The lofty Countess of Marshwood's son Nigel brings home a Hollywood starlet in this satire of the British post-war classes.

Relative Values

In Coward on Film: The Cinema of Noël Coward, author Barry Day documents every film based on Coward's work and/or in which he appeared. The result is an astounding list of film credits, including--on occasion--that of composer. Judged on his contribution to cinema alone, Noël Coward would have left a legacy matched by very few. With this detailed chronicle--which includes quotes from Coward himself and a complete filmography--Coward on Film stands as a fitting tribute to that legacy.

Noel Coward In His Own Words

Containing Coward's best work from the last two decades of his life, this volume includes Relative Values, which ran for over a year in 1951-2, Look After Lulu (1959), his perennially popular Feydeau adaptation, Waiting in the Wings (1960), a bravura piece set in a home for retired actresses, and Suite

in *Three Keys* (1965), a trilogy of plays which gave Coward his last roles on stage. The volume is introduced by Sheridan Morley, Coward's first biographer, and includes an extensive chronology of Coward's work.

Brief Encounter

Three volumes of his verse were published in Coward's lifetime, but while *The Complete Verse* features all of the work from these three volumes it also presents previously unpublished material for the very first time. Coward expert Barry Day has collected together the additional verse which Coward sent to family and friends and which paints a vivid portrait of his more private life. For anyone who has enjoyed the *Diaries* or the *Letters of Noel Coward*, *The Complete Verse* offers further enjoyment and appreciation of Coward's wit, insatiable interest in people and skilful rendering of his public and private lives. Day's linking narrative situates the verse in the events of Coward's life.

Catalog of Copyright Entries

The Complete Verse of Noël Coward brings together the three volumes of verse produced during his lifetime together with previously unpublished material for the very first time. For the legions of fans of The Master, this definitive collection of Coward's verse writings will prove irresistible. 'Throughout most of the years of my life, since approximately 1908, I have derived a considerable amount of private pleasure from writing verse . . . It is an inherent instinct in the English character.' Beginning with his youthful verse experiments, *The Complete Verse* arranges in themed chapters Coward's prolific public and personal verse writings. Chapters bring together his verse on a wide variety of subjects including war, the theatre, love, friends, travel, and God and the infinite. It features the satirical 'cod-pieces' - *Chelsea Buns* and *Spangled Unicorn* - and the verse collected in the 1967 volume *Not Yet the Dodo*. But alongside these are the verses sent to friends and family over many years, in letters, memos and cables, which paint a vivid portrait of his more private life and are published here for the first time. With a linking commentary by editor Barry Day and sprinkled with illustrations throughout, *The Complete*

Verse offers to Coward readers further enjoyment and appreciation of his wit, insatiable interest in people and skilful rendering of his public and private lives.
