Intro

Have a vision & a plan or all you'll be left with are dreams

If you don't ask the answer is NO

80% DONE NOW – 100% Never

Time will pass anyway, might as well use it

Nobody's coming to save you, you have to save yourself!

Be grateful for what you have, but you should always want more.

Success comes as a result of putting order into chaos

Hardships are life's way of testing "How badly you want it"

Wake up with Purpose

Monetize your passion

Find people who are walking in the same direction as you and walk together

For your life to be more than what it is, you need to be more than what you are

Success is the result of managing existing resources efficiently

Success is the sum of small actions repeated daily
