Forgotten Tales of North Carolina

What comes to mind when you think of North Carolina history? Is it Sir Walter Raleigh, Guilford Courthouse and the Wright Brothers? Or do you think of sea monsters, drunken geese, hitchhiking alligators and a boy with America spelled out in his eyes? Throughout its 350-year past, North Carolina has been the site of a vast number of famous historical events. But the history of the Tar Heel State doesn't stop there. Just beyond what's well-known, written about and taught lies a second history, a Tar Heel treasure trove of fascinating characters and extraordinary events that have for decades gone untold or been forgotten. Until now. In this enthralling new book, Roger Kammerer and Tom Painter have compiled a collection of stories on North Carolina history sure to befuddle, baffle and bemuse even lifelong residents. Who knew that a man in Currituck County once traded his wife and two children for a fishing net? Or that the town of Rich Square once counted among its residents a 1,000-pound man? Or that a world champion fiddler from Asheville once fiddled at the White House for the president and King George VI? Or, better yet, that oysters with false teeth were once hauled up from the waters off Morehead City? *Forgotten Tales of North Carolina* is an incomparable collection of outrageous historic stories that will delight Tar Heels across the state, newcomers and natives alike.

Mysterious Tales of the North Carolina Piedmont

The history of the Tar Heel State is filled with mysterious and creepy tales. Legends say that several places in North Carolina have been visited by the devil, from the Devil's Tramping Ground near Siler City to the footprint he left in the Devil's Rock in Warren County. Learn why the Banshee of the Tar River first appeared and why her bloodcurdling screams continue to be heard. The Catsburg Ghost Train still appears on moonless nights. Sightings of Normie, the monster of Lake Norman, have been reported since the lake was created in the early 1960s. Join master storyteller Sherman Carmichael as he explores the lore of North Carolina's Piedmont.

Read about shipwrecks such as that of the SS Liberator, which still sits at the bottom of the ocean off the coast of Diamond Shoals, and legendary storms like the 1911 Water Spouts, which were described as tornadoes spinning wildly atop the ocean. Find out why the Cape Hatteras Lighthouse is said to be haunted by a large black cat. Learn about the origins of Boo Hag, a fiendish creature that sucks the life out of her victims as they sleep at night--a tale that originates from the rich Gullah culture of the Carolinas. Join Carmichael as he contemplates these stories and more from the mysterious side of North Carolina's beloved coastal counties.

Forgotten Tales of Alabama

Excerpt from *Grandfather's Tales of North Carolina History*, Vol. 9 Then we thought it might be a useful offering to the public and to our schools and perhaps give a new stimulus to the State love Of the rising generation and cause them to know more Of their illustrious progenitors, and to emulate their virtues and their patriotic deeds. One boulder was in our pathway. It costs labor to pre pare a book for publication. But we were raised to hard work and were never afraid Of it. But, in addition to that, there's much expense in money in getting a book be fore the public, and we never had the gift Of money-get ting and we were largely gifted with the talent for getting rid of it, which talent, we honestly confess, we have never hid in a napkin, but cultivated assiduously by constant practice - that is to say, when we had it to get rid of. However, we have never been an Elijah that the ravens had to feed. SO we looked around to accomplish by our wits what our purse refused to do. About the Publisher *Forgotten Books* publishes

Grandfather's Tales of North Carolina History, Vol. 9 (Classic Reprint)

Excerpt from North Carolina History Stories In presenting this little volume to the children of North Carolina there are two objects in view: 1. To stimulate study in North Carolina history. 2. To give supplementary reading matter, containing interesting facts. For the promotion of these objects the author has selected events and incidents that have interest in themselves, and has told them in words simple enough for a child to understand. The stories close with the eighteenth century, and embrace a portion of the two preceding centuries. If a desire to know more of the history of North Carolina be aroused, the chief object of the writer will have been attained. Thanks are due Dr. Richard Dillard, of Edenton, for facts relative to the Edenton Tea Party, and to Major Graham Daves for valuable aid. Forgotten Tales of Pittsburgh

Forgotten Tales and Vanished Trails gathers together Roosevelt's many writings on game hunting and the outdoors from the late 1800s to the early 1900s. Published in various magazines and excerpts from his other publications, this collection finally brings the best musings of a great sportsman into a single

volume. These articles span topics from hunting typical game animals (buck, wildebeest, and the like) to the hunting of dangerous predators such as wolves and bears; others are tales told around a campfire, of marauding wolves and man-eating bears, or detailing the finer points of ranching. Some pieces span years, while others detail his shorter exploits across the country. A passionate advocate for the outdoors, Roosevelt's writing is filled with fascinating insights into a world mostly now lost to civilization and commerce. Many of his comments on the precarious balance of the natural world are noted in this volume, and his chapters on conservation and the responsibility of hunters reflect his ever-present interest in preserving the environment for the benefit of generations to come. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Hidden History of Roanoke

Graham Barnett was killed in Rankin, Texas, on December 6, 1931. His death brought an end to a storied career, but not an end to the legends that claimed he was a gunman, a hired pistolero on both sides of the border, a Texas Ranger known for questionable shootings in Company B under Captain Fox, a deputy sheriff, a bootlegger, and a possible “fixer” for both law enforcement and outlaw organizations. In real life he was a good cowboy, who provided for his family the best way he could, and who did so by slipping seamlessly between the law enforcement community and the world of illegal liquor traffickers. Stories say he killed unnumbered men on the border, but he stood trial only twice and was acquitted both times. Barnett lived in the twentieth century but carried with him many of the attitudes of old frontier Texas. Among those beliefs was that if there were problems, a man dealt with them directly and forcefully—with a gun. His penchant to settle a score with gunplay brought him into confrontation with Sheriff W. C. Fowler, a former friend, who shot Barnett with the latter’s own submachine gun on loan. One contemporary summed it up best: “Officers in West Texas got the best sleep they had had in twenty years that Sunday night after Fowler killed Graham.”

Tales of Country Folks Down Carolina Way

Truth, after all, still remains stranger and more engaging than most legends. And Missouri, of course, leads every other place in truth. Hop aboard Long’s dragon boat or take advantage of 1846 wind wagon technology to plunge into the forgotten tales of this fascinating place. Hobnob cautiously with Stagger Lee, Mike Fink and Calamity Jane and view the chamber pot war from a safe distance. Trade witticisms with Alphonse Wetmore and Mark Twain, the frontier folk who keep us civilized today. If you keep company with storyteller Mary Collins Barile, you’ll even catch a glimpse of the Mississippi River running backward from an earthquake that was all Missouri’s fault.

Mysterious South Carolina

Sure, you know about “The Lost Colony,” the Wright Brothers, and all the other well-known stories from North Carolina. But there’s a lot more that’s happened in the state’s history that has been forgotten along the way. John has scoured the annals of history and brought back 100 stories representing each of North Carolina’s 100 counties. Stories include forgotten wars, gruesome murder mysteries, personality profiles from famous small-town residents, and more.

In 1932, the city of Natchez, Mississippi, reckoned with an unexpected influx of journalists and tourists as the lurid story of a local murder was splashed across headlines nationwide. Two eccentrics, Richard Dana and Octavia Dockery—known in the press as the “Wild Man” and the “Goat Woman”—enlisted an African American man named George Pearls to rob their reclusive neighbor, Jennie Merrill, at her estate. During the attempted robbery, Merrill was shot and killed. The crime drew national coverage when it came to light that Dana and Dockery, the alleged murderers, shared their huge, decaying antebellum mansion with their goats and other livestock, which prompted journalists to call the estate “Goat Castle.” Pearls was killed by an Arkansas policeman in an unrelated incident before he could face

trial. However, as was all too typical in the Jim Crow South, the white community demanded "justice," and an innocent black woman named Emily Burns was ultimately sent to prison for the murder of Merrill. Dana and Dockery not only avoided punishment but also lived to profit from the notoriety of the murder by opening their derelict home to tourists. Strange, fascinating, and sobering, Goat Castle tells the story of this local feud, killing, investigation, and trial, showing how a true crime tale of fallen southern grandeur and murder obscured an all too familiar story of racial injustice.
