M. Tullius Cicero's 'Pro A. Cluentio Oratio' is a celebrated ancient Roman defense speech delivered in 66 BC. This powerful oration sees Cicero defending Aulus Cluentius Habitus against charges of poisoning his stepfather, Oppianicus. M. Tullii Ciceronis Pro A. Cluentio oratio

Excerpt from M. Tulli Ciceronis: Pro A. Cluentio Oratio ON the publication, in 1895, of my revised translation of the Pro Cluentz'o, the suggestion was made by more than one kindly critic that, in View Of the new matter presented in the introduction and notes, I ought to undertake an edition Of the speech itself. Not long afterwards an invitation to prepare the present volume reached me from the publishers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find

Pro Cluentio

Excerpt from M. Tullii Ciceronis Oratio Pro A. Cluentio Habito Hiberet, sed multis locis qui vulgo sine suspitione legebantur, egregias et insperatas emendationes solus affert. Lam tum persuasum mihi habebam duas esse perpetua varietate inter se dissidentes orationis nostrae recensiones et eam quidem quae a imperita manu confecta longe plerumque scriptis ex exemplis propagata esset etiam in impressos libros principio transisse, nec nisi paucis locis postea correctam ad hodiernum usque diem vulgari. Cui sententiae maior fides accessit quum palimpsestum Taurinensem venerandae vetustatis volumen cuius orationum Ciceronianarum fragmenta egregia cura Cl. Peyronius contulit saepissime cum praestanti codice Florentino consentire viderem etiam ubi nulla ex ceteris mss. M. Tullii Ciceronis Pro A. Cluentio oratio

Cicero's speech on behalf of Roscius of Ameria in Umbria represents his first public 'cause celebre' in 80 BC when he was just twenty-six. It followed closely the notorious proscriptions made under the dictator Sulla. One of Sulla's freedman favourites, Chrysogonus, had criminally contrived to have Roscius' wealthy father's name added to the list of the proscribed after his death and after closure of the list, with the aim of depriving Roscius of his substantial inheritance. Cicero's speech, one of his most straightforward and yet powerful, brought him into immediate political danger but at the same time established him as a fearless forensic orator. Donkin's edition, first published as one of the history 'red Macmillan' series, has never been bettered for its concise, yet detailed, introduction and its annotation covering matters of language and content.

M. Tullii Ciceronis Pro A. Cluentio Habito Oratio Ad Iudices. With English Notes, by Austin Stickney

This volume is intended as a companion to the study of Cicero's oratory and rhetoric for both students and experts in the field: for the neophyte, it provides a starting point; for the veteran Ciceronian scholar, a place for renewing the dialogue about issues concerning Ciceronian oratory and rhetoric; for all, a site of engagement at various levels with Ciceronian scholarship and bibliography. The book is arranged along roughly chronological lines and covers most aspects of Cicero's oratory and rhetoric. The particular strength of this companion resides in the individual, often very original approach to sundry topics by an array of impressive contributors, all of whom have spent large portions of their careers concentrating upon the oratorical and rhetorical oeuvre of Cicero. A bibliography of relevant items from the past 25 years, keyed to specific Ciceronian works, completes the volume. Brill's Companion to Cicero will become the standard reference work on Cicero for many years.
