Surprisingly, there are few book-length studies available that approach the poems in Charles Baudelaire's collection on an individual basis. Understanding "Les Fleurs du Mal" fills this gap by providing students and serious readers with clear, scholarly "explications" to many of the most widely read of Baudelaire's poems.

La vie en fleur

Crane rasé et santiags, Lucas est un paumé des temps modernes, caïd d'une bande de zonards sans ambition. Sur son chemin, il rencontre une aveugle et un nain qui vont effacer sa part d'ombre mais, quand ses compagnons de rue se livrent à un meurtre gratuit, il comprend qu'il doit fuir son destin. Dans cette cavale, il va rencontrer ce qu'il y a de meilleur et de pire chez l'homme, et le bout du tunnel restera longtemps inaccessible. Maud Tabachnik nous propulse dans les bas-fonds de la condition humaine pour aller voir si l'espoir pourrait y repousser...

The Ironic Temper

Après « Coeur subtil et intuitions naturelles », témoignant du chakra du coeur dans la vie quotidienne, Dominique Ramassamy nous présente une théorie inédite et magnifique : Le Yoga du coeur subtil. Loin d'une construction purement intellectuelle, le Yoga du coeur provient de nombreuses expériences authentiques, au sein des stages et séminaires. Il représente une synthèse s'appuyant sur la psychologie des chakras et la philosophie du Yoga, selon une science spirituelle d'il y a dix mille ans. L'auteur décrit avec simplicité les concepts nouveaux propres au Yoga du coeur : l'ouverture d'un 7ème sens, le règne du Ventral, la force d'âme, le coeur-tendre et ses désillusions, le sens de « je suis amour », l'impasse de l'affectif, le pouvoir des lumières, les idées fausses sur le mental, du bourgeon d'âme au vrai Moi, les mantras du coeur, le langage de l'âme, l'énergie de l'Amour-Compassion, etc. Émerveillé par la puissance de l'énergie du coeur, l'auteur crée le terme de médit'action, dont il décrit l'effet libérateur sur nos chaînes émotionnelles. Une nuance capitale est soulignée : le coeur est radicalement différent des émotions, bien que ses capacités permettent de clarifier les émotions. De plus, il nous relie à notre âme (la psyché) et ouvre la porte d'un Amour universel, en utilisant des techniques simples et accessibles à tous. Enfin, si le Yoga du coeur nous propose une nouvelle lecture de la vie, sur un plan individuel, il permet également un regard original sur la société et le monde, en proie aux symptômes exacerbés de violence et déshérence. Le Yoga du coeur n'est pas une religion, souligne l'auteur; il n'y a ni rituel, ni divinités, ni guru; simplement un art de vivre : Réaliser la présence de quelque chose qu'on appelle l'âme, le Moi intérieur, ou autre, c'est retrouver de la force, de la lumière, du soutien, pour faire de la vie non pas un défi permanent contre le stress, mais un moyen d'accomplissement, vers la jouissance radieuse de l'Existence.

French Short Stories: Belle Époque Scandal

The classic conception of human transcendental consciousness assumes its self-supporting existential status within the horizon of life-world, nature and earth. Yet this assumed absoluteness does not entail the nature of its powers, neither their constitutive force. This latter call for an existential source reaching beyond the generative life-world network. Transcendental consciousness, having lost its absolute status (its point of reference) it is the role of the logos to lay down the harmonious positioning in the cosmic sphere of the all, establishing an original foundation of phenomenology in the primogenital onto-poiesis of life.

LE PETIT PIERRE

La transculturalité constitue une nouvelle façon de concevoir les cultures, c'est-à-dire non plus comme des îlots distincts, mais plutôt comme des réseaux interactifs de sens et de pratiques. Ces identités transculturelles qui n'entrent pas aisément dans le seul moule d'une nation ou d'une ethnie abondent particulièrement dans les Amériques, par exemple les Chicanos, les Franco-Ontariens, les Créoles et les immigrants de deuxième et de troisième génération. De Québec à l'Argentine, cet ouvrage se penche sur ces identités qui se construisent au carrefour de la similitude et de la différence. -- Transculturality is a new way of viewing culture that sees cultures not as separate islands that are easily differentiated from one another, but as connected and interacting webs of meaning and practice. The Americas in particular offer many examples of transcultural identities that do not fit easily into one national or ethnic mold: Chicanos, Franco-Ontarians, Creoles, and second and third generation immigrants. From Quebec to Argentina, this volume explores these identities which create themselves in a space between sameness and difference.

Les Fleurs du mal (English: The Flowers of Evil) is a volume of French poetry by Charles Baudelaire. First published in 1857, it was important in the symbolist and modernist movements. The poems deal with themes relating to decadence and eroticism. This Bilingual English - French edition provides the original text by Baudelaire and its English translation by Cyril Scott. The initial publication of the book was arranged in six thematically segregated sections: 1. Spleen et Idéal (Spleen and Ideal) 2. Tableaux parisiens (Parisian Scenes) 3. Le Vin (Wine) 4. Fleurs du mal (Flowers of Evil) 5. Révolte (Revolt) 6. La Mort (Death) Baudelaire dedicated the book to the poet Théophile Gautier, describing him as a parfait magicien des lettres françaises ("a perfect magician of French letters"). The foreword to the volume, Au Lecteur ("To the Reader"), identifying Satan with the pseudonymous alchemist Hermes Trismegistus. The author and the publisher were prosecuted under the regime of the Second Empire as an outrage aux bonnes moeurs ("an insult to public decency"). As a consequence of this prosecution, Baudelaire was fined 300 francs. Six poems from the work were suppressed and the ban on their publication was not lifted in France until 1949. These poems were "Lesbos"; "Femmes damnées (À la pâle clarté)" (or "Women Doomed (In the pale glimmer...)"); "Le Léthé" (or "Lethe"); "À celle qui est trop gaie" (or "To Her Who Is Too Joyful"); "Les Bijoux" (or "The Jewels"); and "Les Métamorphoses du Vampire" (or "The Vampire's Metamorphoses"). These were later published in Brussels in a small volume entitled Les Épaves (Scraps or Jetsam). On the other hand, upon reading "The Swan" (or "Le Cygne") from Les Fleurs du mal, Victor Hugo announced that Baudelaire had created "un nouveau frisson" (a new shudder, a new thrill) in literature. In the wake of the prosecution, a second edition was issued in 1861 which added 35 new poems, removed the six suppressed poems, and added a new section entitled

Tableaux Parisiens. A posthumous third edition, with a preface by Théophile Gautier and including 14 previously unpublished poems, was issued in 1868.
