered, both positive and negative. In conclusion, the author looks forward at his vision of "rational meat eating", where environmental and health impacts are reduced, animals are treated more humanely, and alternative sources of protein make a higher contribution. *Should We Eat Meat?* is not an ideological tract for or against carnivorousness but rather a careful evaluation of meat's roles in human diets and the environmental and health consequences of its production and consumption. It will be of interest to a wide readership including professionals and academics in food and agricultural production, human health and nutrition, environmental science, and regulatory and policy making bodies around the world.

Global Trends 2030

This important report, *Global Trends 2030-Alternative Worlds*, released in 2012 by the U.S. National Intelligence Council, describes megatrends and potential game changers for the next decades. Among the megatrends, it analyzes: - increased individual empowerment - the diffusion of power among states and the ascent of a networked multi-polar world - a world's population growing to 8.3 billion people, of which sixty percent will live in urbanized areas, and surging cross-border migration - expanding demand for food, water, and energy It furthermore describes potential game changers, including: - a global economy that could thrive or collapse - increased global insecurity due to regional instability in the Middle East and South Asia - new technologies that could solve the problems caused by the megatrends - the possibility, but by no means the certainty, that the U.S. with new partners will reinvent the international system Students of trends, forward-looking entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades will find this essential reading.

Our Lady of Controversy

Months before Alma López's digital collage *Our Lady* was shown at the Museum of International Folk Art in 2001, the museum began receiving angry phone calls from community activists and Catholic leaders who demanded that the image not be displayed. Protest rallies, prayer vigils, and death threats ensued, but the provocative image of la Virgen de Guadalupe (hands on hips, clad only in roses, and exalted by a bare-breasted butterfly angel) remained on exhibition. Highlighting many of the pivotal questions that have haunted the art world since the NEA debacle of 1988, the contributors to *Our Lady of Controversy* present diverse perspectives, ranging from definitions of art to the artist's intention, feminism, queer theory, colonialism, and Chicano nationalism. Contributors include the exhibition curator, Tey Marianna Nunn; award-winning novelist and Chicana historian Emma Pérez; and Deena González (recognized as one of the fifty most important living women historians in America). Accompanied by a bonus DVD of Alma López's *I Love Lupe* video that looks at the Chicana artistic tradition of reimagining la Virgen de Guadalupe, featuring a historic conversation between Yolanda López, Ester Hernández, and Alma López, *Our Lady of Controversy* promises to ignite important new dialogues.

Feminism and the Politics of Childhood

Feminism and the Politics of Childhood offers an innovative and critical exploration of perceived commonalities and conflicts between women and children and, more broadly, between various forms of feminism and the politics of childhood. This unique collection of 18 chapters brings into dialogue authors from a range of geographical contexts, social science disciplines, activist organisations, and theoretical perspectives. The wide variety of subjects include refugee camps, care labour, domestic violence and childcare and education. Chapter authors focus on local contexts as well as their global interconnections, and draw on diverse theoretical traditions such as poststructuralism, psychoanalysis, posthumanism, postcolonialism, political economy, and the ethics of care. Together the contributions offer new ways to conceptualise relations between women and children, and to address injustices faced by both groups. Praise for *Feminism and the Politics of Childhood: Friends or Foes?* 'This book is genuinely ground-breaking.' Val Gillies, University of Westminster 'Feminism and the Politics of Childhood: Friends or Foes? asks an impossible question, and then casts prismatic light on all corners of its impossibility.' Cindi Katz, CUNY 'This provocative and stimulating publication comes not a day too soon.' Gerison Lansdown, Child to Child 'A smart, innovative, and provocative book.' Chandra Talpade Mohanty, Syracuse University 'This volume raises and addresses issues so pressing that it is surprising they are not already at the heart of scholarship.' Ann Phoenix, UCL

Educational Research

"Educational Research: Planning, Conducting, and Evaluating Quantitative and Qualitative Research offers a truly balanced, inclusive, and integrated overview of the processes involved in educational research. This text first examines the general steps in the research process and then details the procedures for conducting specific types of quantitative, qualitative, and mixed methods studies. Direct guidance on reading research is offered throughout the text, and interactive features provide opportunities for practice."--Publisher's description.

Billboard

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

State and Nation Making in Latin America and Spain

The growth of institutional capacity in the developing world has become a central theme in twenty-first-century social science. Many studies have shown that public institutions are an important determinant of long-run rates of economic growth. This book argues that to understand the difficulties and pitfalls of state building in the contemporary world, it is necessary to analyze previous efforts to create institutional capacity in conflictive contexts. It provides a comprehensive analysis of the process of state and nation building in Latin America and Spain from independence to the 1930s. The book examines how Latin American countries and Spain tried to build modern and efficient state institutions for more than a century - without much success. The Spanish and Latin American experience of the nineteenth century was arguably the first regional stage on which the organizational and political dilemmas that still haunt states were faced. This book provides an unprecedented perspective on the development and contemporary outcome of those state and nation-building projects.

Addressing Tipping Points for a Precarious Future

Tipping points are zones or thresholds of profound changes in natural or social conditions with very considerable and largely unforecastable consequences. Tipping points may be dangerous for societies and economies, especially if the prevailing governing arrangements are not designed either to anticipate them or adapt to their arrival. Tipping points can also be transformational of cultures and behaviours so that societies can learn to adapt and to alter their outlooks and mores in favour of accommodating to more sustainable ways of living. This volume examines scientific, economic and social analyses of tipping points, and the spiritual and creative approaches to identifying and anticipating them. The authors focus on climate change, ice melt, tropical forest drying and alterations in oceanic and atmospheric circulations. They also look closely at various aspects of human use of the planet, especially food production, and at the loss of biodiversity, where alterations to natural cycles may be creating convulsive couplings of tipping points. They survey the various institutional aspects of politics, economics, culture and religion to see why such dangers persist.

Networks of Outrage and Hope

Networks of Outrage and Hope is an exploration of the newforms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks supported by the Internet and wireless communication. In this new edition of his timely and important book, Manuel Castells examines the social, cultural and political roots of these new social movements, studies their innovative forms of self-organization, assesses the precise role of technology in the dynamics of the movements, suggests the reasons for the support they have found in large segments of society, and probes their capacity to induce political change by influencing people's minds. Two new chapters bring the analysis up-to-date and draw out the implications of these social movements and protests for understanding the new forms of social change and political democracy in the global network society.

Global Trends 2030

This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

Arts of Living on a Damaged Planet

Living on a damaged planet challenges who we are and where we live. This timely anthology calls on twenty eminent humanists and scientists to revitalize curiosity, observation, and transdisciplinary conversation about life on earth. As human-induced environmental change threatens multispecies livability, Arts of Living on a Damaged Planet puts forward a bold proposal: entangled histories, situated narratives, and thick descriptions offer urgent "arts of living." Included are essays by scholars in anthropology, ecology, science studies, art, literature, and bioinformatics who posit critical and creative tools for collaborative survival in a more-than-human Anthropocene. The essays are organized around two key figures that also serve as the publication's two openings: Ghosts, or landscapes haunted by the violences of modernity; and Monsters, or interspecies and intraspecies sociality. Ghosts and Monsters are tentacular, windy, and arboreal arts that invite readers to encounter ants, lichen, rocks, electrons, flying foxes, salmon, chestnut trees, mud volcanoes, border zones, graves, radioactive waste—in short, the wonders and terrors of an unintended epoch. Contributors: Karen Barad, U of California, Santa Cruz; Kate Brown, U of Maryland, Baltimore; Carla Freccero, U of California, Santa Cruz; Peter Funch, Aarhus U; Scott F. Gilbert, Swarthmore College; Deborah M. Gordon, Stanford U; Donna J. Haraway, U of California, Santa Cruz; Andreas Hejnol, U of Bergen, Norway; Ursula K. A New History of Iberian Feminisms

A New History of Iberian Feminisms is both a chronological history and an analytical discussion of feminist thought in the Iberian Peninsula, including Portugal, and the territories of Spain - the Basque Provinces, Catalonia, and Galicia - from the eighteenth century to the present day. The Iberian Peninsula encompasses a dynamic and fraught history of feminism that had to contend with entrenched tradition and a dominant Catholic Church. Editors Silvia Bermúdez and Roberta Johnson and their contributors reveal the long and historical struggles of women living within various parts of the Iberian Peninsula to achieve full citizenship. A New History of Iberian Feminisms comprises a great deal of new scholarship, including nineteenth-century essays written by women on the topic of equality. By addressing these lost texts of feminist thought, Bermúdez, Johnson, and their contributors reveal that female equality, considered a dormant topic in the early nineteenth century, was very much part of the political conversation, and helped to launch the new feminist wave in the second half of the century.

True Love

In Jennifer Lopez's first ever book, True Love, she explores one of her life's most defining periods—the transformative two-year journey of how, as an artist and a mother, she confronted her greatest challenges, identified her biggest fears, and ultimately emerged a stronger person than she's ever been. Guided by both intimate and electrifying photographs, True Love an honest and revealing personal diary with hard-won lessons and heartfelt recollections and an empowering story of self-reflection, rediscovery, and resilience. Completely full-color, with photos throughout and lavishly designed, True Love is a stunning and timeless book that features more than 200 never-before-seen images from Lopez's personal archives, showing candid moments with her family and friends and providing a rare behind-the-scenes look at the life of a pop music icon travelling, rehearsing, and performing around the world.

Americans in Spain

A revealing exploration of Spain's significant impact on American painting in the 19th and early 20th century

Remixing Europe

What if you CAN eat all of your favorite desserts . . . and still be healthy and fit into your skinny jeans? Meet Katie: a girl who eats chocolate every day and sometimes even has cake for breakfast! When Katie's sugar habit went too far in college and left her lacking energy, she knew something needed to change. So she began developing her own naturally sweet recipes and posting them online. Soon, Katie's healthy dessert blog had become an Internet sensation, with over six million monthly visitors. Now, in her first cookbook, Katie shares over 80 never-before-seen recipes, such as Chocolate Obsession Cake, Peanut Butter Pudding Pops, and Ultimate Unbaked Brownies, that use only real ingredients, without any unnecessary fats, sugars, or empty calories. These desserts prove once and for all that health and happiness can go hand-in-hand-you can have your dessert and eat it, too!

Chocolate-Covered Katie

This is a thorough presentation of the basic elements of singing, including vocal production, training, breathing, posture and diet. It offers help for the aspiring rock singer, who cannot, or will not, take lessons.

The Rock-n-roll Singer's Survival Manual

Biographies of prominent women (community and government leaders, activists, artists, writers, scholars, politicians, and others) who made important contributions to Utah's history and culture.

Worth Their Salt Too

Fifteen-year-old Ari Mendoza is an angry loner with a brother in prison, but when he meets Dante and they become friends, Ari starts to ask questions about himself, his parents and his family that he has never asked before.

Aristotle and Dante Discover the Secrets of the Universe

Essays in which happiness becomes a magic carpet, lifting readers above momentary fret and making the ordinary appears wondrous.

Dreamtime

This groundbreaking collection reflects an uncompromised definition of feminism by women of color. 65,000 copies in print.

This Bridge Called My Back

As an overseas department of France, Guadeloupe is one of a handful of non-independent societies in the Caribbean that seem like political exceptions—or even paradoxes—in our current postcolonial era. In *Non-Sovereign Futures*, Yarimar Bonilla wrestles with the conceptual arsenal of political modernity—challenging contemporary notions of freedom, sovereignty, nationalism, and revolution—in order to recast Guadeloupe not as a problematically non-sovereign site but as a place that can unsettle how we think of sovereignty itself. Through a deep ethnography of Guadeloupean labor activism, Bonilla examines how Caribbean political actors navigate the conflicting norms and desires produced by the modernist project of postcolonial sovereignty. Exploring the political and historical imaginaries of activist communities, she examines their attempts to forge new visions for the future by reconfiguring narratives of the past, especially the histories of colonialism and slavery. Drawing from nearly a decade of ethnographic research, she shows that political participation—even in failed movements—has social impacts beyond simple material or economic gains. Ultimately, she uses the cases of Guadeloupe and the Caribbean at large to offer a more sophisticated conception of the possibilities of sovereignty in the postcolonial era.

Non-Sovereign Futures

The magazine that helps career moms balance their personal and professional lives.

Working Mother

Ask any woman whose mother has died, and she will tell you that she is irrevocably altered, as deeply changed by her mother's death as she was by her mother's life. Although a mother's mortality is inevitable, no book had discussed the profound, lasting and far-reaching effects of this loss - until *Motherless Daughters*, which became an instant classic. Over twenty years later, it is still the book that women of all ages look to for comfort and understanding when their mothers die, and the book that they continue to press into each other's hands. Building on interviews with hundreds of mother-loss survivors, the author's personal story of losing her mother and recent research in grief and psychology, *Motherless Daughters* reveals the shared experiences and core identity issues of motherless women.

***** 'Motherless Daughters is a timeless source of consolation and information for all who grieve the death of their mother. It highlights that we bear this loss by remembering, not forgetting our mother.' JULIA SAMUEL, author of *Grief Works* 'Anyone who has lost their mother should read this remarkable, tender book, full of insight and consolation. This is one of those exceptional books that has the power to change your life.' CLOVER STROUD, author of *The Wild Other* 'Nothing has helped me make more sense of myself than *Motherless Daughters*; it's the book I go back to again and again, and find something new in it every time.' DECCA AITKENHEAD 'Intelligent, brave, consoling and wise . . . an essential and illuminating must-read for anyone who has lost a mother or loves someone who did.' CHERYL STRAYED, author of *Wild* 'This book has helped me heal my heart. Finding myself in the stories of other motherless daughters let me know I was not alone. If you have lost your mom - this book is essential.' ROSIE O'DONNELL 'Absorbing . . . insightful . . . a moving and valuable treatment of a neglected subject.' NEW YORK TIMES BOOK REVIEW

Motherless Daughters

JANUARY 1 CURRENT STATUS: No job, no boyfriend, no permanent place to live, no car, and most of my clothes are held together with staples and duct tape. Bank account almost wiped out. Many of

my former associates have expressed a desire that I never darken their doorways again for legal and financial reasons. She-Hulk got us got us kicked out of the Avengers Mansion. People keep posting videos online of her New Year's Eve shenanigans: twirling flaming telephone poles in Times Square, climbing the Empire State Building while dangling Anderson Cooper, dancing wildly at parties, and commandeering a motorcycle cop's ride to do wheelies across the Brooklyn Bridge. Saying there are two sides to Jennifer Walters's personality is an understatement. When she hasn't morphed into a 650-pound, crime-fighting, hard-partying superhero, she's a single lawyer trying to get her act together. Hilarious and action-packed, *The She-Hulk Diaries* tells her story, as she juggles looking for Mr. Right and climbing the corporate ladder by day with battling villains and saving the world by night. Maybe she'll finally take on a case that will define her career. Maybe she won't meet one Mr. Right, but two, and she'll have to choose. Maybe bad guys will stop trying to destroy the planet so she can read her Perez Hilton in peace.
