## The Shaman's Oracle

This innovative oracle connects us directly to the wisdom of our prehistoric ancestors. Modern-day shaman John Matthews and shamanic artist Wil Kinghan have created a special deck of 52 cards inspired by cave art, and their unique system can help us find answers to life's most vital questions. The cards represent five archetypes Spirits, Ancestors, Hunters, Dancers, and Shamans each linked to a different aspect of human experience. The evocative images touch on ancestral memories and subconscious forces that influence us at the deepest level of being. Comes with an 88-page book and a fold-out cave plan for oracle readings."

## The Shaman's Oracle

Before spoken language evolved, our ancestors communicated through images, drawn or carved onto the walls of caves. A vast proportion of the thousands of such images derive from the visionary insights of the first shamans, who either left them as reminders for themselves or as spiritual signposts for those who came after them. Created by practising shaman John Matthews and beautifully illustrated with evocative images of cave paintings by Wil Kinghan, this highly original deck contains 52 cards, which are divided into five groupings - Spirits, Ancestors, Hunters, Dancers and Shamans - each representing a different aspect of human experience. Two further cards - the Journeyer and the Helper - represent the person who is conducting the reading: the Seeker. As the cards are drawn, they reveal insights that will help to guide the Seeker on his or her quest for the answers to life's most vital questions. The images are not only beautiful, atmospheric and mysterious, but they also touch on the deepest memories we all possess - the unconscious archetypes that influence our thoughts, feelings and actions at the deepest level of being.

### Oracle of the 7 Energies

A book of wisdom teachings and rituals that invoke ancient Egyptian deities to awaken human consciousness • Provides guided shamanic visualizations to invoke 26 of the most significant gods • Takes the reader through shamanic portals of death, rebirth, and illumination • Reconciles internal conflict through a sacred marriage of heart and mind In *Shamanic Mysteries of Egypt*, Nicki Scully and Linda Star Wolf renew humanity's connection to the ancient gods of Egypt, the neteru. Voices from these divine ancestors remind us of the healing power of the heart, and call us to bring their consciousness into the present to help us remember our true nature as divine humans with sacred purpose. The authors provide rituals, meditations, and rites of passage to help us meet our personal and planetary challenges with grace, wisdom, and love. The shamanic initiations provided are invoked, directly experienced, and transformed into embodied wisdom that awakens consciousness and illumines the intelligence of the heart. Scully and Star Wolf focus their rituals on 26 of the primary divine entities that preside over the ancient mysteries whose roots are in Old Kingdom and pre-historic Egypt. This fresh interpretation of ancient mysteries unites the energies of Thoth and Anubis to guide us through the current cycle of Earth changes and to help us remember who we really are at heart. Through these passages, Anubis lives up to his ancient title as the Opener of the Way, and Thoth as the Architect of Higher Learning. Together they evoke their power to unite heart and mind in the sacred marriage that brings transformation, renewal, and the awakening of consciousness.

### The Spirit of Nature Oracle

Mystics have passed down stories of magical realms hidden from mortal sight, bridging the world of Nature and Spirit. Even before the written word, the ancients established a Divine partnership between humans and these Hidden Realms. Both agreed to form an eternal Sacred Alliance to establish harmony and balance between the material and the spiritual. The Alliance ensured that when we asked for guidance in manifesting our reality, they would help us find our way to the highest good for all. But in time, humanity turned itself away from the natural world as a source for the Divine and forgot about the realms in the Unseen realities. Religious superstition, dominance, and the power of intellect, reason, and technology became our focus; and our partnership was forgotten, so the realms faded away. As our global concerns have increasingly been more plaintive, they have returned to help us find our way

home to our true purpose, prosperity, hope, and happiness. These cards represent some of those realms and their Queens and Kings, Princes, and other magical helpers. Let the Swan Queen point the way to transformation, the Arrow Master help you reach your goals, the Sun Dancers herald your victories, and the Sacred Union speak to the depth of your longing for love. Ask and ye shall receive, for the Highest Good is their motto. If you call upon them, they will answer

## The Green Man Tree Oracle

For countless millennia, humans have connected to the mystical power of the moon and the energy of the seasons. For our ancient ancestors, the earliest veneration and sacred honoring was of the moon, the seasons, and the cycles of light and dark, hot and cold and fertility and rest, and this beautifully illustrated Queen of the Moon Oracle allows you, the modern seeker, to plug in to these most primal energies. Consult this oracle based in ancient wisdom and receive the answers to your modern problems. Explore the ancient power of the Moon and how to work with this Lunar energy to enrich your own life and spiritual practice. We are moon-influenced animals even if most of us don't go howling under it. We know the feminine fertility cycle matches the length of the lunar cycle - twenty-seven or twenty-eight days - and that more births occur on full and dark moons. Just as the moon influences tides and other bodies of water, why wouldn't she influence our personal bodies of water considering we are made mostly of it? Why wouldn't this effect then influence everything from our weight to our moods, even the growth of the foods we eat since plants are reliant upon moisture levels in the soil? Within long-held knowledge, it's believed that the moon impacts our psychic abilities and our unconscious mind (and so therefore our dream states) in a number of ways. The unconscious is the part of the mind that directs us towards our goals and dreams; it's where ideas pop from and where creativity is based. As it is particularly susceptible to symbology, it can be affected by the power of the constant cycle of the moon.

A reflection of a living tradition with a supremely practical approach to life, it teaches skills for living and ways to utilize latent abilities which we all possess. Celtic Shamanism derives from the native traditions of North-West Europe. The shamanic contribution of the Celts and their predecessors has been overlooked until recently, and is one of the last shamanic traditions to be explored. While it shares common elements with American, Australian and Siberian teachings, it derives entirely from Celtic source material. The Celtic Shaman offers a varied and easily followed plan of self-tuition for anyone interested in Celtic mythology and the Western mysteries.
