St. Augustine of Hippo | Quotes to INSPIRE your FAITH - St. Augustine of Hippo | Quotes to INSPIRE

your FAITH by Gregarious Catholic 58,779 views 4 years ago 4 minutes, 34 seconds

There is no saint without a past, no sinner without a future.

but I have never read in either of them: 'Come unto Me all ye that labor and are heavy laden!

God has promised forgiveness to your repentance, but He has not promised tomorrow to your procrastination.

To fall in love with God is the greatest romance

to seek Him, the greatest adventure

to find Him, the greatest human achievement.

Pray as though everything depended on God. Work as though everything depended on you.

You aspire to great things? Begin with little ones.

There are wolves within, and there are sheep without

I was unhappy and so is every soul unhappy which is tied to its love for mortal things when it loses them, it is torn in pieces, and it is then that it comes to realize the unhappiness was there even before it lost them.

Our heart is restless until it rests in You.

Resentment is like drinking poison and waiting for the other person to die.

Beauty grows in you to the extent that love grows, because charity itself is the soul's beauty

What does love look like? It has the hands to help others. It has the feet to hasten to the poor and needy. It has eyes to see misery and want. It has the ears to hear the sighs and sorrows of men. That is what love looks like.

It was pride that changed angels into devils; it is humility that makes men as angels.

Right is right even if no one is doing it; wrong is wrong even if everyone is doing it.

A good man, though a slave, is free but a wicked man, though a king, is a slave. For he serves, not one man alone, but what is worse, as many masters as he has vices.

The Holy Scriptures are our letters from home.

Faith is to believe what you do not see; the reward of this faith is to see what you believe.

Confessions: Commentary on Books 1-7

The Confessions of Augustine have long both demanded and eluded the sustained and serious attention to detail that a scholarly commentary can provide. This new work in three volumes is a major new reference in Augustine scholarship. A revised Latin text of the Confessions in Volume I forms the basis for a detailed line-by-line commentary (Volumes II and III) designed to elucidate the many layers of meaning in the work. Extensive quotation and abundant citation of Augustine's own writings, of the scriptural texts that were never far from his mind, and of the works of his intellectual forebears (chief among them Cicero, Plotinus, and Ambrose) are meant to provide one essential context for reading the Confessions. Placing the emphasis primarily on exegesis, O'Donnell opens up new lines of interpretation, and gives a wealth of fresh detail to some more familiar themes. The place of the Confessions in Augustine's own life and in the history of Christian literature is also discussed and illuminated.

Confessions: Commentary books 1-7

Written in 397 A.D., Confessions is the autobiography of Augustine of Hippo, a moving and profound record of a human soul and its struggles toward salvation. The most widely read of all his works, it not only tells the story of Augustine's struggle in the faith, but also his love for Jesus Christ.

An commentary on the Latin text of St. Augustine's Confessions intended for beginning and intermediate students of Latin. The commentary uses and is based on the text of James O'Donnell and makes considerable use both of his commentary as well as Gillian Clark's commentary, while remaining keyed to questions pertinent for beginning students, i.e., grammar, syntax, and morphology.

Augustine Confessions: Augustine Confessions

Unique in all of literature, the Confessions combines frank and profound psychological insight into Augustine's formative years along with sophisticated and beguiling reflections on some of the most important issues in philosophy and theology. The essays contained in this volume, by some of the most distinguished recent and contemporary thinkers in the field, insightfully explore Augustinian themes not only with an eye to historical accuracy but also to gauge the philosophical acumen of Augustine's reflections.

"As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo."--Publisher's website.

Augustine: Confessions Books V–IX

This book presents new interpretations of essential and well-known passages from Augustine's Confessions. In ten chapters, Augustinian specialist Johannes van Oort analyzes and explains many essential passages in the work from the background of Augustine's thorough knowledge of Manichaeism. This 'Gnostic' variant of Christianity exerted a great influence on the North African Augustine, as evidenced in his most famous and (arguably) most influential work. In a new light appear such figures as Monnica, Ponticianus, Lady Continence, the rather obscure African bishop who speaks of Augustine as "a son of such tears"; events such as the 'illustrious' pear theft, the coming of "a glorious young man" to dreaming Monnica, Augustine's dramatic conversion; basic features such as his concept of 'God', deep sense of (sexual) sin, highly influential reflections on memory, fundamental view of Christ as God's Right Hand and, perhaps most importantly, his mystical spirituality.

Augustine Confessions: Augustine Confessions

This important collection reveals that Augustine's political thought drew on and diverged from the classical tradition, contributing to the study of questions at the center of all Western political thought.

Augustine's Confessions: Ten Studies

From Pulitzer Prize–winner Garry Wills, the story of Augustine's Confessions In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the Confessions--what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Following Wills's biography of Augustine and his translation of the Confessions, this is an unparalleled introduction to one of the most important books in the Christian and Western traditions. Understandably fascinated by the story of Augustine's life, modern readers have largely succumbed to the temptation to read the Confessions as autobiography. But, Wills argues, this is a mistake. The book is not autobiography but rather a long prayer, suffused with the language of Scripture and addressed to God, not man. Augustine tells the story of his life not for its own significance but in order to discern how, as a drama of sin and salvation leading to God, it fits into sacred history. "We have to read Augustine as we do Dante," Wills writes, "alert to rich layer upon layer of Scriptural and theological symbolism." Wills also addresses the long afterlife of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With unmatched clarity and skill, Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic.

Augustine's Political Thought

Augustine: From Rhetor to Theologian arose from a conference held at Trinity College, Toronto, to celebrate the 1600th anniversary of the conversion to Catholic Christianity of Augustine of Hippo. Fifteen papers from international scholars make up this book. Augustine set his stamp on the Latin Church, yet only in the twentieth century, with its profound, even paradigmatic change did the descendants of that church -- Anglican, Reformed, and Roman Catholic -- recognize the degree to which their inbred attitudes and theological positions were "Augustinian." It is, however, another measure of the

importance of Augustine that many aspects of his life and meanings of his writings are still disputed. This continuing investigation and debate is evidenced in this volume.

Augustine's Confessions

The essays here show the interface and relevance of psychology to theology (and vice versa), and they do so in a way that will be useful to upper-level undergraduate or graduate-level courses in religious studies. The collection is also useful for presenting classic essays as well as new essays appearing here for the first time.

Saint Augustine's Confessions Book 8

Augustine's Confessions is one of the most significant works of Western culture. Cast as a long, impassioned conversation with God, it is intertwined with passages of life-narrative and with key theological and philosophical insights. It is enduringly popular, and justly so. The Routledge Guidebook to Augustine's Confessions is an engaging introduction to this spiritually creative and intellectually original work. This guidebook is organized by themes: the importance of language creation and the sensible world memory, time and the self the afterlife of the Confessions. Written for readers approaching the Confessions for the first time, this guidebook addresses the literary, philosophical, historical and theological complexities of the work in a clear and accessible way. Excerpts in both Latin and English from this seminal work are included throughout the book to provide a close examination of both the autobiographical and theoretical content within the Confessions.

The Theology of Augustine's Confessions

Understanding Religious Conversion begins with emphasis on the value of respecting religious/theological interpretations of conversion while coordinating social scientific studies of how personal, social, and cultural issues are relevant to the human transformational process. It encourages us to bring together the perspectives of psychology, sociology, anthropology, and religious studies into critical and mutually-informing conversation for establishing a richer and more accurate perception of the complex phenomenon of religious conversion. The case of St. Augustine's conversion experience superbly illustrates the complicated and multidimensional process of religious change. By critically extending the contributions of the literature within Lewis Rambo's interdisciplinary framework, Dong Young Kim presents a more integrated picture of how personal, social, cultural, and religious/theological components interact with one another in the process of Augustine's conversion. In doing so, he has struggled with how to relocate more effectively and practically the conversion narrative of Augustine within the context of pastoral care and ministry (and the field of the academy)--in order to facilitate a better understanding of the conversion stories of the church members as well as to enhance the experiences of religious conversion within the Christian community.

Confessions: Commentary on Books 8-13 ; Indexes

Augustine of Hippo, indisputably one of the most important figures for the study of memory, is credited with establishing memory as the inner source of selfhood and locus of the search for God. Yet, those who study memory in Augustine have never before taken into account his preaching. His sermons are the sources of memory's greatest development for Augustine. In Augustine's preaching, especially on the Psalms, the interior gives way to communal exterior. Both the self and search for God are re-established in a shared Christological identity and the communal labors of remembering and forgetting. This book opens with Augustine's early works and Confessions as the beginning of memory and concludes with Augustine's Trinity and preaching on Psalm 50 as the end of memory. The heart of the book, the work of memory, sets forth how ongoing remembering and forgetting in Christ are for Augustine are foundational to the life of grace. To that end, Augustine and his congregants go leaping in memory together, keep festival with abiding traces, and become forgetful runners like St. Paul. Remembering and forgetting in Christ, the ongoing work of memory, prove for Augustine to be actions of reconciliation of the distended experiences of human life-of praising and groaning, labouring and resting, solitude and communion. Augustine on Memory presents this new communal and Christological paradigm not only for Augustinian studies, but also for theologians, philosophers, ethicists, and interdisciplinary scholars of memory.

Augustine: Confessions Books I-IV

This volume honors the Rev. Professor James McEvoy on the occasion of his sixtieth birthday. The theory of friendship, which has been one of McEvoy's major fields of research and publication, used to be at the heart of the philosophical project, and indissociable from it. For Socrates, philosophy was possible only as the pursuit of wisdom, virtue, and beauty in a community of friends engaged in an "erotic" quest for the good. The present volume wants to make a contribution to the recovery of the friendship theme in its central importance to philosophy. It contains eighteen contributions by colleagues and pupils of Professor McEvoy from three different continents, who approach the topics of friendship, love, and charity from a variety of different angles. Several contributions are devoted to the theory of friendship in ancient and medieval thought, including its Christian appropriation. Others analyze friendship in modern and contemporary philosophy, while two contributors introduce cross-cultural perspectives (Hinduism and traditional African thought). This volume will help to throw into higher relief the importance of the philosophy of friendship, as well as stimulating further discussion on this intriguing topic.

Augustine the Reader

An invitation to readers from every walk of life to rediscover the impractical splendors of a life of learning. In an overloaded, superficial, technological world, in which almost everything and everybody is judged by its usefulness, where can we turn for escape, lasting pleasure, contemplation, or connection to others? While many forms of leisure meet these needs, Zena Hitz writes, few experiences are so fulfilling as the inner life, whether that of a bookworm, an amateur astronomer, a birdwatcher, or someone who takes a deep interest in one of countless other subjects. Drawing on inspiring examples, from Socrates and Augustine to Malcolm X and Elena Ferrante, and from films to Hitz's own experiences as someone who walked away from elite university life in search of greater fulfillment, *Lost in Thought* is a passionate and timely reminder that a rich life is a life rich in thought. Today, when even the humanities are often defended only for their economic or political usefulness, Hitz says our intellectual lives are valuable not despite but because of their practical uselessness. And while anyone can have an intellectual life, she encourages academics in particular to get back in touch with the desire to learn for its own sake, and calls on universities to return to the person-to-person transmission of the habits of mind and heart that bring out the best in us. Reminding us of who we once were and who we might become, *Lost in Thought* is a moving account of why renewing our inner lives is fundamental to preserving our humanity.

Understanding Religious Conversion

Mani and Augustine: collected essays on Mani, Manichaeism and Augustine gathers in one volume contributions on Manichaean scholarship made by the internationally renowned scholar Johannes van Oort. The first part of the book focuses on the Babylonian prophet Mani (216-277) who styled himself an 'apostle of Jesus Christ', on Jewish elements in Manichaeism and on 'human semen eucharist', eschatology and imagery of Christ as 'God's Right Hand'. The second part of the book concentrates on the question to what extent the former 'auditor' Augustine became acquainted with Mani's gnostic world religion and his canonical writings, and explores to what extent Manichaeism had a lasting impact on the most influential church father of the West.

Augustine on Memory

What can we learn from Augustine about apologetics? This book shows how Augustine defended the faith in late antiquity and how his approach to engaging the culture has great significance for the apologetic task today. Joshua Chatraw and Mark Allen, coauthors of the award-winning *Apologetics at the Cross* (an Outreach magazine and Gospel Coalition Resource of the Year), recover Augustine's mature apologetic voice to address the challenges facing today's church. The *Augustine Way* offers a compelling argument for Christian witness that is rooted in tradition and engaged with contemporary culture. It focuses on Augustine's best-known works, *Confessions* and *The City of God*, to retrieve his scriptural and ecclesial approach for a holistic apologetic witness. This book will be useful for students as well as for pastors, church leaders, and practitioners of Christian apologetics. It puts pastors and churches back at the center of apologetics, transcending popular contemporary methods with a view to a more effective witness in post-Christendom.

Amor Amicitiae

This book examines how early Christians cultivated affective compassion as a virtue in a Roman world that valued emotional tranquillity.

Lost in Thought

Chihuahuas are the world's tiniest dogs, but that doesn't stop them from being some of the bravest and boldest canines around! Right off the bat, you'll meet Zoey, a five-pound Chihuahua who saved her one-year-old companion from a rattlesnake bite by getting bitten herself! Where did this courage come from? Perhaps it came from the Chihuahua's ancestors, who lived with the Toltecs and Aztecs of Mexico as far back as 1,000 years ago. Today, the little dog is found in the homes of everyday citizens, in movies such as *Legally Blonde*, and even in Taco Bell commercials. *Chihuahua: Señor Tiny* is a narrative treat for dog lovers that includes amazing, real-life stories about these little pups while also recounting the breed's history and its relationship to the animal's physical characteristics, personality, and suitability as a pet. *Chihuahua: Señor Tiny* is part of Bearport's Little Dogs Rock! series.

Mani and Augustine

In this new translation the brilliant and impassioned descriptions of Augustine's colourful early life are conveyed to the English reader with accuracy and art. Augustine tells of his wrestlings to master his sexual drive, his rare ascent from a humble Algerian farm to the edge of the corridors of high power at the imperial court of Milan, and his renunciation of secular ambition and marriage as he recovered the faith that his mother had taught him. It was in a Milan garden that Augustine finally achieved the act of will to Christian conversion, which he compared to a lazy man in bed finally deciding it is time to get up and face the day. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Augustine Way

Popular author and philosopher Peter Kreeft delves into one of the most beloved Christian classics of all time--Augustine's Confessions. He collects key passages and offers incisive commentary, making Confessions accessible to any reader who is both intellectually curious and spiritually hungry. The Confessions is a dramatic personal narrative of a soul choosing between eternal life and death, an exploration of the timeless questions great minds have been asking for millennia, and a prayer of praise and thanksgiving to God. I Burned for Your Peace is not a scholarly work but an unpacking of the riches found in Augustine's text. It is existential, personal, and devotional, as well as warm, witty, and thought-provoking. With Kreeft to guide them, readers of the Confessions can overhear and understand the intimate conversation between a towering intellect and the God whose peace he at last humbly accepts.
