

nothing lasts forever

[#nothing lasts forever](#) [#impermanence of life](#) [#embrace change](#) [#transient nature](#) [#fleeting moments](#)

The profound truth that nothing lasts forever encapsulates the universal principle of impermanence, reminding us that all things, experiences, and even life itself, are inherently transient. This understanding encourages us to embrace change, cherish fleeting moments, and recognize the continuous cycle of endings and new beginnings in the ephemeral journey of existence.

Every lecture note is organized for easy navigation and quick reference.
