CliffsNotes on Hansberry's *A Raisin in the Sun*

Many struggle to live a victorious life as a result of their ignorance of the potency, which the Spoken Word carries. Challenges are made to be faced, but it is only revelation and incessant confession of God's Word that is capable of making any man triumphant. The Spoken Word is 365 days devotional, exploring all areas of life, and revealing the power of God to heal, transform, enrich and bless. This devotional is released by God in this season to satisfy the hunger of men, heal the broken hearted, liberate the captives, and empower the weak. Who would ever believe that the wisest man – Solomon, was born out of the erroneous affair of David and Bathsheba? In this case, the author recounts, "From the shells of total shame, and from the marrows of the utmost disgrace, God can still birth fame." When you think all is over, and when you have given up to an ill fate; God will start something fabulously new in your life.

The Sunday at Home

The definitive biography of free India's first Head of State Chakravarti Rajagopalachari (1878-1972), popularly called C.R. or Rajaji, is usually remembered as free India's Governor-General, or the first Indian Head of State. At one time considered Gandhi's heir, this brilliant lawyer from Salem was regarded in pre-independence years as one of the top five leaders of the Congress along with Nehru, Prasad, Patel and Azad. This biography written by Rajaji's grandson, the noted historian and biographer Rajmohan Gandhi, highlights Rajaji's role in the events preceding Partition. A statesman and conciliator of conflicts between stalwarts, he was perhaps the sole Congress leader in the forties to admit to the likelihood of Partition. He prophesied even then that Pakistan might break up in twenty-five years! Later, C.R. became a strident critic of Nehru and the Congress. As a founder of the Swatantra party in the fifties, he attacked the 'permit-license Raj' fearing its potential for corruption and stagnation, even while the tide was in favour of Nehru's socialistic pattern. Meticulously researched, using C.R.'s private papers, his contemporaries' archives, extensive interviews with eyewitnesses and contemporary accounts and newspapers, this intensely personal, yet objective account gives us an unparalleled portrait of one of the outstanding Indians of this century.

Described by Pope Pius XII as the most important theologian since Thomas Aquinas, the Swiss pastor and theologian, Karl Barth, continues to be a major influence on students, scholars and preachers today. Barth's theology found its expression mainly through his closely reasoned fourteen-part magnum opus, *Die Kirchliche Dogmatik*. Having taken over 30 years to write, the *Church Dogmatics* is regarded as one of the most important theological works of all time, and represents the pinnacle of Barth's achievement as a theologian. T&T Clark International is now proud to be publishing the only complete English translation of the *Church Dogmatics* in paperback.

THE SPOKEN WORD

The letters in this volume cover Erasmus' correspondence from March to December 1527. These 129 letters centre primarily on Erasmus' continuing struggle with his Catholic critics, especially those in Spain and France, and on Erasmus' growing criticism of the Protestant reform movement. The letters show Erasmus' attempts to justify his position and to win favour with rulers, other prestigious men, and powerful institutions, all influential in both secular and religious spheres. Although the Inquisition in Spain investigated his orthodoxy and did not bring charges against him, the Paris Faculty of Theology formally condemned 112 propositions drawn from Erasmus' works in December 1527. The letters in this volume, written by and to Erasmus in this critical time, represent a unique view of a Europe torn by war and breaking apart into religious confessionality and regionally organized churches. Throughout all this controversy, Erasmus repeatedly protested that the sole aim of his life's work was to promote the study of humanities for the profit of both knowledge and religion. Volume 13 of the *Collected Works of Erasmus* series.

What are the most significant points at issue between the Reformed and Mennonite communions—Baptism, peace and church-state relations? Is there a way forward? In the hope that there may be, the contributors to this book attempt to clear the way to closer relations between Reformed and Mennonites by careful scholarly discussion of the traditionally disputed questions. The papers gathered here were presented at the second phase of the international dialogue between the World Alliance of Reformed Churches (Presbyterian and Congregational) and the Mennonite World Conference. There are Reformed and Mennonite studies of the topics, together with the responses of a philosopher of religions, a sociologist, a systematic theologian and a church historian. In the Introduction the dialogue is set in its historical and contemporary ecumenical context, and the Conclusion, drafted by the dialogue participants, has been forwarded to the two world bodies for their consideration and action. This important work will be relevant to all future scholarly research into the growing debate between Reformed and Mennonite communions.
