Faithful Parents Faithful Children

My goal in this book is to bring Scripture to bear on the whole subject of education. Christian parents are increasingly aware of the educational and moral disasters stalking their children in the schools. Those same parents are often being encouraged by friends to home educate. Yet the questions keep nagging: Are we really able to teach our own children? Aren't my children to be salt and light? How will they be socialized? This book teaches clear Biblical principle regarding these and many other issues. May God's word and wisdom transform your life as it has mine. For Christian Civilization, Don Schanzenbach

Faithful Parents, Faithful Kids

From the actions and attitudes of parents whose children follow the Lord, others can learn how to instill Christian values in their children.

Faithful Parents, Faithful Kids

Parenting strategies you can be proud of You know the feeling. You got frustrated, desperate, or overwhelmed and you reacted before you could think it through. Whether it's a one-time thing or it becomes a habit, we all parent in ways we don't like. But it doesn't have to continue. Whether it's bribery, yelling, counting to three, or threats of punishment you didn't mean to make, reacting never feels good. But if you can learn to act with intentionality, you'll feel better about your choices and be grateful for the results. Dr. Kathy Koch (pronounced "cook"), author of Screens and Teens and 8 Great Smarts, will teach you proven strategies for training your child's heart and parenting in a way that honors God. She'll help you move your child from, "I can't, I won't," to "I can, I will, and I did." We can do better than "Because I said so." or "No screen time for 3 days." We can do better than mere behavior modification. We can change our children's hearts and teach them to do what is good, godly, and right even when we're not around. Once you've learned to put these motivation strategies in place there's no more need to nag, you'll be astounded at what your kids will do without being asked. Dr. Kathy doesn't offer

a quick-fix. Starting with the heart is all about changing what children believe in order to change their behavior. And learning to use this kind of motivation takes effort, consistency, and strategy, but it works. And it's never too late! If you're willing to commit to a little hard work up front, you'll enjoy your kids, your life, and yourself much more when you learn to start with the heart.

Start with the Heart

When the topic of homeschooling comes up, there often seem to be various assumptions as to why we homeschool our children, which are simply wrong, or, at the most, inadequate. Yes, the government schools have bullies; yes, the government schools might be bigger targets for armed shootings; and yes, the government schools (even the ones in good school districts) have kids or teachers who will teach our children language or experiences that we would rather them not learn that early in life (or at all). And while all those things are true and good reasons to educate our children at home, even if those problems were corrected, we--and many other parents--would still be committed to homeschooling our children. Why? The purpose of this book is to answer that question--and to answer it from the Scriptures.

The Heart of Home Schooling

Author Judy Zwirblis taught children in her home for more than twenty years. During this time, she noticed that the ordinary days of homeschooling were moments of the Lord's gentle touch, the teaching of his love. In *Treasured Tales of Homeschool*, she shares the signs, wonders, and miracles the Lord provided while she homeschooled her children. Each personal account reflects the purpose of family and how children learn their God-ordained destiny by knowing who they are in Christ. Using Zwirblis' personal and professional experiences, *Treasured Tales of Homeschool* provides witness to both the far-reaching problems in families and schools and how parents and grandparents can teach children according to the word of God and reap wonderful results. Filled with key biblical principles Zwirblis discovered while teaching her own boys and working with at-risk children, the stories share God encounters and spiritual insights into the heart of God. Praise for *Treasured Tales of Homeschool: My heart was warmed and my emotions touched as I read through Treasured Tales of Homeschool: An Inspiration for Parents* by Judy Zwirblis. Being an educator for more than thirty years, this book has encouraged me and reinforced my own conviction for Christian education through the life experiences of the Zwirblis family: lessons of fathering and mothering under the mighty hand of the Holy Spirit revealed such great biblical lessons of faith, challenge, nurture, trust, vision, and even letting go (Dr. Ronald L. Bernier, Senior Pastor, Master Builder Ministries and Headmaster, East Gate Christian Academy).

Why We Homeschool

Heartfelt Inspiration to Revive, Encourage, and Strengthen the Homeschooling Mom If you're on an airplane, you're instructed, in the event of a loss of cabin pressure, to put on your own oxygen mask before helping your child. The reason? If you don't have a supply of oxygen, you won't be able to help anyone else. The same is true for the rest of life: you can't give what you don't have. And as a homeschooling mom, you pour yourself out every day for the sake of your children. Yet how do you fill yourself up? Where do you get your spiritual oxygen? Now you can be filled and restored by the original Bible for homeschool moms—with a full year's worth of encouraging daily devotions placed alongside the beloved text of the King James Bible. These heartfelt, practical readings written by Janet Tatman, a former homeschooling mom, cover topics such as finding strength to keep motivated, avoiding burnout, staying focused and committed, navigating the needs of toddlers while educating siblings, managing schedules, delegating tasks and chores, setting boundaries, and most importantly, maintaining proper soul care while juggling educational and household responsibilities. The words of these devotions will breathe life into your soul so that you can successfully run the race. Features: • 365 daily meditations with prayers written by Janet Tatman, a veteran homeschooling mother with more than 25 years of experience homeschooling • The full text of the classic King James Version (KJV) Bible • Foreword from Vickie Farris, author, homeschool mom, and wife of Michael Farris, founder of the Homeschool Legal Defense Association • Topical index

Treasured Tales of Homeschool

Raising children is hard work. This is news to no one, especially home schooling families. Many are tempted to cut corners or even give up. But there is help and encouragement to be found. *The Heart of Home Schooling* will focus you on what really matters -- the primary importance of being faithful in the spiritual aspects of our home schooling -- not just the academics. Chris Klicka presents principles

coming primarily from his and his wife Tracy's own experience training their seven children. Speaking from both his heart and many scriptural principles, Chris affirms that you do not home school for home schooling's sake, but for the glory and honor of God.

KJV, Homeschool Mom's Bible

The theme developed in this book is what it means to be a right-minded parent and a right-minded child. The former role involves being faithful to the changing function of parent, at the same time respecting the child's decision-making mind to choose its life experiences, and whether to perceive them through the eyes of the ego or the Holy Spirit. We know we have attained spiritual maturity when we no longer think of our parents or parental surrogates as authorities--on the level of content--but as brother and sister walking with us on the path that leads us home. Thus, both forms of this primary relationship can, if we so choose, exemplify Jesus' message of forgiveness: not seeing another's interests as separate from our own. The Heart of Home Schooling

The Faithful Parent provides parents with the tools necessary to develop their "philosophical faith" in order to live more fulfilling lives while guiding their children with greater purpose.

Parents and Children

WHAT IT MEANS TO BE A MAN Raising up men has never been easy, but today it seems particularly tough. The young and old need heroes to embody the eternal qualities of manhood: honor, duty, valor, and integrity. In *The Book of Man*, William J. Bennett points the way, offering a positive, encouraging, uplifting, realizable idea of manhood, redolent of history and human nature, and practical for contemporary life. Using profiles, stories, letters, poems, essays, historical vignettes, and myths to bring his subject to life, *The Book of Man* defines what a man should be, how he should live, and to what he should aspire in several key areas of life: war, work, leisure, and more. "Whether we take up the sword, the plow, the ball, the gavel, our children, or our Bibles," says Bennett, "we must always do it like the men we are called to be." *The Book of Man* shows how.

The Faithful Parent

Quiet the voices of "not good enough" and step courageously into guilt-free homeschooling. Many homeschool parents have a long-term relationship with self-doubt. "Did I make the right decision?" "Could someone else do this better?" "Am I robbing my kids of something by not sending them to 'regular school'?" What if there's a better way? Not a 3-step technique or a shiny, new curriculum, but a change in perspective that transforms the way you plan, teach, and homeschool? *Homeschool Bravely* teaches you to see homeschooling as a calling, helps you overthrow the tyranny of impossible expectations, and guides you through the common bumps in the road, including how to: juggle school and parenting with toddlers at home, teach a struggling learner, plan with the end in mind, accept your own limitations without feeling guilty, stay the course even in the face of criticism, reclaim your hope, renew your purpose, and transform your homeschool. Because the truth is: God will use every part of your homeschool, even your fears, faults, and failures, to weave good plans for your kids.

Home Schooling 101

THE CHRISTIAN LIFE IS ABOUT SERVING A PURPOSE GREATER THAN OURSELVES. DISCOVER THAT PURPOSE NOW! There is one thing we are to seek. One vision given for us to fulfill. A single mission that would serve as the goal for something so large as a nation, yet specific to us as individuals. There is one primary cause by which we are to define all that we are, all that we have, and all that we do. What we are to seek above all else is the Kingdom of God and His righteousness (Matt. 6:33) and to do the will of God on earth as it is in heaven (Matt. 6:10). A vital, governing institution for this mission is the family - in specific, the trustee family. It is the Christian family that holds this great Kingdom mission "in trust" and instills this mission in its members. It is the Christian family that serves as the first church, state, workplace, and school in which children are prepared for godly dominion. Therefore, Christian parents are called to establish Kingdom-driven families. They are to build a home for God - a house that is dedicated to the service of the King and His Kingdom. To aid in this calling, Christian author and education expert, Andrea Schwartz has carefully put together this collection of essays entitled *A House for God: Building a Kingdom-Driven Family*. Both your personal life and your family life will be challenged and transformed through the pages of this easy-to-read, insightful book on building a Kingdom-driven family.

School to Home

Why does the church teach? And what should it teach? In recent years, traditional Sunday school and education programs have declined in influence and effectiveness. Education in the church is often sidelined by other competing priorities, and our efforts become haphazard and random. As a result, many Christians have not learned the fundamental doctrinal content of the faith. As a response, a growing number of church ministries have moved toward an emphasis on Christian spiritual formation. But churches must hold together education and formation, the teaching of the faith and the forming of the faithful. In this comprehensive text, Gary Parrett and Steve Kang attend to both the content and process of educational and formational ministries. They set forth a thoroughly biblical vision for intentional teaching of the Christian faith, with a holistic concern for what and whom is taught as well as how and why. Fully apprised of developments in educational theory and pedagogy, Parrett and Kang propose a core curriculum for recovering the full scope of Christian proclamation and reinvigorating the teaching ministry of the church. Their vision has implications not merely for catechesis, but for preaching, worship, children's and youth ministry, and much more. The body of Christ can become all that God intends it to be, through intentional practices that foster personal and corporate formation. Here is guidance for individuals and congregations on that journey.

If you believe that a good education is the greatest gift you can give your child, you're probably pretty unhappy with what's being taught in most classrooms these days. Your Future 'Other Half'

Parents today seem to be at a loss to know how to speak with their children about faith. They want to do something but fear doing theological damage, so they leave the teaching to the church. As a result, their children's knowledge and experience of faith are left to whatever religious education, worship, stewardship, and mission take place in their congregations. Even if these experiences outside the home are high-quality, they are not enough. *Making A Home For Faith* addresses the how-to's of being faithful parents who, in their words and actions, show what it means to live the Christian faith. Elizabeth Caldwell offers simple, straightforward, solid guidance to help parents monitor and nurture their children's faith development, respond to their children's questions, and present the best possible example of faithful living.

Teach Them Diligently

"A straightforward, practical guide that takes an anyone-can-do-this approach" (Kirkus Reviews), *The Brainy Bunch* outlines the Harding family's well-rounded method for producing college-ready kids by age twelve. Having six out of ten kids go to college is no small feat on its own, but having six kids in college before their teens—that's nothing short of incredible. "Never judgmental and not without humor," this "fascinating read" (Library Journal) is Kip and Mona Lisa Harding's story of producing exactly those extraordinary results. Kip and Mona Lisa are parents to an engineer (who earned her BS in mathematics at seventeen), an architect (who became the youngest member of the American Institute of Architects), a Navy physician (who earned her biology degree at seventeen), an entrepreneur (who earned an MS in computer science at seventeen), a sixteen-year-old college senior studying music theory and performance, a thirteen-year-old Middle Ages scholar with the highest average in his college class, and four others who are following fast in their siblings' footsteps! No wonder the family is so used to being asked: How did you do it? In an "impressive" (Publishers Weekly), down-to-earth narrative, Kip and Mona Lisa reveal with warmth and humility the strategies behind their family's amazing educational accomplishments. Filled with daily regimens, advice for providing children with fulfilling experiences that go beyond the home, and tips for making the transition to college, theirs is an inspirational real-life success story that anyone can achieve—whether you homeschool your children or not. Featured on the Today show and FOX, *The Brainy Bunch* is uplifting and ultimately relatable proof of what any family can accomplish through dedication, love, faith, and hard work.

Homeschooling For Dummies

Parents and Children consists of a collection of 26 articles from the original *Parent's Review* magazines to encourage and instruct parents. Topics include *The Family*; *Parents as Rulers*; *Parents as Inspirers*; *Parents as Schoolmasters*; *The Culture of Character*; *Parents as Instructors in Religion*; *Faith and Duty* (a secular writer has useful suggestions for using myths and stories to teach morals; along with the Bible, these can give examples of noble characters to emulate); *Parents' Concern to Give the Heroic Impulse*; *Is It Possible?*; *Discipline*; *Sensations and Feelings* *Educable by Parents*; *What is Truth?* (*Dealing with Lying*); *Show Cause Why*; *A Scheme Of Educational Theory*; *A Catechism of Educational Theory*; *Whence and Whither*; *The Great Recognition Required of Parents*; and *The Eternal Child*. Charlotte Mason was a late nineteenth-century British educator whose ideas were far ahead of her time. She believed that children are born persons worthy of respect, rather than blank slates, and that it was better to feed their growing minds with living literature and vital ideas and knowledge, rather than dry facts and knowledge filtered and pre-digested by the teacher. Her method of education, still used by some private schools and many homeschooling families, is gentle and flexible, especially with younger children, and includes first-hand exposure to great and noble ideas through books in each school subject, conveying wonder and arousing curiosity, and through reflection upon great art, music, and poetry; nature observation as the primary means of early science teaching; use of manipulatives and real-life application to understand mathematical concepts and learning to reason, rather than rote memorization and working endless sums; and an emphasis on character and on cultivating and maintaining good personal habits. Schooling is teacher-directed, not child-led, but school time should be short enough to allow students free time to play and to pursue their own worthy interests
