Coffee Life in Japan

"Cafes are where change happens and people feel most themselves. In this surprising book we see how Japan came of age in the café—where women became free, where people jazz and poetry could reign. And, of course, where coffee is at its perfectionist best. Always a congenial companion and teacher, Merry White shows us a whole society in a beautifully made cup." —Corby Kummer, *The Atlantic* "Merry White's book is vital reading for anyone interested in culture and coffee, which has a surprising and surprisingly long history in Japan. Tracing the evolving role of the country's cafes, and taking us on armchair visits to some of the best, White makes us want to board a plane immediately to sample a cup brewed with 'kodawari,' a passion bordering on obsession." —Devra First, *The Boston Globe* "Coffee Life in Japan features highly engaging history and ethnographic detail on coffee culture in Japan. Many readers will delight in reading this work. White provides an affectionate, deeply felt, well reasoned book on coffee, cafes, and urban spaces in Japan." —Christine Yano, author of *Airborne Dreams: "Nisei" Stewardesses and Pan American World Airways* "Combining unmistakable relish for the subject with decades of academic expertise, Merry White skillfully demonstrates that the café, not the teahouse, is a core space in urban Japanese life. Her portrait of their endurance, proliferation, and diversity aptly illustrates how coffee drinking establishments accommodate social and personal needs, catering to a range of tastes and functions. It is a lovely and important book not only about the history and meanings of Japan's liquid mojo, but also about the creation of new urban spaces for privacy and sociality." —Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

Coffee is Life, The Best of the Best, Favorite Beans, Recipes, Flavors, and More

Barista? Home Brewer? Own a Coffee Shop? Love experimenting? Whether you're new to coffee drinks or you know them inside and out - there are a LOT! Keeping track of them, especially your favorites, can be a challenge. Or how about those customers that order the most random, obscure drinks that *no one* ever orders?! And they expect you to know how to make it, pronto. Well never fear, this little coffee notebook has your back! Fill it with coffee of all flavors! Each journal page has a page number for easy indexing, as well as a spot for the name of the drink, and plenty of blank lines for customizing

the directions. Keep a running index in the front of the book by documenting which drinks are on which pages. Details and Specifics: 2 index pages 48 lined pages 6x9 inches (perfect size for keeping easily accessible in the coffee shop for new employees) cream colored paper that's easy on the eyes. Hot, iced, blended coffee. Lattes, Cappuccinos, Macchiatos. Espresso, Americano, Mocha. Frappe, Cafe au lait, and cold brew. The list goes on. Neverending, it seems, to the newcomers. Help yourself, or your barista, out by keeping this cheat sheet easily accesible at all times! A must have for any coffee shop owner. Great for Bed and Breakfast guests. Fun party favor for grownups. and a perfect gift for the coffee enthusiast in your life!

Coffee Is Life!

Coffee Is Life! Somebody said America runs on coffee... or something like that. But one thing is sure. You run on it. You love it. Right? Then you should have at least one journal that reflects that. With a gorgeous cover featuring your favorite. A place to brainstorm once that sweet, sweet java opens your eyes, a place to share and reflect upon your thoughts, your dreams, your ambitions. At the kitchen table or the coffee shop, on the deck... At the start of your day or at the end, let this notebook be your place to relax and reflect, a place with soothing warm cream-colored pages that don't shine cell phone light into your eyes and mess with your sleep patterns. Whether you're keeping a diary, tracking your progress, working out your thoughts or finally getting started on your journey to become a writer... This is the place to start. You owe it to yourself. Enjoy it. And if you want more delicious coffee-themed journals check out the series name Coffee Is Life!.

Coffee Life in Japan

This fascinating book—part ethnography, part memoir—traces Japan's vibrant café society over one hundred and thirty years. Merry White traces Japan's coffee craze from the turn of the twentieth century, when Japan helped to launch the Brazilian coffee industry, to the present day, as uniquely Japanese ways with coffee surface in Europe and America. White's book takes up themes as diverse as gender, privacy, perfectionism, and urbanism. She shows how coffee and coffee spaces have been central to the formation of Japanese notions about the uses of public space, social change, modernity, and pleasure. White describes how the café in Japan, from its start in 1888, has been a place to encounter new ideas and experiments in thought, behavior, sexuality, dress, and taste. It is where a person can be socially, artistically, or philosophically engaged or politically vocal. It is also, importantly, an urban oasis, where one can be private in public.

Harvesting Coffee

I Know Coffee Series: Book 1 Whether you plan to start your own coffee farm or not, understanding the harvest process is the first step in developing your coffee knowledge. By the time you finish this book you will: Discover the coffee bean's life from the moment the plant starts to grow until it is dried at the mill. Have an excellent insight into why certain coffee tastes the way it does. Be able to make more educated guesses about flavor notes when buying coffee. Know how to grow your own coffee if you really want to!

Life After Coffee

Last week, high-powered coffee buyer Amy O'Hara was trekking through the Ethiopian cloud forest on the verge of a discovery that could save the coffee bean from extinction. This week, she's unexpectedly fired. Suddenly Amy's days are no longer filled with meetings and upscale tastings, but with put-together PTA moms, puke-ridden playdates, and dirty dishes. Her husband has locked himself in the garage in order to write the Great American Screenplay, while both kids are steaming mad at her because she insists on dressing them like normal people and won't give up sending them to school with healthy lunches. It's becoming clear that Amy may just be the world's most incompetent mother, and she's beginning to wonder if the only thing she's good for is bringing home the bacon. When salvation appears in the form of a movie-mogul ex-boyfriend who wants to employ her husband and rekindle their relationship, Amy starts to find she's sorely tempted... One thing is certain: whatever happens, she's going to need a lot more caffeine.

One Cup at a Time

Is there anything that can match the pure pleasure of sitting at a caf watching life go by? Assuming you have a cup of coffee in hand, that is Coffee, that lovely elixir of life, has provided stimulation, solace, and socialization around the world for centuries. Part coffee-lover's diary, part travelogue, always engaging, informative and insightful, One Cup at a Time is the tale of a woman's quest for love and happiness...and coffee. When work brought Debra-Lynn Bellefeuille to London, England, travel delivered new cultural adventures and life supplied plenty of ups and downs. Coffee became her therapy and a way of discovering herself: a sort of kick-starting, uplifting antidote to regrets. She has scouted out the best coffee shops, met fellow coffee aficionados, researched myth, fact, and fiction, participated in ancient coffee rituals, tasted the most expensive coffee in the world, and travelled to Marrakesh and beyond in search of the best coffee experiences, always sharing her love of coffee with others. She found her greatest pleasure in sitting at a coffee shop, savouring the taste and observing others-watching life go by, one cup at a time....

The Social Life of Coffee

What induced the British to adopt foreign coffee-drinking customs in the seventeenth century? Why did an entirely new social institution, the coffeehouse, emerge as the primary place for consumption of this new drink? In this lively book, Brian Cowan locates the answers to these questions in the particularly British combination of curiosity, commerce, and civil society. Cowan provides the definitive account of the origins of coffee drinking and coffeehouse society, and in so doing he reshapes our understanding of the commercial and consumer revolutions in Britain during the long Stuart century. Britain's virtuosi, gentlemanly patrons of the arts and sciences, were profoundly interested in things strange and exotic. Cowan explores how such virtuosi spurred initial consumer interest in coffee and invented the social template for the first coffeehouses. As the coffeehouse evolved, rising to take a central role in British commercial and civil society, the virtuosi were also transformed by their own invention.

The Birth of Coffee

A simple cup of coffee: Millions of people greet the morning, take a break, or end a meal with this dark brew. In these brief moments, coffee's rich flavor and deep aroma are simple pleasures unquestioningly accepted, although few of us ever consider the origins of this evermore popular beverage. Yet 25 million people wake up thinking about coffee, not simply as a part of their morning routine, but as the whole of their workday. In *The Birth of Coffee*, Daniel Lorenzetti and Linda Rice Lorenzetti explore coffee's profound impact on people in coffee-growing nations. Spanning four continents, the Lorenzettis' eloquent text and evocative photographs capture the places where coffee is more than a popular beverage, but a force in politics, economics, and history. From the cloud-covered farms in Colombia to the rugged mountains of Indonesia and the bustling markets of Yemen, the Lorenzettis find themselves in landscapes dominated by the coffee industry: roads lined with beans, trails to distant fields, and wild forests of coffee trees. But the business of coffee easily flows from the fields to all aspects of life: For the people in these photographs, life too is steeped in an industry dependent on nature. Like the slow brewing of its final product, the business of coffee and the life of its workers have remained remarkably unchanged for centuries. Despite the big business behind them, coffee often comes to us from small farms where little mechanization is used. Where fields teeming with coffee trees spring from the mountainous landscape, the process of raising, picking, sun-drying, and sorting coffee beans requires a dexterous and vigilant workforce. As the Lorenzettis observe, by the time a coffee bean is on its way to port, it has moved through dozens of hands. *The Birth of Coffee* examines brown gold's impact in Ethiopia, Yemen, Indonesia, Brazil, Colombia, Costa Rica, Guatemala, and Kenya, accompanied by 100 duotone photographs that Daniel Lorenzetti toned with actual coffee. This startling book will strike readers with the beauty and substance of the worlds and peoples behind a simple cup of coffee. Visit the Web site at www.birthofcoffee.com

Life in a 17th Century Coffee Shop

We have all seen the hilarious depiction of Mrs Miggins' coffee shop in "Blackadder"

Cafe Life

Enjoy the aroma and joy of the cafes of the world with this amazing little photo journal.

Life's Coffee Notes

In his first book, he's inviting you to join him on a unique journey, as he spills the beans (or should we say, coffee beans? - well, literally too.) on the vital principles that have steered his course – a voyage that began with a spark of curiosity in technology and led him to the creation of soul-stirring content that has touched lives across continents.

Coffee Drinks

North Americans brew 235 million cups of java every day, making it the most popular drink in the country. Whether you're attracted to the aroma, the ritual, the caffeine, or all of the above, COFFEE DRINKS explores the full range of custom-crafted possibilities: piping hot, icy cold, milky, foaming, sweet, or spiked. From Espresso in the Clouds to Machiatto Brle, these innovative drinks will keep the senses percolating.

The Bean of Life

This is not your average coffee table book. The Bean of Life is the story of a man desperate to save the world with his coffee. As he risks everything to make his dream a reality, he will come face-to-face with the power of evil, the delicacy of friendship, and the ubiquity of suffering. The perfect novel for anyone with a coffee obsession or a passion for justice, The Bean of Life is the wild, witty, and tragically vibrant story of Fischer Kaldi and his unlikely adventure to save the world with Earth's most blessed bean. Stuck in a soulless franchise, Fischer must find a way to open his ideal coffee shop and share his life-changing Specials with the city. To do this he recruits Sully, a coffee drinker and aspiring romantic, to help him achieve his dream. But saving the world won't be so simple when evil stops by for a cup of its own, forcing Fischer and Sully to make heart-breaking choices while the city they love starts to fall apart. Coffee Coma

Like a good friend, coffee is always around no matter the weather, situation, or location. Come along with Sheree K. Nielsen as she shares her love affair and life with coffee through poems and photographs.

I Can Smell The Coffee... Now

For the past 25 years, I have been a daily coffee drinker. In fact, drinking coffee has become a sacred ritual for me. As I drink my coffee, I read something inspirational, write, pray, and reflect. Somewhere between Alcoholics Anonymous, Toastmasters International, and the Oprah show, I learned to do this. More than any other time, I have experienced moments of clarity during this time. The phrase "Wake up and smell the coffee" has become very real to me! This book contains fourteen heartwarming stories of life lessons learned by a grandmother who shares them with her granddaughter who is about to leave home and do an internship with the Congressional Black Caucus. Get ready to take a trip down memory lane as she shares her life experiences.

My Coffee Life Proposal

Besides water, coffee is the most consumed beverage in the world. Are you also a coffee lover who must drink a cup every day? When you take your first sip of coffee, do you feel the aroma of it, or just want to eliminate drowsiness and relieve coffee addiction? Have you ever thought about what constitutes a "good" cup of coffee? This book guides readers to understand their own coffee drinking habits and preferences, and to understand the origin of coffee beans, roasting, grinding and brewing methods. Learn to appreciate the sweet and sour flavors of coffee, and you will be able to taste unique flavors from all over the world.

Coffee's for Closers

Practical, real-world sales advice you can apply immediately to improve your numbers In Coffee's For Closers: The Best Real Life Sales Book You'll Ever Read, veteran sales leader and coach Tony Morris delivers a can't-miss, hands-on guide to becoming the best salesperson you can be. This is not a book filled with high-level theories – rather it is a book that offers innovative and easy-to-understand sales techniques you can apply immediately and integrate into your daily life as a salesperson. In the book, you'll explore tried-and-true, step-by-step tutorials on getting past gatekeepers, cold-calling, questioning, listening to customers, and crafting airtight proposals. You'll also find: Expert tips on gaining commitment and closing, as well as advice on how to handle prospects' objections and stalling tactics Ways to generate leads, build rapport with customers, prepare for your next sales call, and even manage your time wisely Strategies for handling rejection - a frequently encountered experience for every salesperson A practical blueprint for sales success that is heavily informed by real-world experience and commonsense, Coffee's For Closers will become one of those essential resources you rely on to inform your everyday approach to sales.

Where the Wild Coffee Grows

"Enchanting . . . An absorbing narrative of politics, ecology, and economics."--New York Times Book Review (Editor's Choice) Located between the Great Rift Valley and the Nile, the cloud forests in southwestern Ethiopia are the original home of Arabica, the most prevalent and superior of the two main species of coffee being cultivated today. Virtually unknown to European explorers, the Kafa region was essentially off-limits to foreigners well into the twentieth century, which allowed the world's original coffee culture to develop in virtual isolation in the forests where the Kafa people continue to forage for wild coffee berries. Deftly blending in the long, fascinating history of our favorite drink, award-winning author Jeff Koehler takes readers from these forest beginnings along the spectacular journey of its spread around the globe. With cafés on virtually every corner of every town in the world, coffee has never been so popular--nor tasted so good. Yet diseases and climate change are battering production in Latin America, where 85 percent of Arabica grows. As the industry tries to safeguard the species' future, breeders are returning to the original coffee forests, which are under threat and swiftly shrinking. "The forests around Kafa are not important just because they are the origin of a drink that means so much to so many," writes Koehler. "They are important because deep in their shady understory lies a key to saving the faltering coffee industry. They hold not just the past but also the future of coffee." "A must-read for coffee enthusiasts."--Smithsonian (Best of the Year) "Reads like an engaging multimystery detective novel."--Wall Street Journal "Fascinating . . . How a local crop transformed into a global commodity."--Real Simple (Best of the Month) Coffee is one of the largest and most valuable commodities in the world. This is the story of its origins, its history, and the threat to its future, by the IACP Award-winning author of Darjeeling.
