The Choices I've Made

High school sweethearts reunite in this heartfelt second chance romance. Twelve years ago, he drove away with my heart in his hands. I've moved on since then. Or so I thought. Growing up in a small town, there weren't many options when it came to friends. But, even in a sea of a million, I'd always choose Jake Jameson. He made me feel safe - safe with my secrets, dreams, and eventually – my heart. I believed we would have forever together. That was a long time ago. I thought I'd forgotten those piercing blue eyes and the sound of his laugh. I tried to obliterate the memory of his touch from my mind. Yet, one single glance as he stands at my door twelve years later, and I'm instantly transported back to a simpler time when love was effortless and my heart was whole. The problem? I'm marrying his best friend.

The Choices I've Made

A single choice in life can make a ripple or a wave... When it comes to love, that choice can cause a tsunami. Choose wisely. Dr. Jake Jameson knows this all too well. Losing his mother at the age of eighteen, he walks away from his small hometown and the painful memories it holds, vowing to never return again. Twelve years later, he finds himself driving back down the coast of North Carolina. When his father leaves him a small medical practice, he has no choice but to heed the call until he can find someone else to take it off his hands. But coming back home means facing everything he left behind, including the one woman who might make it impossible to leave again. Molly McIntyre has spent her entire life in one town. Taking over her parents' small inn, she's settled into a quiet, happy life. But all of that comes to an abrupt halt when Jake shows up at her door in need of a place to stay. Molly loathes everything about this man, but she can't find it in her heart to refuse his request. After over a decade, these former lovers quickly discover what once burned brightly between them has only grown in their time apart. Soon they must decide if the choices they've made have led them back to each other for a second chance or one final goodbye.

The Lies I've Told

Things heat up when a sexy British artist takes a room in her family's inn. I thought I had it all figured out... And then he showed up. Growing up in a small town, I had one singular goal — get the heck out. After high school graduation, I never planned on moving back. However, life can throw some serious curveballs, and after losing my job, I seek solace at the safest place I know— my family's inn. That's when I meet him. Aiden Fisher is a British artist who has taken up residence just across the hallway. He's wicked hot, a huge flirt, and has one of the sexiest accents I've ever heard. Suddenly, this small town doesn't seem so terrible. But can I trust a man I just met... with my heart?

Fall of the Dragons

To save the world, Charles, the Grail Child Rose Dyson, and Edmund McGee must travel deep into the past to discover the identity of the mythical Architect of the Keep of Time.

The Choices We Made

First published a decade ago, a collection of testimonials from women denied access to legal abortion shares the stories of teenagers, college students, and young mothers and offers a passionate argument for access to safe, legal abortions. Original.

"Thoughts From Within" and Other Poems

This collection of poems honors the Everyday: a mother's birthday, a grandparent's passing, a broken heart, the students she advocates for and supports in their own artistic quests.

Coming into My Wisdom

After the break up of a long distance relationship, Kaya began to write from the depths of her soul while struggling to become empowered and grounded in her own life. Who I had become was someone I didn't really know. This woman didn't fit the stereotypes I had grown up with. I had not been raised to have a voice, nor to know my truth. When I began to write, floodgates began to open. I developed a new clarity about my emotions. This replaced the space in my heart and life where there was once only confusion and uncertainty. As I began to write and share my words with other women, I developed more courage and began to overcome my fears about creating my own unique path to follow. Kaya's poems about her journey of self-discovery and transformation at midlife have common themes for all women struggling to give birth to their own voice.

Communicating Success

Corporations large and small, political figures, artists, and organizations: all of them need public relations to make their products or services known, to stimulate interest in a brand name, or to build the right image. As a result, recognition of the importance of communications is steadily growing, and interest in working in the PR field is on the rise. But those who want to enter the profession can't forget that making a name for oneself takes skill, diplomacy, creativity, and well-focused training. In this lively guide, Tiziana Rocca, an undisputed public-relations leader, shares her approach and her vision for the profession. Rocca begins with a series of reflections on the nature and the goals of PR, then turns to an examination of key aspects of professionalism: service quality, relationships with clients, and the human values that must be reinforced on a day-to-day basis. A large section of the book is dedicated to issues related to marketing and publicity, to managing information, and to the profession's concrete aspects: the creation of successful events, the modern art of entertaining, practical work tools and strategies, and effective collaboration with coworkers and team members. Experience, ideas, guidelines, and tips: Rocca's guide is a decisive leg up for anyone who wants to stand out in the complex and diverse world of communications.

The Choices We Make Dictate the Life We Lead

We all have choices to make. What we sometimes fail to realize is that with each choice comes a consequence. Eric Daniels has put together a short compilation of his life story, the choices he made, and the life he has led as a result of those choices. Some choices were good ones and some were not so good, but each choice taught a lesson. If the reader takes even a few of these lessons and applies them to their own life, then the time spent reading this book will be more than worth it. In all, Daniels has 105 lessons. All the lessons keep bringing the reader back to the biggest lesson of all; "The Choices We Make, Dictate The Life We Lead." Serious, funny, sad, and extremely real, this life story will keep you entertained as you learn what choices are all about.

Against Democracy

A bracingly provocative challenge to one of our most cherished ideas and institutions Most people believe democracy is a uniquely just form of government. They believe people have the right to an equal share of political power. And they believe that political participation is good for us—it empowers us, helps us get what we want, and tends to make us smarter, more virtuous, and more caring for one another. These are some of our most cherished ideas about democracy. But, Jason Brennan says, they are all wrong. In this trenchant book, Brennan argues that democracy should be judged by its results—and the results are not good enough. Just as defendants have a right to a fair trial, citizens have a right to competent government. But democracy is the rule of the ignorant and the irrational, and it all too often falls short. Furthermore, no one has a fundamental right to any share of political power, and exercising political power does most of us little good. On the contrary, a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse—more irrational, biased, and mean. Given this grim picture, Brennan argues that a new system of government—epistocracy, the rule of the knowledgeable—may be better than democracy, and that it's time to experiment and find out. A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable, *Against Democracy* is essential reading for scholars and students of politics across the disciplines.

The Saint, the Surfer, and the CEO

From the bestselling author of *The Monk Who Sold His Ferrari* A chance encounter following a near-death experience sends Jack Valentine on a paradigm-shifting quest to understand the true meaning of life and find his most authentic self Jack Valentine seemed to have it all. He made good money as an ad man and looked good doing it. He had a hot apartment, cool friends, even a slick car—at least until the hectic Monday morning a truck smashed into it, sending the critically injured Jack to the hospital. Everything happens for a reason, though, and Jack's reason reveals itself in the silver-haired cancer patient who becomes his roommate one evening. The elderly man, Cal, shares his life story—one not dissimilar to Jack's—of material wealth masking a gaping hole within. Cal ultimately found salvation through philosophy ("the love of wisdom"), and now offers to help Jack by prepping the younger man for the Final Questions we all must face: Have I lived wisely? Have I loved well? Have I served greatly? Presenting Jack with three plane tickets, each accompanied by a map marked with a red X, Cal sends Jack to meet with three great teachers, each of whom will help Jack answer one of the Final Questions—just as they once helped Cal. First, in Rome, Jack will meet "the Saint." Then a haunted beach in Hawaii introduces him to "the Surfer." And finally the grandeur of New York City sets the stage for his last encounter: with "the CEO." Along the way, Jack will learn to do his interior work, discover that our negative traits offer gateways to higher versions of ourselves, and understand that figuring things out in your head can distract you from the powerful whispers of your heart. Join Jack on his journey and step into the you that you were always meant to be.

NIDA Research Monograph

Queer Journey embraces the personal challenges that gay teenagers and gay men deal with in their lives. It captivates readers as his words take you from childhood to his adulthood. In his candid language and personal case history, Dr. Alexis Rodriguez writes how he disguised his own sexuality with childhood depression, low self-esteem and self-destructive behavior. In this "say all" autobiography, he writes about growing up gay and the issues he dealt with as a gay man. He describes the dilemma of his closeted heterosexual marriage and his affairs with men. As his sexuality continued to evolve and surface, so did his self-destructive behavior. Alcohol, drugs and prostitution ultimately led him to reach rock bottom. His words are inspirational and touching to those that are in similar circumstances. Rodriguez writes about becoming a survivor.

Queer Journey

Composed of his 96 most memorable columns, this outstanding collection is a dramatic testament to the quality of writing and thought of Salon.com's Cary Tennis. For more than 6 years, Tennis has earned a name for himself as an advice-columnist extraordinaire, addressing issues like sexual rejection, marriage, and suicide with sensitivity and style. Long-term fans will be delighted to find nearly a hundred of their favorite columns—chosen according to their recommendations and gathered into one volume—and new readers will be inspired by the highly literate and passionate responses that Tennis provides for his troubled petitioners.

How I Can Make Decisions

"Phenomenal! Immediately pulled me into the story and I couldn't set the book down until I'd finished... This will be one of those books that I reach for time and again." Goodreads reviewer P don't know what I'd expected to find. Pictures of her mother, maybe, or a locket. Instead, there was a letter. My breath came fast as I read the first few sentences... When Julie's mother falls ill, she has no choice but to return to her parents' Wisconsin resort, Wood Violet, for the summer. Away from the pressures of city life, Julie also hopes the trip will give her and husband Tristan the chance to heal after the heartbreak of another miscarriage. Back home, surrounded by nature and old friends, Julie starts to feel a sense of calm she'd thought she'd lost forever. But her fragile peace is shattered when she stumbles upon an eighteen-year-old girl hiding out in an abandoned cabin. The girl, Margaret, seems lost in the world and Julie wants to help her. But when she finds the letters in her backpack, Julie realizes she isn't telling the whole truth about why she's here. And if Margaret finds what she's looking for, it could expose a long-buried secret that could destroy Julie's family's reputation and tear all their lives apart... A beautiful and emotional story about love, betrayal and finding your true home, from the bestselling author of *The Lighthouse Keeper*. Fans of Mary Ellen Taylor, Barbara O'Neal and *This is Not How it Ends* will adore Cynthia Ellingsen's captivating novel. What readers are saying about *The Choice I Made*: "Kept me turning the pages... I couldn't put it down and finished it in a day!... feels like a warm hug." Making Love Last Forever

Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows

how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

I've Got Something to Say

What is a sacred moment? Is it a big, sudden change in the direction of your life or your physical or mental state? Or is it a moment in which you understood your fears or made a choice to let something go? We may find our lives full of fear, hurt, or pain of loss, and even though these daily experiences have not caused major earthquakes or volcanic eruptions around the world, it is in these moments of our daily lives that we must look for our answers. In *Small Steps, Huge Changes: The Extraordinary Moments of an Ordinary Life*, writer Phyllis Reed shows us how it is possible to discover healing and joy by choosing to take just one small, courageous step. Through reflections, remembrances, poems, and vignettes, Reed tracks her own small steps through realms as varied as love, parenthood, loneliness, fear, and connecting to places, other people, and holy presence. Each true story, told in Reeds conversational, nurturing tone, is a tribute to those who have found ways to live happily and healthily after great difficulties to see the extraordinary in their everyday experiences. Taken as a whole, these moments of rising and falling, of joy and defeat, become our sacred lives. Our sacred moments are our greatest gifts, and the choice is ours to step forward and accept and learn from them.

The Paradox of Choice

In the early morning hours at a remote New England airport, a string of seemingly unrelated and puzzling incidents unfolds. Hugh Clayton, a happy-go-lucky local, stuns passersby as he runs frantically and blindly through airport traffic lanes and is fatally struck by an unseen, oncoming vehicle. Meanwhile, a young girl in protective custody breaks free from her flight deputy and runs from the terminal, scampering away to freedom. Elsewhere, a cell phone containing damning evidence against a neighborhood crime boss is stolen at the airport from a key witness ready to spill the beans and reveal a bunch of dirty little secrets. Such are the circumstances facing Beau Clayton, brother of the traffic victim, and Grace Bohannon, Hugh's fiancé. The two are thrown together by fate and circumstance at the airport terminal and become trapped in a dark and ruthless underworld of violence, human trafficking, and thievery. Nothing could have prepared them for the dangers that now lurk seemingly behind every corner, but the two are committed to saving innocent lives and putting the guilty offenders behind bars, even if it means taking justice into their own hands.

Small Steps, Huge Changes

Life has its ups and downs. I've been up: and God knows, I've been down; however, remaining up or standing down will be determined by the choices we make. I've made some bad choices in life but I've discovered through the Grace of God... Testimonies are created through the choices we make. This book is a reflection of the choices I've made and the testimonies God gave. I pray that it bless the soul of every reader!

The Choices He Made

A classic tale of espionage on the eve of the first world war. A murdered British civil servant. Stolen Government documents. A fleeing German agent. Events that presage a desperate new assignment for secret service agent Alexander Templeman. Tasked with helping to keep an escaping German scientist out of the hands of ruthless enemy agents, Templeman will soon find himself isolated and fighting for his very life. If the uncertain and inexperienced agent fails in his mission it will see Great Britain left at a potentially fatal disadvantage in the coming war. The second adventure in this classic old fashioned espionage series, strongly flavoured with period details, marvellous characters and a fast-paced plot. If you like John Buchan and Erskine Childers then you'll love this one.

When You Lose Your Job

The Great Mental Models: General Thinking Concepts

Tessa is a 17 year old high school senior. After her mother's untimely death, Tessa finds herself living in Townsend; her mother's perfect home town. She struggles to adjust to her new surroundings, and to learn who she really is - without her mother's positive influence. To complicate matters, there is something very... off... about Townsend. Ultimately, Tessa finds herself in a position where one decision will determine, not only who she is as a person, but whether she will live or die. TESSA The culmination of my entire life has solidified into this one moment. People say your life flashes before your eyes just before you die...it doesn't. It plays in slow motion; dragging every ounce of anger, every stab of hope, every devotion of love, and every heartbreak to the surface and put on display. My body has frozen in time as my mind catalogs every action, decision, and choice that has led me to this moment. I can even hear the pause between the pounding beats of my heart. I'm going to die today. I take a deep breath, suddenly appreciating the air I can still pull into my lungs. My mind keeps throwing these same two memories at me. Bright blue eyes and a slamming door. Over and over again, like I somehow got stuck on repeat. Wait. I see it. The choice that will set me free. My senses awaken and the details of my surroundings come flooding back to me. There is a screaming in the background. But that doesn't matter now. I've made my choice. I savor the joy that is now coursing through my body. Yes. I will live. I will thrive.

The Meyer-Hoffman Affair

What's better? A bird in your hand or two in the bush? Jump the fence at the lowest or highest point? And what does that have to do with Harry Potter, Tenzing Norgay, Paris Hilton and Aristotle? Are you and Tony Soprano searching for the same things as Socrates did? And what does a Swedish punk rock band have in common with the philosopher Spinoza? It s about dreams, ups and downs and motivation. Mainly, it s not only about becoming someone, but how important it is just to be on your way. And don't forget that everyone can surprise him or herself, and do something unique and special in their lives. It might not be as difficult as you think.
